XLIX. TUESDAY MORNING, APRIL 29, 1930. C DAILY, FIVE CENTS

UN HOAXES WATCHERS

Clouds Clear in Nick of Time

of Eclipse Observers Wax and Wane While Elements Play

Wind Raises Curtain on Waited Spectacle and Saves Day

CAMPTONVILLE, April 28. (AP)—[illegible] alternate periods of hope and [illegible] in which the movement of clouds was as sudden and at times gripping to watch as the finish of a close race, astronomers of Lick Observatory and others were able to get a virtually unobstructed view of the sun's eclipse today.

With both spectroscope and telescope the various phases of the phenomenon were recorded and hundreds of photographic records made. The definite scientific result of the expedition, one of the most comprehensive and intricate ever attempted, will not be known until studies have been completed of spectroscopic lines, comparison and checking of plates and co-ordination of data has been accomplished, but casual inspection of many of the negatives reveals that much of the detail of the eclipse was photographed with exceptional clarity.

SCIENTIST HAPPY

W. W. Campbell, retiring president of the University of California, expressed himself as satisfied with the results achieved.

Advance calculations as to the center of the shadow path were reasonably accurate, in the opinion of Dr. J. H. Moore, astronomer, and D. H. Menzel, assistant astronomer of Lick Observatory, but it was probable that the exact center, they said, was a short distance to the north.

Reception of the radio signal by which eight plates were dropped each second across a narrow slit through which the spectroscopic exposures were made was good and careful examinations, it is believed, will disclose that a virtual moving picture of the spectrum was obtained. The signal came from the Mare Island Observatory and by means of a chronograph automatically moved the photographic plates across the light slot of the spectroscopes.

RADIO PLAYS PART

The coelostat or mirror and lens system through which the image was reflected for the spectroscopes was kept in focus on the moon in its movement across the face of the sun by chronometer set by radio signal.

The unusual shortness of the period of total eclipse—approximately 12 seconds—did not shut off the sunlight for a sufficient length of time to permit the observation of the sun's corona to as great an ex-

Will Rogers Remarks:

BEVERLY HILLS, April 28.—[To the Editor of The Times:] Passengers on a train in Canada talked by phone with London, Eng. That's not an invention—that's a pest. This means that you can't go anywhere without somebody saying "Mr. Jones if you will step this way that automobile salesman is on the phone." There has been more talking and less said over phones than in Congress.

Every invention during our lifetime has been just to save time, and time is the only commodity that every American, both rich and poor, has plenty of. Half our life is spent trying to find something to do with the time that we have rushed through life trying to save. Two hundred years from now history will record "America, a nation that flourished from 1900 to 1942, conceived many odd inventions for getting somewhere, but could think of nothing to do when they got there."

Yours,
WILL ROGERS.

EXPEDITION FILM PLANE SETS MARK

Pomona College Party at Four-Mile Altitude Photographs Moon Shadow

BY HARRY MacPHERSON

SACRAMENTO, April 28. (Exclusive)—In a thrilling trip featured by frozen oxygen tanks and motion-picture cameras whose lenses were sheeted with ice, Tommy Fowler this morning set what is believed to be an altitude record for loaded tri-motored Fokker planes. Piloting the Richfield Oil Company's cabin liner on a flight to obtain motion pictures of the eclipse of the sun, Fowler attained a height of better than 19,500 feet.

In addition to the fact that this altitude is considered a record for such planes, it is also declared here that this is an altitude record for motion-picture photography.

There were five persons on the flight, headed by Dr. Frank P. Brackett of the Pomona College eclipse expedition, in efforts to obtain motion pictures of the moon's shadow as it swept across the earth. George Woodward and Charles Glouner were the motion-picture

ENGLAND BANS PARROTS

LONDON, April 28. (Exclusive)—In a sequel to the recent epidemic of deaths from psittacosis the importation of parrots to England has been banned by the Ministry of Health, which announces tonight that the object is protection of public health.

REMEMBER THIS

We are all stockholders in the world, each seeking dividends to his liking.

OHIO FELONS RIOT AGAIN

Troops Used to Quell Convicts

Unruly Prisoners Not Found But Soldiers Drop Tear Bombs in Cell Blocks

Warden's Removal Sought; Showdown on Mutiny Expected Today

COLUMBUS (O.) April 28. (AP)—National Guardsmen with loaded rifles and tear-gas bombs were sent into the Ohio penitentiary tonight to quell new disorders breaking out among prisoners in a tunnel leading from a cell block to the prison powerhouse.

Col. Robert Haubrich, commander of the National Guardsmen stationed outside the prison since last Monday's fire, in which 320 convicts died, preceded the soldiers into the court.

Seven of the soldiers went into the prison court while twenty-four men stationed themselves in the guardroom with fixed bayonets.

"SHOOT TO KILL"

A "shoot-to-kill" order was issued by Warden Thomas.

After a search of the tunnel, the guardsmen, led by Col. Haubrich, reported they were unable to find the convicts, who were believed to have been warned of the soldiers' approach.

First information that the convicts were in the tunnel came when they cut off the power supplying lights in the White City idle house. When the cell blocks became black, soldiers cut two holes in the roof and trained search lights into them.

Later tear bombs were dropped into the holes. It was learned that the mutineers had cut through a concrete wall in order to reach the tunnel.

Indications were that tonight's activities will bring about a showdown in Warden Thomas's determination to end the passive resistance movement against his rule.

It previously had been thought the mutiny had been broken up this afternoon when leaders in the movement were transferred to the London (O.) prison farm. The convicts, however, apparently found new leaders.

The mutinous convicts had kept prison officials in a constant state of turmoil all day, obtained concessions from them, and refused to work.

Seething in a spirit of unrest that followed the disastrous fire a week ago, in which 320 lives were lost, the prisoners rose up in revolt early today and a detail of 150 Columbus policemen was rushed into the prison yard this morning. National Guardsmen mounted machine guns on the walls and on the outside, and leaders of the revolt were either placed in solitary confinement or transferred to other institutions.

GAS BOMBS READY

Tear-gas bombs and gas masks were taken inside for emergency duty and forty-four new men were added to the staff of guards. The prisoners who refused to be orderly went without breakfast and were threatened with no food at all.

What the future holds depends upon the course the officials adopt. Warden Thomas, whose removal convicts demand, remained firm in his determination that the men must go back to work. They haven't done any work since the fire.

The convicts said they would go to the shops when ordered but would refuse to work.

"They can kill us first," was the word sent out by several of the revolters.

At times today the situation appeared especially threatening. Warden Thomas held frequent conferences with Col. Haubrich.

Col. Haubrich announced he will recommend to State Welfare Director Griswold that the rebellious convicts be removed from the idle house to other institutions or that they be confined behind a stockade somewhere near here while the locks on their cells are repaired.

Since the fire the cell locks have been jammed with paper and tobacco and some have been entirely broken off. When the latest series of disorders started last night cell doors were battered down.

The problem of repairing this damage faces the authorities before there can be any complete restoration of order.

CONCEDE TO CONVICTS

Twice the officials conceded to the demands of the prisoners today on their promise to settle down. Their first demand was for removal of the police details in the yard. They declined to eat until the policemen were taken out.

The bluecoats were withdrawn but the promised quietude was not forthcoming. The men, in fact, were more disorderly than ever.

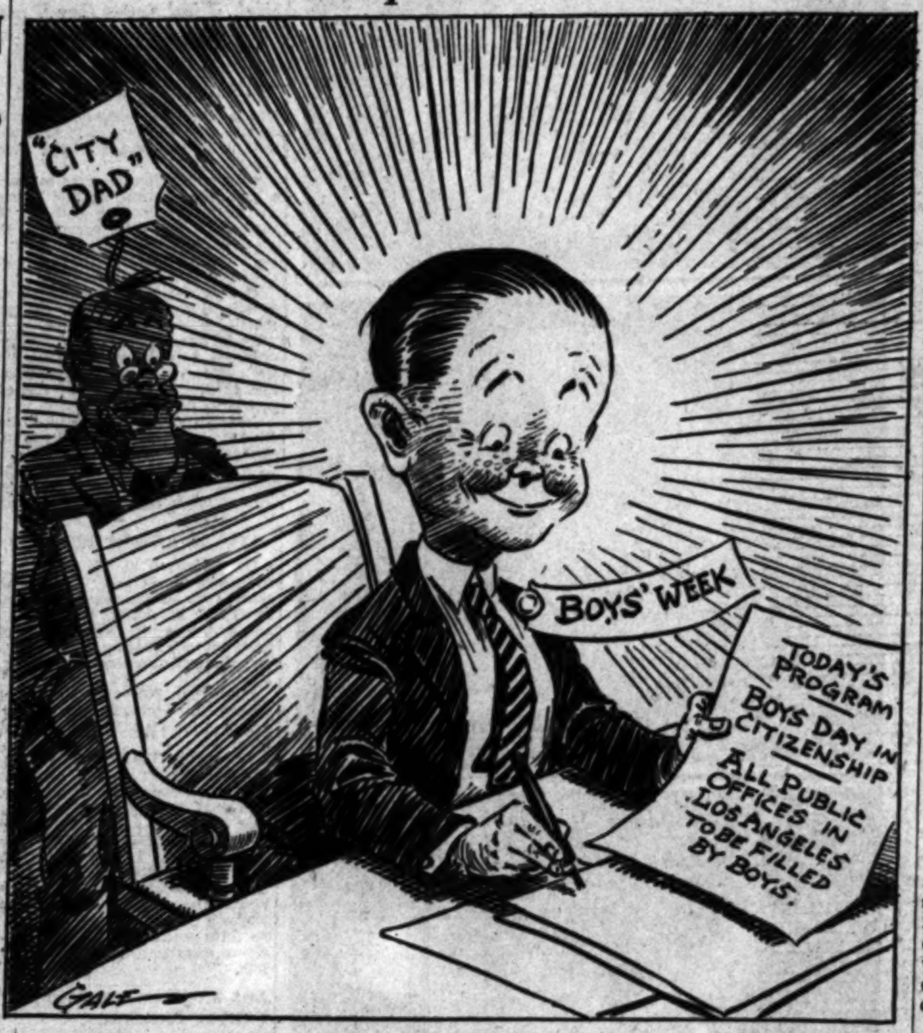
Soon came a demand from the idle house that prisoners be served their noonday meal in the cells. Warden Thomas sent back word that they could starve in their cells if they would not obey orders. But Deputy Warden Woodard appealed to them to be quiet and coaxed them to go to the mess halls.

While the prisoners were eating, guards went into the cell blocks and searched for weapons and holes portending escape plots.

Definite action is expected from prison officials tomorrow to put down the revolt and restore conditions to normal. Warden Thomas said his plans have been mapped out but he refused to disclose them.

He declared there will be no further bartering with the convicts. He said that about 1300 prisoners have joined in the disturbances while the other 3100 remained orderly.

The Eclipse BY the Son!



CLEVELAND LOSES RATING

Census Returns Fall Short of Estimates and Former Fifth City Prepares Alibis for Lower Ranking

CLEVELAND, April 28. (Exclusive)—A wall of suburban boundary and squeezed up against the city of Cleveland like bristling barricades, has robbed the city of its high standing in population among American cities, census returns from most of the city prove.

This boundary wall has been as jealously guarded by suburbs intent on exercising their prerogatives as if it were manned by soldiers with bayonets.

As a result of this bottling up of Cleveland in a limited territory with her expansion shut off in every direction by water and suburban boundaries, the city is certain to fall to sixth place in this year's census standing, giving way to hustling, ambitious Los Angeles. Not only that, but Cleveland will be exceedingly fortunate if not passed up by St. Louis this year. The Missouri metropolis has not been hemmed in by official suburbs as has Cleveland, and its growth has been steady and consistent.

It was confidently believed that the population of Cleveland would reach the 1,000,000 mark, but now it is feared it may even drop below 900,000.

Listless work on the part of census enumerators is partially blamed for the deficit. Thousands of citizens have not yet been visited by census-takers and hundreds probably never will be counted.

An accurate census would give the city a population of from 925,000 to 950,000, officials believe. The population of Greater Cleveland is estimated at more than 1,300,000.

ADDITIONAL CITIES REPORT CENSUS FIGURES

The following cities reported their census figures yesterday:

Scranton, Pa., 143,428; increase 5845, or 4.08 per cent.

Greenville, S. C., 29,081; increase 5854, or 26 per cent.

Tiffin, O., 16,351; gain of 1976, or about 13 per cent.

Marietta, O., 14,244, a decrease of 896 or 6 per cent.

Martinsburg, W. Va., 14,855; increase 2340, or 18.69 per cent.

Dunmore, Pa., 22,600; increase 2350, or 11.6 per cent.

Henderson, Ky., 12,545; increase of 376, or approximately 3 per cent.

Cape Girardeau, Mo., 16,148, increase 5896, or 58 per cent.

Buffalo, N. Y., 572,217; increase 65,492, or 12.92 per cent.

Burlington, Vt., 24,700; gain 1941, or 8.5 per cent.

Lowell, Mass., 100,050; decrease 12,709, or 11.3 per cent.

Tuscaloosa, Ala., 20,610; increase 8614, or 71.7 per cent.

Del Rio, Tex., 11,676; increase 1087, or 10.2 per cent.

Shreveport, La., 76,078; increase 32,333, or 74 per cent.

The following California towns reported as follows:

Willow Glenn, 4167; 1920 census total not available.

Sunnyvale, 3073; increase 1398, or about 83 per cent.

San Juan, 772; increase 271, or about 54 per cent.

Lodi, 6750; increase 1909, or 38 per cent.

Morgan Hill, 905; increase 241, or 36 per cent.

Los Gatos, 3168; increase 851, or 36 per cent.

Corte Madera, 1019; increase 412, or 68.5 per cent.

AMERICAN SAMOA HAS POPULATION GAIN

PAGO PAGO (Tutuila) April 28. (AP)—The population of American Samoa, excluding the naval station and Swains Island, was announced today at 9770, an increase of 1714, or 21 per cent, over the 1920 census figures of 8056.

PARACHUTE LEAP MADE FOR RESCUE

Professional Dives from Plane to Save Amateur, Blown Into Lake

ORLANDO (Fla.) April 28. (AP)—A professional parachute jumper leaped out of a plane here yesterday to save the life of an amateur jumper.

Spike Babcock, chief pilot of the Municipal Airport, decided he would make his initial parachute jump and went aloft with W. F. (Thunderbolt) Knight, professional jumper.

Babcock leaped at a height of 1800 feet, but a sharp wind buffeted his chute over a lake near the airport and he fell in the middle of it.

Knight, seeing his pupil's plight, jumped from the plane at a height of 800 feet and manipulated his chute so that he landed on the edge of the lake.

He dived in, reaching Babcock as the latter was nearing exhaustion and managed to keep him afloat until onlookers on shore rigged up an improvised raft, paddled to the pair and hauled them to land.

Both jumpers were unharmed.

High Death Toll Feared as India Steamer Sinks

CALCUTTA, April 28. (AP)—More than 200 lives were feared lost here today with the reported sinking of the river steamer Condor during a storm on the Jamuna River of Eastern Bengal.

Thus far only twenty out of the passenger list of 300 are known to be safe, but details are lacking.

Grower Killed by Power Line

LAKEPORT, April 28. (AP)—Charles E. Hendricks, 71 years of age, Big Valley pear grower, was electrocuted in his orchard today when a pipe he was pulling from a well with the help of an employee came in contact with a high-power line. The employee was slightly burned. He leaves his widow, a daughter, Marion, University of California student, and a son, Max, a medical student.

Justice Holmes Still Untiring

WASHINGTON, April 28. (AP)—Justice Holmes, who was 89 years of age last March, maintained in the Supreme Court today his high record by delivering two of the three opinions handed down. Chief Justice Hughes rendered the other.

GOMORRAH AND SODOM UNEARTHED

Roman Expedition Finds Ruins Corresponding to Account in Scripture

JERUSALEM, April 28. (AP)—The correspondent of the Jewish Telegraphic Agency said today an expedition from the Rome Pontifical and Biblical Institute believed it had discovered the biblical cities of Sodom and Gomorrah.

The expedition has been excavating the original city of Gror, near the Dead Sea. The work uncovered a large city destroyed by fire at the close of the first Bronze Age and never rebuilt. Human skeletons, the foundations of several houses, an oven, a granary, a mill, ceramics, several instruments and various minerals were unearthed.

Later digging turned up the foundations of stone walls between which straight streets ran in all directions.

It is believed the city was destroyed about twenty centuries before Christ and the date and character of the ruins induced Father Mellon to believe that the expedition had discovered the ancient cities which were destroyed by "fire and brimstone."

Light Rainfall Over Northern Delta Region

SAN FRANCISCO, April 28. (Exclusive)—Light rains fell today north of the Sacramento-San Joaquin delta. Precipitation in inches reported by official northern stations at 5 p.m. was:

	Last 24 hrs.	Seasonal to date	Seasonal last year
Eureka	.02	22.30	26.86
Red Bluff	T.	16.53	14.82
Sacramento	T.	13.18	9.23

Accident Kills Sleeping Baby

CHICAGO, April 28. (AP)—Adora was still quiet in her crib after her father, James Padget, had turned off the alarm, dressed and eaten breakfast yesterday.

It was strange—she was usually astir by this time, as active as any 4-months-old baby girl.

The father leaned over the crib. Adora was dead. Her father, upon arising, had knocked the clock into the crib and the blow had fractured her skull.

Gate Crashers View Wedding

LONDON, April 28. (AP)—Hundreds of women gate crashers stormed Westminster Cathedral during the wedding today of Lady Millicent Taylour, only daughter of the Marquis and Marchioness of Headfort, and Henry S. Tiarks.

Although precautions were taken to prevent this by issuing cards to guests, the custom of leaving a side door open for worshipers provided the invaders a means of entry which they quickly spotted.

LEAVITT BILL SIGNED

WASHINGTON, April 28. (AP)—President Hoover today signed the Leavitt bill to relieve temporarily unproductive land on Federal reclamation projects from payment of construction-cost charges.

HOOVER URGES CONGRESS TO ENACT DRY PROGRAM

Prohibition Transfer, Court Rules and Other Reforms Demanded in Surprise Message

By a "Times" Staff Correspondent

WASHINGTON, April 28. (Exclusive)—President Hoover made a third appeal to Congress today for enactment of his law-enforcement program languishing for months at the Capitol. He asked for action before the end of the present session, declaring the reforms he had recommended are necessary "if I am to perform the high duty which falls upon the Executive of the full enforcement of the laws."

The request was conveyed in an unexpected special message read in both houses this afternoon. Republican leaders were reluctant to comment, but indications are that they remain of the opinion that passage of the Williamson bill, transferring prohibition enforcement from the Treasury to the Department of Justice, and possibly of measures creating a number of new Federal judgeships, will be as far as Congress can go at this time toward complying with the administration's demands.

PASSED BY HOUSE

The transfer bill has been passed by the House and is now before the Senate with favorable action expected before the summer adjournment. The House Judiciary Committee now is at work on bills for new district judges for districts where court congestion is especially bad, and their program contemplates one extra judge for California, to sit alternately in northern and southern districts. The proposed new judgeships are the answer of the House committee to the Wickersham commission-administration scheme for juryless trials of minor prohibition cases before United States commissioners.

The Hoover recommendation for additional Federal prisons has resulted in passage by the House of a bill for the establishment of two new institutions, one in the far west for young offenders, and the other for hardened criminals somewhere in the northeastern section of the country, but the legislation has not yet received action by the Senate Judiciary Committee.

OTHERS TIED UP

Two other recommendations, for unification and strengthening of the border patrol, and an adequate "baby Volstead act" for the District of Columbia, are tied up in seemingly endless controversy before House and Senate committees and chances of either being acted upon this session are exceedingly slim. The President has strongly urged enactment of a stringent District of Columbia enforcement act so that he can make Washington a "model enforcement city," as an example to the nation.

In his message today Mr. Hoover acted further to quiet talk that prohibition alone is responsible for the congestion of Federal prisons and Federal court dockets, pointing out that less than one-third of the Federal prisoners were sentenced for liquor violations.

In asking speedy action on extension of the Federal prison system he cited figures showing that already there are 11,985 Federal prisoners in institutions designed to accommodate 6946. He declared it is the opinion of Atty.-Gen. Mitchell that the government cannot hope to enforce the laws properly unless greater facilities for handling convicts are soon provided by Congress.

TEXT OF MESSAGE

President Hoover's message follows:

"In my message of June 6 and December 3, 1929, I placed before Congress the urgency of certain improvements necessary to effective criminal law enforcement.

"Substantial progress has been made upon some of the measures proposed, yet we are nearing the end of the present session, and I cannot too strongly urge the necessity of action upon all these recommendations before adjournment.

"The most important recommendations made by me were five in number:

"(1.) There should be a transfer of the functions of detection and prosecution of prohibition cases from the Treasury Department to the Department of Justice and thus an ending of divided responsibility and effort.

"An act providing for this transfer was passed by the House of Representatives and has now been reported to the Senate by its Judiciary Committee.

"(2.) There must be relief afforded from congestion in the courts. While this congestion is

(Continued on Page 6, Column 4)

REDS SLAY THOUSAND

China City Raked and Burned

Bandits Armed With Machine Guns Raid Town Near Nahking

Government Troops Unable to Cope With Growing Disorders

SHANGHAI, April 28. (AP)—Bandits armed with machine guns massacred 1000 residents of Kingsuchen, Northern Kiangsu Province, Saturday, it was learned today. One thousand captives were carried off with loot of the city, which was burned.

This latest massacre by bandits, who have recently slain thousands in other sections of China, took place within 100 miles of Nanking, seat of the Nationalist government, whose troops have not shown themselves capable of coping with widespread banditry. It is on a gigantic scale.

PRIESTS KIDNAPED

The countryside about Kingsuchen was ravaged and peasants were tortured. Mounted upon horses, the bandits dashed into the town, posted machine guns and mowed down the helpless inhabitants, afterward looting their homes before setting fire to them.

Two priests were kidnaped by brigands who sacked the city of Sientaochen, fifty miles northwest of Hankow. The priests were attached to the mission established by the Chinese Mission Society of St. Columbans, Neb. Most of the personnel of the mission are Irish-born priests. Other priests and sisters of the mission are believed safe, while four American sisters are reported to have fled to Hanyang.

MORE TROOPS ASKED

Hope was felt that twenty-five foreigners immured in the bandit-besieged city of Kanchow are still safe. A telegram received by Provincial authorities at Canton from the commander of the Chinese defending troops asked that "additional forces be sent to assist in clearing out the Reds" who have surrounded the city for seven weeks. Officials in Canton believe the message indicates the defenders are gaining strength and hope with moderate assistance to vanquish the Red besiegers.

Communists who captured the city of Sinfeng, south of Kanchow, April 12, and murdered 200 inhabitants, are reported to have departed toward Anyuan and are believed to be transferring their operations to southern Fukien Province.

Members of the Swedish mission at Kienli, Hupeh Province, are reported to have fled from the city when it was attacked by 6000 Communists.

Watershed Bill Given Congress

By a "Times" Staff Correspondent

WASHINGTON, April 28. (Exclusive)—A bill to protect the Los Angeles water supply watershed in Owens Valley by withdrawing it from public entry was introduced in the House today by Representative Swing of El Centro.

It is understood that this measure, which will be substituted for the Crail bill by the House Committee on Public Lands, was introduced by Mr. Swing at the request of the Metropolitan Water Board engineers.

'LOST WORLD' FANTASY TRUE

American Explorer Finds Plateau in Venezuela Like Story Save for Prehistoric Beasts

WASHINGTON, April 28. (Exclusive)—A "lost world" on a South American mountain, almost exactly the kind of a location imagined in Conan Doyle's famous romance and lacking only the diplodocci and the pterodactyls, has been ascended and partly explored by Frank M. Chapman of the American Museum of Natural History. Mr. Chapman reported his findings here today at the meeting of the National Academy of Sciences.

The existence of this mountain, Mt. Duida in Venezuela, on the headwaters of the Orinoco, has been known since 1750, but nobody had ever climbed it. When Mr. Chapman and his party got to the top after a difficult battle with almost vertical slopes, they found that instead of being a single peak as formerly supposed, the mountain is a great tableland, some 250 square miles in extent.

Although its forests do not harbor huge and hulking monsters, the smaller animals, birds and plants do bear eloquent testimony to the existence of different conditions in Northern South America in past geologic times. A large number of birds were found, many of which are new to science. About one-fourth of all the species are related to birds found in the tropical jungles below, but are larger and darker; the evolutionary change has evidently been a response to different conditions on the plateau.

About one-half of all the species are much like those of another "lost world" mountain, Roraima, 400 miles to the west, and many of them are related to forms in the

RADIO SHARPER DURING ECLIPSE

Tests Made in Interval by Herbert Hoover, Jr.

Communication Like That Usual at Night

Signals Loudest Ever Heard in Daylight Period

Radio communications within the area of yesterday's eclipse were almost ideal, according to Herbert Hoover, Jr., assistant to the president of the Western Air Express, in charge of communications. Experiments in communications were conducted by Mr. Hoover during the eclipse, regarding which he said:

"In the area affected by the eclipse of the sun yesterday almost ideal radio communication conditions prevailed. Western Air Express with its twenty-two radio stations located throughout the area between the Mississippi River and the Pacific Coast undertook to make a comprehensive study of the effect that the eclipse, which occurred between 9:30 a.m. and 12:30 p.m. yesterday morning, had upon radio signals.

RANGE WIDENED

"It was found that although the eclipse occurred in daylight, radio conditions which ordinarily are associated with darkness became noticeable during the entire period of the eclipse.

"As an example, signals sent out from Los Angeles, which usually are heard no further north than Oakland, were heard with great strength in Portland. The same phenomenon occurred in all other directions. El Paso, Salt Lake, Denver and many other points which are usually out of range of Los Angeles during daylight could be communicated with at great signal strength. Points which were entirely out of the area of the eclipse reported no change in conditions from what would normally be prevalent in daylight.

SCIENTIFIC RESULTS

"At many of the points in the area of the eclipse it was noticed that the signal strength was greater than had ever been experienced before in daylight.

"The results of these tests will tend to confirm the theory that the 'heavyside' layer was raised during the period of the eclipse in very much the same manner that usually takes place at night.

"As the eclipse started in Los Angeles about 9:30 a.m. the radio signals became better and kept increasing in volume until they were the loudest ever heard under any daylight conditions. They reached their maximum efficiency at 11:18 and from then on became weaker."

Couple Shot in Rent Fight

TULSA (Okla.) April 28. (AP)—Charles M. Morton, 42 years of age, Tulsa sportsman and his wife, 40, were shot and fatally wounded tonight in a row resulting from an attempt by Freeman to increase the rent on a garage which he rented to the Mortons.

"The Suit that leaves memories"

That's what you'll say when finally discarding the suit you purchase at Oviatt's.

◆ The suit you wore longer . . . the suit you liked better . . . the suit that gave you a genuine sense of elegance every time you put it on . . . the suit you found more comfortable than any other in your wardrobe.

◆ Like losing an old friend . . . so hard to finally part with it.

◆ The value of an article is in its performance. That's why Oviatt clothes win increased favor long after the glamour of price has subsided.

"Times" Photographer Snaps Event

These four photographs of the eclipse of the sun at various stages were taken yesterday by Paul Strite, Times staff photographer, from the roof of The Times Building with an ingenious camera equipment. Strite used a cardboard tube eight feet long attached to his usual newspaper camera in place of a lens. The photographs were taken through a pin-hole in the metal cover of the tube. The third photograph was taken at 10:38 a.m. when the sun was 85 per cent covered by the moon.

ORB TURNS HEAT ROBBER

When Moon Got in California's Place in Sun During Eclipse Thermal Units Faded

LA JOLLA, April 28. (AP)—An experiment carried on at the Scripps Institution of Oceanography of the University of California disclosed that La Jolla received 16 per cent less heat from the sun between sunup and sundown because of the moon's brief partial insulation here.

The experiment, conducted with a recording pyrheliometer by Dr. G. F. McEwen, physicist, Dr. A. F. Gorton, meteorologist and Capt. S. W. Chambers, associate, under the direction of Dr. Wayland T. Vaughn, director of the institution, showed that at the height of the eclipse, when virtually 80 per cent of the sun was blotted out here, 78 per cent of the sun's heat was cut off. La Jolla received less heat radiation during the eclipse than on the coldest winter morning.

REPLACEMENT COSTS

"If it were possible to replace the loss in heat electrically, it would take 384,000,000 kilowatts per square mile, costing at the usual power prices $11,000,000, the scientists said in their report.

The pyrheliometer used is constructed on the same principle as the electrical pyrometers used in measuring intensity of blast furnaces from safe distances. It has been in use night and day for several years registering heat from the sun which is an important quantity in computing weather forecasts, Dr. Vaughn said. The apparatus is so sensitive that it records passage of clouds.

FELL OFF SHARPLY

"Today's tracing showed that the sun's intensity increased as usual from dawn until 9:40 a.m. when it measured sixty-six units. At this point the moon's insulating effect commenced," the report of the institution said, "and the heat fell sharply to only thirteen units at 11 a.m. The warmth then increased as the shadow passed away so that the usual value of sixty-seven units had been regained by 12:40 p.m. yesterday, an average day of bright sunshine and no obstruction, the tracing continued at the high level of sixty to seventy units throughout the hours of today's eclipse.

"The instrument recorded the sunshine instantaneously, and for this reason the heat loss was sharp and distinct in comparison with possible drops in the temperature of the air during the phenomenon."

ECLIPSE FILMING BREAKS RECORD

(Continued from First Page)

cameramen. Accompanying Fowler as co-pilot was Al Button.

What is considered by members of the party as one of the most thrilling incidents of the flight was the freezing of Woodward's oxygen tank at the maximum altitude just when the moon shadow first appeared. Breathing the life-giving gas from a broken oxygen line, Woodward stuck to his post and shot the photographs despite the danger of unconsciousness. The extremely low temperature of the altitude caused ice to form from moisture in the plane and film the lens of Glouner's camera. Bottles of water were frozen solid.

The observations were made near Marysville. Original plans to fly over Camptonville were changed when just before the flight it was learned that the air there was too "thick" for aerial photography.

While no thermometer was carried, it was estimated by members of the plane party that the temperature was possibly from ten to twenty degrees below zero, Fahrenheit. This low temperature, very exceptional at 19,500 feet, was due to the moon cutting off the sun's heat, scientists explained.

DRAINAGE LOAN BILL PASSAGE ADVOCATED

WASHINGTON, April 28. (AP)—Representatives of organized drainage districts today urged the House Irrigation Committee to approve the Smith bill to authorize an appropriation of $95,000,000 to be used as loans to drainage districts. Under the measure, no more than $19,000,000 could be appropriated in any one year, the loans to be repaid over a long period of years.

CLOUD CURTAIN LIFTS ON SCENE

Eclipse Watchers Alternate in Hope and Fear

Mists Threaten Failure of Elaborate Preparation

High Wind Saves Day When Phenomenon Begins

(Continued from First Page)

tent as in past eclipses, yet sufficiently good pictures of it were gotten, it is believed, to have study value.

With only a few minutes to spare, a high wind sprang up and cleared the clouds out of the path of the sun and from both edges of the shadow and from the center of it the view of "totality" was unobstructed.

The partial eclipse began at approximately 9:36 and totality was reached at 11:03 as forecast.

From the spectroscopic pictures obtained a study will be made of the content of the sun's atmosphere and of the distribution of the elements in it.

Johns Hopkins University of Baltimore, University of Nevada and Pomona College had parties in the field in this vicinity and still other expeditions operated northeastward in California and across the border in Nevada.

PLANE REPORT DELAYED

Dr. Campbell at the time of his departure for Berkeley had not been advised as to the success achieved by Dr. H. M. Jeffers who, from an airplane, was to attempt photographing the shadow on the ground and the measurement and timing of it.

More than 300 persons viewed the observation activities at the northern end of Oak Valley, five miles from here.

At sunrise the scientists were in the field, but the outlook was decidedly unpromising. Heavy clouds overhung the meadow and a fine rain fell. Only a few minutes before the eclipse began, the sun began to break through here and there, and the clouds broke into huge, but fleecy patches. As the eclipse progressed, the shutting off of the sun's warmth caused a heavy black cloud to form from the fine mist in the atmosphere and all appeared hopeless.

LOS ANGELES SPECTACLE PARTLY OBSCURED

Drifting clouds and fog moving over Los Angeles for most of the scheduled time of the sun eclipse yesterday partly obscured the unusual sight for many of the thousands of persons who leaned from windows and climbed to rooftops to watch the moon moving over the disk of the sun. The eclipse was visible, however, at intervals through breaks in the clouds.

Shortly before 11 o'clock, when the eclipse reached its greatest degree of totality, the sun appeared through dark glasses to be only a shining crescent; the skies darkened with the blue fading to almost the same light seen at sunset and, according to the records of the Weather Bureau here, there was a momentary drop of 2 deg. in the temperature. For more than half an hour a huge dark circle in the clouds framed the eclipse at the time of the greatest darkness.

Although the eclipse reached only 85 per cent totality in the vicinity of Los Angeles sparrows and mocking birds chirped uneasily under the darkened skies and on some of the heavily traveled boulevards a few wary motorists turned their headlights on.

Astronomers at the Mt. Wilson Observatory were unable to obtain any photographic records of the eclipse as a result of a thick blanket of fog and clouds which covered the top of the mountain.

According to the calculations of astronomers it will be fifty-seven years before another eclipse similar to yesterday's will be visible in Southern California.

KEYES OBSERVER AT SAN QUENTIN

SAN QUENTIN, April 28. (Exclusive)—Warden Holohan permitted all but condemned prisoners to watch the eclipse from the prison yards. Smoked glasses were supplied those who wished them but the most novel method of observation used was that by Asa Keyes, former Los Angeles county District Attorney.

Keyes, who has been studying astronomy assiduously since coming to prison, filled a bucket with water and studied the phenomenon by reflection.

Clara Phillips, Louise Peete and Dorothy Ellingson assisted in preparing smoked glasses for the women inmates.

FATHER RICARD VIEWS EVENT FROM CHAIR

SAN JOSE, April 28. (Exclusive) Father Jerome S. Ricard, 80-year-old weather expert of Santa Clara University, who has been ill for months in O'Connor Sanitorium, was wheeled to the sun porch in a chair, where he held a section of X-ray film before his eyes to witness the eclipse. Although obviously intent, Father Ricard made no computations nor comment.

Father J. B. Henry, who has been in charge of the university observatory during the illness of the "Padre of the Rains," said he had received complete instructions yesterday from Father Ricard on methods of viewing and photographing the sun shading.

HOOVER SIGNS BILL FOR AID TO FARMERS

WASHINGTON, April 28. (AP)—President Hoover today signed an act to extend the provisions of the resolution for the relief of farmers in fifteen States of the South and Middle and Far West to include the making of loans for purchase of fuel and oil for tractors used in crop production.

MOON'S SHADOW SEEN ON CLOUDS

Aviators 18,000 Feet Up Vision Wonders

Shaded Spot Rushes by With Bullet Speed

Eye Unable to Follow as Phenomenon Passes

BY CAPT. A. W. STEVENS
Army Air Corps Experimental Laboratory

SACRAMENTO, April 28. (Exclusive)—Today marked the first time in the history of mankind five persons wi the air of airplanes saw the entire shadow of the moon cross a snowy white cloud layer over the Sierras. Rushing with the speed of the fastest projectile it whisked by with unbelievable rapidity the nearest point of view.

But since the view above the clouds was so enormous the shadow could be seen coming for almost two minutes before the moment of totality and could be seen again for as long a time as it receded. At its nearest approach it gave for the merest second a grayish gloom to the atmosphere with outlines that could not be glimpsed. But in the distance as it approached and receded it was clean cut and had a well-defined edge.

ABOVE SEA OF CLOUDS

Last night we slept on the desert at Honey Lake in our airplane awaiting morning. Our plane, brought from the material division, Wright Field, took off at 10 o'clock. Worming our way through the cloud layer that existed at 8000 feet Lieut. Corkille brought the plane out at 11,000 feet into air that was shielded from the sun only by a thin vapor estimated at about the 25,000-foot level. To the north the sky was blue and clear above the clouds. Overhead it was white and to the south it was a solid wall of mist. In an hour and five minutes we had attained an elevation of 18,400 feet. We could have gone higher, but there was not enough time. To the west and almost as high, we could see the airplane sent by the expedition of the naval observatory, whose pilot had also wormed his way up through dense clouds. In all directions spread a dazzling sea of clouds, whiter than banks of snow. Their masses piled high in places, and gave the effect of a restless, uneasy ocean of vapor.

SHADOW APPROACHES

The chronometer in the hands of Baldsley, our radio operator, showed that there were less than two minutes left. Suddenly, as our eyes scanned the horizon to the southwest, a small blue mountain appeared out of nowhere. It was the shadow of the moon, but it took seconds to grasp the fact. From our distance it appeared as an eclipse, long, but not very high. Marked on the distant cloud banks, its outlines were clear and distinct, with sharply defined edges.

Its shape in general was elliptical, but the edges were uneven, much like the shadow of a small cloud on the earth. Thus it changed outline slightly as it approached. At first, far away as it was, it seemed almost stationary, though we knew it must be moving at the rate of half a mile each second of time, but when it had come within ten miles it appeared to gain speed tremendously and in a few seconds more it was no longer possible for the eye to follow it, or to distinguish its shape or edges.

A bluish gray mist appeared, somber and awe inspiring, and as suddenly was gone. The moon's shadow had passed us. In a few seconds it had again condensed to a cloud layer, and swiftly receded into the northeast, sweeping with a velocity greater even than that of the earth's surface at the equator.

Just before the eclipse, some of the clouds below us were freezing into snow crystals. From any airplane in flight such a snowfall appears as thousands of horizontal streaks of glistening particles. On them the sun may be reflected with a softly defined glow, but on this occasion today, a clear thin crescent showed on the layer of snow crystals 7000 feet below us, sharply defined, and glowing with a strong yellow light.

FROZEN EXHAUST TRAIL

Thousands of feet below was the earth—Honey Lake with its Dry Lake Rim, and the fog-wrapped summits of the Sierra range, visible only at infrequent intervals through small openings in the clouds. Our camera followed the movements of the moon's shadow until it vanished in the billowy cloud banks. And then, as we started down we saw that our engine exhaust was freezing into a long, white trail like that of a sky writer.

This happens at Wright Field very often—in fact, in about one flight out of seven that are conducted at elevations above 20,000 feet, such a smoke trail is sure to form. Today, the conditions of moisture and temperature and altitude were favorable for such a condensation of the exhaust gases from our engine. Thus as we descended, our former location was marked in a white stream of vapor, winding back and forth against the blue background of the upper sky.

Perhaps never before have so many strange things appeared to aviators in such a very short space of time. We were breathless with wonder. Our smoke trail was observed by the navy plane and also was seen through openings in the lower cloud layers, by persons on the ground. To many it may have seemed as a phenomenon peculiar to an eclipse, but of course, it had no connection. It seems possible that dark lines that were noticed stretching across the tops of the clouds, were shadows cast by the sun at almost the moment of totality, of our exhaust trail, for the sun's crescent will cast a sharp shadow when the full sun will not.

MPLOYMENT EASURES PASS

Votes Emergency Building Bills

Requires Publication of Labor Figures

Will Create Board of Stabilization

INGTON, April 28. (AP)—Wagner unemployment meas-to set up a Federal program ency construction and to for collection of complete ment statistics—were passed the Senate without a rec-

later, over outspoken ob-by administration leaders, voted, 37 to 32, to con-third point of the Wagner ment program immediate-discussion of the nomina-Judge John J. Parker for the Court is completed.

TO BE CREATED

third bill by Senator Wag-New York Democrat, would a Federal system of em-to co-operate with State Wagner after the vote asserted confidence the Senate also would agree to the third measure.

The first of the two measures passed today will require the Department of Labor to publish monthly figures on the volume and change in employment, covering not only numbers of workers but hours woked for the Federal government and for various industries.

The other will create a Federal employment stabilization board, composed of the secretaries of the Treasury, of Commerce, Agriculture and Labor. The measure also will request the President to direct the secretaries of War, Agriculture and the Treasury to accelerate construction within their control during periods of depression.

PERIODS TO BE FORECAST

The stabilization board will be directed to inform the President whenever a period of business depression and unemployment existed or was "likely to exist" within the succeeding six months.

On the recommendation of the board the President will transmit to Congress supplemental estimates for emergency appropriations to be expended "in order to prevent unemployment and permit the government to avail itself of the opportunity for speedy, efficient and economical construction."

The bill will authorize appropriation of any amounts "necessary for expenditure on public works to prevent unemployment," not in excess of $150,000,000 in a fiscal year.

Public works which will be accelerated under the measure include Federal highways, rivers and harbors, flood-control projects and public buildings.

X-RAY TO FOIL RUM-RUNNER

Physicist Tells Colleagues Government Contemplating Roentgen Detection

CHICAGO, April 28. (Exclusive) — Even science is aligning itself against the rum-runner. At least, one is led to believe that after hearing R. S. Landauer, physicist, address the opening session of the American Society of Radiological Technicians.

He says the hazards of carrying contraband liquor have been greatly increased by the rapid development of X-ray, and even now the government is contemplating the use of X-ray by its prohibition and customs agents to detect contraband bottles and the like.

The Town House
wishes you to know:
that Mr. Alexander MacMasters tells us he enjoys the column and knows of the excellent reputation of our Restaurant.
He wants to come and has intended to do so but has not gotten around to it.
He is coming tonight.
Perhaps this is your cue, too.

BLAST WRECKS COSTLY YACHT

Speedy Vanderbilt Vessel Blows Up at Pier

All on Board Unhurt Due to Extraordinary Luck

Roar of Explosion Startles New York Water Front

NEW YORK, April 28. (Exclusive) Gen. Cornelius Vanderbilt's steam yacht Winchester, a long, lean greyhound of the sea and the fastest thing in New York waters, blew up in the East River off the New York Yacht Club pier at Twenty-sixth street at 12:30 p.m. today.

The roar of the explosion startled a wide area of Manhattan and fluttered the nerves of 2000 patients in Bellevue Hospital, a short distance from the Winchester's anchorage 400 yards out in the crowded river.

SEEN BY THOUSANDS

Thousands of men and women perched high up in the lofty towers of commerce in mid-Manhattan had an experience which comes to few even in this hectic age—they saw, many of them, the explosion itself—saw a mass of material go shooting 100 feet in the air, mushroom and spray downward upon the surface of the river, and then saw a column of flame leap upward as the oil and gas ignited in the afterpart of the yacht.

Eighteen of the crew were aboard—Capt. Leander Jeffreys, the first mate and sixteen seamen and cabin servants—but no one on the vessel was scratched or so much as bruised. By a bit of extraordinary luck all had gone forward to the forecastle to eat the noon meal only a few minutes before something went wrong in the oil and gasoline storage room beneath the water line in the afterpart of the hull.

FLEE IN BOATS

When the vessel leaped to the terrific force of the explosion which rent her, the men launched the boats. A dozen of them climbed into the boats and dropped to the river. Capt. Jeffreys, the first mate and three seamen stayed aboard. Within a few minutes, after some of the fastest fire-fighting the East River has seen in many a day, the Fireboat Abram S. Hewitt drenched out the flames and the crew was able to climb back aboard.

Nobody was able tonight to explain the cause of the explosion. It will take probably $50,000 to repair the damage, it was estimated.

DAUGHTER OF RADIO MAN TO MEET KING

[A. P. photo]

Elizabeth Kent

ARDMORE (Pa.) April 28. (Exclusive)—The eyes of A. Atwater Kent, radio manufacturer, are today turned toward England, and he is looking forward to May 14 with happy anticipation, for on that date his daughter, Elizabeth, will be presented to the British court. Miss Kent and her mother are now en route to London. Miss Kent's presentation to the King and Queen at Buckingham Palace is sponsored by Mrs. Charles G. Dawes, wife of the American Ambassador.

"ARMY" CHANGE ANNOUNCED

SAN FRANCISCO, April 28. (AP)—Commissioner Adam Gifford of Salvation Army headquarters here announced today Lieut.-Col. C. R. Boyd will be succeeded as principal of the Salvation Army's western territorial training college here next July by Brig. William P. Sansom. Boyd is resigning because of ill health.

GANDHI FIGHTS LEVY ON LAND

New Blow Struck in Civil Disobedience Drive

Serious Trouble Expected to Follow Move

Leader's Wife Heads Battle Against Liquor

BOMBAY, April 28. (AP)—Mahatma Gandhi today introduced a new move in his civil disobedience campaign that may mean more trouble for the British authorities. The Nationalist leader authorized nonpayment of land revenue taxes in the districts of Broach and Taluka, and that, in the opinion of observers here, may have serious consequences.

Mrs. Gandhi sponsored the chief activity of the mahatma's nonviolent program today. With two women volunteers in two motor busses she left Jalipur for Onjar to carry on the fight against liquor. The women followed their usual procedure of picketing saloons and marching in the streets while chanting songs against the evils of drink.

At Karachi 8000 Nationalists burned a pile of foreign-made cloth fifteen feet high, while a British army airplane watched from high above. The demonstrators had paraded through the streets, chanting songs against the government and escorting the cloth in three camel carts.

The government's part in the news today was the reinstatement of the press censorship laws of 1910 for native papers, on the ground that the papers are spreading rumors and fomenting discontent.

Viceroy Lord Irwin, in taking the action, explained "the spirit of revolution, fostered by civil disobedience, now is beginning to emerge in dangerous form."

MUTINY BY NATIVE TROOPS DISCLOSED

LONDON, April 28. (AP)—The India office tonight revealed the fact that during the rioting at Peshawar, northwest frontier province, last Wednesday some of the Indian government's native troops had become mutinous.

The office issued the following communique in explanation:

"In view of the possibility of exaggerated and misleading rumors, the government of India think it advisable to make known that during the recent disturbances at Peshawar, when troops had to be employed, the conduct of a small element, namely two platoons of the second battalion of the Eighteenth Royal Garhwal Rifles, was found to be unsatisfactory.

"The battalion has been sent to Abbottabad, where an inquiry will be held in due course."

The Garhwal Rifles, recruited in the mountainous districts of Garhwal, are composed of high-caste Hindus.

Their fighting traditions are excellent. During the European war they won two regimental Victoria crosses.

The India office gave no further details of the trouble.

Governor Wins Ouster Point

SHEBOYGAN (Wis.) April 28. (AP) The prosecution in the ouster suit against Gov. Kohler, accused of excessive campaign expenditures, today received a setback when Circuit Judge Gehrz refused to admit telegrams and letters from Kohler's personal files as evidence.

Special Prosecutor Wilkie said letters and telegrams inviting thousands of voters and dozens of newspaper editors to visit Kohler, Wis., the Governor's "model city," had intent of influencing votes. After defense objections Judge Gehrz ruled the memoranda immaterial.

Counterfeiter Pleads Guilty

PHOENIX, April 28. (AP)—James M. Brock, arrested as a counterfeiter here a month ago, pleaded guilty in Federal District Court today. He was sentenced to three months in jail and fined $200.

OPPOSITION FORECAST ON RIVER-HARBOR BILL

WASHINGTON, April 28. (AP)—Senator Vandenberg, Republican, Michigan, said in a statement today he did not believe the Senate would pass the $111,000,000 rivers and harbors bill in the form in which it was approved last week by the House. Describing it as "fat," he said the measure was "jammed through the House at a single high-pressure sitting."

ROADS MEXICO'S GREATEST NEED

State Governors Awake to Transport Importance

Highway Conference Here to Draw Many Executives

Pathfinders' Arguments Not Necessary Below Line

BY HARRY CARR
"Times" Staff Representative

MEXICO CITY, April 28. (Exclusive)—The men who are making Mexico will be seen in Los Angeles next October.

Chief Engineer East of the Automobile Club of Southern California has made arrangements during the pathfinding trip for a great road conference to be held in Los Angeles at that time.

The direct and immediate object of the conference will be to discuss ways and means for financing and building the Mexican part of the projected Alaska-to-Buenos Aires highway.

Prospects are that most of the governors of the States through which the highway will run will attend the conference. It would be hard to find a more interesting group of men.

The Governor of the State of Sonora is almost sure to be there. He is Francisco Elias.

HE'S A BOOSTER

If he lived in Los Angeles Gov. Elias would probably be president of the Chamber of Commerce. He has lived on the border all his life, speaks English as well as he does Spanish. He is a typical cattleman —bulking big on his feet—bluff, energetic, practical—a wonderful automobile driver—sane, downright and very American in his ideas. He realizes that the whole future of Mexico depends upon good roads and the way he is tearing up the deserts to make roads is something at which to stare.

He has the finest modern road-making machinery and thoroughly understands the practical engineering of road building. He has given his personal guarantee that tourists will be as safe in his end of Mexico as they are in the United States.

The next State, going down the west coast of Mexico, is Sinaloa. This is a long narrow strip of land watered by seventeen rivers running from the mountain to the gulf. Its Governor is Gen. Macario Gaxiola. He is very quiet, very simple and unaffected and has very much the American angle of life. He lives in the historic old town of Culiacan. He has gathered around him a staff of brilliant young men —highly educated and efficient. He listens to advice, then uses his own judgment.

BELIEVES IN ROADS

Gov. Gaxiola is straining every resource of his State to build roads, for—like Gov. Elias—he realizes the future of Mexico rests upon roads that are not yet built. The great perplexity of the problem—as he explained it to me—is that it is impossible in the present state of Mexican finances to build a system of roads in the hope that somebody will travel over them. On the other hand, tourists will not come until there are roads. The roads are already in fair condition throughout Sinaloa and he is building more—under the most enlightened engineering conditions. He is building with especial thoroughness, as far as his resources go.

Gov. Jodon of Nayarit is a different type from either Elias or Gaxiola—but not less interesting. He is an author and poet of marked ability—a specialist on old Spanish documents—a lawyer and a statesman.

He, too, is interested in road building; but he realizes that he has a terrible problem on his hands —a problem insurmountable without outside help.

TOUGH PROPOSITION

Road conditions in Nayarit are tough. There are already fairly good roads as far down as Tepic; but south of that it is hard going. There is one stretch of road between Tepic and Campostella where the San Marcos River crosses the road twenty time in six miles. Unless another practical route can be found this means expensive road building. The barrancas are also in Gov. John's territory. Building a road through this country is obout like building a road down into Grand Canyon.

Jose Maria Cueller is the Governor of Jalisco. This is the State in which Guadalajara is located. It is Spanish rather than Mexican—inclined to be cynical, disdainful and indifferent. Coming into office last October Gov. Cueller inherited some problems of bad government from his predecessor who, as a Governor, was a good freight brakeman. Gov. Cueller has made a heroic and successful struggle toward the light. He has cut down an appalling wastage and this money has gone into roads and schools.

ANOTHER COWMAN

He is a very interesting personality. Like Gov. Elias he was once a cattleman and it clings to him in his walk. You see at once when he comes into the room that he has ridden horseback more than he has walked. He is shy—almost bashful; but a man of the utmost determination of spirit and strength. He impressed me as a devoted idealist and a very earnest, painstaking man. He holds forth in one of the most beautiful palaces in Mexico and he reigns in the manner of Haroun al Raschid. Peons in serapes and ox-cart drivers are just as sure of an audience as his State councillors.

Gen. Lazaro Cardenas at 35 years of age is the hero of two revolutions. He is Governor of the State of Michoacan—the lake country of Mexico—the Switzerland of the Western Hemisphere. It is fundamentally one of the richest sections of the American continent and is sure to be a tourist paradise.

RICH BUT ISOLATED

It is rich in things such as mines, grain fields, hardwood lumber, fine horses, etc., but Gen. Cardenas realizes that good roads are the breath of its life. At present Michoacan is completely cut off from the world by its own mountains. For instance, it takes two days to go less than 100 miles from Zamora to Morelia, the capital. In the dry season the roads are fair, but in the rainy season they are impossible bogs.

Gov. Cardenas likes Americans; believes in them and is anxious above all things to bring them into his State. He is spending a lot of money on roads and schools. He has mae Morelia so clean you could eat breakfast on the streets. Although one of the best officers in the Mexican army, he has shaved his military expenses to the bone in the interest of roads and industrial schools.

His office is in an old palace which once belonged to an archbishop. In personality he is dignified, rather shy and retiring, but a man of great force of character. Above everything else he is a good picker of men. He has gathered an extraordinarily interesting group in his official staff; they are all young, progressive men. He was born on the shores of Lake Chapala and some of these officials were his schoolmates. He is very highly thought of in Mexico City and his opinions have great weight with the Federal government.

WET SETS FLUID AFIRE BUT DRINKS COUGH SYRUP

GARY (Ind.) April 28. (AP)—The fluid publicly consumed at a political meeting Friday night by Anthony A. Filipak, seeking the Republican nomination for State Senator on a "dripping wet" platform, was cough syrup, and nothing else but.

This is set down because earlier intimations following Mr. Filipak's address were that the fluid was something else. In asserting his feelings against prohibition Filipak produced a flask, poured something into a saucer, touched a match to it and then, as a blue flame arose, put the flask to his lips and drank.

But what he drank was cough syrup. His spokesman, James Bell, made this clear today after some persons had expressed indignation over the exhibition. Bell said Filipak did not actually pour anything from the flask into the saucer. Instead, by some neat ledgerdemain, he put into the saucer some canned heat. This he set afire. If the spectators—who were greatly impressed—thought it was an alcoholic beverage, that was their privilege, Bell said.

The principal point, however, is that the fluid in the flask was cough syrup.

ARCHDUKE MAY GIVE UP CLAIM TO THRONE

VIENNA, April 28. (AP)—The Vienna Stunde today reported from Budapest that Archduke Albrecht, counter-candidate to the Young Otto for the Hungarian throne, is about to marry the wife of a high Hungarian official who is believed to have petitioned for a divorce. The paper said Archduke Albrecht's intentions caused great agitation in his family as his step would make him no longer eligible for the Hungarian throne.

OPEN EVENINGS

DAM CONTRACTS SENT TO WILBUR

Ely Flies to Washington from This City

Secretary Meets Budget Bureau Today

Boulder Fund to be Asked This Session

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, April 28. (Exclusive)—After a dramatic dash by airplane across the continent, Northcutt Ely, executive assistant to Secretary Wilbur, arrived here shortly after 6 o'clock this evening with the Boulder Dam power contracts signed at Los Angeles.

Ely's recourse to the airplane illustrates the haste that is necessary if the initial appropriation for beginning actual construction on the Colorado River project is to be obtained from Congress before the adjournment scheduled for June. From Bolling Field, where he landed, Mr. Ely was whisked to the Interior Department, where Secretary Wilbur and other officials were awaiting him for a final conference preparatory to going before the Budget Bureau and Congress with a request for funds.

HEARING ARRANGED

Wilbur has arranged for a hearing before the Budget Bureau tomorrow, but was not prepared tonight to state the amount of the appropriation that will be asked of Congress. The figure was reported unofficially to be around $10,000,000. The first money will be for advanced preliminary work, such as contracting for and supervision of the erection of a modern city at the dam site to accommodate workmen and their families, the tying-in of railroad tracks, the bringing up of supplies and the erection and testing of the miniature enlarged dam to determine finally whether the twenty-five-foot additional height to 575 feet recommended by the Sibert engineering commission is feasible and safe.

From the Budget Bureau, provided action there is favorable, Secretary Wilbur will go to Congress with his request for funds. Money for the project up to the full estimated cost of $165,000,000 was authorized by Congress in passing the Boulder Dam Act, but the actual appropriations must be passed on by the Appropriations Committee. It is probable that hearings will be conducted at least by the House committee and the power contracts guaranteeing reimbursement of the government's outlay gone over carefully for flaws before a bill granting the funds is laid before the House.

WILBUR JUBILANT

Secretary Wilbur, Reclamation Commissioner Mead and other officials who have labored with Boulder Dam were jubilant tonight over the fact that the power negotiations had been consummated satisfactorily and the contracts finally signed and delivered. Their chief concern now relates to Arizona's present attitude toward the project, and the possibility that that State will carry out its former threats of bringing injunction proceedings in the United States Supreme Court in an effort to block the great river development. Secretary Wilbur said tonight that he had no information concerning Arizona's intentions.

After going over the contracts with Mr. Ely, Secretary Wilbur issued the following statement:

"The signed contracts required by the Boulder Dam for the power to be generated when the dam is completed have arrived in Washington. Secretary Wilbur in a statement given out at the Department said that the law states that when such contracts are signed, guaranteeing the return with interest of all money to be expended on the project, the Secretary of the Interior may ask Congress for the funds necessary for its development. Having the contracts now in hand, we will soon ask for an initial appropriation.

POWER CONTRACTS

"These contracts cover a period of fifty years and call for the purchase of power at 1.63 mills per kilowatt hour. At that price the power available will in fifty years return all money expended.

"The States of Arizona and Nevada each have the privilege of purchasing 18 per cent of this power, but are charged for it only as they are able to use it. Each of these States also will benefit through payments made to them in lieu of taxes which would accrue were this a private undertaking. It is estimated that these will in the beginning amount to $350,000 a year, and as more power is used it will increase to $650,000 a year.

"The agencies with which the present contracts are signed are as follows: The Metropolitan Water District of Southern California, 36 per cent; the City of Los Angeles, 13 per cent; the municipalities of Anaheim, Burbank, San Bernardino, Beverly Hills, Colton, Glendale, Fullerton, Newport Beach, Pasadena, Riverside and Santa Ana, 6 per cent in all; the Southern California Edison Company, the Southern Sierras Power Company, the Los Angeles Gas and Electric Corporation, and the San Diego Consolidated Gas and Electric Company, 9 per cent in all. Power allocated but not used and surplus power shall be accepted and paid for one-half by the city of Los Angeles and one-half by the contracting companies. Thus all power generated will return revenue.

READY TO START

"Thus, it appears that, after ten years of effort by the friends of this great project the purpose of which is to capture flood waters in this land of thirst that have heretofore run to waste and to set them to contributing to the welfare of mankind has advanced to the point where its actual execution may be begun.

"There is need of haste in this project because any flood of unusual size may bring disaster to the Imperial Valley and cause a frightful loss of life and property. Safety for the settlers in the lower reaches of the river is one of the primary purposes of this enterprise. It will be brought about at no ultimate expense to the communities benefited or to the government.

"Water will be supplied to the Southern California plain which is greatly in need of it, and there will be as much available to Nevada and Arizona as they can economically use. The government lends it credit for a period of years but will be completely reimbursed for the full cost of the dam through the sale of power under the signed contracts."

GREELEY ADVICE SAVES LIFE

Young Man About to Die Goes West and Lives to 97 Years of Age

CHICAGO, April 28. (AP)—Seventy-five years ago William Verity in New York, being told he had only a few months to live, asked Horace Greeley, editor of the New York Tribune, for advice.

Greeley gave him his famous advice: "Go West, young man."

Verity did, and lived to be 97 years of age. He was Chicago's pioneer business men. His funeral was today.

HOOVER URGES LAW PASSAGE

(Continued from First Page)

evidenced by the dockets in many courts, its full implications are not shown by them.

"The so-called bargain days, when light fines are imposed as the result of pleas of guilty, clear the docket, but the result distinctly undermines respect for law.

"No conclusion appears to have been reached as to the method of accomplishing this either by the Judiciary Committee of the Senate or by the Judiciary Committee of the House of Representatives.

"(3.) There must be extension of Federal prisons with more adequate parole system and other modern treatment of prisoners. We have already 11,985 prisoners in Federal establishments built for 6946.

RAPID INCREASE

"The number of Federal prisoners in Federal and State institutions increased 6277 in the nine months from June 30, 1929, to April 1, 1930.

"The Attorney-General has stated that we cannot hope to enforce the laws unless we can have some point of reception for convicted persons. The overcrowding of the prisons themselves is inhumane and accentuates criminal tendencies.

"Bills providing for this relief were passed by the House and are now, I understand, in course of being reported to the Senate by the Judiciary Committee.

"(4.) We are in need of vigorous reorganization of the border patrol in order to consolidate various agencies so as effectually to prevent illegal entry of both aliens and goods. Proposals to bring about such reorganization are before the committees of Congress.

LAW FOR CAPITAL

"(5.) The District of Columbia is without an adequate prohibition-enforcement law. A bill for that purpose has been introduced and hearings have been held before the Senate District Committee. It should contain the safeguards recommended by the Attorney-General.

"We have within the limits of existing legislation improved the personnel and greatly increased the efficiency of the existing Federal machinery in criminal law enforcement during the past year.

"The above reforms are necessary, however, if I am to perform the high duty which falls upon the Executive of enforcement of the Federal laws.

ONUS SHARED

"While a considerable part of this condition arises from the laws relating to intoxicating liquors, yet the laws relating to narcotics, automobile thefts, et cetera, which have been enacted by the Congress during recent years, also contribute to create the present conditions. This is well indicated by the fact that less than one-third of Federal prisoners are due to prohibition.

"Our obedience to law, our law enforcement and judicial organization, our judicial procedure, our care and methods of handling prisoners, in relation to not only Federal government, but also to the State and municipal governments, are far from the standards that must be secured. These proposals, while they do not comprehend the whole which remains to be done in the nation, are a step toward lifting the Federal standards which must have a general beneficial influence.

[Signed]

"HERBERT HOOVER."

"LOST WORLD" FANTASY TRUE

(Continued from First Page)

distant Andes. Evidently their ancestors once occupied the lowlands in between, but were driven uphill by changing climatic conditions.

Possibilities of food in the desert are contained in the thickened roots of one of the most astonishing plants of the little-known dry region of Southeastern California and Northern Sonora, described by Walter T. Swingle of the United States Department of Agriculture. The plant has always been so rare that it never had a common name; botanists knew it as ammabroma sonorae. Recently it has been discovered growing in considerable abundance in the desert.

It is a curiosity in that it is a parasitic plant, robbing other plants of food substances by fastening upon their roots; it grows to be twenty times as heavy as its host, yet it apparently does little or no harm. Mr. Swingle suggested that in times of drought the thickened root may return a gift of water to the host plant for the food the parasite takes, for the latter does have some roots of it sown which collect water from the soil.

The Papago Indians of the region have long known the plant and have made frequent use of its roots as food. They report it to be "good eating." Mr. Swingle thinks that white men might profit by their example, especially since it will grow where no other food crop can be raised. It will mature a supply of edible roots on a rainfall as low as three inches a year.

LIQUOR BUYER'S GUILT DEBATED

Supreme Court Takes Note of Moot Question

Test Case Submitted to End Long Uncertainty

Defendant's Counsel Argues Penalty Not Intended

WASHINGTON, April 28. (AP)—The question whether the purchaser of liquor for beverage purposes is guilty of violating the National Prohibition Law was argued today before the Supreme Court in two cases.

Atty.-Gen. Mitchell, pursuing a policy to clarify some of the prohibition enforcement problems, through Asst. Atty.-Gen. Youngquist submitted a case from Boston, where James E. Farrar had been indicted on the charge of unlawfully purchasing liquor from a bootlegger. Youngquist frankly explained that much could be said on both sides.

GOVERNMENT'S STAND

Facing numerous court decisions and Congressional action adverse to its contentions, the government argued that the prohibition law should be construed to mean that lawful purchases of intoxicating liquor required permits and that as a permit could not be issued for the purchase of liquor for beverage purposes such purchases were illegal.

William H. Lewis as counsel for Farrar attacked the indictment as defective because it had not charged that the purchase had been made without a permit but, waiving all technicalities, he insisted that Congress never intended that a purchaser should be punished. Asserting that the government was "passing the buck" he urged the court not to make a man a criminal unless the language of the law was clear and beyond guesswork.

TACIT ACKNOWLEDGMENT

The failure of the government up to this time to contend that the purchaser was guilty should be persuasive that it was not the intention of Congress to penalize him, he added, pointing out that a proposition in the Senate to amend the constitutional amendment by making the purchase an offense had been defeated, sixty to four. He also stated that Senator Sheppard of Texas, one of the authors of the constitutional amendment, now had pending a bill to make the purchaser equally guilty with the seller.

Material defects in the case against Alfred E. Norris may prevent a decision by the highest court of the question of whether a purchaser who orders of a bootlegger, knowing that transportation is involved, is guilty of conspiring to violate the prohibition law.

NORRIS CASE CITED

The court quickly developed during the argument of the case by Asst.-Atty.-Gen. Youngquist that Norris, a New York banker, had pleaded nolo contendere when charged with conspiracy in ordering liquor from a Philadelphia bootlegger. Members of the court pointed out that such a plea subjected Norris to conviction as though he had pleaded guilty, thereby forfeiting substantially all rights he might have had to challenge the indictment.

Frederic L. Ballard, counsel for Norris, said that in making the plea it had been his intention to reserve all his client's rights to test the validity of the indictment. He argued that Congress had failed to make the purchaser guilty and that although unlawful transportation might be involved the government had failed to show that Farrar was responsible.

Asst.-Atty.-Gen. Youngquist took the position that Norris when he ordered the liquor knew it must be unlawfully transported and that he had conspired with the bootlegger to violate the law.

Vocational Aid Measure Wins

WASHINGTON, April 28. (AP)—The Reed bill to authorize expenditure of $1,000,000 annually for the next three years to promote vocational rehabilitation to restore disabled persons to industry was passed by the House and sent to the Senate.

GAS RATE RISE SANCTIONED

SAN FRANCISCO, April 28. (AP) Oakdale Gas Company, which distributes artificial gas in Oakdale, Stanislaus county, today was authorized by the State Railroad Commission to increase its rates 1 cent per 1000 cubic feet. The increase will add only slightly to the company's total annual income.

DAM CONTRACTS SENT TO WILBUR

Ely Flies to Washington from This City

Secretary Meets Budget Bureau Today

Boulder Fund to be Asked This Session

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, April 28. (Exclusive)—After a dramatic dash by airplane across the continent, Northcutt Ely, executive assistant to Secretary Wilbur, arrived here shortly after 6 o'clock this evening with the Boulder Dam power contracts signed at Los Angeles.

Ely's recourse to the airplane illustrates the haste that is necessary if the initial appropriation for beginning actual construction on the Colorado River project is to be obtained from Congress before the adjournment scheduled for June. From Bolling Field, where he landed, Mr. Ely was whisked to the Interior Department, where Secretary Wilbur and other officials were awaiting him for a final conference preparatory to going before the Budget Bureau and Congress with a request for funds.

HEARING ARRANGED

Wilbur has arranged for a hearing before the Budget Bureau tomorrow, but was not prepared tonight to state the amount of the appropriation that will be asked of Congress. The figure was reported unofficially to be around $10,000,000. The first money will be for advanced preliminary work, such as contracting for and supervision of the erection of a modern city at the dam site to accommodate workmen and their families, the tying-in of railroad tracks, the bringing up of supplies and the erection and testing of the miniature enlarged dam to determine finally whether the twenty-five-foot additional height to 575 feet recommended by the Sibert engineering commission is feasible and safe.

From the Budget Bureau, provided action there is favorable, Secretary Wilbur will go to Congress with his request for funds. Money for the project up to the full estimated cost of $165,000,000 was authorized by Congress in passing the Boulder Dam Act, but the actual appropriations must be passed on by the Appropriations Committee. It is probable that hearings will be conducted at least by the House committee and the power contracts guaranteeing reimbursement of the government's outlay gone over carefully for flaws before a bill granting the funds is laid before the House.

WILBUR JUBILANT

Secretary Wilbur, Reclamation Commissioner Mead and other officials who have labored with Boulder Dam were jubilant tonight over the fact that the power negotiations had been consummated satisfactorily and the contracts finally signed and delivered. Their chief concern now relates to Arizona's present attitude toward the project, and the possibility that that State will carry out its former threats of bringing injuncion proceedings in the United States Supreme Court in an effort to block the great river development. Secretary Wilbur said tonight that he had no information concerning Arizona's intentions.

After going over the contracts with Mr. Ely, Secretary Wilbur issued the following statement:

"The signed contracts required by the Boulder Dam for the power to be generated when the dam is completed have arrived in Washington. Secretary Wilbur in a statement given out at the Department said that the law states that when such contracts are signed, guaranteeing the return with interest of all money to be expended on the project, the Secretary of the Interior may ask Congress for the funds necessary for its development. Having the contracts now in hand, we will soon ask for an initial appropriation.

POWER CONTRACTS

"These contracts cover a period of fifty years and call for the purchase of power at 1.63 mills per kilowatt hour. At that price the power available will in fifty years return all money expended.

"The States of Arizona and Nevada each have the privilege of purchasing 18 per cent of this power, but are charged for it only as they are able to use it. Each of these States also will benefit through payments made to them in lieu of taxes which would accrue were this a private undertaking. It is estimated that these will in the beginning amount to $350,000 a year, and as more power is used it will increase to $650,000 a year.

"The agencies with which the present contracts are signed are as follows: The Metropolitan Water District of Southern California, 36 per cent; the City of Los Angeles, 13 per cent; the municipalities of Anaheim, Burbank, San Bernardino, Beverly Hills, Colton, Glendale, Fullerton, Newport Beach, Pasadena, Riverside and Santa Ana, 6 per cent in all; the Southern California Edison Company, the Southern Sierras Power Company, the Los Angeles Gas and Electric Corporation, and the San Diego Consolidated Gas and Electric Company, 9 per cent in all. Power allocated but not used and surplus power shall be accepted and paid for one-half by the city of Los Angeles and one-half by the contracting companies. Thus all power generated will return revenue.

READY TO START

"Thus, it appears that, after ten years of effort, by the friends of this great project the purpose of which is to capture flood waters in this land of thirst that have heretofore run to waste and to set them to contributing to the welfare of mankind has advanced to the point where its actual execution may be begun.

"There is need of haste in this project because any flood of unusual size may bring disaster to the Imperial Valley and cause a frightful loss of life and property. Safety for the settlers in the lower reaches of the river is one of the primary purposes of this enterprise. It will be brought about at no ultimate expense to the communities benefited or to the government.

"Water will be supplied to the Southern California plain which is greatly in need of it, and there will be as much available to Nevada and Arizona as they can economically use. The government lends it credit for a period of years but will be completely reimbursed for the full cost of the dam through the sale of power under the signed contracts."

GREELEY ADVICE SAVES LIFE

Young Man About to Die Goes West and Lives to 97 Years of Age

CHICAGO, April 28. (AP)—Seventy-five years ago William Verity in New York, being told he had only a few months to live, asked Horace Greeley, editor of the New York Tribune, for advice.

Greeley gave him his famous advice: "Go West, young man."

Verity did, and lived to be 97 years of age. He was Chicago's pioneer business men. His funeral was today.

HOOVER URGES LAW PASSAGE

(Continued from First Page)

evidenced by the dockets in many courts, its full implications are not shown by them.

"The so-called bargain days, when light fines are imposed as the result of pleas of guilty, clear the docket, but the result distinctly undermines respect for law.

"No conclusion appears to have been reached as to the method of accomplishing this either by the Judiciary Committee of the Senate or by the Judiciary Committee of the House of Representatives.

"(3.) There must be extension of Federal prisons with more adequate parole system and other modern treatment of prisoners. We have already 11,985 prisoners in Federal establishments built for 6946.

RAPID INCREASE

"The number of Federal prisoners in Federal and State institutions increased 6277 in the nine months from June 30, 1929, to April 1, 1930.

"The Attorney-General has stated that we cannot hope to enforce the laws unless we can have some point of reception for convicted persons. The overcrowding of the prisons themselves is inhumane and accentuates criminal tendencies.

"Bills providing for this relief were passed by the House and are now, I understand, in course of being reported to the Senate by the Judiciary Committee.

"(4.) We are in need of vigorous reorganization of the border patrol in order to consolidate various agencies so as effectually to prevent illegal entry of both aliens and goods. Proposals to bring about such reorganization are before the committees of Congress.

LAW FOR CAPITAL

"(5.) The District of Columbia is without an adequate prohibition-enforcement law. A bill for that purpose has been introduced and hearings have been held before the Senate District Committee. It should contain the safeguards recommended by the Attorney-General.

"We have within the limits of existing legislation improved the personnel and greatly increased the efficiency of the existing Federal machinery in criminal law enforcement during the past year.

"The above reforms are necessary, however, if I am to perform the high duty which falls upon the Executive of enforcement of the Federal laws.

ONUS SHARED

"While a considerable part of this condition arises from the laws relating to intoxicating liquors, yet the laws relating to narcotics, automobile thefts, et cetera, which have been enacted by the Congress during recent years, also contribute to create the present conditions. This is well indicated by the fact that less than one-third of Federal prisoners are due to prohibition.

"Our obedience to law, our law enforcement and judicial organization, our judicial procedure, our care and methods of handling prisoners, in relation to not only Federal government, but also to the State and municipal governments, are far from the standards that must be secured. These proposals, while they do not comprehend the whole which remains to be done in the nation, are a step toward lifting the Federal standards which must have a general beneficial influence.

[Signed]

"HERBERT HOOVER."

"LOST WORLD" FANTASY TRUE

(Continued from First Page)

distant Andes. Evidently their ancestors once occupied the lowlands in between, but were driven uphill by changing climatic conditions.

Possibilities of food in the desert are contained in the thickened roots of one of the most astonishing plants of the little-known dry region of Southeastern California and Northern Sonora, described by Walter T. Swingle of the United States Department of Agriculture. The plant has always been so rare that it never had a common name; botanists knew it as ammabroma sonorae. Recently it has been discovered growing in considerable abundance in the desert.

It is a curiosity in that it is a parasitic plant, robbing other plants of food substances by fastening upon their roots; it grows to be twenty times as heavy as its host, yet it apparently does little or no harm. Mr. Swingle suggested that in times of drought the thickened root may return a gift of water to the host plant for the food the parasite takes, for the latter does have some roots of it sown which collect water from the soil.

The Papago Indians of the region have long known the plant and have made frequent use of its roots as food. They report it to be "good eating." Mr. Swingle thinks that white men might profit by their example, especially since it will grow where no other food crop can be raised. It will mature a supply of edible roots on a rainfall as low as three inches a year.

LIQUOR BUYER'S GUILT DEBATED

Supreme Court Takes Note of Moot Question

Test Case Submitted to End Long Uncertainty

Defendant's Counsel Argues Penalty Not Intended

WASHINGTON, April 28. (AP)—The question whether the purchaser of liquor for beverage purposes is guilty of violating the National Prohibition Law was argued today before the Supreme Court in two cases.

Atty.-Gen. Mitchell, pursuing a policy to clarify some of the prohibition enforcement problems, through Asst. Atty.-Gen. Youngquist submitted a case from Boston, where James E. Farrar had been indicted on the charge of unlawfully purchasing liquor from a bootlegger. Youngquist frankly explained that much could be said on both sides.

GOVERNMENT'S STAND

Facing numerous court decisions and Congressional action adverse to its contentions, the government argued that the prohibition law should be construed to mean that lawful purchases of intoxicating liquor required permits and that as a permit could not be issued for the purchase of liquor for beverage purposes such purchases were illegal.

William H. Lewis as counsel for Farrar attacked the indictment as defective because it had not charged that the purchase had been made without a permit but, waiving all technicalities, he insisted that Congress never intended that a purchaser should be punished. Asserting that the government was "passing the buck" he urged the court not to make a man a criminal unless the language of the law was clear and beyond guesswork.

TACIT ACKNOWLEDGMENT

The failure of the government up to this time to contend that the purchaser was guilty should be persuasive that it was not the intention of Congress to penalize him, he added, pointing out that a proposition in the Senate to amend the constitutional amendment by making the purchase an offense had been defeated, sixty to four. He also stated that Senator Sheppard of Texas, one of the authors of the constitutional amendment, now had pending a bill to make the purchaser equally guilty with the seller.

Material defects in the case against Alfred E. Norris may prevent a decision by the highest court of the question of whether a purchaser who orders of a bootlegger, knowing that transportation is involved, is guilty of conspiring to violate the prohibition law.

NORRIS CASE CITED

The court quickly developed during the argument of the case by Asst.-Atty.-Gen. Youngquist that Norris, a New York banker, had pleaded nolo contendere when charged with conspiracy in ordering liquor from a Philadelphia bootlegger. Members of the court pointed out that such a plea subjected Norris to conviction as though he had pleaded guilty, thereby forfeiting substantially all rights he might have had to challenge the indictment.

Frederic L. Ballard, counsel for Norris, said that in making the plea it had been his intention to reserve all his client's rights to test the validity of the indictment. He argued that Congress had failed to make the purchaser guilty and that although unlawful transportation might be involved the government had failed to show that Farrar was responsible.

Asst.-Atty.-Gen. Youngquist took the position that Norris when he ordered the liquor knew it must be unlawfully transported and that he had conspired with the bootlegger to violate the law.

Vocational Aid Measure Wins

WASHINGTON, April 28. (AP)—The Reed bill to authorize expenditure of $1,000,000 annually for the next three years to promote vocational rehabilitation to restore disabled persons to industry was passed by the House and sent to the Senate.

GAS RATE RISE SANCTIONED

SAN FRANCISCO, April 28. (AP) Oakdale Gas Company, which distributes artificial gas in Oakdale, Stanislaus county, today was authorized by the State Railroad Commission to increase its rates 1 cent per 1000 cubic feet. The increase will add only slightly to the company's total annual income.

Forty-one Thousand New Homes Needed in Next Three Years

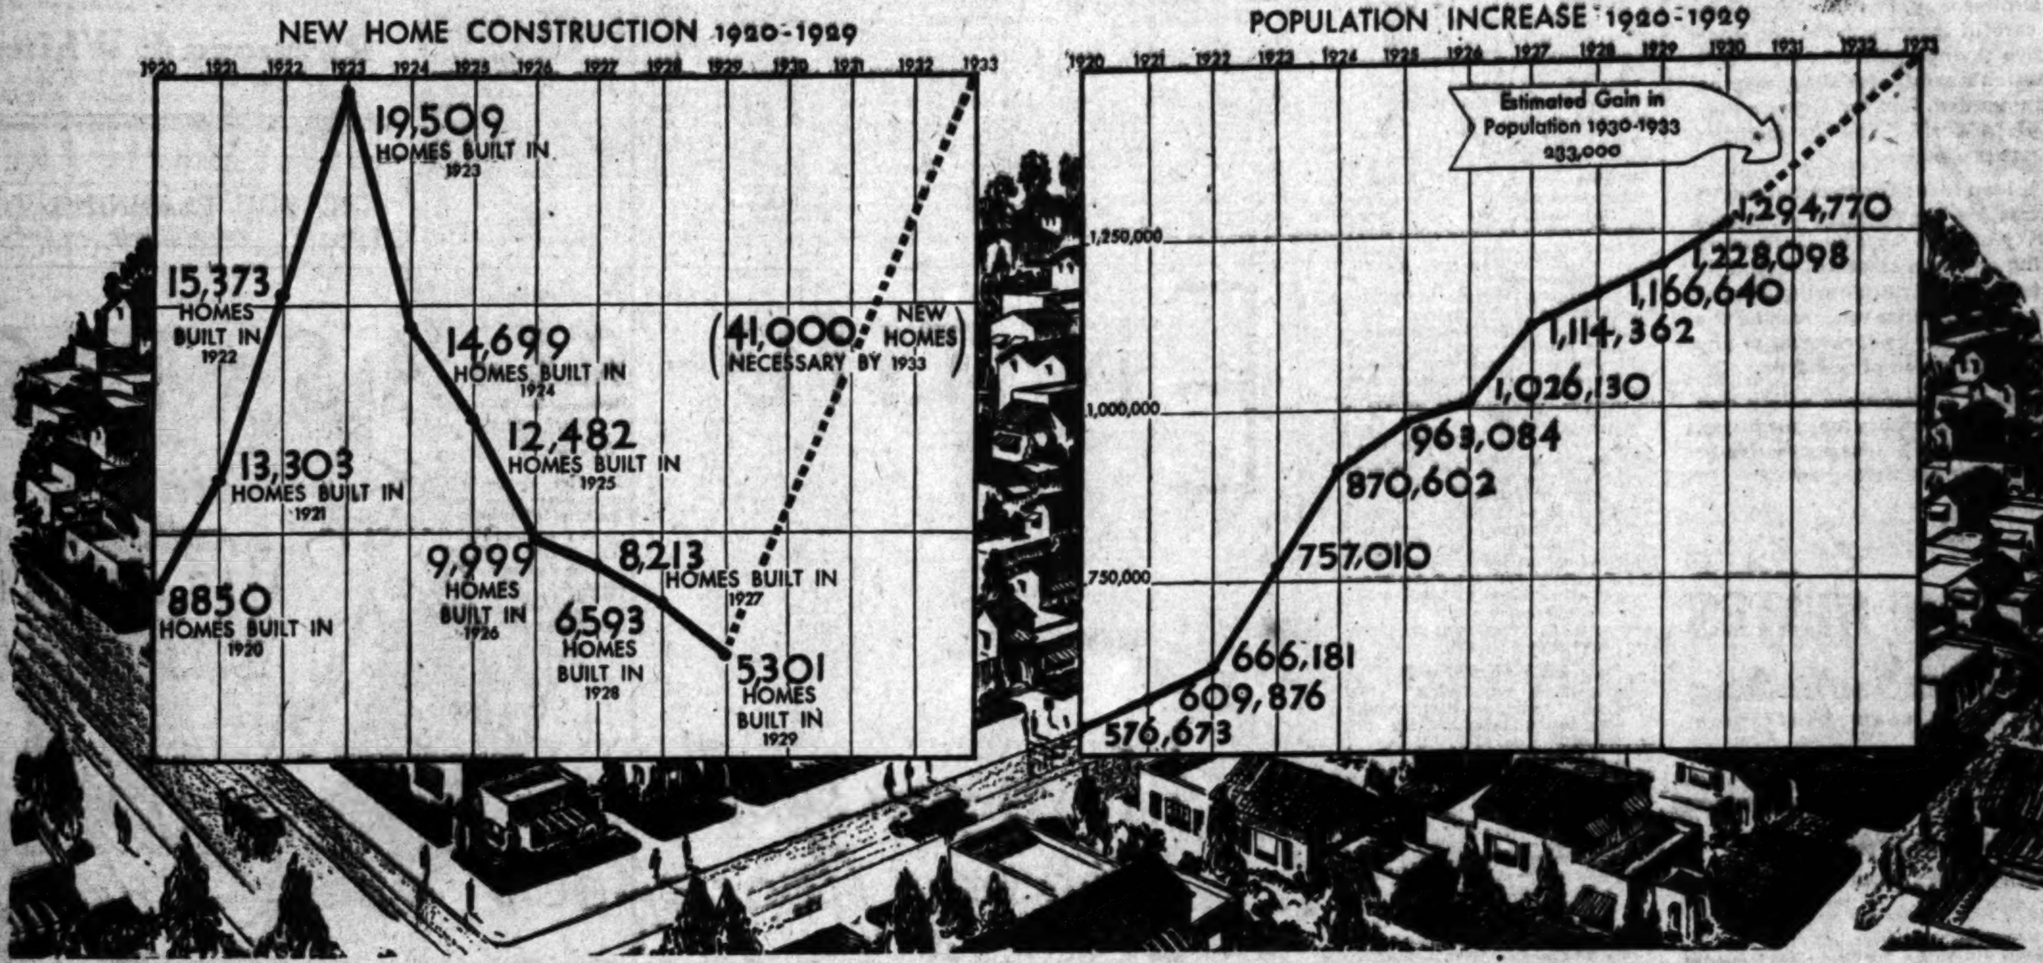

Chart at left shows steady recession in home building each year since 1923, with 1929 showing lowest number of new dwellings in any year in a decade. Right-hand chart shows steady population gain, estimated by careful survey, from 1920 to 1930. At present the supply and demand of homes is about even, as there will always be a certain vacancy percentage represented largely by older and less desirable dwellings. Homes for new population estimated at 233,000, coming before 1933, must be provided if big shortage in dwellings is to be avoided. • • • • • • • • • • •

A CAREFUL study of all factors of growth and rates of increase, past and present, indicates a gain in permanent population of **233,000** for Los Angeles by January 1st, 1933.

This estimate is based on a considerably lower rate of increase than the average for the past ten years, and is considered most conservative by economists who have made surveys of the upward trend in population and wealth in the Los Angeles area.

An increase in population of **233,000** is the equivalent of **64,500** families, approximately **64** per cent of whom will occupy single and double dwellings and bungalow courts. The remaining **36** per cent will be housed in apartments, flats and hotels.

The expectancy is that **41,000** new homes, costing on an average **$3865** each, or a total of **$158,465,000**, will be required in the next **32** months.

MODERN HOMES ARE DEMANDED

With **93.3** per cent of all dwellings, duplex houses, bungalow courts, apartment houses in the city *occupied*, according to the most recent survey, new construction on a large scale appears inevitable.

The vacancy percentage of dwellings is abnormally low. *Rising standards of living are forcing demand for modern types of homes.*

It is certain, therefore, that with the addition of **64,500** families to the population of the city during the next three years, as is anticipated, there will be pressing need for the thousands of new dwellings indicated by the survey, for more millions of dollars worth of flats and apartments, and for business buildings that will be required in various sections of the city.

Expert advice as to values and trends of future population growth is essential... *Great profits should be made from carefully selected real estate investments in this buyers' market.* CONSULT A REALTOR.

TARIFF BILL HIT AS OUTRAGEOUS

Woman Voters Also Hear Navy Pact Scored

Chester H. Rowell Speaks at Louisville

Washington Man Fears New War in Offing

LOUISVILLE (Ky.) April 28. (AP) A virulent attack on the pending tariff bill as threatening the peace of the world, and a mild recommendation of the London disarmament conference results as conducive to world peace, occupied tonight's session of the League of Women Voters' tenth anniversary convention.

The conference spotlight was on the "peace world" session, at which Chester H. Rowell of Berkeley, Cal., termed the results of the London disarmament conference "a three-power agreement with a string to it, and a five-power agreement that does not cover much."

"The practical thing," Rowell told the women voters, "is to support it, as a step forward, and to criticise it, to educate the American people to the need of the next step."

"OUTRAGEOUS TARIFF BILL"

Simultaneously, Dr. John Gray of Washington, D. C., was telling women students of living costs that the tariff would increase their board and clothes bills and tend toward another world war.

"The most outrageous tariff bill ever proposed in any nation," Dr. Gray termed it. He cited the sugar schedule as the "most objectionable" item, "increasing cost of living for every man, woman and child in America" and as doing "irreparable injury to Cuba."

But such "domestic evils," he added, "sink into insignificance compared to evil effects on international relations and the peace of the world." Reporting that M. Briand this month is sending a questionnaire to twenty-eight nations asking if they are willing to join an alliance to counteract our tariff policy, Dr. Gray declared it an "accepted belief" among them that they cannot pay reparations if the American tariff policy is to limit their market for exports.

WORLD WAR DANGER

A "wholesale repudiation," he prophesied, "would probably result in world war and destruction of civilization."

"It is time for you to set a halt on such madness," he told the women voters.

Mr. Rowell kept his disarmament address in lighter tenor, with humorous flashes.

Declaring that the London parley "did accomplish limitation of programs, postponement of replacement of battleships, and some actual scrapping," he pronounced Stimson and his colleagues entitled to commendation, and President Hoover to support in his effort for Senate ratification.

The efficiency in government conference heard Chairman Williamson, of the House Expenditures Committee, in an address advocating amalgamation of overlapping government bureaus.

UTAH WOMAN MADE DEPUTY SHERIFF

Jewell S. Allen

LOGAN (Utah) April 28. (Exclusive)—Pioneers of Cache county today are shaking their heads and asking "to just what is the world coming?" And it's all because of a woman. For the first time in the history of this county, scene of Indian fights and other violent episodes, a woman has been made deputy sheriff. She is Miss Jewell S. Allen, daughter of J. C. Allen, Jr., managing editor of the Logan Journal.

Analysis Shows California About Like Nation

Building Permits Indicate Increase Over February

SAN FRANCISCO, April 28. (AP) Business recovery in California in March was called "somewhat irregular" today by the State Chamber of Commerce. Indices in certain lines of production are that rising trends have replaced previous declines, but lower marks were attained in others.

The analysis is given in the chamber's monthly review of economic conditions for the State. Comparison with conditions throughout the nation show a close similarity, the report said.

Conditions for agriculture are favorable. Manufacturing plants hired 7.3 per cent fewer workers than in March, 1929, and the year's average is 5.6 per cent below the 1929 first quarter. The weekly March pay roll was 8 per cent lower than a year ago.

Building permits in fifty-one California cities were 33.5 per cent below March, 1929, but were some better than in February, this year, aggregating around $19,000,000, compared with $12,000,000 in February.

CONGRESSIONAL NEEDS MOUNT

Supply Measure Calls for Fund of $26,000,000

Sum Exceeds Current Year Figure by $6,429,000

Amount $33,537,000 Less Than Budget Totals

WASHINGTON, April 28. (AP)—Congress was asked today to appropriate $26,000,000 for its own maintenance during the fiscal year 1931.

The House Appropriations Committee reported the annual supply bill for the legislative branch to the House, recommending an increase of $6,429,000 over the current year, but $33,537,000 less than the budget estimates. Of the increased funds $4,763,000 is to be used to acquire additional Capitol grounds and $1,000,000 is to be expended on the projected Supreme Court building.

The ninety-six Senators will draw their $960,000 in salaries and $51,000 in mileage, while the 435 House members and the delegates from the Territories are to receive their usual salaries, amounting to $4,405,000, and mileage totaling $175,000.

The Senate asked in the bill for $3,232,764 or $4527 less than for the current year. The House, on the other hand, showed an increase of $1257 over the present year, bringing its total for 1931 to $8,156,000.

Don't fool yourself!

Since halitosis never announces itself to the victim, you simply cannot know when you have it.

Halitosis ruins romance—end it

If the one you're fond of has halitosis (unpleasant breath), it's your duty to call attention to it and suggest the effective remedy—Listerine used full strength.

Certainly this course is a better one than putting up with halitosis and saying nothing about it.

A great many people fool themselves in thinking they never have halitosis. What a presumption! Because nobody knows when he or she is the victim. Halitosis doesn't announce itself to you. But it does to others. And that offends.

Being an active germicide capable of killing 200,000,000 germs in 15 seconds, full-strength Listerine checks mouth fermentation and infection—both a cause of odors. Then it gets rid of the odors; it is a powerful deodorant. Use Listerine morning and night and between times, before meeting others. Lambert Pharmacal Company, St. Louis, Mo., U.S.A.

LISTERINE
kills 200,000,000 germs in 15 seconds

SENATE BEGINS PARKER DEBATE

Supreme Court Nomination Will be Put to Vote

Overman Opens Defense and Borah Leads Attack

Pleas Center on Ruling in Miners' Contract Case

WASHINGTON, April 28. (AP)—Before crowded galleries and an intensely attentive membership, debate was begun late today in the Senate on confirmation of Judge John J. Parker of North Carolina as an associate justice of the Supreme Court.

Senator Overman, Democrat, North Carolina, lauding the personal character and judicial qualifications of the nominee, opened with a plea for confirmation. Senator Borah, Republican, Idaho, severely assailing Parker's decision upholding the so-called "yellow-dog" contract for employees, demanded his rejection.

Senator Borah had not concluded at nightfall and the debate upon which leaders believe will hinge the ultimate fate of President Hoover's second nominee to the high tribunal is expected to continue for several days.

CLOSELY DIVIDED

The Senate is concededly closely divided over Parker and the two speakers received the closest attention, interrupted occasionally by inquiries. Senator Black, Democrat, Alabama, raised a new point when he read from a newspaper editorial charges that Judge Parker as government counsel in war-frauds suits concealed evidence tending to show the innocence of defendants.

The Alabaman demanded from Senator Overman that this charge be disproved and expressed the view that unless it was "he would get no votes for confirmation."

Senator Overman said he had never heard of the charge. He said he will seek to disprove it.

Senator Borah devoted his attack entirely to Judge Parker's decision in the contract case upon which labor unions based their protest against his confirmation. Senator Overman made no mention of this, but deplored the complaints of the National Association for the Advancement of the Colored People against the nominee. He said the Negroes of his State are for Judge Parker.

PREJUDICE DENIED

The North Carolinian denied that Parker had any racial prejudice and said the speech he made in his 1920 campaign as Republican gubernatorial candidate "ought not to be held against him." Parts of that speech attributing to Parker the statement that Negroes were not ready to assume the responsibilities of government are under attack by the Negroes.

Senator Borah asserted that Judge Parker in upholding the injunction restraining the United Mine Workers from soliciting membership among Red Jacket Coal Company employees in West Virginia who had signed contracts not to join unions was not bound to follow a particular decision of the Supreme Court as contended by the administration.

The complaint of the Idahoan was principally that Parker had held as a member of the Circuit Court of Appeal that the United Mine Workers could not seek to have miners break the contract even by peaceful persuasion. He said that was the issue involved and emphasized that he did not contend that an injunction should not have been issued against the mine union.

Senator Borah argued that the Supreme Court had not denied in the Hitchman "yellow-dog" contract case the right of unions to solicit peacefully for membership.

"It seems to me," he continued, "that the judges who sat upon the bench in the Red Jacket case were anxious to find some way to sustain and maintain that contract."

Railway Merger Ban Modified in Revised Bill

WASHINGTON, April 28. (AP)—The revised Couzens railroad resolution, submitted to the Senate Interstate Commerce Committee today in executive session, would ban direct or indirect unification of railroads involving "substantial reduction of competition."

The original proposal of Chairman Couzens of the Interstate Commerce Committee was to suspend all railroad consolidations until Congress enacts further regulations.

He drafted it to meet objections registered in extensive hearings. The revised resolution would have effect only until March 4, 1931.

Neighbors Hit Plea of Slayer

BENTONVILLE (Ark.) April 28. (AP)—Prosecuting Attorney Combs today announced receipt of offers by neighbors of Dr. A. J. Bass, retired dentist of Columbia, Mo., to assist in combating a prospective insanity plea for Bass at his scheduled trial here May 26 for the slaying of W. R. Pearman of Columbia in a $200,000 insurance-swindle plot.

One offer came from a prominent churchman of Columbia, who wrote, according to Combs, that he not only would testify that Bass was sane at the time of the slaying but could get others to do the same.

WIDOWS' INCOMES DECLARED TAXABLE

SAN FRANCISCO, April 28. (Exclusive)—Widows' allowances from the income of estates are subject to income tax, according to a ruling today by Federal Judge St. Sure in the case of Mrs. Mary M. Buck, widow of a former San Francisco capitalist. She sought the return of $9763 in paid taxes on the ground the funds from which they were deducted were part of the body of the estate. The court held the taxes were assessed against income on a monthly allowance.

BOOKS LOSE TO FILMS, RADIO SET AND BRIDGE

CHICAGO, April 28. (Exclusive) That the films, radio, bridge and other diversions are cutting into time usually devoted to reading of books is indicated in the report of Carl B. Boden, chief Chicago public librarian. Probably because he bears no ill-will toward these contributions to modern life, Mr. Boden attempts no explanation.

"A curious slump in patronage, which seems to have affected public libraries in all parts of the country, made itself manifest early in the fall and continued for several months of the normal reading season, to the evident detriment of statistics," Mr. Boden says. "Fiction continues to form the largest item in the sum total of library issues. Curiously enough, though, the rate of fiction among juvenile readers is much smaller."

The Central Library, Mr. Boden reports, last year showed an actual decrease of some 13,000 volumes and the figures of the branch libraries indicate a slight net gain.

AUTO CRASH IN FRANCE KILLS PAIR

American Women Said to be from Pasadena Die When Car Strikes Tree

LE MANS (France) April 28. (AP) Two American women said to be from Pasadena, Cal., were killed in an automobile accident today on the Bayonne-Paris Highway near the village of Cloyes, between Vendome and Chateaudun. Two others were hurt.

Miss Eleanor Lucas, 50 years of age, and Miss Anna Loring, 70, were killed when their machine skidded and was wrecked against a tree. Their bodies were taken to the Chateaudun Hospital.

Miss Grace Richards and Miss Jane Loring were hurt. The four women, all of whom were said to be from Pasadena, were returning to Paris from a trip to Biarritz.

DAMAGE APPEAL DENIED

WASHINGTON, April 28. (AP)—The United States Supreme Court today refused to entertain an appeal of Muriel E. Colthurst, seeking damages from the Metropolitan Casualty Insurance Company of New York for damages in an automobile accident in Napa county, California.

BODY FOUND IN FLORIDA LYNCHING

Home-Bombing Suspect Hanging from Tree and Bullet-Riddled

TAMPA (Fla.) April 28. (AP)—The body of John Hodaz, suspected of bombing a Plant City home, was found swinging from a tree ten miles northwest of Plant City today by N. M. Davis, a woodcutter, Sheriff Joughin reported. The body bore numerous bullet wounds.

Hodaz is believed to have been lynched by a group of eight men who, according to Deputy Sheriff Robinson, snatched the prisoner away last night while he was taking him to Barton for safekeeping. Robinson arrested Hodaz here late yesterday.

Dr. B. C. Meighan examined the body and reported it had been pierced many times with revolver bullets and three times with shotgun charges. One shot had entered the man's heart.

INSECT BITE CAUSES DEATH

REDDING, April 28. (AP)—An insect's bite caused the death in a Redding hospital today of Mrs. Lester A. Butzbach of Anderson. She was bitten the 20th inst. and soon after blood poison set in.

WALKING PLANK PEEVES HUSTON

Republican Chairman Won't Quit Under Fire

Willing to Resign After it All Blows Over

Hoover Feels Usefulness of Committeeman Ended

WASHINGTON, April 28. (Exclusive)—Claudius S. Huston, chairman of the Republican National Committee, is unwilling to resign his post while under fire. He has made this plain to Republican leaders in conferences during the last few days. It is regarded as a certainty, however, that he will retire in the not distant future.

The effect of the attacks upon Huston during hearings of the Senate Lobby Committee formed the subject of conferences between Mr. Huston and a group of party leaders, who included Postmaster-General Brown, Charles D. Hilles, National Committeeman from New York; David Mulvane, National Committeeman from Kansas, Joseph R. Nutt of Cleveland, treasurer of the National Committee; Jeremiah Milbank of New York, assistant treasurer, and Senator Watson, Indiana, majority leader in the Senate.

Mr. Huston made it apparent that he sees no reason why he should admit the justice of charges against him by resigning at this time.

President Hoover is credited with believing that the lobby disclosures have tended to destroy Mr. Huston's usefulness and it is assumed that the President's wishes will prevail.

The National Committee will have no occasion to be very active in advance of the 1932 Presidential campaign and there is, therefore, no need to force Mr. Huston out at this time.

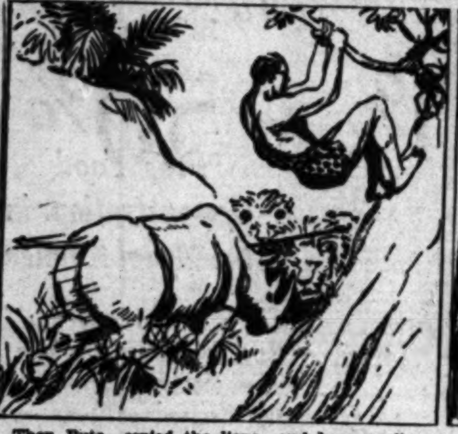
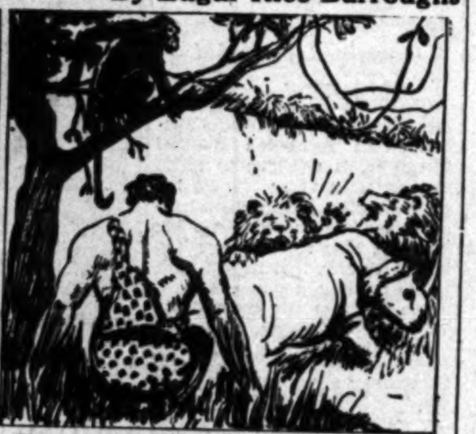
A CHUCKLE FOR EVERYBODY

TARZAN AND THE JEWELS OF OPAR

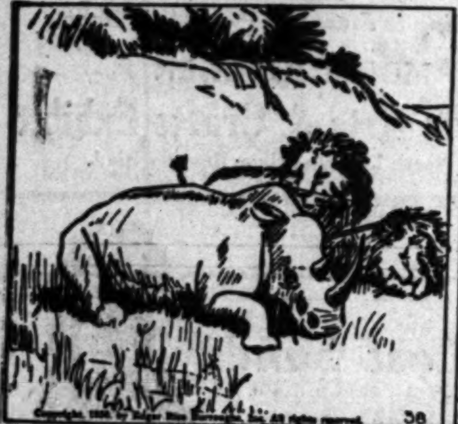
By Edgar Rice Burroughs



Then Buto espied the lions and bore madly down upon them, while Tarzan of the Apes leaped nimbly into the tangled creepers at one side of the trail. The first lion met Buto's charge and was tossed high and mangled over the back of the maddened brute. The other six were upon the rhinoceros, rending and tearing the while they were being gored or trampled. From the safety of his perch Tarzan watched the battle royal with the keenest interest.

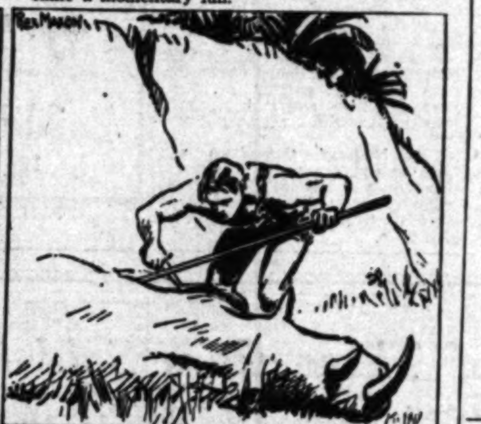


The more intelligent of the jungle folk are interested in such encounters. They are to them what the prize fight, the theater and the movies are to us. They see them often, but always enjoy them, for no two are precisely alike. For a time it seemed that Buto would prove victor in the gory battle. Already had he accounted for four of the seven lions and badly wounded the remaining three, when in the encounter there came a momentary lull.



Copyright, 1930, by Edgar Rice Burroughs, Inc. All rights reserved.
38

Tarzan saw the rhinoceros sink limply to his knees and roll over upon his side. The ape-man's spear had done its work! It was the man-made weapon which had killed the great beast that might easily have survived the assault of seven mighty lions. For Tarzan's spear had pierced the great lungs, and Buto, with victory almost in sight, succumbed to his internal wounds. Then Tarzan came down from his sanctuary as the wounded lions, growling, dragged themselves away.



The ape-man cut his spear from the body of Buto, hacked off a piece of a steak and vanished into the jungle. The episode was over. It had all been in the day's work—something that men would have talked about for a lifetime, Tarzan dismissed from his mind the moment the scene passed from his sight. Careless of his future and all oblivious of his past, the ape-man swung back through the jungle in a wide circle that brought him to the river at another point.

HOOVER'S FARM SIGNS CONTRACT

One of First to Close Pact for Grape Tonnage

Thousand Volunteer Workers After Signatures

Every Effort Being Made to Rush Drive Through

FRESNO, April 28.—With 1000 volunteer workers in the field today engaged in obtaining signatures of growers to contracts toward 85 per cent control of the California grape crop under the Federal Farm Board program, it was announced at the headquarters of the campaign committee here today that one of the first to sign the pact was the Hoover farm at Wasco. The contract was signed by Leslie Simms, superintendent of the farm.

Leaders in the campaign here hailed this announcement as of great import in the drive, inasmuch as it indirectly makes President Hoover a party to the plan to bring the industry out of the doldrums and place it again on a basis of stabilized prosperity.

While the contract campaign is expected to continue for forty-five days, every effort is being made to sign up the required amount of grape tonnage at the earliest possible moment.

One of the biggest factors in the present drive is the pledge of the Farm Board to finance the purchase of the entire crop surplus this year, irrespective of its size. This pledge is contingent upon the signing up of 85 per cent of the total tonnage of grapes, and is one of the most important factors in the campaign at this time, as disposal of the surplus is the annual problem in both the fresh and dried divisions of the industry.

A noteworthy feature of the opening day's activities was the appearance of many men and women at the campaign headquarters here, seeking to sign the contracts.

why MEN DREAD THE APPROACHING YEARS past 40

6 out of 10 are affected with an after 40 ailment.
Many needlessly so. What doctors urge....

AGE 40 is the turning point of health in average life, says medical science; the age when wear and tear of life begins to take its toll unless you've fortified against it.

"Protect health between the ages of 20 and 40" is sound advice that every doctor gives. One of the most prevalent ailments to guard against is *kidney breakdown*. Over half of men and women past 40 are affected. Many without knowledge, for there are no warning symptoms.

Kidneys excrete 75% of poisonous waste, much in too concentrated form. Through carrying this excessive burden, congestion occurs; breakdown follows, and poisons which should be eliminated are thrown back into the system—the forerunner of more serious ills.

One of the most effective preventives that doctors know is Puritas Water (mineral-free). Drink 6 glasses daily, they say. *First*—it dilutes poisonous waste, dissolves and washes it away. *Second*—because of the absence of minerals in Puritas, it leaves no deposits to add further to congestion of kidneys.

Puritas is scientifically distilled and aerated, thus is both mineral-free and impurity-free; water in its purest state. Though its taste seems different at first, each drink you'll increasingly enjoy.

Protect your health before and after 40. Order Puritas today. 'Phone WEstmore 0381 for immediate delivery, anywhere in Southern California. A Puritas iceless cooler furnished free.

"WOMAN IN THOUSAND" THESE ARE

Men Below Winners Among Many Seeking Greek Brides

They're in Demand

[P. & A. Photo]

A group of Greek brides with their Greek-American husbands, shown as they left their native land for America. About 1000 Greeks recently left the United States for home, where they searched for suitable partners for life. The men in the photograph above were the fortunate ones.

HAVANA, April 28. (AP)—Eleven American bachelors, who came here three weeks ago for wives, found themselves husbands today but with all the woes and none of the joys of married life.

And eleven pretty young women who traveled all the way from Greece to wed these bachelors, whom they had never seen, faced the discouraging prospect of being shipped back to their native land without their mates.

The trouble started when the men, all American-born Greeks and hailing from California, Connecticut, New Jersey, Illinois, Utah, New York and Missouri, applied at the American Consulate here for documents to take their wives to the United States.

They were informed that the wives could not enter the United States until their official papers had been sent to Athens for confirmation. The women were placed under consular bond of $200 each in the meantime.

The dejected husbands, whose names were withheld by the Consulate, said they probably will return to the United States until the matter is settled. They said the marriages had been arranged through American "marriage brokers."

WASHINGTON ANCESTORS REST ANEW

Graves of Many Long Dead Give Up Bones Reassigned to New Burial Vault

WASHINGTON, April 28. (AP)—Remains of more than thirty members of the Washington family, buried on the Wakefield (Va.) estate where the first President was born, were gathered from their graves today and placed in a reconstructed vault, as part of the restoration of the historic spot.

The Washingtons, whose bones were moved today belonged to four generations, all antedating the President, and including Col. John Washington, the first of the family to come to America; Maj. Lawrence, Capt. John and Augustine Washington, the great-grandfather, grandfather and father of George. The reinterment today was accompanied by services conducted by Bishop Freeman of Washington in the presence of official witnesses.

C. H. Ingersoll Mansion Burned

MONTCLAIR (N. J.) April 29 (Tuesday) (AP)—The Ingersoll mansion, for many years the home of Charles H. Ingersoll, the watch manufacturer, was destroyed by fire early this morning with a loss estimated by fire officials at more than $1,000,000.

The mansion had been occupied by the Ingersoll family until three months ago when it was sold and turned into an inn.

INSURANCE DISCUSSED BY DOCTORS

Health Underwriting by State Forecast at Session of Medical Association

DEL MONTE, April 28. (AP)—Intimating it will be a question of only a few years until California has some form of State health insurance, Dr. Morton R. Gibbons of San Francisco, president of the California Medical Association, in his annual address before that body's fifty-ninth annual convention here today urged the medical profession to acquaint itself fully with the subject.

Dr. Gibbons warned against hasty action and cautioned doctors who have not made a detailed study of the insurance plan not to condemn it.

"We must not prejudice the public against this project," he said.

EX-ACTRESS HELD FOR NARCOTICS HEARING

SAN FRANCISCO, April 28. (AP) Miss Ruth Taylor, 24 years of age, former screen player, arrested the 16th inst. for possession of narcotics, was bound over to the Superior Court by Police Judge Steiger here today for violation of the State poison law.

She said she started using narcotics in Hollywood, where her screen ambitions were interrupted by a love quarrel, after coming from her home in Salt Lake City.

ARMS MEET DELEGATION NEAR HOME

Leviathan With London Emissaries Aboard Off New York Harbor

NEW YORK, April 28. (AP)—The steamship Leviathan, bearing the United States delegation home from the London naval limitation conference, arrived off Ambrose Light at the entrance to New York Harbor at 11:20 o'clock tonight.

The liner took a pilot aboard and made preparations for the trip to Quarantine, where tomorrow morning the delegates will be met by an official reception committee and escorted to the battery on the municipal tug Macom.

An escort of destroyers met the liner at sea earlier in the day and the navy dirigible Los Angeles met the great liner out at sea and dropped a mail bag to its deck.

Santa Ana Votes to Keep Dry Act

NEW YORK, April 28. (Exclusive)—Santa Ana, Cal., is shown strongly pro-enforcement listed among the thirteen in returns announced today in the Literary Digest's prohibition poll.

It has cast more votes for continuation of Volsteadism than were cast there for both modification and repeal.

The figures follow:

	Enforcement.	Modification.	Repeal.
Everett, Wash.	543	782	757
Bellingham, Wash.	[illegible]	[illegible]	[illegible]

German Prince Falls Into Sea

KOENIGSBERG (Germany) April 28. (AP)—Prince Wilhelm of Prussia, eldest son of the former Crown Prince of Germany, came close to drowning in a balloon accident today.

The Prince was a passenger in the gas balloon Graf Zeppelin, named for the famous dirigible, and belonging to the German Aeronautic Society. Adverse winds drove it out over the Baltic Sea, where it finally came down in rough water not far from shore. Prince Wilhelm and navigator swam ashore.

MAN PLUNGES TO DEATH

SAN FRANCISCO, April 28. (Exclusive)—While hundreds of spectators watched, William Berkel, a window washer, 30 years of age, fell to death today from the fourth floor of the Schroth Building.

CENSUS ALMOST COMPLETE

Final Enumeration at Bakersfield Delayed by Small Group; Total Population There 23,528

BAKERSFIELD, April 28.—All but two of this city's twenty-one census districts have been covered and in those two the final work is being held up by less than a half dozen persons. Bakersfield has 23,528 persons within its incorporated limits, according to figures compiled this morning by the local census office.

Kern county's total population listed to date is 64,998, with 2805 out of work. This city's unemployed to date totals 1133 persons.

Population and accompanying unemployment figures for other Kern cities are as follows: Mojave, 797-35; McFarland, 466-22; Maricopa, 1076-46; Delano, 2450-93; Tehachapi, 732-31; Shafter, 1037-15; Wasco, (three precincts,) 2272-42; Taft, 3270-179.

Farm schedules filled out to date total 1469; fruit and nut schedules, 316; and irrigation, 881. Census officials say that the Kern census taking will not be completed for several weeks.

CENSUS REPORT GIVES HANFORD 6500 RESIDENTS

HANFORD, April 28.—The efforts of the Board of Trade, American Legion and other organizations for a full census count in this city ended today with figures as complete as it seems possible to get them. The Board of Trade announced that the figures will give Hanford a population of 6500, as compared with 5888 in 1920.

FRUIT DEMAND IN ASIA LIGHT

U. C. Survey Party Reports on Extensive Study

Some Hopeful Elements in Outlook Found

Dried and Canned Product Has Best Chance

SAN FRANCISCO, April 28. (AP)—Prof. B. H. Crocheron of the University of California's Giannini Foundation of Agricultural Economics, who with W. J. Norton and a party of aides under the same auspices recently returned from a prolonged study in Eastern Asia of possibilities for marketing California fruit, found the outlook poor but containing hopeful elements.

In his formal report made at a luncheon given by the State Chamber of Commerce at the Palace Hotel here today Prof. Crocheron painted a picture of conditions among Asia's teeming millions that gave little encouragement to the State's fruit growers except in certain departmental respects and in these instances he declared that time, patience, money and tactful promotion will be required to stimulate a market across the Pacific that will bring more dollars into California's orchards.

SUMMARY OF VIEWS

Some of Prof. Crocheron's terse and candid statements follow:

"The active demand for American fruit in Asia is already supplied.

"The present export of fruit to Asia has no material influence on the prices farmers receive.

"In order to perceptibly move prices upward by means of Asiatic export it would be necessary to increase present exports by several hundred per cent.

"Fresh fruits cannot be sold in Asia in large enough quantities to move prices upward."

Under present conditions of demand there is not sufficient refrigeration space on all the ships plying the Pacific to carry enough fresh fruit to Asia to raise the price to producers here in any appreciable degree, the report declared. Moreover, it was asserted that any possible increase in the demand must come from the Asiatics themselves and not from the whites living in the Orient. These, the investigators found, are being adequately provided for, and to expect a sudden, widespread demand for California fresh fruit among 80,000,000 people whose chief diet for countless centuries has been rice would be more fanciful than any of the commission would permit itself to be.

Canned and dried fruit, however, is another matter, although not at present in such demand as to influence in any degree the growers' profits here.

BEST OPPORTUNITY

"Small packages of canned and dried fruits present the best opportunity to make large increases in our present fruit markets in Asia," Prof. Crocheron said. He pointed to the success of foreign oil, tobacco, cracker and soap companies. Moreover, the small packages must be cheap, he declared, as persons of the so-called middle class in Asia are lower in the economic scale by far than they are in America. He advises a package such as the Sun-Maid Raisin Growers put out which has won a rather wide demand for the product in Asia. Prunes, also, he said, are selling well although sales of neither raisins nor prunes have raised the price level materially. It is because of their future possibilities that such products should be pushed, he thinks. The greatest opportunity he saw for canned peaches and dried prunes. But the peaches should be in smaller cans than they are commonly sold in here. The large number 2½ can is purchased now in Asia almost exclusively by wealthy white persons or wealthy natives and then usually only for company. The large can, for instance, sells for $1 Mexican. Although this is less than 40 cents American money it seems high, even to the white housewife in Asia.

In addition to lower retail prices there must be better trade arrangements, Prof. Crocheron said, agents must have more co-operation, better credit facilities should be extended. There should be promotion and advertising of the kind best calculated to stimulate an interest in an American product. Competition is and will be keen, especially in countries like Japan, where the home product is favored and tariff duties are high. Fruit, the investigator declared, is badly needed in Asia, not only as a food but as a medicine. A rice diet has produced health conditions which fruit can best remedy.

$500 CASH GIVEN!

10 PONIES
Really and Truly
FREE!

Boys and Girls! Here's a chance for you to help this pony get a piece of cake, and get a real live Shetland pony for your own. The pony sees the piece of cake in the center of this puzzle, but he doesn't know how to get it. Can you show him a way. Just draw a line from the pony's nose through the gates in the fences until your line reaches the cake at the center. If you can find a way for the pony to get the cake without jumping over fences, cut out the puzzle and send your answer quick.

SHARP EYES MAY WIN!

To make more friends for my company among the boys and girls, I will give $500.00 in cash prizes; 1st prize $200.00, 2nd prize $100.00, 3rd $75.00, 4th $45.00, 5th $20.00, 6th $15.00, 7th $15.00, 8th, 9th and 10th each $10.00.

BEST OF ALL, the first ten winners, if they are quick, will each get a beautiful Shetland pony, bridle and saddle, absolutely FREE, for promptness. Besides, everybody can get $1.00 right away. Soon as you send your answer, I'll tell you right away how near you are to being winner; how to get the $200.00 first prize and make the pony yours. A big $250,000.00 business house stands back of this offer. Duplicate prizes in case of ties. Hundreds of boys and girls have already won ponies from me. You be next. Draw the line in the puzzle and send it to me today.

Tom Walker, Desk 449, 801 Second Street Des Moines, Iowa

"I Will Always Thank the Day I Started Sargon"

"I'd been in failing health four years, and was in such a terrible condition I was given only two years to live," recently stated Mrs. Ada Blake, 2384 La Jolla Ave., North San Diego.

MRS. ADA BLAKE

"I actually didn't have the strength of a child, and was so weak and in so much pain I couldn't walk two blocks. I wanted to sleep all the time, and when I was awake I was so nervous the least noise would make me hysterical. Everything I ate disagreed with me, and the gas pressure around my heart made me faint and short of breath—I'd have to get out of doors for fresh air. There wasn't a morning that I didn't get up with sour stomach, a coated tongue, and a bad taste in my mouth.

"My kidneys were weak and disturbed my sleep every hour of the night. The pains in my back were terrible. My circulation was so sluggish that my hands were numb and cold, and my fingers would 'go to sleep' and be useless until I rubbed them briskly to stir up the blood action. I had to sleep in heavy stockings and with an electric pad to keep my feet and legs warm, and to try to relieve the terrible neuritis pains all through them. I was always taking something for constipation and frequently had to resort to enemas.

"I have taken only three bottles of Sargon, and all that dreadful indigestion with it, many distressing symptoms is at an end, and I'm so much better in every way that it's hard to realize I was ever sick. I enjoy my food, it nourishes me and I have more strength and energy than I've had in years. My nerves are perfectly normal again, my kidneys no longer disturb me, and those awful pains in my back, legs and feet have entirely disappeared.

"Sargon Soft Mass Pills ended my constipation, stimulated my liver and drove the poisons out of my system. My circulation is active once more and the numbness is out of my hands and fingers. I'm so full of vitality since taking Sargon, I put in two hours a day working in my garden. I do a great deal of sewing, run the machine myself, and go for a long walk in the evening. I met a friend the other day who hadn't seen me in a year and she was astonished at how well I look."

"I will always praise the day I started taking this wonderful medicine."

Sargon may also be obtained at all Owl Drug Stores and Liggett's Drug Stores in Los Angeles and other cities.—[Advertisement.

The Life of

MARY BAKER EDDY

Discoverer and Founder of Christian Science

By SIBYL WILBUR

An Authentic Biography

Mrs. Eddy's life is here depicted with illuminating clearness. The author, carefully avoiding invention, has presented the facts in a refreshing manner. Miss Wilbur was not a Christian Scientist when she wrote this biography for publication in a magazine of general circulation.

PLAN OF WORLD BANK DEFENDED

Chicagoan Talks at National Chamber Gathering

Criticism Answered With Data on Limitations

Speaker American Member of Organizing Body

WASHINGTON, April 29. (AP)—A warm defense and explanation of the Bank of International Settlements, as evolved under the Young plan, was made tonight by Melvin A. Traylor, Chicago banker and a United States member of the international bank's organizing committee.

Traylor spoke before the American section of the International Chamber of Commerce, meeting as a part of the eighteenth annual assembly of the Chamber of Commerce of the United States, which opens its general sessions here tomorrow.

He said the international bank is "not an international financial octopus" but rather "a relatively small bank created to perform a specific function"—the collection for creditor governments of German reparations payments.

CRITICISM ANSWERED

"Except for the problems involved in the collection and distribution of reparations," Traylor said, "there would not be at this time an international bank. It is in no sense a reflection of the desire of international bankers or political intriguers to involve the world and especially the United States in some kind of a mysterious financial oligarchy."

Replying to critics of the bank, who, he said, have "asserted that America is to be flooded with succeeding issues of German obligations, in amounts so large as to threaten our credit structure and destroy our economic prosperity," Traylor said that probably never before in the history of international agreements has there been written "such an all-inclusive veto power" as is reserved by each participant in the bank.

LIMITATIONS CITED

The Chicago banker said the institution cannot issue its own notes, or introduce an international currency, and that thus it cannot inflate or contract world credit.

It will not be allowed to accept bills of exchange or other credit instruments which might lead to inflation, he said, nor can it make advances to governments or acquire a predominant interest in other business concerns.

"There can be no danger or threat of danger, Taylor declared, "to the economic integrity or financial stability of any of the countries concerned because of any activity of the international bank."

He added that the bank will begin operations as soon as the seven participating countries have paid in $14,000,000, which is 25 per cent of their subscribed capital of $56,000,000.

Earlier during the metting of the national council of the chamber, representatives of six cities led by Philadelphia, received from President William Butterworth of the Chamber of Commerce of the United States, gold and silver plaques emblematic of leadership in the 1929 national interchamber waste contest.

Philadelphia was awarded the grand prize among 670 cities. Others receiving awards as winners in groups determined by population figures are: Rochester, N. Y.; Erie, Pa.; Lakewood, O.; Watertown, N. Y., and Albany, Ga.

Marital Dispute Ends in Slaying

CHICAGO, April 28. (AP)—Frank Gascon, Jr., and Luther McWilliams, both divorced, blamed each other for their marital troubles. Last night Gascon shot and killed McWilliams while the former Mrs. Gascon and her parents stood by, helpless.

Gascon had just returned to his former wife's apartment after having had their 2-year-old child out for the afternoon, as provided by the divorce decree. When he saw McWilliams present, witnesses said, he dropped the child, drew a pistol and fired. He fled but was arrested early today.

The McWilliams and Gascon families formerly lived in the same apartment building. McWilliams blamed Gascon for breaking up his home and later Gascon made the same charge against McWilliams.

AMERICAN STUDENTS' DORMITORY OPENED

PARIS, April 28. (AP)—President Domergue, Ambassador Walter E. Edge and other notables today dedicated American House, the $400,000 student dormitory in the City Universitaire. This dormitory, on the model campus of University City, will provide housing for 275 American boys and girls for from $2 to $5 a week.

SIZE OF FAMILY AFFECTS TAX

Inheritance Levy in Italy to be Based on Number of Children

ROME, April 28. (AP)—The Council of Ministers decided today to extend exemptions from inheritance taxes only to families which have two or more children.

This is in line with Premier Mussolini's campaign for larger families and is destined to weigh heavily upon only sons or daughters and childless widows or widowers.

MEMORIAL TO PADRE PROPOSED

Father Junipero Serra's Birthplace in Petra to Be Made Shrine

PALMA (Majorca, Balearic Islands) April 28. (AP)—The memory of Father Fray Junipero Serra founder of the California missions, who was born in 1713 and died in 1784, will be honored at the town of Petra, his birthplace.

A committee composed of Senor Luliana, director of the Archaeological Society, the president of a provincial deputation, the civil governor and monks of the Franciscan Order were in Petra today studying plans to declare the home where Father Junipero was born, a national shrine.

The present owners of the home had wanted to demolish the ancient dwelling until they learned of the plans to commemorate the famous missionary. The authorities plan to place a tablet on the house.

Father Junipero, who entered the Franciscan Order in 1729, went to Mexico City in 1750 to devote his life to missionary work among the Indians. In 1769 he accompanied an expedition to California and at San Diego founded the first mission in the present State of California. In 1770 he founded the mission of San Carlos at Monterey and a year later the missions of San Antonio and San Gabriel.

He began the Mission Dolores in San Francisco in 1776 and that at Santa Clara in 1777. Many lesser missions were founded by Father Junipero or his followers and these became the first settlements in California.

RADIO LINKS BROTHERS FAR APART

Pennsylvania - Australia Chat, Over 9000 Miles; First in Fifty-seven Years

PITTSBURGH, April 28. (AP)—P. C. Watson, 80 years of age, today heard the voice of a brother more than 9000 miles away for the first time in fifty-seven years.

Not since 1873 when Watson, a resident of Sewickley, a Pittsburgh suburb, left Belfast, Ireland, has he seen or conversed with his brother, Samuel J. Watson, 72, now a resident of Forbes, New South Wales. But today the brothers sat at telephone transmitters and talked of family affairs and the wonders of radio.

The conversation between them was made possible through WEXK. The short wave transmitter of Westinghouse station KDKA, and VK2ME, at Sydney, Australia.

Sunken Ship's Captain Gives Rescuer Credit

HAMBURG (Germany) April 28 (AP)—Capt. Larin of the ill-fated British collier Kirkwood, which the American liner President Harding rammed and sank in the mouth of the Elbe Saturday during a heavy fog, today said he and his crew owed their lives to the presence of mind of Capt. Beebe of the President Harding.

He described how Capt. Beebe, ramming his bow far into the hull of the Kirkwood at the stern, kept his ship at full steam ahead for about two minutes, the time necessary to save the crew of the doomed tanker. The effect of the full steam ahead was to give the Kirkwood a lateral propulsion of its own which kept it afloat momentarily before it filled with water and sank.

The entire crew, with the exception of one fireman who was drowned, was rescued.

Husband Shot in Party Row

CHICAGO, April 28. (AP)—Pistols continue to play a staccato obligato to the love affairs of Mignon Stevens Butler.

A year ago she was married to Benjamin Butler after Butler's rival for her hand had been slain. Yesterday Butler was shot, probably fatally, after the wife objected to his attentions to another woman at a party.

"Whose business is it?" inquired Butler, with two bullet wounds in his body. "I'll die as I lived."

From others who attended the party where the shooting took place police heard that Mrs. Butler, spying her husband with Mrs. Edgar Smith, struck him. Mrs. Smith's husband appeared, guns flashed and Butler fell.

TRAIN KILLS WOMAN

CORTE MADERA, April 28. (AP)—Mrs. Mary Tambusa, 45 years of age, wife of Tony Tambusa, a San Francisco contractor, was instantly killed by a southbound Northwestern Pacific train at Larkspur, near here, today.

SOVIET OPENS NEW RAILROAD

Line 1700 Miles in Length Crosses Kazakstan

Work Done Entirely by Red Construction Crews

New Market For Wheat and Lumber Established

AINADULAK (Kazakstan, U.S.S.R.) April 28. (AP)—Over lifeless deserts, trackless plains and peopleless mountain lands, once traversed by Alexander the Great and Tamerlane the Conqueror, the soviet government today opened a modern 1700-mile-long railroad of its own construction, connecting the present Central Asia Railroad of Aris, Uzbekistan, with the great Trans-Siberian Railway at Novosibirsk.

The new road changes the whole face of Middle Asia and transforms Kazakstan, which is the largest autonomous republic within the soviet federation, into a region of great potential economic significance.

Next to the huge Dnieperstroy hydroelectric plant on the Dnieper River, which is being supervised by Col. Hugh L. Cooper, noted engineer of New York, this new railroad, which was built entirely with native labor and without foreign technical or financial assistance, is the greatest single mechanical achievement of the Communist government since it came into power twelve years ago. It cost $100,000,000 and its construction occupied four years.

CELEBRATION TO LAST DAYS

At the dedicatory ceremonies and celebrtons, which will occupy several days, were Jan Rudzutak, soviet commissar on railroads, a number of other high government officials and a large group of American and foreign correspondents, a special train having taken them over the 5000-mile journey from Moscow. It was the first time in the history of Russia that so many foreigners were admitted into the forbidden gates of Turkestan, the whole of Asiatic Russia having previously been closed to foreigners, both by the Czarist government and the soviet regime, on account of its proximity to the Chinese, Afghan and Indian borders.

The importance of the new railway rests in the fact that it will enable the government to supply to the primitive and undeveloped areas of Turkestan great quantities of wheat at low prices from the rich granaries of Siberia, and also unlimited supplies of timber from the vast Siberian forests.

Turkestan will thus be freed from the necessity of raising wheat itself and will be able in consequence to enlarge its present cotton-growing territories. The soviet government expects this expansion of the cotton-growing fields to make the soviet union independent of the United States and Egypt for its cotton supply, on which in the past it had spent more than $70,000,000 annually.

WILL EXPORT WHEAT

The government will also be able to export abroad the wheat which it now sends to Turkestan from the Volga, the Ukraine and the North Caucasus. When the $250,000,000 irrigation works in Turkestan, which are being supervised by Arthur Powell Davis of Oakland, Cal., formerly head of the United States Reclamation Service, are completed, the soviet government expects even to export cotton. Already scores of new settlements have sprung into life along the Turksib Railroad, with schools, shops and workmen's homes displacing the nomadic squatters and supplanting the old patriarchal life of the dwellers with modern Communist forms of government.

As the new line parallels the Chinese frontier for a distance of about 700 miles, it also has great military and strategic importance, but it is in an economic and industrial sense that the railroad will be of greatest value to the soviet government and the millions of inhabitants of Turkestan. The line not only unites Siberia with Central Asia, but brings the soviet union within reach of the great Western Chinese markets, which heretofore remained isolated owing to the lack of communications.

The work on the "Turksib" (Turkestan-Siberian) line, as the Communists call the new railroad, was directed largely by William Shatov, formerly an anarchist, of Chicago, who is now an important executive official of the technical department of the soviet government. Half a million native workmen, trained in the government's specially established schools in Semipalatinsk, were engaged in the enterprise and 200,000 camels were used to transport the material for the road over the sandy wastes and parched steppes of Kazakstan. All the rail equipment, locomotives, passenger coaches and freight cars are of soviet manufacture.

One Killed by Bandits During Cafe Holdup

BELLMAWR (N. J.) April 28. (AP) Six masked men shot to death a patron in the Bellmawr Country Club, a roadhouse near here, during a hold-up early today.

The gunmen escaped after robbing the guests and rifling the cash register. The victim, William Weirman, 39 years of age, of Camden, N. J., was shot near the heart when he offered resistance.

Seventeen persons, including employees, were in the roadhouse when the armed men entered.

Flourishing pistols, the men ordered every one to "stick 'em up" and line up against the wall.

When Weirman refused to obey one of the robbers fired at him at close range.

After rifling the cash register and searching the pockets of every one present, including those of the dead man, the robbers escaped in an automobile owned by a guest.

QUIZ TO BE TIMELY

WASHINGTON, April 28. (AP)—Creation of a special House committee to investigate campaign expenditures by House members in the forthcoming elections was asked in a resolution introduced today by Representative Crampton, Republican, Michigan.

THE MAY COMPANY

Telephone TUcker 8211 Broadway,

Wednesday-End O' Month

In the Gown Shop—Third Floor

Wednesday! Dramatic finale of the wonderfully successful Anniversary Sale! Fitting climax for this, the last of 3-Jubilee days! Come, expecting extraordinary savings! You'll be more than gratified!

Women's, Misses Gowns Reduced!

1/5 1/2 1/3

Fashion garments! Exclusive dresses and a few ensembles, evening gowns and a limited number of velvet wraps! Mostly one-of-a-kind models! Depend upon it, the Gown Shop has spared no effort to make this a signally interesting event! Values too good to miss!

150 Garments Sharply Reduced!

Friend-winning values! Typical savings listed! Other equally desirable fashions at in-between prices! Perhaps the very garment you've admired and wanted is here now at a decisively lower marking! Gown Shop fashions of the better type for formal afternoon and evening functions, for daytime, for town, for spectator sports!

Some Slightly Soiled from Display, But Unimpaired in Quality!

Finer Dresses, Gowns and Wool Suits Reduced

16 Better Dresses for Misses and for Women $20
Originally $37 now sharply reduced for the End o' Month Sale to this compelling low price. Be here early Wednesday! Save!

39 Better Dresses for Misses and for Women $25
Originally $47, $49.50, now featured at a price considerably lower than is customary in the Gown Shop.

15 Better Dresses for Misses and for Women $39.50
Originally $57 to $79.50, now sharply reduced for the End o' Month Sale. Dresses you'll enjoy wearing.

27 Better Dresses for Misses and for Women $29.50
Originally $49.50 to $59.50. Smart Dresses that admirably interpret "fashion without extravagance." You save much!

1 Better Dress Sized and Styled for a Woman $45
Originally $110! A dress of which you may be proud. Now actually less than half-price! Think of the savings!

14 Better Dresses for Misses and for Women $45
Originally $69.50 to $87! Fashionable women will thrill at such smartness so thriftily priced!

31 Better Dresses for Misses and for Women $49.50
Originally $67 and $87! Spirited buying inevitable! We can not stress too emphatically the important savings!

2 Better Dresses for Misses and for Women $59.50
Originally $98.50! Only the Anniversary-Jubilee end o' month could bring about such a modest marking as this!

TITLE INSURANCE AND TRUST COMPANY

THE OLDEST TRUST COMPANY IN THE SOUTHWEST

Capital and Surplus $14,000,000

Did You Ever Analyze Your Estate?

DID YOU ever try to work out the problem...making all deductions...and find how much net income your family would receive if you should pass from the picture?

Do you know how much annual income your family will need to maintain its present standard of living, with your own personal earnings omitted?

Have you ever estimated the "shrinkage" of your estate in the event of your death?

Have you estimated the amount of cash that would be needed for state and federal taxes and for probate expenses?

Is there a record of your assets in your safe deposit box?

Title Insurance and Trust Company has recently published a comprehensive method of analyzing estates. It enables you...quickly...to find out where you stand.

Life Insurance furnishes a desirable method of creating an estate. It is the one safe method of adding immediate capital to your estate...when needed to provide an adequate income for its beneficiaries.

You may obtain our "Estate Analysis" from our Trust Department, or from your Life Insurance Advisor

Trust Service is designed to safeguard estates. You can protect your family's financial future by placing your life insurance...and other property owned by you...in trust...with this Company.

UTILITY ISSUES MARCH REPORT

Net of Pacific Lighting Group Given as $7,149,680

Earnings on Common Placed at $4.95 Per Share

Total Gross Revenues Mount to $47,855,025.26

Pacific Lighting Corporation and subsidiary companies for the twelve months ended March 31, last, yesterday reported net earnings available for dividends on the common stock of $7,149,680, equivalent to $4.95 per share on the average amount of stock outstanding for the period.

This compares with net earnings of $5,995,397, or $5.08 per share on the common stock in the corresponding period ended March 31, 1929. The current statement includes the operations of Southern California Gas Corporation and subsidiaries only from May 1, 1929, when the figures relating to these companies were first included in the consolidation.

Gross revenues for the twelve months ended March 31, last, totaled $47,855,025.26. Operating expenses amounted to $21,074,412.20, and taxes to $5,029,176.94, leaving net profits before deduction of bond interest, depreciation and amortization at $21,751,436.12. Deduction of bond interest of $5,438,340.14, depreciation of $6,138,393.21, and amortization of discount and expense of securities of $354,877.29, left net profits before dividends on the preferred stock at $9,819,825.48.

After dividends of $2,011,849.23 on the preferred stock of subsidiary companies and after common dividends on the minority interest of Southern California Gas Corporation and subsidiaries of $3423.84, there remained $7,804,552.41 available for dividends on the preferred and common stocks of Pacific Lighting Corporation. Preferred dividends amounted to $654,871.86 and cash dividends on the common stock totaled $4,225,736.25, leaving $2,923,-944.30 carried to surplus.

Net profits before deducting bond interest, depreciation and amortization, were approximately four times bond interest requirements and after allowing for bond interest, depreciation, amortization and minority stock interest, the balance was more than eleven times the dividend requirements on the preferred stock, the report stated.

The balance sheet as of March 31, last, showed current assets of $15,-420,773.04, against current liabilities of $11,593,920.44. Cash and call loans were $6,502,740.03. Surplus totaled $14,879,368.72. Total assets were listed at $249,281,606.83.

Young Banker Takes New Post

Donald H. McKee, junior vice-president of the Bank of America of California, has resigned his position with the bank to join the brokerage house of Graves, Banning & Co., Los Angeles, members of the New York and Los Angeles stock exchanges, it was announced yesterday.

Mr. McKee, who is now 28 years of age, was elected to the position of junior vice-president of the local bank two years ago. Prior to that time he was assistant cashier of the California Bank, with which he became affiliated after several years with the former Merchants National Bank.

Security Loan Data Unchanged

SAN FRANCISCO, April 28. (Exclusive)—Security loans of reporting member banks of the Twelfth Federal Reserve district as of the 23rd inst. were announced here today at $450,000,000, unchanged from the preceding week. The loans a year ago totaled $412,000,000.

Detailed statement of the distribution of all loans, in millions of dollars, follows:

	April 23, 1930.	April 16, 1930.	April 24, 1929.

TRADE GAIN IN RESERVE AREA NOTED

Twelfth District Bank Survey Reports Slight Improvement in March

SAN FRANCISCO, April 28. (AP)—Activity revived in trade and industrial fields of the Pacific Coast and neighboring States during March. The seasonal upturn was not as brisk as in the recent boom years, however, Isaac B. Newton, chairman of the Twelfth Federal Reserve Bank, said today.

Chief favorable developments were slight advances in wholesale price levels toward the end of March and early in April, along with a greater than seasonal pick-up in lumber and building industries. While no explanation of the increases in wholesale prices was offered, financial circles here attributed it to declining inventories as the surpluses created last year were gradually reduced.

Gains in lumber and building industries were partly due to the abnormally low rates of production during the previous month, Newton said.

Offsetting the improvement in these major fields was a decline in the important oil industry, from the production standpoint. This, however, was construed favorably in economic discussions, as it provided opportunity for strengthening the trade position of the petroleum companies by reducing their surplus stocks.

Some decline was also noted by Newton in non-ferrous metal output, cement, flour and practically all manufactured articles. This resulted in a small net decrease in total industrial production, and contributed to the maintenance of employment conditions in a rather stable status, contrasted with the usual sharp March upturn.

Sao Paulo Loan Bonds Top New Financing List

Public offering of $35,000,000 7 per cent secured sinking fund gold bonds as part of the State of San Paulo coffee realization loan of 1930 will be made today at 96 and accrued interest to yield 7.56 per cent per annum to final maturity on October 1, 1940, by a banking group including Speyer & Co., J. Henry Schroder Banking Corporation, the National City Company, Bancamerica-Blair Corporation, Dillon, Read & Co., Ladenburg, Thalman & Co., Continental Illinois Company, Inc., E. H. Rollins & Sons, Blyth & Co., Inc., G. L. Ohrstrom & Co., Inc., Otis & Co and Dominion Securities Corporation.

Headed by the F. A. Willard Corporation, a nation-wide group of investment houses, including George H. Burr, Conrad & Broom, Inc., Los Angeles, is tendering no-par common shares of the First American Corporation, recently organized by F. A. Willard & Co. under the laws of Maryland with an authorized capitalization of 5,000,000 shares. The offering price is 11 5-8 per share. The corporation was formed for the purpose of investing its funds under experienced management in a carefully selected and diversified list of securities and contemplates taking a relatively permanent position in the securities field.

CHICAGO, April 28. (Exclusive) The $12,000,000 Skelly Oil Company 6 per cent cumulative preferred stock issue which was offered today at 99 1-2 and accrued dividends by a syndicate headed by the Continental Illinois Company, has been heavily oversubscribed and the books have been closed.

Truck Company Earnings Off

NEW YORK, April 28. (Exclusive) In the forthcoming March quarter report of Mack Trucks, Inc., it is expected net profits of approximately $750,000 after all charges and taxes, equal to less than $1 a share on 755,625 shares of no-par capital stock, will be shown. This would compare with $1,429,597, or $1.89 a share in the same 1929 period.

Earlier indications had been that the company would equal its 1929 March-quarter earnings, but general business and weather conditions have contributed to the poorer showing.

BANKER TO SPEAK

Herbert D. Ivey, president of the Citizens' National Trust and Savings Bank, left yesterday for San Francisco, where he will deliver a radio address on "What Constitutes Final Payment" over Station KPO at 1:30 p.m. today. This will be one of a series of talks by prominent bankers for the Pacific School of the Air over a nation-wide hook-up.

MARKET'S DECLINE ORDERLY

Retreat from Higher Levels Not Alarming to Most Traders; Business Pick-up Delayed

BY EARLE E. CROWE

Not much concern is expressed in the stock market over the declining prices of the last several days. The volume of transactions has been relatively small and declines have been held within moderate limits, or an orderly retreat evidently directed by competent people.

To close observers it has been no secret that distribution of stock has been under way for the last several weeks. Most professional operations were timed to complete the distribution of stock accumulated at low levels before the bulk of first-quarter statements were issued. With most of these operations accomplished with moderate success, the professional speculators for the advance are resting on their laurels temporarily.

TREND CLOUDED

It still is a debatable question whether business prospects are favorable to the bullish or bearish side of the stock market. There is no agreement among the reputed business experts. Some profess to see signs of recovery, others are noncommital and many are inclined to even revise previous forecasts of substantial improvement later in the year.

About the only genuine encouragement is psychological. Influenced by Washington, business men are constantly looking for improvement instead of preaching pessimism.

While business uncertainty continues, the stock market normally should back and fill on a comparatively small volume of trading. The volume of brokers' loans is not yet large enough to portend a substantial correction of prices, but the bear party does have a growing supply of material in the number of unfavorable earnings reports coming out of the first quarter. If these reports are followed soon by bearish estimates for the second quarter, the character of the market can easily change complexion.

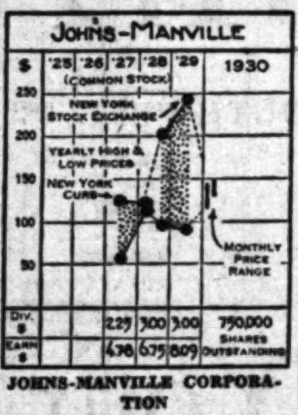
Favorable to the bullish side is the attitude of professional speculators, many of whom still have operations ready to start on the up-side, or only half-completed in the first-quarter rise. Plenty of money seems to be available for these operations at low rates, and easy money is always an incentive to speculation. Industries like petroleum that appear to have bullish possibilities may furnish the media for the speculative impulse, even though other divisions of the market are overcast by gloom.

TRUSTS FAVORED

The broad character of the stock market is further illustrated by the growing renewal of interest in the investment trust or trading company stocks at the same time that general prices are declining. Investors and speculators are realizing, especially since attention has been withdrawn from the "blue-chip" stocks for the time being, the investment trusts' substantially improved asset position in the first quarter. A study of the list will reveal a number of investment trust stocks selling substantially below liquidating value.

Speculation for the rise is also receiving aid from foreign sources. The opinion is rising in Europe, according to some observers, that American business is no a much sounder basis than European. This belief is cited as the reason for noticeable increase lately in the flow of foreign funds to this country for investment.

WHAT'S BEHIND YOUR STOCK



JOHNS-MANVILLE CORPORATION

Johns-Manville Corporation is successor to a long-established business operated for twenty-five years prior to 1926 under the titles of H. W. Johns-Manville Company and Johns-Manville, Inc., the latter since 1921.

Company occupies an enviable position in the manufacture of asbestos and magnesia products, packing and roofing materials, felt insulations and allied lines. Friction brake linings and brake-lining fabrics are among its products.

Seven plants are operated in the United States and one in Canada. Mining properties cover a broad range and are located in Canada, Pennsylvania, Arizona and California. Sixty branch houses make up the distribution system of products in the United States and Canada augmented by sales offices and agencies in various parts of Latin America, as well as other parts of the world.

The Celite Company, acquired in 1928, makes products used in high temperature installations, filtration and similar lines, and has proven a valuable adjunct.

Net income over a period of years has shown a decidedly upward trend.

Company reported for the year ended December 31, 1929, net income of $6,591,916, equal after preferred dividends to $8.09 per share of common stock. This compared with net of $5,589,398 for 1928, equivalent to $6.75 per common share.

CAPITALIZATION

Funded debt	None
Funded debt of subsidiary companies	$1,750,000
Preferred stock 7% cum. ($100 par.) shares	75,000
Common stock (no par.) shares	750,000

Current data: Recent dispatches state that company has entered into an agreement with Food Machinery Corporation, whereby latter would use and distribute automotive equipment manufactured by John Bean Manufacturing Company, a subsidiary of the latter company.

[All rights reserved, Cambridge Associates, Boston.]

Twaits Formally Takes Office as Rock President

Election of Ford J. Twaits as president of Consolidated Rock Products Company was officially announced yesterday. Mr. Twaits has held the positions of general manager and president pro tem, since the middle of March.

Mr. Twaits, who graduated from Michigan State University in 1908 as a civil engineer, has been a resident of Los Angeles since 1912, and has been associated with many of the major structural and industrial developments of the Southland. During the war as a member of the Scofield Engineering Construction Company, he built ships at San Diego and on his return to Los Angeles he and his associates in the following years erected nearly $100,-000,000 worth of buildings.

Early in 1929 when the Llewellyn, Baker and Union Iron Works combined to form Consolidated Steel Corporation, Mr. Twaits was elected executive vice-president of the company. He will still retain that connection in an advisory capacity, it is understood.

BROKER DINNER LIST OF SPEAKERS GIVEN

Several prominent speakers are scheduled to address a dinner meeting of the California Brokers' Association to be held tomorrow evening at the Los Angeles City Club. The list includes H. A. I. Wolch, Assistant Corporation Commissioner; Samuel W. McNabb, United States District Attorney; Senator Charles W. Lyon; Roy E. Steckel, Chief of Police; Thomas Barker, State Department of Industrial Relations; Clarence E. Fleming; attorney, Lloyd S. Nix, City Prosecutor, and others. The association was recently formed to establish a high standard of ethics among brokers and salesmen.

MARMON MOTOR CAR EARNINGS DECREASE

NEW YORK, April 28. (Exclusive) Marmon Motor Car Company for the year ended February 28, last, today reported consolidated net income of $832,889 after interest, depreciation and Federal taxes, equal after preferred dividends to $2.93 a share on 260,000 common shares as against $1,271,665, or $4.62 a share on the common in the preceding fiscal year.

FINAL STEP TAKEN FOR STAGES MERGER

Application was filed in San Francisco yesterday with the State Railroad Commission for the final authority to transfer operating rights of a number of motor stage companies to Pacific Greyhound Lines, Inc. According to T. B. Wilson, president, the lines included in the consolidation are: Pickwick Stages System, California Transit Company, Peninsula Rapid Transit Company, Pacific Auto Stages, Pacific Coast Motor Coach Company, Kern County Transportation Corporation, Southern Pacific Motor Transport Company, Calistoga and Clear Lake Stages, Oregon Stages, Inc., Boyd Stage Lines, Coast Auto Lines and Pacific Stages.

BOHN ALUMINUM IN EARNINGS DECLINE

DETROIT, April 28. (Exclusive) Bohn Aluminum and Brass Corporation in its March quarter report showed net income of $395,366 after all charges and Federal taxes, equal to $1.12 a share on 352,418 no-par capital shares, as against $1,019,753, or $2.91 a share on 350,489 shares for the same period last year.

COTTON MARKET

NEW YORK, April 28. (AP)—An early advance in cotton on trade buying of near months and some covering in the later deliveries promoted by relatively steady cables, was followed by reactions under realizing and liquidation. There may have been some selling on reports of further rains in the South, but offerings were comparatively light and the mid-afternoon market was quiet at net advances of 3 to 9 points.

SPOT PRICES

NEW YORK, April 28.—Spot, steady; middling, 16.20.

NEW ORLEANS, April 28.—Spot cotton closed quiet at unchanged quotations. Sales, 86.

COTTONSEED OIL

NEW YORK, April 28, (Exclusive)—Cottonseed oil closed steady and unchanged to 3 points higher. May contracts were relatively firm, reflecting scattered covering on the surprisingly small initial tenders of only 200 barrels. The later positions were firm early in sympathy with May, but turned somewhat reactionary later following the setback in cotton and the heaviness of lard. May contracts were exchanged for July and September at respective differences of 23 and 42 points. Sales, 5700 barrels. Prime crude, 7.50c; prime summer yellow, spot, 8.70c; May closed 8.79c; July, 9.02c; September, 9.21c; October, 9.31c; December, 9.08c.

FIREMAN'S INDEMNITY LAUNCHED

Operation in Connection With Group of Fire Risk Concerns Proposed

Formation of the Fireman's Fund Indemnity Company to be operated in conjunction with Fireman's Fund Insurance Company and its associated companies, Home Fire and Marine Insurance Company and Occidental Insurance Company, was announced yesterday by J. B. Levison, president of the insurance companies, in letters to shareholders of Fireman's Fund Insurance Company informing them of their privilege to subscribe to stock in the new company.

It is proposed that Fireman's Fund Indemnity Company will have $1,000,000 capital and $3,000,000 surplus. The 100,000 shares of stock will have a par value of $10, with an additional $30 per share to be applied to surplus. One-half of the entire issue will be taken by Fireman's Fund Insurance Company at $40 per share and the remainder will be offered to shareholders of the Fireman's Fund, Home Fire and Marine and Occidental Insurance companies and have been underwritten by a syndicate composed of Sutro & Co., J. Barth & Co., the Anglo-California Trust Company and the National Bancitaly Company.

Shareholders of Fireman's Fund Insurance Company of record May 10, next, will be given the right to subscribe for one share of Fireman's Fund Indemnity Company for each seven and one-half shares of Fireman Fund Insurance Company at the price of $40 per share. Warrants will be mailed May 25 and will expire June 25, next. Subscriptions will be payable at the head office of the company at San Francisco in four equal installments on or before June 25, July 25, August 25 and September 25. Fractional shares will not be issued, but the company will arrange for the purchase or sale of fractional shares, where desired.

The new company will write liability, casualty, fidelity, surety and kindred lines of insurance throughout the United States.

The offering to the stockholders of Home Fire and Marine and Occidental Insurance companies, it was reported, will be on the basis of one share at $40 for each fifteen shares of Home Fire and Marine and one share at $40 for each thirty shares of Occidental.

Clay Products Concern Plans Plant Addition

Expenditure of approximately $250,000 for improvements and additions to its main sewer pipe plant at Los Nietos was announced yesterday by Pacific Clay Products of Los Angeles. The new construction work will be undertaken immediately.

Plans contemplate, according to the announcement, an addition of 33 per cent to the present manufacturing capacity for products at the Los Nietos plant, and also provide for the manufacture of building tile and roofing tile. The two articles were formerly made at the company's Slauson-avenue plant on a small scale. Operations of the Slauson plant will be permanently discontinued and the six-acre tract will be subdivided in the near future.

Upon completion of the construction work projected, the Los Nietos plant of Pacific Clay Products will be the largest factory west of the Mississippi manufacturing sewer pipe and kindred products, and the second largest plant of its kind in the world, according to the announcement by the company.

Deficit of Aero Unit Wiped Out

From a $5944.75 deficit in surplus at the beginning of the quarter, the Aviation Corporation of California improved its status as of March 31, last, to the point where the deficit was erased and earned surplus increased by $6491.69, according to the quarterly statement released yesterday. The company is expected to consolidate on May 5, next, with North American Aviation if stockholders approve.

Profit from sale of securities during the quarter was $3989.08. Interest earned amounted to $3537.41 and dividends $6595.50, making total income for the quarter of $14,121.99. Investments at cost totaled $1,857,-775.86, while market value on March 31, last, was $1,303,725.06.

WILLIS ON FIDELITY LOAN SOCIETY STAFF

Election of Richard C. Willis as vice-president of the Fidelity Savings and Loan Association was announced yesterday by George L. Eastman, president. For the last sixteen years he has been active in business affairs in Los Angeles, having been affiliated with the W. Ross Campbell Company, Metcalf & Ryan, the Los Angeles Realty Board, and the extension division, University of Southern California.

CALIFORNIA HEAVY BUYER OF CORD CAR

AUBURN (Ind.) April 28. (Exclusive)—During the first three months of this year, shipments of Cord automobiles to California were equal to 15 per cent of the factory's total shipments, placing California first among the States in its acceptance of the Cord front-drive machines, R. H. Faulkner, vice-president of the Auburn Automobile Company, today announced. Gains were also registered in the West in Auburn shipments, he said.

LOCAL BANK IN LEADER LIST

Security-First National Placed Among Ten With Deposits of More Than Half-Billion

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, April 28.—There are ten banks in the United States whose deposits exceed more than $500,000,000 each. Six of these are in New York City, one in Chicago, one in Boston, one in San Francisco and one in Los Angeles.

In the order of their deposit strength, the Chase National Bank of New York, is first with $2,187,-909,000; the National City Bank of New York, second, with $1,471,508,-000; the Guaranty Trust Company of New York, third, with $1,133,385,-000; the Continental-Illinois Bank and Trust Company of Chicago, fourth, with $853,175,000; Bank of Italy, California, fifth, with $691,-214,000; the Central Hanover Bank and Trust Company of New York, sixth, with $542,195,000; the Bankers' Trust Company of New York, seventh, with $537,814,000; the First National Bank of Boston, eighth, with $522,000,000; the Irving Trust Company of New York, ninth, with $511,000,000, and the Security-First National Bank of Los Angeles, tenth, with $509,000,000.

Five of the first seven in power are located in New York. Rural banking is weakening as city banking grows stronger every month. In no field of industry is the merger movement more pronounced than in that of banking.

George F. Rand of Buffalo, head of the largest group-banking organization in the East, when questioned by the Banking and Currency Committee of the House of Representatives as to his reason for buying into the Fidelity Trust Company of New York, intimated that this action was forced on his banking group, because the control of many successful manufacturing and industrial corporations in Buffalo and its surrounding territory has been transferred to New York.

"In an ever-increasing measure we have seen independent manufacturing companies in Buffalo and Western New York merge or sell out to other companies in a similar line of business," said Mr. Rand. "In case after case the executive offices are now in New York. Cash balances which formerly ran into hundreds of thousands of dollars with up-State banks are gradually reduced and becoming small operating accounts."

So Mr. Rand and his associates bought into the Fidelity to regain for their organization many of these deposit accounts. That's one reason—perhaps the controlling one. But there are others, too. A bank in New York City can serve as register and transfer agent for stocks of companies in Western New York now listed on the New York Stock Exchange, and make substantial fees.

Mr. Rand believes in State-wide branch banking. As the State of New York does not permit it, his group—the Marine Midland Corporation—has bought control of seventeen banks throughout the State, although all of the directors in these various banks are local men.

The clear-cut Rand testimony shows very distinctly the way the wind is blowing in the banking field.

Standard Power Utility Reports

Standard Power and Light Corporation, with subsidiary and affiliated companies, which has acquired a majority of the common stock of Standard Gas and Electric Company, reported yesterday consolidated net earnings for 1929 equivalent to $4.24 a share on the 1,760,000 common shares now outstanding. Consolidated assets amount to $1,118,942,244.

Both earnings and the balance sheet give effect to the reclassification of the capital stock of Standard Power and Light and other transactions of that company and Standard Gas and Electric Company, which were accomplished January 7, last. Under the changes then effected, the corporation acquired a majority of the common stock of Standard Gas and Electric. Directors declared an initial cash dividend on the common and the common Series B, of 50 cents a share, payable June 1 to stock of record May 10.

TRUSTEE STANDARD OILSHARES — Series "B"

"What is the Best Way to Buy and Hold Standard Oil Stocks?"

Recently a client said to us, "I'd like to buy some Standard Oil Stocks. I know they are sound investments. What is the best way to purchase and hold these securities?" We suggested Trustee Standard Oilshares, Series "B"—a fixed trust, given a composite rating of "A" by Moody, representing ownership in the 23 leading Standard Oil companies listed below.

One Standard Oil Company may prosper more than another but the holder of these shares participates in the combined profits of the 23 companies. Statistics show that there have been but three years since 1912 in which there were no stock dividends paid by some of these companies, and in one year alone stock dividends amounted to $1,770,000,000 in value, while cash dividends totalled over $1,837,000,000 in the 17 years from 1912 to 1928. Buy these trust securities and hold them for the future.

The price of Trustee Standard Oilshares, Series "B", is fixed daily based on the price of the underlying stocks. For detailed information, use coupon below.

REACTION GRIP ON STOCK MART

Week Starts With Severe Break in 1930

Group Average Off About Points for Day

Heavy Turnover Marks Last Hour of Trading

NEW YORK, April 28. (AP)—The stock market began the new week with a decline today, the most abrupt since late December. The index of ninety leading shares declined nearly 5 points, compared with a drop of 6½ on December 20. Trading was fairly orderly until the last hour, when more than 1,000,000 shares were traded. The day's total sales were comparatively moderate, however, aggregating 4,852,190 shares.

The fact that the end of April is approaching and business has failed to show the normal spring upturn has caused considerable disappointment in speculative circles. While there is widespread conviction that fundamentals remain sound, and that normal conditions will be experienced before the end of the year, the opinion appears to be growing in speculative circles that the stock market advance of March and early April was unjustifiably rapid.

Liquidation embraced practically all groups. A few of the oils and utilities were in demand for a time, such issues as Standards of New York and New Jersey and United Corporation selling up slightly to new 1930 peaks, but these also turned downward before the close. Rails were particularly heavy, reflecting unfavorable March reports, the first forty-six roads to publish net operating income reports for the month showing an aggregate decline of 39⅛ per cent from the same month of last year. Steels were depressed by rumors of reductions in steel prices.

Shares declining 5 to 10 points included Allied Chemical, American and Foreign Power, American Tobacco B, Atchison, Auburn, Consolidated Gas, Eastman Kodak, Houston Oil, Johns Manville, Pu

NEW YORK CURB STOCKS

NEW YORK, April 28. (AP)—A sharp downward readjustment of prices took place in today's curb market, the selling embracing all leading groups. While several explanations were forthcoming for the decline, such as the poor first-quarter reports and rumors of a cut in the prices of steel products, many observers took the view the reaction was merely a correction of the top-heavy speculative position created in the rising market of the past few weeks.

Public Utilities bore the brunt of the selling. American Light and Traction (old) broke 17 points, Commonwealth Electric 7½, Duke Power 6¾, while American Superpower, Brazil Traction Power Light warrants, International Superpower, Tampa Electric and United Light and Power A closed 2 to nearly 4 points lower. Cities Service, Electric Bond and Share and Niagara Hudson lost slightly more than 1 point each.

Gulf Oil, after touching a new high at 166⅞, sold down to 160 for a net loss of 4¾ points. Humble and Standard Oil of Kentucky dropped more than 1 point each, but the declines in most of the other leaders were held to fractions.

Deere & Co. (old stock) broke 40 points in a few odd lot transactions, and the new stock yielded about 4 points.

The closing price is omitted when same as the low, and both low and close when same as the high.

FISHER'S WEEKLY INDEX

(Copyright, 1930, by Irving Fisher.)

The following table shows the average movement each week of prices and of the changes in the purchasing power of the dollar as computed by Prof. Irving Fisher from data based mainly on Dun's quotations. Average conditions for 1926 are taken as 100.

Date—	Index Numbers of prices	Purchasing Power of dollar in cents above or below 1926 dollar
*1914—December (lowest)	67.3	+ 48.6
*1920—May (peak)	167.2	— 40.2
*1913—Average	69.8	+ 43.3
*Data 1913-22 same as B.L.S.		
1923—Average	101.1	— 1.1
1924—Average	98.9	+ 1.1
1925—Average	105.2	— 4.9
1926—Average	100.0	0.0
1927—Average	94.2	+ 6.2
1928—Average	98.2	+ 1.8
1929—Average	96.3	+ 3.9
1930—January average	93.2	+ 7.2
February average	92.7	+ 8.9
March average	90.8	+ 10.2
Week ended April 4	90.8	+ 10.1
Week ended April 11	91.3	+ 9.6
Week ended April 18	90.7	+ 10.3

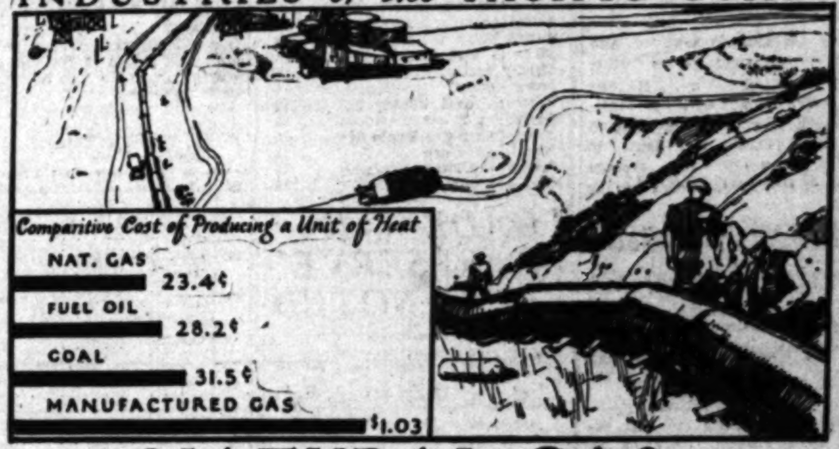
INDUSTRIES of the PACIFIC COAST



NATURAL GAS

NATURAL gas is today the most rapidly growing branch of the utility industry. Consumption has grown from 745,916 million cubic feet in 1919 to over 1,890,000 million cubic feet in 1929...an increase of 160% in ten years.

Seventy-eight per cent of the gas consumed on the Pacific Coast in 1929 was natural gas. During the year the entire gas industry on the Coast served 1,591,851 customers, and the combined revenues of the component companies totalled more than $82,284,510.

California ...is at present the only State on the Pacific Coast where natural gas is available, but plans are now under way for projecting pipe lines into the fertile Northwest territory.

The earning ratio of natural gas companies is unusually high because of low operating costs, and the securities of these companies offer excellent investment opportunities today. Representative issues of this character will be found on our present offering sheet. A copy will be sent upon request.

"DRUG PRODUCTS"
...one of the leading profit-makers in American Industry

AN analysis of 1520 companies engaged in 57 lines of manufacturing and industrial activities in the United States, just completed by the National City Bank of New York, reveals the interesting fact that "drugs and sundries" were one of the two leading profit-makers in 1929.

This analysis showed that 22 representative drug firms made an average profit of 23.7% on their net worth during 1929, as compared to 13.4% for agricultural implements; 4% for cotton mills; 12% for paper and products; 11.1% for petroleum; 11.2% for iron and steel; 14.2% for tobacco.

This highly favorable profit ratio emphasizes the attractiveness of our recent offering of the convertible debentures of McKesson & Robbins, Inc., one of the leading drug manufacturing and distributing concerns in America. Net earnings are over 4.5 times interest charges, and a conversion feature presents an opportunity to participate in future profits. Total market value of stocks following this $22,000,000 issue exceeds $50,000,000. We offer

McKESSON & ROBBINS, INC.
5½% Convertible Debentures, due 1950

Just What is the Meaning of "USELPS"?

This strange word, recently so often attracting the notice of investors, was coined to symbolise

An Investment With Great Possibilities

It Means that the investor has been given an unusual opportunity to enjoy liberal dividend returns through association of his capital with one of America's fastest-growing industries.

It Means that shares of the common stocks of more than forty leading American utility companies have been deposited with a Trustee to form one of the world's largest investment trusts based exclusively upon utility company securities.

Had this trust existed for the past ten years, an annual average return to the certificate holder of over 8½% would have been possible, while the annual average appreciation would have exceeded 37½%.

It Means that the investor's dollar will enjoy the advantages of broad diversification, geographically, since the represented companies supply over 80% of the electrical energy consumed by the American people, serve over 200 of our largest cities, and, with their subsidiaries, operate in every state in the Union.

Certificates against deposited underlying stocks can be had in any denomination. We invite your consideration and further investigation of

U. S. Electric Light & Power Shares, Inc.

LOS ANGELES EXCHANGE

Reactionary Movement Sweeps Through Stock Trading Following Recent Irregularity

Security prices turned softer as the week's trading was resumed yesterday on the Los Angeles Stock Exchange. The action of the market followed a more pronounced trend on the New York Stock Exchange and was an aftermath of the apprehensive undertone manifest in recent sessions. The oils exhibited the strongest resistance and were the last to react, having shown improvement earlier in the day contrary to the trend of other groups.

Standard Oil of California was once more the outstanding performer and was traded to a far greater extent than any other issue. Shortly after the opening the stock advanced to the year's peak at 74 3-4, from where a reaction set in bringing quotations down to a close at 72 3-4 for a net loss of 1 3-8 points.

Union Oil of California opened at 48 and continued to trade at the high level until late in the day, when it dropped to end at 46 3-4 for a net loss of 5-8. Union Associates acted in a similar fashion and closed down a point to 45 3-4. Rio Grande and Richfield were only lightly traded and under the small sales eased fractionally. Pacific Western sold briskly to yield 3-8 to 18.

Southern California Edison, after opening at 68, slumped to 66 5-8 and finished at 66 3-4, down 1 7-8 net. Pacific Public Service lost another 3-4 to 31.

Transamerica followed the general trend and sold off 7-8 to 45. Security-First National continued to react, losing 3-4 to 111. Pacific Mutual yielded 3-4 to 93 and Pacific Finance, 3-8 to 41½. Citizens' National Bank dropped a point to 110½.

Claude Neon, recent feature, reacted 5-8 to 40 3-8 and Douglas Aircraft, 1⅛ points to 19⅛. Western Air Express traded at 39 1-4, up 1-4. Among the inactives, Emsco Derrick hit the year's low at 17, off 2 points; Byron Jackson scored a new 1930 low down 1-8 to 15 7-8 and Van De Kamps marked a new bottom, off 1 to 38.

Sales totaled 23,285 shares, valued at $1,106,140; previous day, 9234 shares, valued at $401,517.

SAN FRANCISCO

SAN FRANCISCO, April 28. (AP)—Bears took possession of the stock market here today, but they met with only moderate success compared with the precipitous retreat in the East. Despite lowering prices, optimists clung to hopes for ultimately higher prices when the selling wave failed to bring heavy liquidation. Sales totaled only 42,000 shares, the value being moderately low at $1,866,971. Bond sales were $3000.

Economists' reviews of the year up to the present carried a note of disappointment over the poor comparison of 1930 with 1929, in spite of the general recognition that 1929 business for the first few months was at all-time record heights. Business news failed to record as rapid recovery as has been considered seasonal during the last several years of prosperity.

Transamerica lost a little more than a point as buying interest hit a low point in the afternoon. There was little disposition to take lower prices for the stock, and the price sank as selling orders thinned out.

Utilities developed considerable liquidation, chiefly of a speculative character, on the theory that this group which has recently advanced rapidly, might be in a more vulnerable position in case of bear attacks. Selling forced down Pacific Gas 1⅞ and Pacific Lighting 1⅛. Most of the utility list slipped slightly, but San Joaquin 7s climbed a point, on conversion prospects growing out of the Pacific Gas merger.

Oils were strong in early trading, Standard Oils of New York and California hitting new highs, the former up a point and the latter a fraction. As the list weakened, the oils slipped until Standard of California and Union Associates were more than a point off, and fractional losses were general.

Irregularity continued in the industrial list, but the trend was lower. Golden State Milk was an exception, netting a gain of nearly 2 points. Atlas Diesel and several others made minor gains, but they were overshadowed by enough fractional losses to make a long paragraph. Losses of a point or more were taken by Aviation of California, Caterpillar, Crown Zellerbach "A," Clorox, Home Fire and Marine, and Yellow Cab, the last at a new low at 16.

CAB FARES REDUCED

SAN FRANCISCO, April 28. (Exclusive)—W. L. Rothschild, president of Yellow Cab Company, announced effective today a reduction of 27 per cent in cab rates in Oakland. This reduction follows similar cuts by the company in San Francisco and Los Angeles rates.

LOS ANGELES CURB

Irregular movements marked the trading yesterday on the Los Angeles Curb Exchange. The more popular issues reacted fractionally in line with operations on the senior board while several of the inactives recorded improvement.

Fox Theaters was the soft spot, reacting 1 1-4 points to 15⅛. Claude Neon of New York, Consolidated Steel, Cord, Electric Products and Gladding McBean sold off slightly and Fokker dropped a point to 25½. Intercoast Trading lost a similar amount to 21 3-4.

Axelson, Magnavox, Pacific Indemnity, Samson Tire and Universal Oil strengthened fractionally. Hammon Copper and American Royalty hit new highs to feature the penny list. Exeter Oil reacted 17½ cents to 1.77½.

Sales totaled 123,499 shares valued at $141,079; previous day, 120,040 shares valued at $90,637.

ROLLING MILL NET EARNINGS DECLINE

BALTIMORE, April 28. (Exclusive)—Eastern Rolling Mill Company today reported for the quarter ended March 31, last, net income of $11,501 after charges but before Federal taxes, equal to 5 cents a share on 239,200 capital shares, as against $267,540 after Federal taxes in the 1929 quarter or $1.12 a share on the same share basis. The decline in earnings was due to reduced operations occasioned primarily by the recession in automobile production, but the current quarter is showing an increase in demand for the company's products.

CONDITIONS REVIEWED

Effect of first-quarter earnings statements, break in copper prices and the turn in automobile production on the market during the past week is discussed in the weekly financial analysis just issued by Dean, Witter & Co. Two brief anlyses are also included on Du Pont and Air Reduction Company, Inc. Copies of the report are available for distribution.

THE BANK OF COURTLAND Courtland, Calif.
THE DELTA BANK Rio Vista, Calif.
COLUMBIA NATIONAL BANK of Portland, Ore.

SIX BANKS PULLING TOGE

Each bank and financial institution affiliated with CALITALO INVESTMENT CORPORATION is an independent business. Each is under the management of local men of outstanding ability—bankers and business men. Local presidents and boards of directors.

Supporting each of these institutions, in a cooperative spirit, is the holding company—Calitalo Investment Corporation. Calitalo brings the full power of its facilities into each community where it has affiliations. And, under the guidance of Calitalo, these affiliates and holdings are able to operate . . . all pulling together.

With six progressive banks located in as many cities on the Pacific Coast and all co-operating in this manner, the combined investment value of Calitalo holdings is constantly increasing.

We are featuring the Common shares of this corporation as an attractive opportunity for long time investment.

NEW YORK BOND PRICES

NEW YORK, April 28. (AP)—The bond market was soggy today. Heaviness of the convertibles in sympathy with declining stock prices and the absence of any appreciable demand for investment securities of more conservative types combined to give the list an easier tone.

The largest decline among the stock privilege bonds was in the American Telephone 4½s, off 3 points to 167½. Parmelee Transportation 6s and Pathe 7s, with warrants, lost 2 points each. International Telephone 4½s sagged ¾ and Baltimore and Ohio convertible 4½s yielded ½ point. General Theaters Equipments 6s were exceptions to the trend of this group, rising 1 point net. Lautaro Nitrate 6s and Reading Coal and Iron 6s dropped 1.

Union Pacific refunding 4s, Missouri Pacific 5s, New Haven 4½s, Northern Pacific prior lien 4s, Rock Island 4½s and Nickel Plate 4½s were the most popular carrier liens.

Utilities and industrials were mixed and generally lower. American Telephone collateral 5s dropped 1 point.

Changes in the United States governments were mostly on the down side.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

FOREIGN

MARKET FLASHES

NEW YORK, April 28. (AP)—Stocks weak: pivotal shares drop 3 to 10 points.

Bonds easy: standard issues off slightly.

Curb heavy: utilities under pressure.

Foreign exchanges irregular: sterling sags.

Cotton irregular: near months high, trade buying; distant lower, beneficial rains west belt.

Sugar steady: steady spot market.

Coffee steady: better Brazilian reports.

CHICAGO, April 28. (AP)—Wheat firm: large exports and decreased visible supply.

Corn firm: unfavorable weather and sympathy with wheat.

Cattle weak to lower.

Hogs steady.

Total sales today, $9,534,000; previous day, $3,985,000; week ago, $12,538,000; year ago, $8,039,000; two years ago, $11,830,000; January 1 to date, $1,027,393,000; same year ago, $847,000,000; same two years ago, $1,157,033,000.

SELECTING INVESTMENTS
TO MEET YOUR NEEDS

THE diversified character of new financing, which totalled $2,273,441,466 during the first three months of 1930, emphasizes again the importance of selecting carefully those issues which are best suited to each investor in the light of his present earnings and individual requirements.

An important part of the services of this organization consists in making careful analysis of the requirements of each client and in assisting him to choose from among current offerings in every market those securities which fit most accurately into his investment program.

This same service is available to you without obligation; and we shall be glad to assist you in analyzing your needs and make unbiased recommendations regarding current security offerings. Call in person or send name and address below:

CORPORATION

First American Corporation has been organized under the laws of the State of Maryland for the purpose of investing its funds under experienced management in a carefully selected and diversified list of securities.

The investment policy of the Corporation contemplates taking a relatively permanent (as distinguished from a trading) position in those securities which may be selected for investment, unless underlying economic conditions in an industry, or changing conditions with respect to companies in that industry, indicate that a sale or substitution for some of its holdings is desirable. No additions to the list of companies whose securities are owned by the Corporation will be made without unanimous vote at a meeting of the Board of Directors, and not more than 5% of the Corporation's resources will be invested in any one security in its portfolio except obligations of the United States Government, States, Municipalities and subdivisions thereof.

INVESTMENT HOLDINGS

The portfolio of the Corporation now consists of common stocks of the following important units in expanding industries of the United States:

Air Reduction Company, Incorporated
Allied Chemical & Dye Corporation
American Can Company
American Gas & Electric Company
American Radiator & Standard Sanitary Corp.
American Tel. & Tel. Company
American Tobacco Company
Atchison, Topeka & Santa Fe Railway Co.
Columbia Gas & Electric Corporation
Consolidated Gas Co. of New York
Corn Products Refining Company
Electric Bond & Share Company
Electric Power and Light Corp.
First National Bank of New York
General Electric Company
Home Insurance Company
Humble Oil and Refining Company
International Harvester Company
National Biscuit Company
National Dairy Products Corp.
New York Central R.R. Company
Pacific Lighting Corporation
Pennsylvania Railroad Company
Procter & Gamble Company
Public Service Corp. of New Jersey
Pullman, Incorporated
Sears, Roebuck and Company
Standard Oil Company (New Jersey)
Union Carbide & Carbon Corp.
United Gas Improvement Company
United States Steel Corporation
Vacuum Oil Company
Westinghouse Electric & Mfg. Co.
Woolworth (F. W.) Company

Stockholders may obtain a complete list of the Corporation's holdings at any time, and will receive quarterly reports containing details of operations and a full disclosure of the investment portfolio.

SALE OF COMMON STOCK

The financial program of the Corporation contemplates a continuous increase in its assets through the sale of Common Stock to investors at a price which, after payment of a fixed 6% distributing commission, yields the Corporation the net liquidating value per share, computed daily.

The steady growth of capital so provided should enable the management of First American Corporation to regulate cash reserves without departing from the policy of maintaining a permanent interest in the companies which it selects, and at the same time to take advantage of favorable buying opportunities arising from market fluctuations in the securities owned.

MARKETABILITY

In addition to a ready market for the Common Stock which the distributors expect to maintain at all times, the Board of Directors has adopted the policy of repurchasing, in its discretion, out of surplus, any stock offered at the net liquidating value per share, less 2%.

DIVIDEND POLICY

It is the present intention of the Corporation to pay cash dividends out of its net cash income received from investments, and stock dividends from time to time out of accumulated earned surplus, arising from appreciation in its portfolio, stock dividends and subscription rights, and from other sources.

In the opinion of counsel, dividends on this Common Stock are not subject to the normal Federal income tax, and this Common Stock is not subject to inheritance tax in the State of Maryland when held by non-residents of that State.

MANAGEMENT

The Corporation has entered into a management contract with First American Management Corporation under which the latter Corporation agrees to furnish, without cost, other than management compensation described below, adequate office space, facilities, equipment and subordinate personnel for managing the portfolio of the Corporation, and to supply, if desired, certain officers of the Corporation. The Management Corporation also agrees to supply the Corporation with whatever research, statistical and accounting facilities may be deemed to be necessary.

In accordance with the terms of this contract 90% of the annual net income and profits, as defined, will accrue to the benefit of the stockholders of First American Corporation; the balance, together with a quarterly cash fee limited to ⅛% of the average resources of the Corporation, as defined, being payable to First American Management Corporation for its expenses and services. Compensation out of profits will be payable in Common Stock of the Corporation at the net liquidating value per share, but only to the extent that such payment will not reduce the remaining net income and profits from the date of the commencement of the business below 6% per annum on the average net paid-in capital and surplus.

The management of the Corporation's funds is to be supervised and all of its operations approved by a Board of Directors, who will also comprise the directorate of First American Management Corporation, consisting of the following:

Harry A. Arthur, Vice-President, American International Corp.
Samuel T. Bledsoe, General Counsel and Director, Atchison, Topeka & Santa Fe Railway Company
Sir Max J. Bonn, K.B.E. Director, Helbert Wagg & Co., Ltd., London
James Bruce, Vice-President, The Chase National Bank
Matthew C. Brush, President, American International Corporation
Carl P. Dennett, Director, First National Bank of Boston
Herbert W. Grindal, of F. A. Willard & Co. President, First American Corporation
Frederick J. Leary, Vice-President, Central Hanover Bank & Trust Co.
Joseph S. Maxwell, Vice-President, The New York Trust Company
Sumner T. Pike, Vice-Pres. and Director, Case, Pomeroy & Co., Inc.
Matthew S. Sloan, President, The New York Edison Company
Frank A. Willard, of F. A. Willard & Co.

GENERAL

The capitalization of First American Corporation consists of one class of voting Common Stock, without par value. There are no warrants or options with respect to this Common Stock in existence. All organization expenses and legal fees in connection therewith will be paid by the Bankers.

All legal matters in connection with the organization of the Corporation and the issuance of its Common Stock have been passed upon by Messrs. White & Case. The books of the Corporation have been set up and will be audited by Messrs. Arthur Andersen & Co.

The Foundation of the West's
Greatest Fortunes
Stanford, Huntington, Crocker, and Hopkins—these names are famous today for great universities, art galleries, banks and skyscrapers—all made possible by fortunes which have come from Western rail transportation.
Who can foretell what riches will come from motor stage lines—the transportation of today? Statistics show that over three billion passengers or more than 25 times the population of the United States were carried by motor stages in 1929.
The story of transportation fortunes of the past and the opportunities for profit offered by The Pickwick Corporation Capital Shares today is contained in a beautifully illustrated booklet, "Covered Wagons of 1930", which will be gladly furnished on request below.

REACTION GRIP ON STOCK MART

(Continued from Fourteenth Page)

lic Service of New Jersey, Union Pacific, Westinghouse Electric and Vanadium. J. I. Case dropped 13 points and Ingersoll Rand 12. United States Steel and General Electric lost 3 points, and Radio and American Telephone more than 4. Several of the copper, railroad equipment, motor and motor accessory shares reached new lows for the year.

Call money was a little firmer, holding at 4 per cent as banks called loans in preparation for the semi-weekly Federal Reserve settlements and the month-end requirements. Bankers' acceptances, however, showed a little easier tone. Foreign exchanges were fairly steady, although sterling cables ruled 1-32 lower at $4.86 1-4.

PRODUCE MARKET

(United States Bureau of Markets)

Liberal offerings of local vegetables with a few lines at lower prices. Artichokes scarce, with limited demand. Asparagus in moderate supply and steady. Moderate demand for avocados. Beans weaker. Cantaloupes slightly lower. Cucumbers lower. Iced lettuce steady, but dry pack weaker. Loose oranges higher. New potatoes weak. Peas higher. Summer squash barely steady. Strawberries slightly stronger.

LOS ANGELES MARKET

CATTLE—Increased receipts for the week's opening session moved slowly but demand proved better than early bids indicated and steers sold mainly steady with a few sales and some bids around 15@25c lower. Cows and bulls showed little change; in fact, some she stock looked a little stronger, especially the in-between cows. Feedlot cattle furnished a small portion of the supply, with grassy stock more in evidence.

Two loads of 1030 to 1160-pound intermountain steers brought 11.60 and 11.85 with several loads of California and intermountain steers at 11.25@11.50, these averaging 967 to 1086 pounds. Several loads unsold were expected to move in the above range. A few loads of 884 to 1005-pound California and Arizona steers brought 10.85@11.15 with some 737 to 937-pound Mexican steers at 10.00@10.35.

A few head of medium weight cows scored 9.00 with bulk of medium cows, mostly Imperials, making 8.25@8.75. Most of the common to medium offerings cashed at 7.00@8.00 with low cutters and cutters ranging from 3.75@6.75. Some heiferish cows scored 9.25@9.35, with a load of 782-pound heifers at 9.85. Medium bulls bulked at 7.00@8.00 with one or two weighty animals at 8.25 and cutter kinds down to 6.50.

CALVES—Trade was rather slow on calves and vealers and the market was rather uneven but on a more reliable basis than last week with little change in quotations. Several small lots of light vealers set the top at 14.00 with a few going at 12.75@13.00. Bulk of desirable calves, however, sold in a 10.00@12.00 range with cull and common lots at 7.00@9.50.

HOGS—Receipts of 17 rail loads were slow to move with half of these unsold at 2 o'clock. Prices, however, on sale made were about steady with last week's close with some held for more money. A load of 187-pound Nebraska butchers with freight benefit brought 10.90 with a 200-pound load in the same shipment at 10.75. Five loads of 146 to 187-pound Utah, Colorado and Texas butchers made 10.50@10.65 with a load of 185-pound Californias at 9.75. A few loads of weighty butchers and local feds made 9.35@10.00 with packing sows at 8.00@9.00 and stags at 6.00@6.50.

SHEEP—Receipts were light but demand showed no improvement and there seems to be little doubt among the trade that 9.50 to possibly 9.75 would be the extreme limit on good to choice spring lambs. Two bunches of 71 to 72-pound trucked in lambs brought 9.00 with a deck of 66-pound Arizona springers at 8.85. A package of 67-pound lambs brought 8.75 with about two decks of 83 to 86-pound truck-ins at 8.00@8.25. Nearly two decks of 126-pound ewes made 5.10 with 45 common ewes out at 3.50. A short deck of 107-pound Arizona ewes brought 4.00 with ten out at 3.00.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 11.25@12.10; 950 to 1100 pounds, good, 11.25@12.00; 800 pounds up, medium, 10.25@11.25; common, 8.25@10.25. Heifers, 850 pounds down, good, 9.50@10.75; common and medium, 7.00@9.50. Cows, good, 8.75@9.25; common and medium, 6.75@8.75; low cutters and cutters, 3.75@6.75. Bulls, yearlings excluded, good beef, 7.75@8.50; cutter to medium, 5.75@7.75. Calves, 500 pounds down, medium to choice, 10.00@12.75; cull and common, 7.00@10.00. Vealers, milk fed, good and choice, 12.50@14.00; medium, 10.25@12.50; cull and common, 7.50@10.25.

Hogs: Medium weight, 200 to 250 pounds, medium to choice, 10.00@10.75; light weights, 160 to 200 pounds, medium to choice, 10.15@10.90; light lights, 130 to 160 pounds, medium to choice, 10.00@10.00. Packing sows, rough and smooth, 8.00@9.25. Slaughter pigs, 90 to 130 pounds, medium to choice, 8.75@10.50. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Spring lambs, good and choice, 9.00@9.75; medium, 8.00@9.00; cull and common, 7.00@8.00. Ewes, 120 pounds down, medium to choice, 4.00@5.25; all weights, cull and common, 2.00@4.00.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, April 28. (AP) Hogs, 600; fully steady; two loads 135 to 180-pound Californias, 10.75@10.85; three cars 175 to 210-pound Californias, 10.50; odd packing sows, 8.50.

Cattle, 500; steers slow; package 815-pound yearlings, 12.00; load 935-pound grassers, 11.75; two loads medium 975-pound Montanas, 10.85@11.15; package 791-pound fed heifers, 11.50; she stock slow, weak to 25c lower; car good 1085-pound California cows, 9.00; around twelve loads grass cows on sale, easy; load 995-pound cutters, 6.50; package medium bulls, 8.75.

Calves, 200; vealers around 1.00 lower; load good 225 to 250-pound vealers, 11.00; load 459-pound feeder calves, 9.75.

Sheep, 3200 (shorn basis;) fully steady; two decks choice 71-pound spring lambs, 8.75; two decks good 68-pound, 8.00; load cull ewes, 1.00@2.00.

CHICAGO, April 28.—Hogs, 40,000; top, 10.20; bulk, 9.65@10.15; butchers, medium to choice, 250 to 300 pounds, 9.35@10.20; packing sows, 8.65@9.40; pigs, medium to choice, 8.75@9.75.

Cattle, 24,000; calves, 2000; slaughter classes, steers, good and choice, 12.25@15.00; fed yearlings, good and choice, 11.50@14.25; heifers, good and choice, 10.25@12.85; cows, good and choice, 7.50@9.75; vealers, milk fed, good and choice, 8.50@11.75; stocker and feeder steers, good and choice, 10.00@11.75.

Sheep, 24,000; wooled lambs, 9.50@9.75; shorn, 8.75 down; lambs, good and choice, 8.25@9.00; medium to choice, 7.50@8.75; ewes, medium to choice, 3.75@5.50.

OMAHA, April 28.—Hogs, 9500; steady to 10c lower; 180 to 250 pounds, 9.50@9.65; sows, 8.75@8.90.

Cattle, 9500; weak to 25c lower; fed steers and yearlings, 10.75@12.50; heifers, 9.00@11.25; cows, 6.75@8.25; cutters, 4.50@6.00; bulls, 7.00@7.25; bulls, 7.50@7.75; practical top vealers, 1050; stockers and feeders, 10.00@11.10.

Sheep, 14,000; fed lambs 25c lower; early top fed wooled lambs, 9.25; packers bidding 3.75@9.00 on bulk and 8.00 on best clipped lambs; clipped ewes, 4.50.

SOUTH ST. PAUL, April 28.—Cattle, 3700; bulk steer run, 10.00@11.25; beef cows, 6.25@7.50; heifers, 7.75@9.50; calves, 2500; choice closely sorted kinds, 10.50.

Hogs, 12,000; desirable 160 to 220-pound weights, 9.65@9.75; top, 9.75; bulk pigs and light lights, 9.25; sows mostly 8.50@8.75.

Sheep, 17000; holding choice kinds around 8.50; few choice shorn ewes, 5.50.

DENVER, April 28.—Hogs, 1400; weak to 10c lower; odd head 200 pounds, 9.85; packing sows firm at 8.00@8.25.

Sheep, 7800; run includes one car California springers, no early sales or bids.

Cattle, 4800; fat heifers, 9.75@10.50; strictly choice cows, 9.25; vealers talking lower; odd head up to 14.50; feeders, 8.50@10.00.

ST. JOSEPH, April 28.—Hogs, 4000; top, 9.80; bulk, 9.60@9.75; sows steady to strong, largely 8.75@9.00.

Sheep, 9000; bidding 9.10 on best fed wooled lambs or around 15c lower; asking 12.00 for California spring lambs.

Cattle, 15,800; early sales, 10.25@11.85; beef cows largely 6.50@8.25; choice vealers, 12.00; most stockers, 9.50@10.25.

PORTLAND, April 28.—Cattle, 1250; calves, 100; steers, 10.75@11.25; good, 11.00@11.50; heifers, good, 10.50@11.00; cows, good, 9.50@10.00; calves, 9.50@10.50; vealers, milk fed, 12.00@13.00.

Hogs, 2325; open active, 25@50c lower on feeder pigs, heavy weight, 9.50@10.75; packing sows, 8.00@9.00; slaughter pigs, 10.00@10.50; feeder and stocker pigs, 10.50@12.50.

Sheep, 650; lambs, 8.75@9.50; lambs, yearling wethers, 5.50@7.00; ewes, 4.75@5.50.

KANSAS CITY, April 28.—Hogs, 8000; top, 9.80; bulk desirable, 9.65@9.80; butchers, 9.30@9.65; packing sows, 8.25@9.00.

Cattle, 15,000; bulk fed steers eligible to sell around 10.25@12.50; light yearlings early, 9.50@11.25; butcher cows, 6.75@7.75; top veals, 11.00; few 12.00; bulk stockers and feeders, 9.25@11.25.

Sheep, 16,000; fed lambs, generally 15@25c; Arizona spring lambs, 11.00; top wooled lambs, 9.10; best clippers, 8.10; shorn Arizona ewes, 4.35.

GASOLINE MARKET EASY

CHICAGO, April 28. (Exclusive)—Motor grade, 7¼@7½c. Kerosene market fairly active; 41-43 water white, 4¼@4½c. Fuel oil slow; 24-26 gravity, 75@80c.

WEEKLY BANK CLEARINGS

Weekly bank clearings as reported to the California State Chamber of Commerce by the several clearinghouse cities for the week ending the 24th inst., showing increases and decreases as compared to the corresponding week last year.

City—	1930	1929	Change

Mr. Harry Liverman, President of Lane Bryant, Inc., summarizes his letter dated April 16, 1930, as follows:

PURPOSE OF ISSUE: The proceeds of this issue of Debentures are to be used in connection with the acquisition by Lane Bryant, Inc., of the Coward Shoe business (except real estate), operating two stores in New York City and one in Boston. The Coward Shoe business reported net sales in 1929 of $4,457,929.

HISTORY AND BUSINESS: Lane Bryant, Inc., is the result of the continuous growth of a business originally established in 1901 in New York City. The Company now owns and operates, directly or through wholly-owned subsidiaries, a chain of twenty stores dealing in women's and infants' apparel. The retail stores are located in New York City and Brooklyn, N. Y., Philadelphia, Baltimore, Detroit, St. Louis, Newark, Minneapolis, St. Paul, Des Moines, Chicago, Waukegan and Decatur, Ill., Oshkosh and Green Bay, Wis., Oklahoma City and Tulsa, Okla., and South Bend, Ind. The Company also conducts a mail order business in New York City. Through subsidiaries, the Company has complete facilities for the manufacture and distribution of the "Adapto" shoe, which it has extensively advertised and which it is distributing on a major scale. All the Lane Bryant stores are situated in important shopping centers of the respective cities.

The Coward shoe business was established in 1866. Its acquisition gives Lane Bryant, Inc., an organization for the sale of special types of orthopedic or "comfort" shoes, for men as well as women and children, sold under the well known "Coward" trademark. With this acquisition, Lane Bryant's shoe business will be increased from approximately $2,000,000 to $6,500,000, the figures in each case being based on sales for 1929.

SALES AND EARNINGS: Net sales and net income of Lane Bryant, Inc., after depreciation but before Federal income taxes, have been certified by Messrs. Lybrand, Ross Bros. & Montgomery, Accountants and Auditors, for the five years ended May 31, 1929, and for the twelve months ended November 30, 1929, as follows:

Twelve Months Ended	Net Sales	Net Profits (before Taxes)	Times Interest Earned on $2,000,000 Debentures to be presently outstanding
May 31, 1925	$7,879,475	$285,107	2.37
May 31, 1926	10,003,741	339,355	2.82
May 31, 1927	10,768,931	350,682	2.92
May 31, 1928	11,115,289	479,688	3.99
May 31, 1929	14,255,402	876,176	7.30
Nov. 30, 1929	15,561,336	865,612	7.21

These figures do not include the operations of the Coward Shoe business which for the twelve months ended December 31, 1929, reported sales of $4,457,929 and net profits after depreciation but before Federal income taxes, of $290,507.

FINANCIAL CONDITION: The consolidated balance sheet of Lane Bryant, Inc., and wholly-owned subsidiaries, as of November 30, 1929, after giving effect to the present financing and the application of the proceeds to the acquisition of the assets of the Coward Shoe business (except real estate), and the assumption of its liabilities as of December 31, 1929, as certified by Messrs. Lybrand, Ross Bros. & Montgomery, shows total net assets, exclusive of these Debentures, of $6,030,578, equivalent to $3,015 per $1,000 Debenture; net current assets being $2,034 for each $1,000 Debenture to be presently outstanding. Goodwill, patents and trademarks of Lane Bryant, Inc., and of the Coward Shoe business are carried at $1.

COMMON STOCK PURCHASE WARRANTS: Each Debenture will be accompanied, when issued, by a detached Second Series Warrant, representing the right to purchase on or before May 1, 1935, at $40 per share, ten shares of Common Stock in the case of $1,000 Debentures, and five shares of Common Stock in the case of $500 Debentures.

The statements contained above are obtained from sources which we believe reliable, but in no event are such statements to be regarded as representations by us or as guaranteed by us. This advertisement is subject to a more complete circular, copies of which may be had on application to the undersigned.

Legal proceedings subject to the approval of Messrs. Chadbourne, Hunt, Jaeckel & Brown, New York, for the Bankers, and Messrs. Spiro, Felstiner & Prager, New York, for the Company. Audits by Messrs. Lybrand, Ross Bros. & Montgomery.

We offer the above Debentures for subscription when, as and if issued and accepted by us, subject to the approval of Counsel and subject to allotment or prior sale. A portion of the issue is being offered to Common Stockholders who have not waived their subscription rights, and the amount being offered by the Bankers is subject to reduction on account of such subscriptions. Interim receipts of Guaranty Trust Company of New York deliverable in the first instance.

$35,000,000
State of San Paulo
(UNITED STATES OF BRAZIL)
7% Secured Sinking Fund Gold Bonds
Coffee Realization Loan 1930
Due October 1, 1940.

Dated April 1, 1930, interest payable April 1 and October 1. Principal and interest payable, without deduction for any present or future Brazilian taxes, in New York in United States gold coin at the office of Speyer & Co. or of J. Henry Schroder Trust Company or, at the option of the holder, in London, at the office of J. Henry Schröder & Co., in Sterling, at the fixed rate of exchange of $4.8665 to the pound Sterling, or at the offices of Lippmann, Rosenthal & Co. in Amsterdam, Crédit Suisse in Zurich, Stockholms Enskilda Bank in Stockholm, and Banca Commerciale Italiana in Milan, in local currencies at the current buying rates for sight exchange on New York. Coupon bonds in denominations of $1000 and $500, registerable as to principal.

Sinking fund, beginning July 1, 1930, sufficient to repay at least one-tenth of these Bonds annually, to be applied to the semi-annual redemption of Bonds by lot at par, the first redemption to be on April 1, 1931. Sinking fund payments may be anticipated.

These $35,000,000 Bonds are part of an International Loan of an authorized principal amount equivalent to £20,000,000 ($97,330,000). Of the balance, £10,000,000 Sterling Bonds are being offered simultaneously as follows: £8,000,000 Bonds in London by Messrs. Baring Brothers & Co., Ltd., N. M. Rothschild & Sons and J. Henry Schröder & Co., and £500,000 Bonds each in Amsterdam, Stockholm and Milan. £500,000 Bonds are being placed privately in Zurich. Banco do Estado de São Paulo has contracted to purchase the remainder of the Loan, equivalent to £2,807,973 ($13,665,000) principal amount.

His Excellency Dr. A. C. de Salles, Jr., Secretary of Finance and of the Treasury, has authorized the following statement in behalf of the Government of the State of San Paulo; having been transmitted by cable, it is subject to correction:

The Government of the State of San Paulo, in order to dispose of the accumulation within the State of large amounts of unsold coffee, and to prevent such accumulation in the future, has adopted a new plan, to become operative July 1, 1930, by which it undertakes to liquidate gradually the present unsold coffee and to place future crops on the market currently. The Government has agreed that it will not, directly or indirectly, accumulate any coffee during the life of this Loan except, in agreement with the Bankers, as further security for the Loan.

PURPOSE: Under this plan the liquidation of the accumulated unsold coffee in the State on July 1, 1930, which is expected to amount to approximately 16,500,000 bags, is to be financed through the issuance of an International Loan of an authorized principal amount equivalent to £20,000,000 ($97,330,000). The proceeds of the $35,000,000 Bonds and £10,000,000 Bonds, now being issued, are to be used to finance approximately 14,000,000 bags as follows: £4,500,000 ($21,899,250) will be applied toward the purchase by the Government, prior to June 1, 1931, of 3,000,000 bags of coffee, and approximately £11,000,000 ($53,531,500) will be used in refunding existing advances of £1 per bag on about 11,000,000 bags of coffee. The remainder of the unsold coffee on July 1, 1930, estimated to be approximately 2,500,000 bags, will be financed by advances thereon of £1 per bag with the proceeds of the £2,807,973 ($13,665,000) principal amount of Bonds which Banco do Estado de São Paulo has contracted to purchase. Should the above remainder not amount to 2,500,000 bags, the reserved Bonds will be sold only to the extent necessary and any surplus Bonds will be cancelled.

COFFEE SECURITY: The Loan will be the direct obligation of the Government of the State of San Paulo and will be specifically secured by pledge, to the extent of 50 shillings ($12.166) per bag, of the above 3,000,000 bags of coffee to be purchased by the Government, and by pledge, to the extent of £1 ($4.8665) per bag, of the approximately 13,500,000 other bags of coffee referred to above. The value of the total 16,500,000 bags at current Santos prices equals about $198,000,000. Should the unsold coffee not amount to approximately 16,500,000 bags on July 1, 1930, the principal amount of the Loan will be correspondingly reduced. The pledged coffee will be deposited in warehouses in the port of Santos or in other parts of the State of San Paulo. Documents of title for the pledged coffee will be deposited with Banco do Estado de São Paulo in trust for the Bankers' representatives in the State of San Paulo. Documents of title for newer coffee of at least equal quality may be substituted at any time for documents then on deposit.

The Government has agreed that, beginning July 1, 1930, the pledged coffee is to be liquidated at the rate of 1,650,000 bags in each year, and from the proceeds thereof £2,000,000 ($9,733,000) will be applied to the redemption of Bonds, and £100,000 ($486,650) will be placed in a Reserve Account. Any deficiency in the proceeds will be made up by the Government, and the Government may, in agreement with the Bankers, anticipate in whole or in part these annual liquidations and redemptions.

PLEDGED REVENUE: The interest on the Loan will be secured by a first charge on the receipts from a new tax on all coffee transported from any point within the State for export, to be levied initially at the rate of 3 shillings ($0.73) per bag and thereafter at rates decreasing as the outstanding amount of the Loan is reduced. The receipts from this tax, based on the minimum quantities of coffee which the Government has agreed to have transported to the port of Santos, together with available amounts in the above-mentioned Reserve Account, are estimated to exceed in each year the interest requirements on the amount of the Loan then outstanding.

MARKETING OF COFFEE: The Government has agreed that, during the life of this Loan, the minimum quantity of coffee to be placed on the market in each month thereof shall be equal to the following: (1) In the year July 1, 1930 to June 30, 1931, to one-twentyfourth of the aggregate of the coffee crop of said year plus the estimate of the aggregate of the coffee crop for the succeeding year, which shall include 137,500 bags of pledged coffee (1,650,000 bags of pledged coffee per annum) as above stated; (2) In each year thereafter, to one-twentyfourth of the aggregate of the coffee crop for that year plus the estimate of the aggregate of the coffee crop for the succeeding year, plus 137,500 bags of pledged coffee (1,650,000 bags of pledged coffee per annum) referred to above. In every year beginning July 1, 1930, the Government undertakes that such minimum quantities shall aggregate at least 10,000,000 bags per annum, any deficiencies being made up with additional pledged coffee, the liquidation of which will accelerate the redemption of Bonds. The Government may make new advances on coffee from the proceeds of liquidation of pledged coffee in excess of 4,950,000 bags in any year. The Government has further agreed that the stock of coffee in Santos for sale shall be at all times a minimum of 1,000,000 bags and that no coffee inferior to No. 8 Santos quality is to be exported from the State.

DEBT: The external funded debt of the State, including this Loan, amounts to about $203,000,000. The State in effect guarantees loans amounting to about $47,000,000. The internal funded debt, as of December 31, 1929, amounted to about $41,000,000.

STATE REVENUES: The total revenues of the State for 1929 are estimated at about $55,000,000, or about 4⅛ times the requirements during the year for interest and sinking funds of the State's funded debt, both external and internal.

GENERAL: San Paulo, the principal agricultural and industrial state of Brazil, has about 6,000,000 inhabitants, chiefly of European extraction, and occupies an area of over 112,000 square miles, or about the area of the State of New York and the New England States combined. Over one-half of the world production of coffee is grown in the State. During the past ten years (ending June 30, 1930), San Paulo coffee crops have averaged 11,100,000 bags per annum and exports of coffee have averaged 9,350,000 bags per annum. Other leading agricultural products include cotton, tobacco and sugar. Cattle raising and meat packing are important industries and rapid progress has been made in textile and other industries. San Paulo is served by over 4,800 miles of railroads, of which about 1,400 miles are owned by the State.

Conversions from milreis into dollars have been made at the rate of 11.7 cents per milreis, approximately the current rate of exchange. Other currencies have been converted at par of exchange. One bag of coffee contains 132 pounds.

Application will be made to list these Bonds on the New York Stock Exchange.

All proceedings in connection with the issuance of the above Bonds are subject to the approval of our counsel, Messrs. Curtis, Mallet-Prevost, Colt & Mosle.

We offer the above Bonds for subscription, if, as and when issued and received by us, at

96% and accrued interest, to yield to maturity 7.56%.

(Average yield, based on minimum retirement through sinking fund, 7.92%).

We reserve the right to close the subscription at any time without notice, to reject any application and to allot a smaller amount than applied for. Amounts due on allotment will be payable at the office of Speyer & Co., 24 & 26 Pine Street, in New York funds, on or about May 8, 1930, as called for, against delivery of Interim Receipts exchangeable for Definitive Bonds when ready.

Wheat Futures Firmer After Weak Opening

CHICAGO, April 28. (AP)—Despite sharp setbacks at times on account of persistent liquidating sales of the May delivery, wheat prices today finished at decided gains. The liquidation of May contracts was much more general than has been the rule, but quick rallies were witnessed in the final transactions. Among the chief bullish factors was 3,404,000 bushels' decrease of the United States wheat visible supply, together with export purchasing of 1,000,000 bushels of North American wheat, in addition to 3,000,000 bushels on Saturday.

Closing quotations on wheat were unsettled at 1½@2⅛c a bushel net advance, as compared with Saturday's finish. Corn closed 1⅛@2⅛c up, oats ⅛@1c off and provisions unchanged to a setback of 7 cents.

Helping to bring about last minute rallies were late cable dispatches predicting more active foreign buying from this time on. Hurried eastern orders to purchase accompanied these predictions. Earlier in the late trading the market had fluctuated uncertainly, with setbacks outnumbering advances and with May liquidation an outstanding feature.

It was pointed out that North American exporters had disposed of 8,000,000 bushels of wheat last week, and that absorption of cash wheat by Farm Board allies in exchange for May contracts suggested that May deliveries could now be taken care of without much difficulty.

Corn after being sluggish all day advanced rapidly at the last with wheat.

Provisions declined owing to scattered selling, notwithstanding firmness of hog values.

RUBBER MARKET

NEW YORK, April 28. (Exclusive)—On continued weakness in the foreign markets and another large increase of 1735 tons of crude rubber in the London and Liverpool markets prices at the local rubber exchange today again registered record new low levels. London cables showed a rally there after the spot delivery had sold down to 6 15-16d, the lowest level in about ten years. Final prices were from unchanged to 10 points net higher. Sales in the "A" contract amounted to 457 lots, or 1142½ tons.

London spot closed up 1-16d to 7 1-16d. Singapore near delivery declined 1-16d to 6⅝d. Outside spot here was unchanged at 14d.

AN ADVERTISEMENT OF THE SOUTHERN CALIFORNIA EDISON COMPANY, LTD.

Edison Offers You Excellent Customers

WHEN you enter into a partnership with Southern California Edison, you share in serving the best electrical customers in California.

Last year the use of electric power in California as a whole, increased 11 per cent. But in Southern California Edison territory contracts were signed for an increase of 19 per cent.

There is much more than mere profit in the serving of such a progressive community. But there are profits too . . . not fabulously high, but famously sure. And you can secure a preferred share in these profits, mailed to you four times each year, for as little as $25. Your name and address on the coupon below will bring our new financial folder and full details.

THERE ARE NO HIT-AND-RUN BUSINESS MEN .. among the officers and directors .. of the MUTUAL Building and Loan Association OF POMONA .. and we haven't migrated momentarily into the building and loan business .. after 37½ years in it.

With three State records as a result of this old-fashioned, small-town financial institution gives you the service and peace-of-mind of six per cent and safety that comes from your knowledge of our institutional permanence.

WE CARRY UNLIMITED LIABILITY .. back of $3,200,000 paid-in capital, surplus and reserve .. and we have no modern device of legal limitation of responsibility .. no side-institution to act as shock-absorber in case of disaster .. so this is a cautious, thorough institution .. because we HAVE TO BE.

We give our borrowers the utmost of service, saving and convenience and have had their good will and their good loans for 37½ years. We can't skip from office to office to avoid harsh words of ill-treated borrowers, bless you — because we STAY in THIS business.

In capital proportion to resources of $14,500,000 your analysis of $3,200,000 paid-in capital, surplus and reserve will show you the satisfaction with which clients of the MUTUAL Building and Loan Association OF POMONA hold three State building-loan records .. and the safety of old-fashioned conservatism.

SHIPPING MOVE STIRS UP FIGHT

New Proposed States Line Service Opposed

Protest Entered by Owners of Panama-Pacific

Both Concerns in Race for Mail Contracts

BY WALDO DRAKE

Proposal of the States Steamship Company of Portland to establish an Atlantic-Pacific-Orient passenger-cargo service with five new $3,500,000 ships is being actively opposed by the International Mercantile Marine Company, operator of the Panama-Pacific Line, according to official announcement of the Postoffice Department. Shipping leaders here interpret I.M.M.'s action as the first skirmish in the campaign to secure government mail subsidies and construction loans for a European-Pacific service, for which both I.M.M. and the Dawson interests (States Line) have applied.

John H. Thomas, vice-president of I.M.M., appeared before the interdepartmental committee on merchant marine at Washington last week to voice his company's disapproval of the Dawson proposal. Mr. Thomas said I.M.M. opposes the intercoastal portion of the new line on the ground that the coast-to-coast trade is "already overtonnaged." Two Portland (Or.) Congressmen, Senator Steiwer and Representative Korell, both appeared before the committee in support of the new line, while the proposed route was also favored by Walter B. Brooks, Baltimore railroad magnate.

The States Line would agree to build, under its application for the new line, five sixteen-knot ships with a minimum aggregate cost of $17,500,000, to be constructed in American shipyards. It would thereby maintain a passenger, cargo and mail service from New York, Baltimore, Havana, Canal ports, Los Angeles, San Francisco, Portland and thence to the Orient. The Dawson interests already operate the Quaker Line in intercoastal trade and the States Line, from this coast to the Orient, with which the proposed express service could be operated on co-ordinated schedules.

The Postoffice Department also has under consideration this week proposals of the Dawson interests, the I.M.M. and the Dollar Line to establish a European-Pacific service, for which all are seeking ocean-mail contracts.

HARBOR QUARANTINE STATION PLANS AIDED

A $70,000 quarantine station, to be built on New Deadman's Island at Los Angeles Harbor for the United States Public Health Service, is included in the public-building program that President Hoover has asked Congress to authorize, for an aggregate total of $76,804,300.

The bill proposes that the new quarantine station be built on the channel, or west side of the reclaimed island, while shipping interests declare that its purpose would be much better served if built at the extreme south end of the island. The channel location is said to come as a result of the War Department's claim for the offshore and southerly sides of the island for harbor defense purposes.

The Japanese freighter, Rhine Maru, aground on reefs off Point Sur since March 28, last, yesterday broke in two, it was reported last night by Merritt, Chapman & Scott's salvage crew. Seas are breaking completely over the wreck, said the dispatch, but work of removing cargo and gear is still going forward.

The first 100,000 barrels of Shell Oil Company's seasonal gasoline commitments will go out to the United Kingdom this morning aboard the Danish motortanker Jane Maersk.

The French line announced yesterday that the seasonal calls of its European-Pacific liners at Central American coffee ports will be discontinued after the sailing of the Wyoming from this port May 15 and not resumed until opening of the new coffee season in late December.

The line will have eleven vessels with refrigerated cargo space for the coming citrus-fruit season in California, including its five new passenger-cargo ships and six new freighters.

Slipping from his boatswain's chair while painting a funnel on the N.Y.K. liner Tenyo Maru, here yesterday, Hireyama Shigeru, Japanese seaman, fell thirty feet to the deck. Despite line assurances he was practically uninjured and would return to work today, Shigeru expired before an ambulance reached the scene. His body is at Wood's mortuary awaiting a Coroner's inquest.

The hope that conditions will permit Union Oil Company to construct its two proposed tankers at its home port, Los Angeles Harbor was expressed in a letter to the San Pedro Chamber of Commerce yesterday by William Groundwater, manager of transportation. He pointed out that three company tankers were built at what now is the San Pedro yards of the Bethlehem Shipbuilding Corporation. Each proposed tanker would cost more than $2,000,000. They have not yet been authorized.

Two baby elephants, a lion, a python and monkeys were discharged here this week-end from the Dutch steamer Siantar, in from Java. The vessel is discharging 1000 tons of raw rubber. Capt. J. Van der Meer is the new master, succeeding Capt. J. H. Hollaar, retired. The line's motorship Bintang is due Friday to load cased kerosene, sardines, old paper and oil-well machinery for the Dutch West Indies.

AIR MAIL SCHEDULE

(Mail as early as possible.)

Eastbound (day schedule:) Leaves Los Angeles 7:35 a.m. daily, except Monday, connecting at Salt Lake City with eastern lines. Arrives Salt Lake City 2:45 p.m., Mountain Time; Chicago, 6 a.m., Central Time; New York City, 6:40 p.m., Eastern Time. (Closing time for eastbound mail: Arcade Station, 6:30 a.m.; airport, 7:35 a.m.; main postoffice and substations, 5:30 a.m.)

Eastbound (night schedule:) Leaves Los Angeles 7 p.m. daily; arrives Salt Lake City 2:45 a.m., Mountain Time; Chicago, 6 p.m., Central Time; New York City, 6:40 a.m., Eastern Time. (Closing time, Arcade Station, 6 p.m.; airport, 7 p.m.; main postoffice and substations, 5 p.m.)

Passed bound west: Gudrun Maersk, Savannah, Kobe; Los Angeles, Hamburg, Los Angeles; Malangny, Pacific Port; Potter, New York, Sydney.

News of Ships and Sailings at Pacific Ports

SAN FRANCISCO, April 28. (AP)—Two ships on their first visit to this port, one on her maiden voyage, arrived here today. The new vessel is the motorship Nyhorn, which was recently built in foreign shipyards for the Knutsen Line service between San Francisco and the west coast of South America. The Nyhorn is the fourth new vessel to be put into the company's service. The tanker William Isom, recently sold by the Cuba Distilling Company to E. B. De Golia, of San Francisco, also arrived here on her maiden voyage to this coast. She will load a cargo of oil at Oleum, for an unannounced destination.

Angelo Conti, naval architect and formerly with the United States Shipping Board, arrived here today to confer with McCormick Line officials regarding the building of six new ships for the company's South American service of the Pacific-Argentine-Brazil Line. The McCormick Company last November applied to the Shipping Board for a loan of $5,000,000 to be applied to the construction of six new ships. The cost of the liners is estimated at $7,000,000.

PORTLAND, April 28. Federal steamboat inspectors announced today that the operator's license of Capt. Jack Mitchell, master of the tug Dix, which towed the pleasure barge Swan that collided with the coastwise steamer Davenport in the Columbia River, March 29, had been revoked.

Capt. Mitchell's license, which was revoked for one year, was taken from him for alleged negligence in connection with the collision, which claimed eight lives off St. Helens, Or.

The charge of negligence was lodged against the skipper by the inspectors following a lengthy hearing of evidence from persons aboard the Swan. They charged that Mitchell did not have a proper lookout aboard the barge.

SEATTLE, April 28.—A. A. Bogdanoff of the Seattle office of Amtorg Trading Corporation, soviet buying organization, today predicted regular boat service between Seattle and Vladivostok in the near future, and at the same time announced that all goods shipped to the soviet port will be sent to Japan in American Mail Line boats.

Bogdanoff said that negotiations were being made between the trading corporation and the shipping line for such a service to the soviet port. If the plan goes through, he said, all shipments will be made direct, thus eliminating the cost of reshipment from Japan. The American Mail Line instead of Russian boats and occasional tramps will be used to Japan.

Bogdanoff predicted that the expected service would develop into a passenger line as well as freight, pointing out that Paris is but twelve days from Vladivostok—nine to Moscow over the Trans-Siberian Railroad—and thence three to Paris.

With her decks and cabins entirely refurnished, the liner H. F. Alexander will be returned to service here next Monday, after being laid up for general overhauling. The boat will sail on the coast route between Seattle and California ports.

TACOMA, April 28.—The Swedish motorship Bullaren, which is under charter to the General Steamship Corporation, was in and out of here Monday loading 300,000 feet of lumber for Antwerp. Another vessel of the same line, the Rialto, left during the day with general cargo for Genoa and other European ports.

The Japanese liner Columbia Maru sailed with wood products and canned goods for the Orient, while the President McKinley, which arrived from Manila Monday, is taking 60,000 sacks of flour. Also loading for the Orient is the Tacoma and Oriental Steamship Company's vessel, the Grays Harbor, which discharged soya bean cake and luan logs, here today.

METAL MARKETS

CLEVELAND, April 28. (Exclusive)—Daily Metal Trade today says: Structural shape inquiry is improving at a moderate rate in some districts, but demand on the whole continues restricted to small tonnages.

At Chicago bridge work is more active than a year ago at this season, while industrial and public works construction is approximately that of last year. Plate demand is steady and with the ship yards reporting the best business in years, good ship-plate business is expected to come out shortly.

METAL PRICES

NEW YORK, April 28. (AP)—Copper unsettled; electrolytic, spot and future, 14. Iron quiet; No. 2 f.o.b. Eastern Pennsylvania, 18.50@20.00; Buffalo, 18.00@18.50; Alabama, 12.50@14.00.

3 OUTSTANDING STOCKS

SELECTED and recommended after a careful survey of the best that the market offers.

① AN AVIATION STOCK—in a company that holds one U.S. Army contract for $4,800,000.00 in military planes in addition to contracts for Navy Department, Mexican Government, etc. Has just declared special 75c dividend. Stock now selling around 22 with satisfactory earnings.

② A RADIO STOCK—that represents holdings in one of the greatest amusement enterprises in America. 1928 income better than 19 millions. Company in strong financial position, showing good earnings and stock now selling around 61. Buy while price is low.

③ A PUBLIC UTILITY—investment trust stock in a company specializing in sound public utility issues of wide geographical diversification. Many holdings purchased near low levels of year making today's prices on this stock very attractive. Current dividend rate 40c per share cash and 10% in stock payable quarterly. Buy this today around 38½.

Our recently issued bulletin gives you complete information on these 3 OUTSTANDING STOCKS, and shows our basic reasons for recommending them for immediate investment.

You can buy these 3 OUTSTANDING STOCKS on our convenient Partial Payment Plan.

PAY ONLY 20% DOWN

Balance is divided into 20 convenient monthly payments. This permits you to control 5 times as much stock with your money and allows you to make 5 times as much profit on the increase.

Let us give you all of the information concerning this modern method of buying good listed stocks in a more convenient way. Hundreds of our customers have made thousands of dollars in profits under this plan. This is your opportunity NOW. Clip and mail coupon below if you cannot telephone or call at one of our conveniently located offices.

AVIATION
CORP. OF DELAWARE
A Huge Holding Company controlling 40 Prominent Subsidiaries engaged in practically every Field of the Aviation Industry
Listed on the New York Stock Exchange

Altho only organized in the first half of 1929 this company has already succeeded in building an exceptionally complete and diversified aviation unit by acquiring outstanding subsidiaries. Among its varied operations are included, 11 of the 25 existing air-mail contract routes, 13 passenger routes, including the trans-continental air-rail hook-up with the New York Central and Santa Fe lines, manufacture of airplanes, operation of airports and flying schools, an aerial survey mapping service and many other directly related activities. The success of such an outstanding organization, with the financial strength it represents, depends solely, in our opinion, on the success of aviation as a whole.

"TIMES" THEATER GUIDE

MOTION PICTURES

Boulevard, Washington at Vermont—"They Learned About Women." Van and Schenck, two musical vaudevillians, make good in the movies.

Burbank, Main at 6th—"Tonight at Twelve." Also vaudeville.

Carthay Circle, Carthay Center—"All Quiet on the Western Front." A mighty drama of war and its effect. This is one which should not be missed.

Chinese, 6925 Hollywood—"Song o' My Heart." John McCormack and his Irish tenor cast their same spell around this gentle, sentimental tale.

Criterion, 642 South Grand—"King of Jazz." Paul Whiteman and his orchestra provide a spectacle of color, glamour and excellent entertainment.

Figueroa, Fig. at Santa Barbara—"Dangerous Paradise." Dirty work in the tropics so saddens Nancy Carroll that she runs to Richard Arlen, who rights all wrongs.

Filmarte, 1228 Vine—"The Living Mask." An elaborate explanation of the psychology of the insane. Produced in Germany with Conrad Veidt.

Forum, Pico at Norton — "Second Choice." Jack Mulhall and Dolores Costello get together on the grounds of mutual neglect. You might be interested.

Grauman's Egyptian, 6708 Hollywood Blvd.—"The Vagabond King." A spectacle of color and music is made from the popular operetta, featuring Dennis King and Jeanette MacDonald.

Loew's State, Broadway at Seventh—"High Society Blues." Janet Gaynor and Charles Farrell play at love again in a comedy not their usual type.

Mayan, Hill nr. 11th—"Journey's End." A superb translation from stage to screen of a somber and splendid play.

Million Dollar, Broadway at Third—"Sarah and Son." Ruth Chatterton appears at her best to date in a powerful and restrained drama of mother love.

Paramount, Hill at Sixth—"Paramount on Parade." All hands on the Paramount lot get together to do their bit and they do it well. There are Maurice Chevalier, Clara Bow, Mitzi Green and many others.

Ritz, 5500 Wilshire—"Such Men Are Dangerous." A lift to the face will do wonders with love, says Elinor Glyn and Warner Baxter proves it.

Palace, Broadway bet. 6th and 7th—"Girl Said No." William Haines once again the bumptious wise-cracker.

Rialto, Bdway bet. 7th and 8th—"Her Unborn Child." This is a cross between a sex preachment and a "Coquette."

R.K.O., Hill at Eighth—"Love Comes Along." Bebe Daniels goes in for more vocalization in some sort of an island romance.

R.K.O. Orpheum, Broadway at Ninth—"Ingagi." Gorillas and their pastimes afford thrills and adventure.

Tower, Bdwy. at 8th—"Hello Sister." Opens today.

United Artists, Bdwy. nr. 9th—"Ladies Love Brutes." Society and the underworld mingle as George Bancroft becomes a gentleman kidnaper.

Uptown, Western at 18th — "Condemned." A romance of Devil's Island, featuring the gallant Mr. Ronald Colman.

Warners' Downtown, Hill at 7th—"Mammy." A story of minstrel background, in which Al Jolson, for once, avoids the mournful note.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"Song of Flame." Stirring singing in the red days of Russia highlight a spectacular picture presenting Alexander Gray and Bernice Claire.

Westlake, 638 Alvarado—"Men Without Women." Men and submarines and death and a splendid picture. With Kenneth MacKenna.

STAGE

Belasco, Hill at 11th—"June Moon." A smart satirical comedy of a "hick" song writer who makes good, in Ring Lardner's best style.

Egan, Fig. at Pico—"For Cryin' Out Loud." The family gathers in the living room again and chat away the evening about their joys and sorrows. With Lorrain Vala.

El Capitan, Hollyw'd Blvd. nr. Highland—"Love 'Em and Leave 'Em." An appealing combination of humor and drama in the life of the working girl. With Isabel Withers.

Figueroa Playhouse, Fig. at 10th—"Up and at 'Em." A speedy musical melange by an all-colored cast, featuring Walter Richardson and the Four Covans.

Hollywood Playhouse, 1735 Vine—"Holiday." The idle rich fit into a neat satire which presents the popular Dale Winter.

Majestic, Bdwy. nr. 9th—"The Student Prince." This favorite combination of a mythical kingdom set to music is given an elaborate revival. With Allan Prior.

Mason, Bdwy. nr. 1st. — "Rah, Rah Daze." Waring's Pennsylvanians entertain with their well-known music and the book is just fair. Dorothy Lee, Evelyn Nair and others are capable.

Music Box, 6126 Hollywood Blvd.—"The Imaginary Invalid." Moliere's comedy is given a slapstick treatment which creates amusement for everyone.

President, Bdwy. at 8th. — "The Blue Ghost." Ghosts and spooks at midnight call for strenuous acrobatics by a cast headed by Bernice Elliott.

Vine-street, 1615 Vine—"Among the Married." A revival of Vincent Lawrence's sophisticated play presenting a powerful performance by Robert Frazer.

VARIETIES

Follies, 4th and Main—Burlesque.

Yachtsman Held in Census Case

SAN FRANCISCO, April 28. (AP)—For his asserted refusal to answer questions put him by a census enumerator, Thomas Degen, vice-president and general manager of the Degen Belting Company of Los Angeles and San Francisco and prominent in Pacific Coast yachting circles, was arrested by a United States marshal here today. Lauretta Pampinella, a woman enumerator, swore to the complaint.

Degen later was released on his own recognizance by United States Commissioner Williams, before whom he will appear tomorrow for a hearing.

Rail Companies Take Sharp Loss in March Profit

NEW YORK, April 28. (AP)—The Atchison, Topeka and Santa Fe Railroad's report of March operations, made public today, showed that net operating income dropped from $4,028,448, the 1929 figure, to $634,817. The aggregate for the first quarter was $4,884,856, compared with $12,250,175 for the corresponding quarter of 1929.

Decreases of varying amounts were shown in the reports of most of the other systems, some of which follow:

Railroad—	1930.	1929.
Baltimore & Ohio	$ 2,784,755	$ 4,182,984
First quarter	6,908,218	9,221,571
New York Central	4,724,463	8,316,795
First quarter	14,446,110	22,646,197

Plans for Radio Merger Advance

NEW YORK, April 28. (Exclusive) The two depositing committees for the common stock of Kolster Radio Corporation that have been acting independently, have completed their plans for consolidation and there is now one committee working in the field.

This new committee is a consolidated committee, having taken over the entire personnel of each committee. The new deposit agreement will be shortly offered. The eastern depositary is the National City Bank of New York and the western depositary will be the Anglo-London and Paris Bank, San Francisco. The officers of the new committee are: Messrs. John C. Duncan, chairman; Lawrence M. Bainbridge, vice-chairman, and Samuel J. Marshall, secretary.

Huge Oil Lease Deal in Texas

SAN ANTONIO (Tex.) April 28. (AP)—The Continental Oil Company has purchased from the Texas Pacific Land Trust Company commercial oil leases on approximately 145,000 wildcat acres in Ector, Reagan, Reeves, Loving, Midland and Culberson counties for a consideration running into six figures.

This announcement was made here today by Northrup and Car, field representatives for Kloh, Rumsey and Abrams, trustees for the trust company, which owned 2,000,000 acres in thirty-two West Texas counties and had production on holdings in Howard, Glasscock, Mitchell and Ector counties. The purchase was reported the largest checkerboard play ever made in West Texas.

Record Quarter for Coca Cola

NEW YORK, April 28. (Exclusive) Coca Cola Company in its March quarter report today announced new high quarterly records for both sales and earnings in the first three months of this year. Net income was $2,849,156 after charges, but before Federal taxes, equal after Class A dividends to $2.08 a share on 1,000,000 common shares, as against $2,554,630 before Federal taxes in the 1929 quarter, or $1.80 a share on the same common share basis. The gain in earnings over the same period last year amounted to 11.53 per cent.

Gross sales aggregated $8,370,589, an increase of 10 per cent over the sales of $7,601,073 reported for the same three months of 1929.

Refractory Net Earnings Jump

PHILADELPHIA, April 28. (Exclusive)—General Refractories Company today reported for the quarter ended March 31, last, net income of $760,040 after all charges and taxes, equal to $2.53 a share on 30,000 capital shares as against $591,744 or $1.97 a share on the same share basis in the 1929 quarter.

The directors declared an extra dividend of 25 cents and the regular quarterly of $1, payable May 26 to stock of record May 10.

Diamond Match Profits Higher

NEW YORK, April 28. (Exclusive) Diamond Match Company for the quarter ended March 31, last, today reported net earnings of $435,851, equal to $2.56 a share on 170,000 capital shares, as against $411,504, or $2.48 a share on 166,000 shares in the 1929 quarter.

Consolidated net income of the company for the quarter ended March 31, last, totaled $710,136, equal to $4.18 a share.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

Se Hará un Santuario de la Casa Natal del Padre Serra

PALMA (Mallorca, Islas Baleares) Abril 28.—En el pueblo de Petra, lugar donde nació Fray Junipero Serra, fundador de las misiones de California, se glorificará la memoria de tan santo varón, que vio allí la luz en 1713, y murió en California en 1784.

Una comisión compuesta del señor Luliana, director de la Sociedad Arqueológica, el presidente de la diputación provincial, el gobernador civil, y varios monjes de la orden de franciscanos, estaba hoy en Petra estudiando los medios para declarar santuario nacional la casa donde nació el padre Junípero.

Los actuales dueños del viejo inmueble tenían la intención de derribarlo, cuando supieron del proyecto de honrar la memoria del famoso misionero. Las autoridades se proponen colocar una lápida en la casa.

El padre Junípero Serra, que ingresó en la orden de San Francisco en 1729, se fue a la ciudad de Méjico en 1750, con el fin de consagrar su vida a la labor de misionero entre los indios. En 1769, fue con una expedición a California, y fundó en San Diego la primera misión de dicha comarca. En 1770 fundó la de San Carlos en Monterrey, y un año adelante, las de San Antonio y San Gabriel.

Comenzó en 1776 la misión de San Francisco, y la de Santa Clara, en 1777. Muchas otras misiones menores fueron levantadas por el padre Junípero o sus subordinados, y constituyeron las primeras comunidades civilizadas en California.

Firma Hoover la Ley de Ayuda a los Agricultores

WASHINGTON, Abril 28.—El presidente Hoover ha firmado hoy una disposición, por la que se amplía lo proveído en la moción dictada para ayuda de agricultores en el sur, el centro y el oeste del país. La ampliación consiste en que se otorgarán préstamos a los interesados para que compren combustible y aceite para los tractores empleados en el beneficio de la tierra.

Un Consejo de Greeley le Salvó la Vida.

CHICAGO, Abril 28.—Hace setenta y cinco años que, habiéndosele advertido a William Verity en Nueva York que no le quedaban más que unos cuantos meses de vida, fue el sentenciado a pedir consejo a Horace Greeley, redactor, a la sazón, del New York Tribune.

Greeley le dio su famoso consejo: "Márchese al oeste, joven." Verity lo siguió, y ha vivido hasta los 97 años de edad. Acaba de morir, y hoy serán sus exequias. Logró llegar a ser uno de los primeros grandes negociantes de Chicago.

Muere un Parroquiano Durante el Asalto a un Café

BELLMAWR (Nueva Jersey) Abril 28.—Durante un atraco llevado a cabo en la madrugada de hoy por seis enmascarados, fué muerto de un balazo un parroquiano del Bellmawr Country Club, establecimiento extra muros, cercano a ésta.

Los pistoleros atracantes escaparon tras haber robado a los clientes y pillado la caja registradora. William Weirman, de 39 años, es el parroquiano muerto de un balazo cerca del corazón, por haber ofrecido resistencia.

Cuando los bandidos entraron, había en el establecimiento diecisiete personas, incluyendo en la cuenta a los empleados. Pistola en mano, obligaron los bandidos a los concurrentes a alinearse contra la pared y a levantar las manos. Weirman se negó a obedecer, y uno de los bandidos le disparó a boca de jarro.

Tras el despojo, del que no se escaparon ni los bolsillos del muerto, los ladrones se dieron a la fuga en el coche de uno de los parroquianos.

NOTAS LOCALES

Pide $150,000 por el Amor de su Esposa

Meyer Ostroff, abacero, reclama de Benny Natorwinz, fabricante de pinturas de Vernon, $150,000 de daños y perjuicios por la supuesta enajenación del amor de la esposa del primero. El juicio entablado con tal motivo por Ostroff contra Natorwinz se empezó a ver ayer ante el juez superior Yankwich.

La señora Dora Ostroff, esposa del abacero, se divorció de éste, por motivos de crueldad, en 17 de Julio de 1929. El fabricante de colores asegura que la señora Ostroff tenía ya perdido todo amor por su marido antes de que él entrara en escena.

NAL CENSUS CHECK STARTS

lation Here Expected to be Told Thursday

ers Worried as End of Listing Period Nears

ial Effort Made to Get 100 Per Cent Tally

A. C. Munson, supervisor of the local census district, predicted that unofficial reports on the Los Angeles county census total will be ready for release by Thursday, during an address last night at the Los Angeles City Club.

In pointing out problems met by enumerators to N. Bedford Trenham, chairman of the meeting, Munson declared that his force is extending every effort to report a clean slate of the local district as soon as possible. He would give no approximation of the count so far.

The government, in asking residents whether or not a radio is owned by them, wants to know what percentage of the population can be reached over the air and in asking the sex and age of persons in this country desires to estimate the possible fighting force that could be mobilized in time of war, Munson stated.

Considerable uneasiness over the completeness of the count in the United States census under way in Los Angeles county since the [illegible] inst., has begun to be felt in [illegible] circles, according to Harry Baskerville, chairman of the special committee formed by the Chamber of Commerce to help effect a 100 per cent count.

The census in city territory was to have ended on the 16th inst., he pointed out, and on the next day the committee went into one large downtown business establishment and asked 2529 persons whether they had been enumerated. Of that number, 435 said they had not been. In other words, 17.2 per cent, Baskerville said, had not been enumerated.

The count, however, did not end on the 16th inst., but was extended under authority of the Washington headquarters and on last Thursday, one week after the committee's first check, the committee went back to the downtown establishment and of the 435 persons who one week before had not been listed, the committee found [illegible] of whom 331 had been got on the lists and 104 had not been. In other words, Baskerville said, there was still 4.11 per cent of the original 2529 yet uncounted.

REPORTS FOUND WRONG

How a similar check in about [illegible] other establishments turns out will be the object of further studies today by the committee, Guy [illegible], its secretary, said.

Census Supervisors Ballentine and [illegible], however, pointed out that some persons who reported that they had not been enumerated actually had been enumerated by their wives or other relatives at home. Ballentine said that of ten [illegible] of persons who reported that they had not been enumerated he found two lived at the same address and that the enumerator had not overlooked them but had not yet reached the neighborhood in which they lived and that the other eight actually had been enumerated at home by persons in their family.

The supervisors especially request that before persons send in statements about not having been enumerated that they ascertain whether any member of their family has [illegible] been listed. This, Ballentine pointed out, can be done easily by the informant, whereas, it takes a [illegible] of routine work and time to run down the duplication in census headquarters.

The Chamber of Commerce committee tomorrow noon will hold a [illegible] with the supervisors and take up the situation.

WORKERS STILL IN FIELD

When the census authorities in Washington apportioned this county they divided it into 1533 precincts in which they somewhat arbitrarily estimated were about 1800 persons each. In some of these districts as many as 4000 residents have been found, [illegible] in one not a single person was found to be residing there. In all, the county

HER HUSBAND TOO "TEMPERAMENTAL"

Elise Bartlett

WIFE AVERS FILM ACTOR ARROGANT

Schildkraut Egoistic and Abusive to Her, Declares Spouse in Divorce Plea

Joseph Schildkraut, motion-picture actor, carried his temperament from the screen to his home and provoked his wife, known as Elise Bartlett, by calling her a "rotten actress," according to her divorce complaint on file yesterday.

JOSEPH SCHILDKRAUT

At the same time it was Schildkraut's custom to refer to himself as a "great actor," and an "artist with a world-wide reputation," the complaint asserts. He stigmatized his wife as a "frivolous little fool" and an "ignoramus."

Further demonstrations of artistic temperament culminated in the smashing of furniture, says Mrs. Schildkraut, and on one occasion Schildkraut locked himself in his room in a fit of anger. He was often sulky and morose, it was stated, and nagged his wife about her hair, her dress and her housekeeping.

Neil S. McCarthy, attorney who filed the suit, said that the parties have drawn up a property settlement. Mrs. Schildkraut will get $250 a week alimony from her husband's salary of $1500 a week.

The couple were married April 7, 1922, and separated January 12, last. There are no children.

Girl in Charge of Aviatrices in Aerial Fete

Edith Bond, local girl flyer who recently made an unusual record of more than 85 per cent in her examination for a limited commercial pilot's license, has made equal progress in studying military aviation.

EDITH BOND

Miss Bond is in charge of the assembly of all the girl pilots from Southern California who will take part in the aerial festival tomorrow afternoon at the Culver City Airport. Every aviatrix in the south will take orders from this slip of a girl tomorrow.

"The five dozen or more girl pilots are scattered all over the south Pacific Coast," said Miss Bond, "and it has been my job to bring them to Culver City at prearranged times. I ver City at prearranged times. I am using the same system now employed by the Army, and I feel certain that the girls will arrive at Culver City at the exact minute they are ordered to set down."

BANKER'S PLEA CONTINUED

Joseph Glenn Astle, former branch manager for the Citizens' National Trust and Savings Bank, who was indicted recently by a Federal grand jury for misapplication of $3000, appeared yesterday before United States District Judge Cosgrave. Time for entry of his plea was continued until next Monday.

LAVINE WILL GO ON TRIAL TODAY

Reporter and Woman Face Extortion Charges

Crawford Plans to Testify in $75,000 Plot Case

Pair Accused of Scheme in Julian Oil Debacle

Details of a $75,000 extortion plot charged to Morris Lavine, former newspaper man, and Miss Leontine Johnson, former confidential secretary of S. C. Lewis, will be told to a jury by Charles Crawford, local politician, and central figure in the scheme, it was announced last night.

Trial of Lavine and Miss Johnson will get under way today at 10 a.m. in Department Twenty-three, Superior Court, Judge Schauer presiding, and the statement that Crawford will take the witness stand and tell the story of the asserted attempt at blackmail came after he had conferred with Dep. Dist.-Attys. Dennison and McKay, who will prosecute the charges.

Earlier reports that Crawford, who is under indictment on charges growing out of the Julian stock issue investigation, would decline to testify, were declared unfounded after the witness and his counsel, Attorney Christensen, spent two hours with the prosecutors.

READY TO TESTIFY

During the two-hour conference yesterday, Crawford, who is asserted to have handed the $75,000 in marked $1000 bills to Lavine, went over the entire case and informed the District Attorney men that he is ready to appear as the chief prosecution witness.

The charges against the former newspaper reporter and the former secretary revolve about a series of articles purported to be written by Miss Johnson, which were to reveal some hitherto unknown secrets of the Julian collapse.

It is asserted in the indictment that Lavine, acting as an agent for Miss Johnson, approached Crawford with a plan to delete certain parts of the articles for the payment of money.

KENT PARROT INCLUDED

The scheme also is said to have included Kent Parrot, attorney and political leader; Abe Morris, broker, and Jacob Friedlander, former Corporation Commissioner. They with Crawford were to supply the $75,000, which would halt the publication of information that was asserted to be detrimental to their reputations.

Parrot and Morris revealed the affair to the District Attorney, and when Lavine appeared at the office of Crawford and received the money he was immediately placed under arrest. The indictment followed. Lavine has charged that the entire affair is a frame-up and that he was "selling two suitcases of documents to Crawford for Miss Johnson."

Both prosecution and defense announced yesterday that they are ready to proceed to trial today. It is expected that the hearing will require at least two weeks, and some thirty-two witnesses are under subpoena.

Attorneys Rush and Bierne, defending Miss Johnson, declared yesterday that reports that she will become a prosecution witness were without foundation. "We are ready for trial," said Beirne, "and our client has no intention of seeking favors for her testimony. We will try the issues involved on their merits."

Attorneys Clark, Cantillon and Kendrick will direct the Lavine defense and they announced readiness for presentation of the case before a jury.

Wholesalers Move to Boost Gasoline Price

With the asserted purpose of ultimately raising the local retail price of gasoline to 21½ cents a gallon, wholesalers of fuel yesterday were charging dealers as much as 17½ cents a gallon, it was reported by persons in close touch with the recent stabilization move.

No change, however, was reported in the average retail price of 19½ cents to motorists, despite the fact that some station owners were selling on a 2-cent margin, while others were able to work on a 4-cent-a-gallon profit.

When the final 2-cent retail raise will be made could not be predicted.

HEARING CONTINUED

The hearing of appeals by the City Council against confirming assessments for the opening and extending of Killion street from its easterly terminus to Tujunga avenue was continued yesterday until May 6.

'CIVICALLY PURE' CITY VISIONED

Theaters and Public Asked to Aid Mayor's Ideal by Main-Street Reform

A conference with various theatrical and civic organizations, in accord with Mayor Porter's desire, "to make the city civically pure," was called yesterday by City Prosecutor Nix.

The purification conference will be conducted at 2:30 p.m. today, the scene being his office in the City Hall. The beautification confab, Nix states, is the direct result of the agitation over "Main-street shows and the rackets practiced in Los Angeles."

The co-operation and counsel, states Nix, of the persons called to the conference is needed to clarify a condition which he says is often beyond the reach of the law enforcing agencies. The meeting is called with the approval of Mayor Porter.

BOND VOTE AUTHORIZES CIVIC PLAN

Hall and Center Projects Pass in Beverly Hills by Overwhelming Margin

Beverly Hills yesterday voted overwhelmingly in favor of a $1,100,000 bond issue for a civic center and new City Hall project. The votes cast at the special election were 1028 in favor and 384 against. The 1412 votes cast represent a third of the total registration.

The Beverly Hills Civic Improvement Committee sponsored the project. The civic center authorized by yesterday's vote will cover five blocks and will be built on a site in the center of the Beverly Hills business district owned by the Pacific Electric, but now occupied by a lumber yard.

Space will be reserved on this civic center for erection in the future of a Federal building and postoffice, application for which has been made in Washington. A patriotic memorial hall also is contemplated. Existing funds will care for a fire department headquarters, Chairman Len Haddock said in explaining the comparatively small amount of the bond issue.

The area affected is a strip along Burton Way between the Pacific Electric right of way from Canon Drive to Rexford Drive and that property bounded by Santa Monica Boulevard, Rexford Drive, Burton Way and Canon Drive.

DAIRY HEALTH PARLEY WILL BE HELD LATER

A conference scheduled yesterday in the health building between Dr. George Parrish, city health officer, and representatives of the dairies which furnish milk for Los Angeles, on the number of inspectors and laboratory technicians needed to inspect milk brought into this city, was postponed a date to be announced later, as the necessary dairy representatives were unable to be present, it was stated. The information is sought for the City Council, which is considering a plan to employ the necessary help for this work, which now is being paid for by the dairies.

LIP-READING TAUGHT

Special classes in lip-reading for hard-of-hearing adults are in progress at the Fremont-avenue school, it is announced by Florence Messner, instructor. They are conducted Tuesdays and Thursdays at 1 p.m.

ZERO HOUR ON TAXES PASSES

Millions Still Out at Noon Yesterday

Last-Minute Rush Heavy

Long line of property owners waits at collector's window during closing hours before delinquency.

PROBABILITY of several millions of dollars in county taxes for the fiscal year 1929-30 being placed on the delinquent tax roll, as a result of thousands of taxpayers failing to make their payments by 5 p.m. yesterday, loomed last night. Compilation of collections at noon disclosed that $99,759,477.94 of the total of $130,780,061.07 to be collected had been credited on the Tax Collector's books.

Tax Collector Welch explained, however, that collections from noon until the closing hour yesterday at 5 p.m. and a large quantity of unopened mail undoubtedly will reduce the unpaid balance of $31,020,583.13 when a final count is made.

The amount of paid taxes at noon yesterday represented 76.28 per cent of the total to be collected. Last year at the same time 78.38 per cent of the total to be collected was in the office.

Those who failed to make their tax payments by 5 p.m. yesterday will be compelled to pay a penalty of 5 per cent as well as a cost charge of 50 cents on each item taxed.

Between the business hours of noon and 5 p.m. last Saturday and 9 a.m. and noon yesterday $3,459,688.97 was collected by the office.

BOARD WILL STUDY RIVER LEVEE BIDS

Supervisors Reject All But Three Because of High Prices Submitted

Three of the eighteen bids for building Los Angeles River levees from Lynwood to Long Beach will be considered by the Board of Supervisors, it was decided after the bids were in yesterday. The other fifteen were rejected because they were too high.

Lowest bidder was the Schweitzer Construction Company, with an offer to do the work for $6840 per mile. Other bidders were Ruddick Construction Company, $7500, and the M. E. Dimmock Company, $7800.

On May 5, bids for rip-rapping of earth levees to protect them from flood waters will be considered. Estimated cost of this work is $170,000. Some flood-control levees are protected by an application of cement by compressed air over wire netting.

QUIZ BEGUN IN ATTACK ON CHURCH

Corner-stone Torn from Baptist Edifice, Once Fired by Arsonists

Sheriff's office investigators yesterday were conducting an inquiry into what appeared to be a concerted effort on the part of unidentified persons to damage the Mt. Olive Baptist Church at 9428 Damora street.

The investigation was begun by Capt. Gregg of the Florence-avenue Sheriff's substation following the report of Rev. James Spencer, pastor of the institution, that some time Saturday the cornerstone of the building had been removed and broken to pieces.

The minister also disclosed that about three months ago an attempt had been made to set the church on fire by saturating the back door with oil and igniting it. The fire went out of its own accord after consuming a portion of the door.

The cornerstone, which was sandstone and about three inches thick by eighteen inches wide and two feet long, had been pried out of its frame and stucco foundation and carried to the side of the building where it was broken in several pieces. Church records which were back of the stone were not taken.

Mr. Spencer stated yesterday that on one other occasion an attempt had been made by unknown persons to lock the church so that no one could enter.

Local Red Chief Held for Valley Strike Activities

Frank Spector, local Communist party organizer, was arrested yesterday as he was leaving the Immigration Office at Temple street and Broadway. Detective Lieutenant Hines of the police intelligence section arrested Spector, who is wanted by Sheriff Gillette of Imperial county on charge of fomenting strikes among the cantaloupe pickers. Spector was booked on charge of suspicion of criminal syndicalism.

He is 37 years of age, lives at 2719 Folsom street, and has been arrested repeatedly on charges of blocking sidewalks, distributing Communist handbills and participating in demonstrations. He described himself as secretary-treasurer of the Communist party local organization.

PAVING PETITION REFERRED

The petition of D. Fragner and others for the improvement of Ridgeway Road from Douglas street to Laveta Terrace with permanent pavement was referred by the City Council yesterday to the City Engineer and the Public Works Committee.

OLD FOES BANDY "LIAR" CHARGES

Dist.-Atty. Fitts Says Lewis Statement False

Immunity Expressly Denied, Official Declares

Defendant Cites Prisoners to Back Contradiction

The feud between Dist.-Atty. Fitts and S. C. Lewis, central figure in the Julian cases, whom Fitts had brought back from McNeil Island to stand trial on bribery charges, broke out anew yesterday.

Both men appeared in Superior Judge Wilson's court where Lewis was granted a continuance of his trial to May 12, and shortly thereafter Fitts issued a statement wherein he said that Lewis told falsehoods when he said that he (Fitts) had bargained with Lewis to use the latter as a State's witness in the forthcoming Julian stock overissue trials.

LEWIS COUNTERS

Lewis promptly came back with a statement of his own in which he declared that it was the District Attorney who was untruthful and that he could prove it.

"While I was incarcerated in the County Jail here a few weeks ago," said Lewis, "Fitts came up to the jail three times. I refused to see him and twenty-two men who were in the same cell block heard me tell the turnkey that I wanted nothing to do with Fitts. The District Attorney returned again, however, and made his requests so strong that I was practically forced to talk to him.

PROMISES ASSERTED

"When I did see him he told me that if I would plead guilty in the stock overissue cases and appear against the other defendants that he would give me the same immunity deal that Jacob Berman was getting. He said that the day after I testified I could leave for McNeil Island and would never be brought back if the judge imposed any sentence on my guilty plea.

"He made three different propositions, all of which I refused, and rather than be annoyed with him any more I complained to United States Marshal Sittel and the latter told me that he had requested Fitts not to bother me, as I was then a Federal prisoner."

Fitts's statement, in part, follows: "His (Lewis's) entire statement is a mass of cunningly planned lies and falsehoods.

FITTS'S STATEMENT

"Lewis, before leaving Los Angeles for the Federal penitentiary, sent word that he desired to talk with me. In the presence of a reputable business man of this city and Robert P. Stewart, Chief Deputy District Attorney, Lewis asked me if he would be permitted to plead guilty to the indictment pertaining to the overissue of Julian stock.

"At that time only one other case was pending against him. I informed him that our office would accept that plea. In the presence of these other parties I informed him that the State did not care to use him as a State's witness, as I would not personally believe him under oath, and therefore could not conscientiously ask a jury to do so. In this statement Mr. Stewart and the other party personally desire to join, both as to what actually transpired and as to the entire falsity of Lewis's statement.

"SMOKE SCREEN" SEEN

"Lewis in a last-minute effort is but attempting to throw a smoke screen around the case on which he is to go to trial today. His is a statement in keeping with and inspired by certain newspapers and politicians having as a sole object the prevention of the guilty Julian Corporation wreckers being punished for their crimes."

Lewis's first move in court yesterday was to file a plea in abatement setting up the technical ground that the court had no constitutional right to bring to trial a Federal prisoner. The plea was denied by Judge Wilson.

INFORMED OF RIGHT

While the proceedings were going on the court informed Lewis that he might ask for another hearing before Presiding Judge Doran on the question of prejudice. Lewis originally filed an affidavit of prejudice against Judge Wilson but was on his way to McNeil Island when Judge Doran found Judge Wilson unprejudiced. In view of his absence Judge Wilson informed Lewis that he had a right to reopen the matter. Lewis reserved decision on the matter.

The matter of bringing Jacob Berman back to Los Angeles for trial was broached by Judge Wilson, also. He declared that he understands that a writ of habeas corpus ad prosequendum will be filed in his court within the next few days by the District Attorney's office to bring back Berman from McNeil Island, where he took refuge

The Lancer

by Harry Carr

WE are having a violent flirtation with a beautiful senorita of the age of 8 years.

She is a pitiful little tyke with eyes that tell all the sorrows of the world; eyes that burn. In fact, she looks like a tiny St. Cecilia-at-the-organ.

All day she stands on the steps of the hotel and offers you papers with a tiny little whispering voice. The appeal in her eyes would have turned Nero into a Good Samaritan.

I asked her her name and gave her a nickel. And one day I asked her where she got her eyes. So now every time she sees me she comes up and says very softly: "Mi nombre es Mariana Dolores Pacheco y yo tengo ojos calientes." ("My name is Mariana Dolores Pacheco and I have hot eyes.")

And then she holds out her little thin hand.

SLAVERY

The sequel is not so good. Every few minutes a slattern with flat feet and cock eyes comes shuffling up and takes away the nickels we give to Mariana Dolores Pacheco con los ojos calientes.

TASTE WAS WRONG

In the lower part of Guadalajara is a desolate wreck of a large brick building with broken windows staring out tragically. It is the monument to a grand scheme that went wrong. On the side of the building are the remains of a high sign announcing that here are made tortillas absolutely sanitary—not polluted by the touch of a human hand.

The reason the project failed was that the cash customers complained that the tortillas lacked the "flavor of the hand." A little sweat is sort of tasty, it appears.

FOREIGNERS

It is curiously interesting to see the direction that national temperament takes in Mexico. If you hear that a foreigner is in business here you know the business when you hear the nationality.

The department stores of Guadalajara are all French. No one else has ever been able to get to first base.

The mining operations are either English or American.

The public utilities are usually Canadian or American.

The manufactures are in the hands of Germans; also most of the banks.

Sidewalk peddlers are Syrian.

The most popular foreigners are Americans, Germans and English. They don't like the French because the French never mingle with the natives. They live for the day when they can go back to Paris. The Mexicans hate the Syrians. Germans ordinarily marry Mexican girls of the better class and become a part of the land. They go to great pains really to acquire the language in all its fine points.

BACKWASH OF REVOLUTION

No one will ever know what Mexico has suffered from revolutions. It is something not to be calculated in money. It must be calculated in a period of nineteen years during which time the government was in the hands of brakemen acting as governors of great States. The most promising thing about Mexico of today is that the class of executives is improving. I have met the governors of four Mexican States. Three impressed me as earnest, progressive, far-seeing men.

CLERGY AIDS WATER BONDS

Ministerial Association Votes Indorsement of Proposed $38,800,000 Issue

Unanimous approval of the proposed $38,800,000 bond issue for improvement and expansion of the Los Angeles water system was voted by 200 members of the Ministerial Association at a conference conducted yesterday at First Methodist Church.

Vote on the approval of the water bonds followed an address by Mrs. Nora O. Weaver, who cited the fact that the growth of any city is largely dependent upon its water supply and that failure to vote the bonds will retard the development of Los Angeles and might result in a serious water shortage.

"Many persons do not seem to be aware of the fact that 50 per cent of the water used in Los Angeles is pumped from underground," said Mrs. Weaver. "At present 100 of the 128 wells from which this water is pumped are under injunction, although the courts, on the strength of their faith that the bonds will carry and that all water rights will be purchased, have lifted the injunctions until after election. If the bonds are not voted, these injunctions probably would become permanent, which would spell disaster for Los Angeles. About $7,000,000 of the bond money will go to purchase

ORATORY FINALS ON FRIDAY

Judge Wilbur to Preside at Shrine Auditorium; Seat Demands for Event Heavy

Reservations for the Pacific Southwest finals of the National Oratorical Contest on the Constitution, at Shrine Auditorium Friday evening may be made by writing or telephoning the oratorical contest department of The Times. Applications will be filled in the order of their receipt. All reservations received up to 5 p.m. tomorrow will be sent by mail. After that time reserved seats may be had by calling at The Times Oratorical headquarters up to 4 p.m. Friday. Then at the ticket window, Shrine Auditorium, up to 8 p.m.

All seats on the first floor are subject to reservation. The gallery, seating 3000, is unreserved. Doors open for the unreserved seats at 6:30 p.m. No admittance fee is charged.

JUDGE CURTIS WILBUR

Curtis D. Wilbur, former Secretary of the Navy and now judge of the United States Court of Appeals, will preside.

Doors will open at 6:30 p.m. and the musical features will begin at 7:30. Because of the nature of the program, which must not be disturbed after the speaking begins, all who attend are asked to be seated by 8 p.m.

Groups from the various schools are expected to fill a large portion of the first floor. Already applications are coming in for blocks of tickets. Long Beach wants 500 seats, indicating that the home city of Odie Wright, winner of the recent semifinal contest in District No. 6, will turn out in force to back their favorite.

The standards of the seven schools represented by the contestants will be placed in different sections of the main floor and students will assemble at their respective standards. The singing of school songs, the shouting of school yells, the waving of banners and other demonstrations common to school contests, with band music interspersed, will make the time lively and interesting; so that those who arrive early will get the full benefit of a colorful entertainment.

BENJAMIN F. BLEDSOE

Judge Wilbur will be presented to the audience by former Judge Benjamin F. Bledsoe.

Dr. Ray Lyman Wilbur, Secretary of the Interior and a brother of Judge Wilbur, has been chosen to make the address at the grand finals of the contest at Washington, D. C., May 24. The American Bar Association is always represented at the Washington finals and the President, members of his official fam-

CIVIC CENTER SNAG CITED

Uncertainty as to Bunker Hill, Graves Asserts, Blocks Progress on Development Plans

Progress in planning the future of the civic center is retarded by indecision in regard to the project for grading Bunker Hill, Supervisor Graves stated at a meeting of the Board of Supervisors yesterday, when A. J. Barnes, representing the Biltmore Improvement Association, requested a donation of $5000 for a survey of the work.

"If the hill is to be lowered, the Courthouse structure planned for the west side of Broadway, between First and Temple streets, will have to be of a different design than if the site remains at practically its present elevation," Supervisor Graves said.

Mr. Barnes stated that his association has raised $25,000 by subscription for the survey, and declared the county should be interested enough, on account of the Civic Center, to give $5000 more.

Supervisor Graves said the county has set aside $20,000 for regional planning, and it might be possible to use some of this money for the Bunker Hill survey. He added that he will consult with Councilman Williams, in an effort to co-ordinate the expenditures of the city and county in the matter.

The board postponed consideration until its next meeting.

CHIEF STECKEL SUSPENDS BEAN

Action on Order of Mayor Following Conference

Accident in Saturday Night Traffic Responsible

Patrolman McCoole Also Relieved from Duty

As the result of a closed-door conference at the City Hall yesterday morning in which, it was learned, members of the Police Commission, Mayor Porter and Chief of Police Steckel participated, Captain of Detectives James F. Bean, head of the central police homicide squad and member of the Los Angeles Police Department for more than twenty years, was suspended.

While details of the deliberations were withheld, it was learned that Bean's suspension by Chief Steckel was ordered by the Mayor after Commissioner Drake had explained that he had made a personal investigation of a traffic accident in which Capt. Bean was involved late last Saturday night, and that witnesses had informed him that Capt. Bean "had liquor on his breath."

Coincident with Bean's suspension was that of Patrolman Delos A. McCoole of the University division who, with Patrolman Holly, made a preliminary investigation of the accident. It was stated that Drake asked for McCoole's suspension because he had failed, in the opinion of the commission, to make a proper report of the accident within the legal time limit.

While members of the Police Commission admitted that the commission's investigating department will conduct an independent inquiry into the matter, Chief Steckel was ordered to make a regular police investigation. This was assigned to Deputy Chief Cross who placed it in the hands of Chief of Detectives Taylor, and who turned it over to Inspector of Detectives Slaten.

The accident occurred, according to Capt. Bean's report, at Mesa Drive and Thirty-eighth street.

BEAN STATEMENT

"I was going home about 11 o'clock Saturday night," he stated, "and was driving south on Mesa Drive when, near Thirty-eighth street, two motorcycle officers went by with sirens wide open. Thinking I might be of some help I pulled to the left of a car ahead to follow. As I went by another car was coming toward me. Before I could swerve out of the way the left front wheel of his machine and the left front wheel of my car struck.

"The force of the impact threw me forward against the windshield, fracturing my nose and knocking me out. When I came to, and after looking over the cars, I admitted to J. Rockwell Gould of 848 West Twenty-third street, driver of the other car, that I believed the accident to be my fault and paid him for the damage."

Officers McCoole and Holly took Capt. Bean to the Georgia-street Receiving Hospital. His nose was found to be broken and he was suffering from concussion, according to Police Surgeon Saverien.

DOCTOR'S DENIAL

"Capt. Bean was dazed from the effect of the concussion," Dr. Saverien declared, "but he was certainly not intoxicated nor did he have any liquor on his breath when I examined him."

Capt. Bean denies he had been drinking. Officers McCoole and Holly both declare he was sober.

Officer McCoole, in explaining his reason for not making a report on the accident, according to Commissioner Drake, was that no one had been injured other than Bean and the latter, being his superior officer, would take charge of the matter.

Capt. Bean explained that he did not make a report of the accident until Sunday night because of his injuries, and because he did not believe it immediately necessary.

CONDAFFER IN CHARGE

Detective Lieut. Condaffer was temporarily placed in charge of the homicide squad.

This is the second time within a year that Bean has been suspended by order of the Police Commission. The first time he was relieved from duty June 6, 1929, when it was asserted he had been negligent in the search for William Tallman, wanted for the murder of Mrs. Virginia Patty. He was restored to duty eight days later, but detailed to Venice. Three months ago he was returned to Central, shortly after Joseph Taylor was made chief of detectives.

"I wanted Capt. Bean in charge of homicides because he is the most capable man in the department for that work," said Chief Taylor.

Police Commissioner Drake, questioned yesterday, denied that he had instructed the Chief to suspend the men, but stated he had given information on the case to the Chief, for him to take action.

Drake stated he was called on the telephone Sunday morning by a citizen who witnessed the accident. Drake said he examined five witnesses who said they saw the crash and they informed him that Capt. Bean was intoxicated.

Banker Denies Funds Charge

Richard Roberts, formerly vice-president of the South Pasadena National Bank, pleaded not guilty yesterday before United States District Judge Cosgrave to a charge of misapplication of $12,000 of bank funds.

He was recently indicted by a Federal grand jury. The case was continued until September 8 to be set for trial.

BEACH CLUB APPOINTS SUGARMAN MANAGER

Appointment of Harry M. Sugarman as general manager for the Santa Monica Breakers Club, which has taken over the beach organization formerly known only as the Breakers Club, has been announced. The club will be operated hereafter by the owners, Gore Brothers & Langley. All leases to others have been canceled.

CALIFORNIA NOVELISTS FLOOD BOOK MARKET

How's your novel?

This, apparently, stands a good chance of being one Californian's greeting to another.

According to Joseph W. Lippincott, president of the Lippincott Publishing Company, of New York, Philadelphia and Chicago, California climate is proving a real inspiration for writers.

"There are more good writers in California than in any other center," Lippincott declared. "California's authors outnumber those of other States three to one."

Lippincott says a trip to California, residence in a little house by the ocean and the giving of one's self to the inevitable surges of inspiration provide a good start on your new novel.

But, the publisher warns, writers are producing works faster than the reading public can devour them. In fact, he thinks it might be a good idea to give the readers a year to catch up with their reading, unbothered by the appeal of new book lists. Nevertheless, he continued, the publishing business is expanding all the time.

Lippincott, who leaves for the East today, had high praise for the Los Angeles writer, Tristam Tupper, whose "The Storm at the Crossroads" is attracting wide attention.

FINAL CENSUS CHECK STARTS

(Continued from First Page)

was calculated to have about 2,500,000 persons, but none of the five supervisors yesterday would venture a guess as to whether the actual count to date indicates more or less than this figure. In fact, the supervisors declared no figures yet have been tabulated that will warrant anybody making a guess.

Ballentine said that his district contained 301 such "1800-population precincts" and that actually the count is averaging only about 1000 to the precinct.

Each precinct has one enumerator assigned to it originally. Of Ballentine's 301 about seventy-five actually are working in the field, but he pointed out that such enumerators as are working in rural precincts have until Friday to complete their work. Rural precincts were given thirty days from the 2nd inst. whereas city precincts were given two weeks.

CHAMBER GIVING AID

DeCoudres said that of his 409 enumerators about seventy-five are still working in the field. Supervisor Munson reported about twelve still working in the field out of 308 originally. Supervisor Kincaid reported eight still working out of 301. Supervisor Chenoweth was uncertain about his situation.

Munson was pleased yesterday over the spirit displayed by one man who went to headquarters and asked to be listed. He was U. P. Xoraster, 120 East Thirty-ninth street, 102 years of age, a Russian who had been naturalized.

The Chamber of Commerce has sent letters to apartments and hotels requesting operators to help see to it that everyone of their tenants is counted. This class has given the enumerators more worry than any other.

The chamber also is trying to get authority to have postmen leave slips in every mail box so that anyone who has not been listed can fill out a blank and be got into the big count.

ENUMERATOR FINDS YOUTHFUL BRIDAL COUPLE

HUNTINGTON PARK, April 28.—One of the most youthful brides-to-be in this community was located by Mrs. Louise Bartmus, census enumerator, who had been assigned to a precinct in the Florence district. The bride was 14 years of age on her last birthday, and her husband recently passed his eighteenth birthday anniversary. The mother of the bride resides with the youthful married couple, and all seem perfectly happy, according to the enumerator.

Mrs. Bartmus also found an aged woman, who stated that she was a native of "Alabamy," and that her husband was wounded several years ago while he was "moonshining" in the hills of the South, and she was seemingly very proud of the fact.

The enumerator also states that she visited one house, in which two Mexican families reside. The house has only one room and there are eighteen persons living in it, she was informed.

CENSUS OFFICES

Headquarters of Districts and Branches and Telephone Numbers Listed

Here are the census districts, with the street address and telephone number of their respective headquarters. Anyone who has been missed by the enumerators, should call headquarters of the district in which his residence is located and get a blank to fill out. It is required by law that all persons be counted.

The census districts follow:

Central District—A. C. Munson, supervisor, Los Angeles Chamber of Commerce Building, WEstmore 2461.

Central District roughly is bounded by Sunset Boulevard, Manchester avenue, Alameda street and Angeles Mesa Drive.

Northern District—C. E. Chenoweth, supervisor, 311 East Broadway, Glendale, Douglas 276. Branch in Pasadena postoffice building, Albert Engball, field assistant. Branch for San Fernando Valley in Van Nuys Chamber of Commerce, Robert J. Murray, field assistant, Van Nuys 60.

Northern District generally lies north of Sunset Boulevard to the county line, including Glendale, Pasadena, Palmdale, Van Nuys and San Fernando Valley.

Eastern District—William E. Ballentine, supervisor, 301 Citizens' National Bank Building, Monrovia, Monrovia 232.

Branch in Los Angeles, 2906 North Broadway, Clarence N. Wakefield, field assistant, CApitol 0528.

Eastern District includes the territory roughly east of Alameda street to the county line, embracing Alhambra, South Pasadena, Belvedere, Monrovia and that section.

Southern District—T. G. De Coudres, supervisor, 316 Pacific Southwest Bank Building, Long Beach, Long Beach 64423, or 66433. Branch in Montebello Chamber of Commerce, M. I. Wagner, field assistant, Montebello 17. Branch in Inglewood City Hall, Thomas Jennings, field assistant, Inglewood 1763. Branch in Huntington Park Chamber of Commerce, Lawrence Klinker, field assistant, LAfayette 2788.

Southern District generally includes from Manchester avenue to the sea, taking in Long Beach, Hermosa Beach, Inglewood and other places.

Western District — Clarence L. Kincaid, supervisor, 5427 Santa Monica Boulevard, GLadstone 7192. Branch in Beverly Hills Chamber of Commerce, S. D. Archer, field assistant, CRestview 4126. Branch in Santa Monica-Ocean Park Chamber of Commerce, W. L. Peden, field assistant, Santa Monica 21187. Branch in Culver City, 380 Main street, Glenn A. Davidson, field assistant, Culver City 4161. Western District takes in Hollywood, Wilshire community, Santa Monica and the bay country.

Irrigation Census, Clyde V. Berglund, director for entire county, Los Angeles Chamber of Commerce Building, WEstmore 2461.

PASTORS FAVOR WATER PROJECT

(Continued from First Page)

complete water rights in Mono Basin."

DAY AND GARLAND STRESS NEED OF WATER

Declaring that there is immediate need for more water in Los Angeles and adding that the only possible way to meet this need is to vote for the $38,800,000 water-bond issue on May 20, Addison B. Day, president and general manager of the Los Angeles Gas and Electric Corporation, yesterday added his indorsement to the water issue.

At the same time, William May Garland emphasized the urgent need for the water bonds. As the man in charge of arrangements for the Olympic Games which are expected to bring a million visitors to Los Angeles two years hence, Mr. Garland stressed the importance of developing an additional supply of water to meet the city's actual present requirements.

"Water is basic to life itself," asserted Mr. Day. "In a semiarid region such as Los Angeles, water must be procured from great distances by artificial works.

"The Aqueduct was built to supply the water requirements of 1,000,000 people. The 1,000,000 people, and more are here; and yet other millions are coming.

"Let no one think that the additional water will be needed for the people who are yet to come to Los Angeles; it will be needed to prevent the water shortage which otherwise will surely face all of us because of the coming of the others."

Garland pointed to the fact that the voting of the water bonds will not serve to increase taxes in any way. Said he: "I unreservedly indorse the bond issue.

"This, to my mind, is a most important matter if we are to become a great and contented city. Taxes will not be affected, as I understand the city charter provides that all principal and interest on bonds issued by the Water Department must be paid from its earnings."

SAMPLE BALLOTS TO BE MAILED THURSDAY

The stuffing of sample ballots for the May 20 water bond election will begin tomorrow and they will be in the mail Thursday, City Clerk Dominguez announced yesterday. He is mailing sample ballots to all of the 400,794 registered voters in the city who have qualified in time to participate. There will be 1846 polling places at the election.

The wording of the proposition, the only item to be submitted to the voters, is as follows:

"Shall the city of Los Angeles incur a bonded debt in the sum of $38,800,000 for the acquisition, construction and completion by the city of Los Angeles of a certain revenue producing municipal improvement, to wit: The acquisition, construction and completion of waterworks, including lands, water, water rights, reservoirs, dams, distributing mains and other necessary works and property for supplying the city of Los Angeles and its inhabitants with water, the estimated cost of which is $38,800,000?"

In a box at the right of wording the voter may signify his intention by stamping "Yes" or "No."

BOARD TO HEAR AIR SURVEY

Results of a survey undertaken by Western Air Express, showing that $50,000,000 is now invested in the aeronautic industry in Los Angeles and Southern California, will be told this noon at the weekly luncheon meeting of the Los Angeles Realty Board, it was announced last night by officials. The luncheon meeting will be in the Realty Building, Eleventh street and Grand avenue.

HAVE YOU BEEN ENUMERATED?

United States census officials request that if you have not yet been enumerated, or if you have any doubt about it, you fill out the following blank and mail it to the nearest census office, a list of which is printed herewith.

On April 1, 1930, I was living at the address given below but to the best of my knowledge I have not been enumerated, either there or anywhere else.

COUNCIL HEARS SACRED MUSIC

Baritone Entertains City Officials

Legion Entertainer

Signor Pietro Gladiatore Gentile singing in City Council chamber, with President Sanborn in presiding officer's chair.

Under the auspices of the American Legion Signor Pietro Gladiatore Gentile, baritone, sang sacred songs in the Los Angeles City Council Chamber yesterday and was applauded by the Councilmen and other city officials, who suspended their labors to hear the brief program.

The selections consisted of "The Lord's Prayer" and "Joy Cometh in the Morning," to music by Josephine Forsyth, composer, who accompanied Gentile on the piano.

Gentile is to sing in a concert May 8 in Trinity Auditorium, 847 South Grand avenue.

SLAYING QUIZ HITS SNAG

Lawyer Will Refuse to Give Letters of Mrs. Post and Mrs. Palmer to Investigators

Official demands for the letters and diaries of Mrs. Guy Bates Post and Doris Murray Palmer, found shot to death at Laguna Beach last Thursday, in furtherance of a reopened investigation of the dual killing, today will be refused, Attorney Moresby White, counsel for the two estates, declared last night.

Located at the University Club, where he was dining with friends before returning last night to the beach community to resume his engagements today in the Santa Ana county courts, Attorney White declined further comment on the case, but explained his position.

CAUSE OF REFUSAL

A few hours earlier, Dist.-Atty. West and Sheriff Jernigan announced intentions of inspecting the missives today, but the attorney said the officers will not be permitted to examine the documents.

"Those letters are part of the estate of the two women," White said, "and as such have no part in any inquiry. The case has been closed, I believe, by the verdict of the Coroner's jury of murder and suicide. I see no cause for further investigation."

"What if the officials demand the letters?" he was asked.

"I must refuse them the privilege. I have discussed my position with my colleagues—two judges—and it would be improper for me to surrender the letters."

PROSECUTOR'S ATTITUDE

Dist.-Atty. West says the proposed investigation is intended to set at rest reports of various kinds, principally that the women entered into a so-called "suicide pact."

Attorney White last Saturday announced he had discovered in Mrs. Post's private writing desk a letter written by her shortly before the tragedy in which an asserted death pact is hinted at. The attorney never made public the contents of the missive.

LAST RITES CONDUCTED

"Although there may be other evidence," Dist.-Atty. West said last night, "we have reason to believe that Mrs. Post killed Mrs. Palmer and then shot herself. It is absurd to think Mrs. Palmer could have shot herself, judging by the fatal wounds."

As to reports of two so-called "mystery women" having entered the house after the shootings and fled before the officers arrived, the District Attorney branded them as "without foundation in fact."

Demand for the letters and diaries was to have been made yesterday, but Attorney White was called to Glendale to attend last rites for the two women and could not return to his office until today.

The last services for the women were conducted at the Little Church of the Flowers at Glendale, and after cremation Mrs. Post's ashes were placed in a niche reserved by her former husband, the noted actor, and Mrs. Palmer's in another section of the repository. Rev. John C. Donnell, rector of St. Mary's Episcopal Church at Laguna Beach, officiated at the services.

Acquittal Won by Pair Held in Julian Battle

Lack of sufficient evidence yesterday morning resulted in Justice of the Peace Gamble of Artesia finding Clarence C. Boren and H. B. Flesher, oil operators, not guilty of assaulting J. A. Smith, vice-president of the United Oil Well Supply Company, in Santa Fe Springs on the 17th inst.

The two men were arrested by deputy sheriffs with C. C. Julian, oil and mining promoter, following the complaint of Smith that he had been assaulted. Julian subsequently appeared in court and paid a fine of $100, after his plea of guilty to the charge. Boren and Flesher demanded a court trial and, after presentation of evidence by both sides they were acquitted.

Postoffice Sued for Dissolution of Fraud Order

A petition was filed yesterday by Glen S. Jordan, head of the San Romay Company of 426 South Spring street, asking the United States District Court to restrain Postmaster O'Brien from continuing to enforce a postal fraud order against the company.

The petition says the Postoffice Department executed a fraud order against the company, charging the distribution of mail regarding an asserted cure for tuberculosis and that the company has received no mail since April 12.

Time for hearing on the petition has not been set. Jordan and Charles F. Aycock, former head of the company, are charged with using the mails to defraud and their cases will come up in May to be set for trial.

SEVEN ORATORS IN FINAL TEST

(Continued from First Page)

ily and many of the Senate and House will be present.

The director of The Times oratorical contest announces the following list of distinguished citizens of this and neighboring States who have accepted the invitation to act as judges for Friday night:

Benjamin W. Coleman, associate justice of the Supreme Court of Nevada; Harry H. Culver, Culver City; Cecil B. De Mille, William May Garland, H. D. Ivey, president of the Citizens' National Trust and Savings Bank; Prof. Charles F. Lindsley, chairman of the department of public speaking, Occidental College; Prof. Charles A. Marsh, chairman of the department of public speaking, University of California at Los Angeles; A. G. McAllister, associate justice of the Supreme Court of Arizona, and D. W. Pontius, president of the Pacific Electric Railway Company.

This board of judges was selected with the idea of getting a comprehensive representation of teachers, jurists and business executives.

SORORITY GIRLS TO FEATURE FASHIONS

The newest fashions for women will be shown by the girls of Beta Xi chapter of Kappa Alpha Theta in Barker Brothers' auditorium Saturday at 2:30 p.m. Fashions for every occasion will be depicted by ten of the sorority girls. Several of the smartest shops in Los Angeles have contributed apparel to the showing. A five-piece orchestra will provide music and other entertainment will be featured.

"MR. AND MRS." GO DAYLIGHT SAVING

"Mr. and Mrs.," popular performers in the Sunday Times comic section, and whose philosophy of life is broadcast every Tuesday evening over the Columbia chain, via KHJ, have gone "daylight saving" after the fashion of "back-easters." So the broadcast half-hour, beginning today, will be from 6 to 6:30 p.m., instead of from 7 to 7:30 o'clock as heretofore.

HUGE LOSS LAID TO DOHENY ACT

Elk Hills Lease Judgment Basis of Action

Stockholder Sues Oil Magnate for Vanished Profits

Company Head Takes Stand Today in Refutation

Edward L. Doheny, oil magnate, at 10 a.m. today again will go into court to defend himself against another legal charge in connection with the various Elk Hills naval oil reserve deals his Pan-American Petroleum and Transport Company made with the Interior Department of the United States when Albert Fall was Secretary and chief.

This time he will defend himself before United States District Judge Cosgrove in a civil action in which Frank H. Kunkel of Cincinnati is plaintiff. Kunkel premises to the court in his complaint that in a previous action a United States court found that fraud and corruption nullified the so-called Doheny-Fall contracts and leases. Kunkel points out that huge losses imposed by the court and resulting from its action were suffered by the Doheny company.

The plaintiff as a stockholder asks for an accounting to determine the exact amount of the losses and sues to compel Doheny to reimburse the company for the amount. The plea is made on the theory that Doheny through fraud and corrupt dealings with Fall is responsible for the losses and should make them good to stockholders.

The losses as heretofore determined by litigation in the matter total at least $11,000,000, Kunkel's attorneys have said, and in addition to whatever the losses are he asks interest, all of which may run to a maximum of nearly $20,000,000.

DOHENY ENTERS DENIAL

Doheny answers that Kunkel's charges, even if true and legal, are outlawed by the statute of limitations. Furthermore, he answers, the charges are untrue and he is prepared to defend himself against them. Representing him in court will be Frank Hogan of New York and Washington and Charles and Olin Wellborn of this city.

Counsel for Kunkel, himself an attorney, includes Luther Day, D. J. Kling and John O. Elden, all of Cleveland, O., and David R. Faries of Los Angeles.

Attorney for Pan-American Petroleum and Transport Company, now a holding or Standard Oil Company of Indiana, is Emory R. Bucker of New York City.

OLD FOES BANDY "LIAR" CHARGES

(Continued from First Page)

last week in the hope of escaping trial in the State courts.

Just when the writ will be filed Fitts declined to state definitely last night. Berman is charged with conspiring with Louis Berman, his brother, and Louis Krause to bribe two jurors in the Julian cases of 1928. The case is set in Judge Wilson's court. When Berman testified before the grand jury in the matter, however, it was with the recorded understanding that he was to receive immunity for telling his story.

Diploma Again Denied Student

The Board of Education last night reaffirmed its support of the decision of the principal of Roosevelt High School and Frank A. Bouelle, Superintendent of Schools, to withhold the issuance of a diploma to Max Rosenstein, senior student of the school who completed his work last June.

This was the board's reply to a letter written by Chaim Shapiro and H. Y. Romaine, attorneys, requesting that the Board of Education issue the diploma to Rosenstein. No reason was given by the Board of Education for refusing to issue the diploma.

ESCORT TO ACCOMPANY OBERAMMERGAU PARTY

St. Mary's College Alumni European tourists, who leave California June 15 for a pilgrimage to Oberammergau and nine European countries, will be accompanied across the continent by an escort of honor composed of 100 members and friends of St. Mary's College. Daniel J. Doran of the St. Mary's Alumni, conferring with committeemen here yesterday, announced that the escort will leave the pilgrims at Montreal, visiting shrines of Catholic interest in Canada and the United States before returning to California.

EX-POSTAL WORKER GIVEN PROBATION

After several months in court, Guy O. Squire, former assistant postmaster at Alhambra, for twenty-five years in the postal service, was granted probation yesterday by United States District Judge James. Squire had pleaded guilty to embezzlement of about $8000 of postal funds. His case was continued from time to time while he made restitution of the funds. The orders regarding the conditions of probation will be made, it was stated, after a conference of the court and Squire's attorney.

AIR LINE IMPROVES ITS COMMUNICATION

H. W. Beck, traffic manager for the T.A.T.-Maddux Air Lines, has just announced completion of the installation of the teletype system over the division between here and San Francisco. Communication depots have just been established at Fresno and Bakersfield, which now will permit any pilot in the air at any point over the entire western division to get in touch with any department or official, all planes carrying a two-way radio telephone, and all ground control points being connected with teletype.

JAIL RELEASE WON BY DAVIS

Ex-Deputy Prosecutor Freed Under $10,000 Bail

Fitts to Ask Rehearing by Appellate Court

Case May be Carried Up to Supreme Bench

Former Keyes Assistant Leaves Cell

Accused Man Elated
Harold L. Davis and his attorney, Jerry Giesler, departing from County Jail after court granted Davis's plea for bail.

Confined in the County Jail since July 11, 1929, when he was convicted of accepting a $7500 bribe, Harold L. Davis, chief deputy under former Dist.-Atty. Keyes, yesterday was released under $10,000 bond by an order of Superior Judge Wilson.

The release came as the second legal victory for Davis during the last fortnight. A week ago today the Appellate Court handed down a decision reversing Davis's conviction, holding that the evidence against the defendant lacked sufficient corroboration to warrant conviction.

FITTS PLANS APPEAL

Appearing before Superior Judge Wilson yesterday Jerry Giesler, attorney for Davis, requested that Davis be released under bond. Dist.-Atty. Fitts then announced that his office will petition the Appellate Court for a rehearing on the Davis case and if this is denied an appeal will be taken to the Supreme Court to establish definitely the law on the case.

Judge Wilson at first opposed Davis's release, stating that it always has been the policy to deny bond in such cases, but the court eventually agreed to the release when Attorney Giesler agreed to return Davis to court three weeks from today, at which time the Appellate Court's decision on the rehearing petition will be made known.

PRISONER ELATED

Judge Wilson then agreed to the release and fixed the bond at $10,000.

Davis was elated upon being informed of the arrangement for bond and stated that he is confident that the Appellate Court decision reversing his conviction will stand and that he never will be required to return to jail.

Davis was convicted of soliciting, agreeing to receive and receiving a $7500 bribe from Ben Getzoff, Spring-street broker and self-confessed Keyes-administration fixer, and Ed Rosenberg, to "lay down" on the prosecution of Rosenberg for his asserted part in the Julian Petroleum Corporation crash.

ATTORNEY-GENERAL WILL FILE REHEARING PLEA

Decision of the Attorney-General's office to petition the District Court of Appeal for a rehearing in the case of Harold L. (Buddy) Davis, former chief deputy District Attorney, granted a new trial in an Appellate Court opinion, was revealed yesterday by Dep. Atty.-Gen. Richards.

It was stated that the State's petition will be filed toward the close of the week.

The Appellate Court held that the testimony of Ben Getzoff, on which Davis was convicted, was impeached by the fact that Getzoff was an admitted accomplice. On that account the testimony required corroboration, the court held, declaring that such corroborative testimony as was produced at the trial was given direction only by Getzoff's evidence.

Mate Feared Talk in Sleep, Wife Relates

Routine testimony in the divorce courts of husbands beating their wives and of wives flirting with other men was varied a bit yesterday in the court of Superior Judge Collier when Mrs. Muriel Engelhardt, seeking a divorce from Walter A. Engelhardt, took the witness stand. The wife said:

"He told me he was crazy about another woman. He refused to sleep with me saying he was so crazy about the other woman he was afraid he would tell her name in his sleep."

Mrs. Engelhardt also declared her husband asserted that the only reason he was living with her at all was because he felt sorry for her.

"Decree granted," said Judge Collier.

Missing County Deputy Hunted

Request was made yesterday to the police missing-person bureau for aid in locating Will S. Moores, a deputy county assessor, who has been missing from his hotel at 116½ East Fifth street since the 17th inst. The request was made by his mother, Mrs. Edith S. Moores of Perris, who reported that her son was troubled by insomnia, which might explain his disappearance.

Moores is 50 years of age. His affairs at the Assessor's office were left in good shape, his last appearance there being on the 1st inst., while he later sent in his time sheet for the 2nd to 9th inst. Capt. Allen of the missing-persons bureau began a search.

PELTON RESIGNING FROM STATE POST

Harold A. Pelton, petroleum engineer, yesterday announced his resignation as engineer with the State Corporation Department, effective May 15, next. Pelton formerly served with the California section income tax unit of the United States Treasury. He has been with the Corporation Department for about two years. He has established offices in the James Oviatt Building.

Scenarist Has Leading Role in Divorce Suit

Sada Cowan Commons, motion-picture scenarist, played a leading role in a little drama of life when she appeared before Superior Judge Archbald yesterday to get a divorce from Dr. Ernest Leon Commons.

"He was cool and morose and liked to be alone," Mrs. Commons declared. "He was always failing to keep social engagements and I grew tired of apologizing for him and explaining his absence. His only interests seemed to be his profession and his child by a former marriage. Once he told me he had made a great mistake in marrying."

Mrs. Commons's testimony was corroborated by Dr. Charles E. Phillips, an old friend of the family. He declared that Dr. and Mrs. Commons's relationship at first seemed strained, then it became hostile toward each other.

"Dr. Commons seemed to have a resentment against his wife's profession and motion-picture folks," Dr. Phillips said.

At the close of the hearing Mrs. Commons was given a decree. Dr. Commons did not appear to contest the suit.

Wife Admits Parents Right About Husband

Mrs. Margaret Stuart admitted in Superior Judge Fleming's court yesterday that, when it came to advice regarding her boy friend, her parents were right. Mrs. Stuart was testifying in her divorce suit against David Stuart.

So strenuous were her parents' opposition to her marriage with Stuart, she said, that she married him secretly. Stuart soon began to drink and swear and invite home people that were not nice, she said. Judge Fleming granted the decree.

TROJAN CLUB PLANS PROGRAM OF RUSSIA

Sponsored by the Russian-American Club of the University of Southern California, a program featuring songs, dances and dramatic presentations in national costume will be given this evening in the Young Men's Christian Association hut on the Trojan campus. Dr. Boris Morkovin, head of the department of Slavic literature, is president of the organization.

CHILD HEALTH WEEK OPENS

Dr. Parrish, Rabbi Magnin and Others Speak Before Broadway and May Company Meetings

National Child Health Week officially opened here with two large meetings held in the auditoriums of the Broadway Department Store and at the May Company. These meetings were the first of a series which will be conducted in both department stores every day during the week.

Dr. George Parrish, city health officer, the first speaker at the Broadway Department Store, selected as his subject the value of healthy babies, sketching the history and development of child welfare from the days of the Greeks through the early Christian era and down to the present time.

Los Angeles is outstanding in the work for better babies and ranks high in the list of cities in the matter of low infant mortality. One of the serious problems of city health departments is to arouse the interest of mothers, Dr. Parrish said. "Very few mothers know all there is to be known concerning the best methods of keeping their babies healthy. This knowledge is available through our department and every child is entitled to a healthy body," he reminded his audience.

Dr. Lillian Kositza, an assistant to Dr. Parrish, followed with a discussion of "Minor Disturbances in Infants."

At the May Company's meeting Rabbi Magnin, who discussed the soul of the child, rapped the "pseudoists" who induce mothers to try every new-fangled idea in the so-called new psychology.

Dr. Magnin was introduced by Mrs. Frank R. Shaefer, president of the Tenth District California Congress of Parents and Teachers, and was followed by Dr. Parrish.

Dr. Magnin said, in part: "Those parents who desire to be ultramodern in their thinking and who deprive their children of a religious education, are defying definite psychological laws. Every child is a mystic by nature. There are periods when we are less religious than at other times, but as men and women grow older they revert to the habit of prayer and congregating with their fellow-men for spiritual uplift.

"Every child should be taught from birth to be tolerant, humane and kindly. Most moral and religious instruction must be given by the project method; in other words, by practice and participation, rather than by mere precept. The child is an imitator, and hero-worshiper."

This afternoon Dr. Nadina Kavinoky will discuss the "Health of the Mother" at the May Company auditorium. She is the director and founder of the city's birth-control clinics, and is responsible for their establishment in the health department. The meeting will open at 2 o'clock.

Dr. William Happ, child specialist, will deliver the chief address at the Broadway Department Store's auditorium. His subject will deal with the "Nutrition Problems of Children." The meeting will open at 1:30 p.m.

Today's Bible Text

Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass, or a tinkling cymbal.—I Cor. xiii, 1.

STOP TALKY

Will Hays is attempting to put self-censorship on the talkies. If he can eliminate some of the screen talk he will stop much outside talk.

CANADA CANS IT

Canada has canned the can that carries rum across the border into the United States. We knew the can in Canada stood for something.

TOM THUMB GOLF

Miniature golf courses are springing up like weeds in the vacant lots about town. But the question is will they also furnish diminutive cuss words?

COMPLIMENTARY

G. K. Chesterton says that Naples recalls to him an American seaboard town so much that he could imagine himself on the Pacific. Mussolini should reward him for thus boosting Italy.

IN COMMITTEE

San Luis Obispo county Farm Bureau has appointed a committee on a weed pest, called hoary cress. They are going at it the right way to eliminate it: That is how Congress kills anything—in committee.

WHAT STRUCK HIM?

Francis J. Struck of Los Angeles wills his entire estate of $100,000 to his relatives on condition that they keep sober. However, one of his heirs is named Bibo, but as long as it not imBibo, he will qualify.

FADS

Charlie Chaplin mustaches and kewpies were all the rage in 1914. Short skirts and wrist watches arrived along with tortoise-shell glasses in 1916. Jazz was a 1917 invention. Bobbed hair and polishing noses in public struck us in 1921. Cross-word puzzles became a nuisance in 1924. The eighteen-day diet and long dresses came in 1929. What next?

A HABIT

Some years ago a French astronomer in Paris calculated mathematically that a new star could be found in a certain part of the heavens. Another scientist in Berlin hundreds of miles away poked his telescope into the sky and found Neptune separately and simultaneously. Fourteen years ago Prof. Lowell of Flagstaff (Ariz.) observatory figured out that a trans-Neptune planet existed. A few months ago a student in that observatory was browsing around in the heavens and found the planet X. Now comes a Canadian professor and declares that he has found another trans-Neptune planet. This thing is ceasing to be an adventure and is becoming a habit.

TAKING UP THE SLACK

The census slacker is disloyal to his city and State. He is an ingrate to the city that gives him habitation and to the State that gives him protection.

If he tries to evade the enumerator's questions he is taking the course to inspire suspicion. Men naturally believe he has some secret about him and the world is constitutionally curious. Why anyone should object to answer these simple questions and stand up and be counted is beyond comprehension. Cooperation is one of the tests of good citizenship. A man's home may be his castle; but that castle is strong largely because it is in the midst of the ideals and arms of his country. His family is beneficiary of the many by-products of civilization.

No question involved is an unwarranted intrusion into the private affairs of any. A national inventory every decade is essential as a business invoice at the end of the year. It is necessary for Uncle Sam to know where he stands. He wants to know what trends should be encouraged and what ones should be checked.

In former years the census was taken in the winter and the rural neighborhoods were more difficult to cover. This year the enumerators worked in the spring, and strange as it may seem, the city has furnished the obstacles and slackers.

THE FIGHT ON JUDGE PARKER

The decision of President Hoover not to withdraw the nomination of Judge John J. Parker to be a justice of the Supreme Court, and of Judge Parker himself not to ask that his name be withdrawn, is the only courageous answer either could make to opposition of the character that has shown itself. Judge Parker is assailed on two counts; one that he refused to vote to set aside an injunction in a labor case, the other that he is supposed to have made some slighting reference to Negroes in a speech in 1920, when he was running for Governor of North Carolina.

The lack of substantiality for the latter charge is shown by the fact that Judge Parker has been indorsed by prominent members of the Negro race and was not opposed by them when he was nominated Circuit judge. In the labor case, Judge Parker could have taken no other course and been true to his oath of office; he upheld the law of the nation as it had been declared by the United States Supreme Court. And furthermore, his decision was correct not only in law, but in ethics, since it gave protection to an inherent human right—the right of men to work undisturbed and unassailed by union organizers and earn their bread without fear of intimidation or "entertainment committees."

It is not, of course, Judge Parker against whom this campaign is being conducted; it is against President Hoover, and the enemies of the President in the Senate have seized upon it as one more opportunity to flout the man who, they feel, has won the confidence of the country while they have lost it. The nominal grounds of opposition are slight and trivial when they are examined dispassionately, and freed from the cloud of misrepresentation with which they are being surrounded.

President Green of the American Federation of Labor, for example, has publicly declared that if Judge Parker felt about "labor" as Justice Brandeis does, "labor" would favor his confirmation. Presumably Green is referring to the fact that in the Hinchman case, the leading case establishing the validity of contracts establishing the closed, non-union shop, Justice Brandeis dissented from the majority opinion. But Justice Brandeis did not dissent on the angle of the case that interests Green. Instead, his language is clear and unequivocal, in support of the very principle which Green objects to. He said:

"An employer, in order to effectuate the closing of his shop to union labor, may exact an agreement to that effect from his employees. The agreement itself being a lawful one, the employer may withhold from the men an economic need—employment—until they assent to make it."

Justices Holmes and Clark concurred with Justice Brandeis in the opinion that the facts in the Hinchman case did not show an improper attempt on the part of the union to persuade men to violate such a contract. In principle, though they differ on whether the principle applied to the particular circumstances, the whole court was in agreement.

To say that Judge Parker was not legally right in following such a decision, which followed other decisions of similar tenor, is to utter an absurdity. Judge Parker cannot truthfully be called an "injunction judge" on the basis of his decision in the Red Jacket case. He had no alternative. But the Red Jacket case itself was one in which the courts acted to preserve, not to violate, the rights of individuals—it upheld the privilege of miners, who did not care to join the United Mine Workers, to stay outside, and enjoined this union from attempting to coerce them.

The Senators who are frightened by this union-labor bugaboo ought to inform themselves of the true situation. William Green does not speak for labor or control the votes of working men and women. He is the representative of a very small minority, which assumes an artificial importance because it makes a good deal of noise. Of the 45,000,000 wage earners in the United States, the Federation of Labor has in its membership at most 3,000,000, and even these are not unanimous in support of Green by any means. La Follette was supposed to have the complete support of the Green organization in 1924, plus Farmer-Labor, plus Socialists, Communists and a vast variety of other radical elements, and he polled a total of 4,800,000 votes, carrying but one State. The actual union-labor vote was a small part of his total.

If the Senate persists in objecting to nominees because they have not pleased everybody, the United States Supreme Court will in time be as spineless as a jellyfish. No judge worth his salt could have the kind of a record certain Senators apparently set up as the ideal standard.

Independence, knowledge of the law and judicial temperament, in addition to unimpeachable integrity, are prime requirements for a justice of the United States Supreme Court. Not a shred of evidence has been produced to show that Judge Parker lacks any of these qualifications; and there is good evidence that he possesses them in full measure. It is the Senate, not Judge Parker, that will really be judged by the public in this matter. Confirmation will restore some of the confidence that the Senate has lost, by proving that it is able to stand against clamor and against seekers of illegitimate advantage, who want to pack the Supreme Court with judges who will rule to their liking.

LOCKING THE STABLE

Politics-ridden Ohio now will construct fireproof cell houses at Columbus. Everything will be blamed for the holocaust but the State missrule that made it possible.

WHEN IT'S OUT OF CANS

Judge rules that wife is entitled to divorce if her husband fails to come home to dinner. But he didn't say that husband is obliged to eat his wife's cooking if he does come home.

"ANOTHER THING"

Another thing Job did not have—to poke along behind some loafer on the highway.

AND STAGGER

"Damps Creep Up" is the way the Literary Digest characterizes its poll. "Creep" is right.

The LEE SIDE O' L.A.

BY Lee Shippey

IT MAY seem wrong to the New England-minded for one who cannot afford a bed to spend his last dime for a picture-show ticket. But every night some hundreds of men do that very thing down on Main street. Not solely because they are improvident, or cannot resist the temptation of amusement; not because they wish to forget their troubles for a while; but because in those shows they can sleep sitting up, secure from night chill and cops who might vag them. And who shall say that the proprietors of those all-night theaters are not public benefactors?

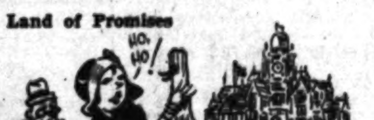
Not all the patrons of the all-night shows are down-and-outers, of course. Some of them are people who have to be up at 3 or 4 a.m. and are merely killing time till then. Some are night workers who are having a night off, and are not accustomed to going to bed till morning. But perhaps the majority of the after-midnight patrons of the all-night shows are men who are there because it is cheaper to be there than to rent a room for the balance of the night. You see more of them dozing in their seats than paying much attention to the show. And you even hear some of them dozing in their seats.

Last Stronghold of Silent Screen

When talkies came in one all-night show on Hill street went out. Sound pictures were not what its patrons wanted. But the Main-street shows ignored the talkies and kept right on running silent pictures. But now one of them has gone talkie, too. And sometimes when a thick-necked man who looks as if he would be a mighty snorer steps up to the ticket window at one of the other shows after midnight he is likely to be told that all seats are sold out and directed to the all-night talkie. There one at least has something else to listen to if the chap in the next seat happens to be a snorer.

But those who most frequently patronize all-night shows are little worried by sounds of any ordinary kind. They have been trained by hard experience to wrestle Morpheus catch-as-catch can. They are too tired to care if the villain still pursues her, even though he does so in a nasal key.

Land of Promises



Some eastern beauties dream of Hollywood,
The land of promise, where they'll wrest wealth from you
And if in films they cannot quite make good
It still may prove their land of breach of promise.
MAXIM WILDE.

Patronized Home Industry Abroad

Leeside: After a trip to Tia Juana, I am convinced that the border patrol against liquor doesn't go far enough. There ought to be twice as big a patrol on the Mexican side as on the American side, to keep this awful bootleg of ours from getting into Mexico—as so much of it seems to have done.—D. Browne.

Shy Away From It

Joshua Little writes us that some censors can't stand even the naked truth.

No Foolin'

Lucille has had husbands to burn!
Lucille, who is cute as can be.
They all were cremated in turn—
Lucille is consistent, you see.

Their ashes waft windswept and free,
Uncloistered in sequence of urn;
No niche now denotes one—two—three.
Lucille has had husbands to burn!
N. W. K.

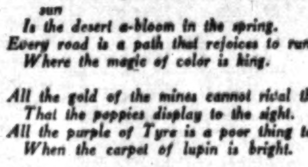
We Couldn't Help Smiling—

At this sign, on Vermont, discovered by Ruth Bartlett: "To rent, unfurnished flat. Fully redecorated Owner."

And at this sign: "Temple of Divine Wisdom Incorporated."

And they tell us that at Figueroa and Vernon Gum Brothers have a dentists' office.

Spring On the Desert



With the kiss of the rain and the smile of the sun
Is the desert a-bloom in the spring.
Every road is a path that rejoices to run
Where the magic of color is king.

All the gold of the mines cannot rival the hue
That the poppies display to the sight.
All the purple of Tyre is a poor thing to view
When the carpet of lupin is bright.

All the marvelous fabric of flower-clad fields
California fairies have spun
Is the gift that the desert a-bloom yearly yields
With the kiss of the rain and the sun.
DESERT RAT.

Possessions

My neighbor has a mansion grand,
And I a modest cot;
His domicile requires much land,
Mine a suburban lot.
He has a dozen rooms or more,
Three baths and patio;
While I when once inside the door
Have no place else to go.
Rooms built for butlers and for maids,
One for the pekingese;
Rooms ever darkened by the shades,
And which he seldom sees.
While I admit 'tis very fine
Such grandeur to possess,
No envy stirs this soul of mine—
My mortgage is much less.
E. L. AULTMAN.

AIR "RAID" IN LOS ANGELES

Los Angeles was given a foretaste last Friday night of how it or any other large American city might be treated by a hostile air force in war time. Four giant bombers, each capable of carrying 4000 pounds of high explosives, soared over this city dropping calcium flares to represent bombs, affording a very pretty spectacle, but by no means giving much of an actual attack. The flares sailed lightly through the air in their descent, whereas bombs would have dropped with a rush and created deadly havoc.

Just how much of Los Angeles was theoretically "destroyed" by the "attack" it is hardly possible to calculate, but the damage and loss of life would have been enormous had bombs been dropped instead of flares. Undoubtedly the City Hall would have been reduced to ruins as well as many other buildings. The attacking planes were the advance force of the 170 military aircraft that had just completed the three-weeks maneuvers of the Army Air Corps at Sacramento. The bombers were of the same group which tactically "destroyed" San Francisco on the 18th inst.

On the day following the Los Angeles "attack" 135 planes of the provisional wing, teeth of the Army's aerial fighting forces, gave a three-hour show of breath-taking maneuvers which was witnessed by about 200,000 spectators. It began with a review of the planes which flew in groups of three, six and eighteen, so evenly spaced as to bring forth many admiring comments on their formation. This review was followed by mimic battles on a scale that seemed quite realistic.

The air "raid" upon Los Angeles recalled quite vividly the tragic picture presented in The Times by Maj. C. C. Moseley in his imaginative description of the destruction of the city, its harbor and aqueduct by the huge bombers of a small enemy fleet. Maj. Moseley wrote his articles for The Times after witnessing the northern maneuvers. He said they give "a not impossible picture" that came to his mind after viewing the tremendous advances in military aviation since the war, among them the ability of Army flyers to ascend to heights of more than 30,000 feet. But he did not say what our own aviators would be doing during such an attack as he depicted or how they might repulse it, as they probably could, if sufficient warning were received.

One of the interesting features of the northern maneuvers was the laying of a smoke screen above the State Capitol, but the smoke was not so dense but that some parts of the structure were visible from aloft, and the building presented a hazily defined target upon which enemy bombs might have been dropped. Several towns in the Sacramento Valley were "destroyed."

These maneuvers, the most extensive of the kind ever witnessed in this country, make it evident, as Maj. Moseley points out, that we should have air as well as sea parity with the strongest foreign power, which at present, with our inferior number of military planes, is far from being the case.

TABER-NICKEL

Rockfeller cut down his customary dimes to the children at church on Easter to nickels. However, a nickel in the hand is worth two in his pocket.

MAKES US SHUDDER

Harry A. Shuder has been appointed to teach the felons in San Quentin. There is something in a name after all.

THE LAMP OF AMBITION

By James J. Montague

The screen creates a demand for more comforts.—Will H. Hays.

Through the most of my life I was calmly content,
Though but little of wealth I had gained,
I took the small comforts that fortune had sent
And never repined or complained.
In trivial pleasures I found deep delight,
Although humble indeed was my lot,
But I happened to go a "speakie" last night
And now I just must buy a yacht.

I dwelt in a cottage, and dined on plain fare,
My clothing was all ready-made;
My pastimes were simple, but what did I care
As I happily toiled at my trade?
But a "speakie" last Tuesday cast on me its spell
And the future now dismally looms,
And will, till I make enough money to dwell
In a mansion with sixty-four rooms.

Time was when I joyfully walked to my work,
For I thought it was good for my health;
Moreover the job of a grocery clerk
Doesn't yield much superfluous wealth,
But I've learned about living from watching the "pics"
And I know I shall inwardly groan
Until all of my children—I think there are six—
Can have chauffeurs and cars of their own.

I have not determined what method I'll find
To accumulate wads of long-green,
But nevertheless I have made up my mind
To live as folks live on the screen.
I never have studied the game of finance,
With its strange and miraculous stunts,
But, watching the movies, I see at a glance
That I must make big money at once.

BABIES

BY JENNIE VAN ALLEN

This is Baby Week.

Los Angeles is discussing its high-scored children. Citizens believe that its preschool-age children have, alone and unaided, accomplished this miracle; that Southern California is a wonderful place to raise babies; that all these high-scored children were born with fine physiques and have always been in perfect health; that their parents have never contended with a complex or an inhibition; that from birth to Baby Week these babies have always been little ladies and gentlemen.

But doctors and psychologists and mental hygienists who have subjected these children to rigid examinations and have built their scores on a physical, mental, moral and spiritual basis, know that every child has an inheritance of strength and weakness from two family lines. That he has inherited singularities from forgotten ancestors, which generally include racial peculiarities. That he may have been hurt or deformed or undernourished before he was born. That he may not have vigor of mind or body. That his bony structure may be out of line, or is thin or weak, which reacts upon his skull, teeth, spine, thighs, ankles and feet. That he may have serious biological defects, twists in his mental and moral make-up, unbelievable lapses of conduct and too often the thread of his life is spun like the delicate filaments of a spider's web.

They know that every child has an individual handicap and is a highly specialized problem.

Science has given the measurements of a perfect baby and his score is computed on a mathematical basis. Dr. Maud Wilde has examined 139,000 children since the United States government established Baby Week sixteen years ago. She has never found a perfect child.

The first year Los Angeles children are in the 80 per cents.

After educating mothers for fifteen years, there is one baby who is a fraction below the 100 mark. But there are 15,000 children examined since last Baby Week who are in the ranks of the 90 per cent. Lectures and the instructions of the examining staff on diet, exercise and sunshine are the sole weapons of the Mothers' Educational Center Association.

Children detest this regime. They hate to be examined and listen to tiresome advice on nutrition, growth, emotional and personality problems. They abhor diets and prefer to be bow-legged and knock-kneed than submit to special exercises. They delight in food refusals; they clap their hands over a plum pudding ablaze with candles and haughtily wave away a dish of spinach. They prefer effervescent drinks to milk, sweets to solids and rich preserves to fresh fruits.

Children hate character building. They would rather invent 2900 ways of disrupting their family schedule. They love to lie and take what they want. They adore tantrums and delight in having their ears tickled with forbidden words. They prefer baby talk to grammatical English. They take pride in an emergency language and covet gang leadership. Oh, yes, they are a great help in earning a high score.

Consequently the mothers of the Mothers' Educational Center work on the line of greatest resistance to overcome maladjustments, idiosyncrasies or deviation from the normal. Oh, how much easier to spank and shut him in a closet; to dose him with pills and powders, to give him bread smothered in butter and sugar than to fuss with little messes of cereals and vegetables.

But she knows that it is a sin for a woman to be the mother of a derelict; that there is something fundamentally wrong in the administration of her children's affairs if they become thieves, liars, lawbreakers and antisocial men and women. That preschool-age children must be educated and that she is the educator. That she is etching a pattern on his mind that he will use all his life and will be a fine contribution to his descendants.

Not to children, but to mothers, belongs the honor of the high score. These mothers ardently believe in Dr. Wilde's creed of mental strength and bodily vigor, of emotional control and the right home relationship. All hail this endless procession of the mothers of the Mothers' Educational Center, who are bringing newborn babies and little children to be examined. Hats off to young mothers who know that motherhood involves the most solemn responsibility in life. She will take her place among the great mothers of the world. Today she is honored by Los Angeles. Tomorrow her children will bless her for her priceless gifts to them.

THE BIBLE OF THE HEART

There is an angel in each human heart;
There is a Bible in each human mind;
The angel has one message to impart,
The Bible has one golden text: Be kind.

Let learned doctors argue about life,
And seek the "what" and "why" of things to know—
But let me be content, through pain and strife,
To love and lift all creatures as I go.

The ways of God I do not understand,
And so I find it good to simply trust
That He shall bless the work of His own hand—
That He who made all things is surely just.

Life is forever! Kindness, love and truth,
Loyalty and affection never die—
And every living thing renews its youth
Sometime, somewhere in God's expansive sky.
JAMES M. WARNACK.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Blaine's Resolution

SANTA MONICA, April 25.—[To the Editor of The Times:] The repeal of the Eighteenth Amendment, for national prohibition, is the aim of a resolution introduced in the Senate by Senator Blaine of Wisconsin. He desires the return of the legal sale of beverage alcohol in the United States. This would seem to be the legal way to seek its re-establishment. But Mr. David Lawrence, correspondent for the Washington Star, says that the wets in the Senate are denouncing Senator Blaine for his action. This seems strange enough. How do they want to proceed?

This fact is worthy of thought. In New York, before prohibition, deaths from alcoholism averaged 5.64 per 100,000 population. This was from 1910-1919. When national prohibition came in 1920 the deaths from alcoholism in New York dropped to 1.2. When New York repealed its State prohibition law in 1923 the death rate from alcoholism began to rise. In 1927, through lack of proper enforcement, the death rate from alcoholism had risen to 7.4.

FREDERICK W. HATCH.

Other Ways Out

LOS ANGELES, April 25.—[To the Editor of The Times:] A contributor says that many persons fail to patronize the merchants of the business district because of their inability to find parking space, and suggests that the business men themselves find parking facilities for their patrons from remote parts of the city.

If these residents of the remote parts of the city cannot find parking space, why cannot they leave the automobile at home and use the street cars? Or better still, why not patronize the merchant doing business in their own neighborhood? He may charge a little more than the man downtown, but he can guarantee more immediate and probably more satisfactory service. Furthermore, the merchant in the main business district isn't going to go bankrupt just because a few people on the outskirts of the city fail to patronize him; and if he does feel the need of their trade, it will be easier for him to establish branch stores than to find parking space in the heart of Los Angeles. A. W. HAYNES.

Joke Not Appropriate

LOS ANGELES, April 26.—[To the Editor of The Times:] Permit me to draw to your attention the letter of Will Rogers in the April 26 issue of your paper.

For Mr. Rogers's benefit I would like to say that Knute Rockne, Notre Dame's distinguished coach, is a very sick man. One hardly considers it appropriate to joke and jest about one for whom doctors have the gravest fears. Mr. Rogers, doubtless ignorant of this fact, may, therefore, be considered excused of a violation of the proprieties in this connection.

But why should he drag the religion of Mr. Rockne into the picture by telling us that, after the Rockne-inoculated rabbits were defeated by the Rockne-inoculated baby guinea pigs 58-0, "both teams wound up by going to mass to Father Duffy"? The mass is the center of Catholic worship, the thing most sacred and beautiful to every Catholic heart. No Catholic, worthy of the name, will tolerate any revolting or offensive remark against that precious and holy doctrine, whether it be uttered by that gum-chewing ignoramus from Oklahoma or anybody else. Rabbits and guinea-pigs may be welcomed guests in Mr. Rogers's church, but they certainly are not tolerated in a Catholic church.

ALUMNUS OF NOTRE DAME.

WHERE CAN I LEARN

Castilian Spanish?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

Those interested in acquiring pure, accurately pronounced Spanish may study free at the San Pedro Evening High School, 1221 South Gaffey street, San Pedro, 7 to 9 p.m. The beginning section meets on Tuesday and Thursday evenings and the intermediate section on Monday and Wednesday evenings. There is no charge of any kind and people of all ages may enter without examinations. Tourists are just as welcome as residents and there is no fee for them, either. Those who wish to take books home for study are required to deposit the price of each book, which is usually $1 or $1.50. This deposit is refunded immediately when the book is returned.

The instructor is P. F. Jibaja from Argentina. He lived much in Peru, being a graduate of the University of San Marcos in that country, the oldest university in America. He is in a position to advise students about business conditions in South America and one of his former students in the evening high school is now superintendent of railroads in Peru.

The largest ferry in the world runs between New Orleans and Havana, in the form of a steamship called the Seatrain, which takes on cargo in the form of sealed freight cars lifted from tracks and lowered into its hold, and delivers in the same way. Ninety-five laden cars constitute its capacity. W. B. L.

Home Hunting Made Through Times Ads

SLAYING TOLD BY MOUSE MAN

Strange Story of Sanhuber Released by Costello

He Lived in Attics and Ate Scraps of Food

Tragedy Blamed on Desire to Save Mrs. Oesterreich

The story of a mouse man, who hid in attics in the homes of his benefactress in Milwaukee and Los Angeles, subsisting upon crumbs and scraps of food which he picked up on nightly raids on the kitchen, and who killed the woman's husband when he feared he was about to injure her, is revealed in the confession of Otto Sanhuber made public yesterday, in which he describes the shooting of Fred Oesterreich in his home at 858 Lafayette Park Place on August 22, 1922. The confession was released by Dep. Dist.-Atty. Costello.

The story begins in Oesterreich's Milwaukee garment factory in 1911 where Sanhuber was a sewing-machine mechanic. Through his duties in keeping the machines in repair, Sanhuber soon became a close friend of Oesterreich and frequently called at his home.

THEN HE MET WIFE

There he met Mrs. Walburga Oesterreich and their friendship grew quickly. When Oesterreich no longer welcomed Sanhuber into his home, but turned his back upon him coldly, Sanhuber states, he moved into the Oesterreich home and lived in the attic at nights and in the basement by days.

Sanhuber was 16 years of age. From then until about a year after Oesterreich was killed, Sanhuber lived almost exclusively in attics in Mrs. Oesterreich's homes, he says.

When the Oesterreichs moved to Los Angeles, Sanhuber preceded them and watched them leave the train while standing on a bridge near the station. Soon afterward he built himself an attic room in the Oesterreich home at 858 Lafayette Park Place.

HID IN ATTIC

For years the youth hid there, eating what scraps of food were given him or what leftovers he could find in the kitchen at night.

Then came the night of the shooting—. The Oesterreichs had been away from home for the evening.

"I was always in the habit of crawling in that hole whether they were home or were gone," Sanhuber said. "Oesterreich had begun to drink, to drink whisky. She drank a little, too, but he was getting stronger. He had really never touched anything before, and he seemed to enjoy it, and he was drinking strong and that woman would go over to some friends and would come home feeling pretty good. Now, on this night of the tragedy I am not sure whether they drank anything or not, but I believe they did. Before they left I remember Mrs. Oesterreich saying. "For goodness sake, Fred, I am surprised at your drinking." And he was at the ice box and he laughed boisterously.

PRACTICED WITH GUN

"They went away, and I used to have the habit of standing there in the hall after they were gone and it was dark. They sometimes left a light burning on the front porch, and sometimes there was a light burning in the house somewhere, and I would stand in the upper hall and I had those two little guns hanging in my cubby hole and I would pick up one, crawl out and go down and just rush down the stairway three or four at a time, see, an twirl that gun and pretend I was just popping somebody and scaring them away and then I would go up again . . .

"Well, when they came home that night I was standing up there in my favorite spot, right at the door in the hall and I heard them calling the cat. They were laughing, and then they came in and just as soon as they came in he let out a kind of grumbling roar and he grabbed her and threw her down on the floor. I could just hear the shot and she screamed as if she was in pain or in fear and before I knew it I was standing in the front room . . .

CAUGHT AT DOOR

"I don't remember how I got down the stairs. It was that screaming, and he was grunting and I stood there and she said 'Fred,' and he looked around and saw me and said, 'What are you doing here?' And his face changed and I wanted to back away from him and he came toward me with that terrible expression his hands out like that and he kept back, and I said, 'Don't, don't.' And I wanted to go away and he kept coming and I shot. I am not sure why I shot or anything. And then I ran for the front door and I wanted to run away and he kept coming and he caught me at the door and he crushed me between the door and himself and I couldn't get the door open and I kept on saying 'Please,' I was stiff with fear and I kept on saying 'Let me go,' and he wouldn't and he grabbed me and I think he gave me a terrible crack in the face. He hit me.

"He was strong and he grabbed that gun and he started bending it down, see, and it must have slipped. The gun went off before he really bent it back. It went off once and he kept on forcing it back toward me and I pushed away and the gun went off again and my arm went up again and just then he gave an awful pull and the gun went off again and I wanted to catch him, hold him, and he just slipped between my hands and he went down on the floor. . . .

LOCKED HER IN CLOSET

"The gun fell from us. We were both grasping it and it fell down, although I didn't pay any attention to it then and I went down on my knees and I wanted him to get up again, he shouldn't die, and I turned around and I saw Mrs. Oesterreich just standing stiff like that and I think she screamed, although I am not sure. The next action I recall was that I took her by the arm and I led her away, you know, upstairs, and I pushed her in the closet and I locked it. She was very quiet. I thought she would faint."

After this, Sanhuber said, he locked the closet door and returned downstairs and saw the gun lying beside Oesterreich's body. In a daze, he said, he picked up the gun, opened a door and window, and returned upstairs.

"PLEASE SAVE ME"

"I had read somewhere where a burglar had locked a women in the closet," he continued, "and I came to the closet and I thought she had fainted she was so quiet but she was all right. When I opened the door she got up and she said, 'What have you done?' I said to her, 'Dolly, [illegible] am lost.' She said, 'What can [illegible]?' I said 'Please save me.' She [illegible] 'Walter, I have always sto[illegible]ween you and the world, [illegible] stand between you and death [illegible] or words to that effect.

"I said, 'Oh, please, please save me,' She said, 'There is only one reason why I would help you, only one, you didn't mean to do it.'

"Then I said, 'Dolly, it must be like burglars, you are locked in the closet,' and that is all I said and I locked her in the closet and I crawled back in my cubby hole. In fact, I didn't think about it any, but I locked the other door and threw the key underneath it."

IN OTHER HOUSE

Sanhuber then told how he moved with Mrs. Oesterreich to her home at 101 Beachwood Place and again took up his abode in a secret attic room. It was there he first met Herman Shapiro, who was attorney for Mrs. Oesterreich when she was arrested in July, 1922, and charged with murdering her husband.

Several months later when that charge had been dismissed against Mrs. Oesterreich, Sanhuber left the place and after nearly eleven years of living in darkened attic rooms Sanhuber entered the world again to make his own living. This time he went to Portland, Or., where he met and married his present wife, using the name of Walter Klein.

Subsequently the entire case was brought to light through an affidavit made by Shapiro. Sanhuber and Mrs. Oesterreich were then indicted by the county grand jury and charged with Oesterreich's murder and are now awaiting trial in Superior Judge Hardy's court on June 2, next.

TEN-MILE GLIDE PROJECTED

Flyer Will Emulate Bird at Soaring

Ready to Fly
Capt. W. Merle Nelson and Capt. O. C. Le Boutillier in low-power plane former will use in test Sunday.

The second of a series of experiments depicting the technical development of aviation from the single-place, powerless glider to the multi-motored air transport, carried on to determine the safety factor of each classification, will take place at Los Angeles Metropolitan Airport next Sunday, when Capt. W. Merle Nelson will attempt a record distance flight in a stalled power glider. The glide will be made from an altitude two miles above the port and ten to twelve miles distant.

Nelson, who is connected with the aviation department of the Texas Oil Company, will use an Aeromarine Klemm low-wing monoplane equipped with a French forty-horsepower Salmson nine-cylinder engine.

Starting from the airport at 3 p.m. Nelson expects to reach the required altitude either over Saugus, San Fernando or Glendale, and will cut off the engine completely, directing his long glide back to the Metropolitan port. Official observers in accompanying planes will check the entire flight, which should take from ten to fifteen minutes and will be governed greatly by the existing wind conditions.

Fifty Claimants to Harris Estate Called to Court

Fifty claimants to the $4,500,000 estate of the late Mrs. Grace Velie Harris, harvester magnate's widow, will appear in Superior Judge Stephens's court for identification, a proceeding necessary to distribution of the estate, today.

One of the bequests is $100,000 for the Girl Scouts of America, Inc. This is claimed by two organizations, one in New York, the other in Los Angeles.

Attorney Theodore Martin, for the estate, stated that he had been informed that if more than one-third of the estate was willed to charity, contests to the will would develop.

TOPLITZKY SUIT RE-ECHO HEARD

Appeal Court Takes Case Under Advisement

Efforts Made to Block New Trial Motion

Plaintiff Fights to Protect $115,000 Verdict

Whether a motion for a new trial should be received by Superior Judge Fleming in a suit over the recovery of what were described as certain secret profits in a realty transaction was taken [illegible]mission yesterday by the District Court of Appeal.

Petition for a writ of prohibition against the Superior Court jurist was made by Benjamin Fink, who was awarded $115,000 by a jury. The defendants in the action were William Wiseman, his wife, Mary Wiseman and Joseph Toplitzky. Trial of the case began before Judge Fleming March 6, last, and ended March 18.

In petitioning for the restraining order, Fink asserted that Wiseman and Toplitzky, in making a motion "for judgment notwithstanding the verdict," failed to reserve the right to make a motion for a new trial. Toplitzky and Wiseman responded that they were not precluded from making a motion for a new trial by their earlier motion for a judgment notwithstanding the verdict.

Further, it was answered that the right to make a motion for a new trial was reserved in written motions filed the next day. It was set forth that copies of the motion containing the reservation were served on the counsel before the judgment was entered on the verdict and before ruling was made on the oral motion.

Health Center Doctor Sought on Complaints

Two additional complaints charging Dr. Arthur Benson, former head of the Gilbert Thayer Health Foundation, with violation of the paycheck law, were issued yesterday by Deputy City Prosecutor Hornaday after other employees of the health center complained their wages have not been paid.

Benson is being sought on two warrants issued by Municipal Judge Curtis last week on similar charges. Other charges will be filed in the near future, according to Hornaday, who said that many patients have complained they received nothing in return for amounts paid for "treatments."

Woman Among Trio Accused of Dr[illegible]riving

[illegible]arged with [illegible]ed in com[illegible]y by the Dis[illegible]med are Mrs. Lucille [illegible]wn, who, investigators assert, was too intoxicated to recall the location of a traffic accident in which she was involved. Leslie Winget, taken into custody following a collision with another motorist at Venice, and Joe Smith, who is charged with both driving while intoxicated and grand theft. Officers assert that Smith stole an automobile and later was arrested while driving in an intoxicated condition.

Alienation Suit Asks $150,000 for Wife's Love

Damages amounting to $150,000 for the asserted loss of his wife's love is being asked by Meyer Ostroff, groceryman, of Benny Natorwinz, Vernon paint manufacturer, in a suit which went to trial yesterday before Superior Judge Yankwich.

Mrs. Dora Ostroff, wife of the grocer, divorced Ostroff on the grounds of cruelty on July 17, 1929.

The paint manufacturer asserts that Mrs. Ostroff had already lost her love for her husband before he came on the scene.

THERAPY ASSOCIATION WILL HOLD MEETING

The California Occupational Therapy Association is to hold a meeting at the University of Southern California this evening at 7:43 o'clock. Dr. Harold D. Barnard, orthopedic surgeon, chief of staff at the Children's Hospital, will discuss the application of therapy to orthopedic surgery. Dr. T. B. Kider, president of the National Occupational Therapy Association, and formerly chairman of the United States Tuberculosis Commission, will present a paper. David Reeder, a student at the Industrial School for the Blind, will be guest vocal artist. The association and guests and friends will meet in the Trojan Student Union, Thirty-sixth street and University avenue.

COST MAP TRANSMITTED

The assessment district map for the improvement of streets in the First street and Mansfield-avenue district was transmitted to the City Council yesterday by the City Engineer. It was referred to the Public Works Committee.

IDELITY SAVINGS.
Fortieth Year of Service

"BEGINNING with the oldest, Fidelity holds the investments of four generations of our family."

HUS writes a Fidelity investor in unsolicited letter.

From great-grandfather to great- andchild, all Fidelity investors.

Fidelity has many instances on its ooks of THREE generations of inves- ors . . . . for Fidelity . . . . now in its rtieth year of service. . . . has served ree rising generations of prudent avers.

Four generations of savers in one mily obtaining an assured return of per cent on their investments . . . . ecure in the knowledge that their nds are amply protected by the nown integrity and great resources of this Association.

Fidelity offers a variety of invest- ent plans . . . . adaptable to any udget, however small . . . . Consult ith Fidelity about your investments. Complete information will be gladly given without obligation.

Of Interest to Women

Society

by JUANA NEAL LEVY

Of much interest to local society is the announcement of the approaching marriage of Miss Sarene Otis, charming young daughter of Mr. and Mrs. Ralph C. Otis of Chicago, to Robert S. Burns of Playa del Rey, which is scheduled to take place May 29 in the eastern city. The honeymoon will be passed in Honolulu, Mr. Burns and his bride sailing from Vancouver, and after July 1 they will return to the Coast to make this their future home.

Miss Otis has a host of friends in the Southland, having come west to assist her cousin, Miss Virginia Seeley (Mrs. Nicholas McCarthy Harrison, Jr.) in her wedding entourage, and stopping with her mother at the Biltmore during their visit here, participating in the various activities preceding the wedding.

She also visited Mr. and Mrs. Harrison recently, renewing old friendships and enjoying much social entertaining, several lovely affairs being given in her honor.

Mr. Burns, her fiance, claims University of Pennsylvania as his alma mater, while Miss Otis received her schooling at Farmington, Ct., and she has served for several years as president of the Junior League in Chicago. More than likely she will transfer her membership here. Once a Junior Leaguer always a Junior Leaguer is the slogan which makes a member eligible in any chapter when she makes a new home.

Home From Trip

Mrs. Felix S. McGinnis, formerly of Los Angeles, now making her home in San Francisco, wife of the widely known western railroad executive, has just returned to the Coast after a three weeks' tour of the Atlantic seaboard, according to word received by many friends here. She was accompanied on her eastern journey by two of her sons, Felix S., Jr., and Carl.

Spinsters Abroad

At the "After the Crash" ball of the Spinsters Saturday evening two of its members were absent, being in foreign countries. Miss Alice McReynolds, charming daughter of Dr. and Mrs. Robert P. McReynolds of Berkeley Square, left in February on the Mediterranean cruise, and several weeks ago she was in Seville, Spain, on her way to Paris, where she will likely meet Miss Catherine Vail, seeing some of the sights of the French capital together. Miss McReynolds will not return home until August. She is traveling with Mrs. Joseph R. Nixon of Berkeley, and five charming debutantes. Another Spinster who is having a delightful trip is Miss Harriet Snider, attractive young debutante of Pasadena, who is now in Honolulu.

Honor Chairman

The executive board members of the women's committee of the Philharmonic Orchestra will honor its chairman, Mrs. Cecil Frankel, at a luncheon tomorrow at the Biltmore Hotel. The executive board includes the following members: Miss Ellen Andrews, Mrs. Warren Bovard, Mrs. Ralph Waldo Bucknam, Miss Gladys Caldwell, Mrs. Frank W. Davey, Miss Jean Hill, Mrs. Leiland Atherton Irish, Mrs. Granville MacGowan, Mrs. Hoyt Mitchel, Mrs. Harvey S. Mudd, Mrs. Robert I. Rogers, Mrs. Willoughby Rodman, Mrs. R. D. Shepherd, Mrs. Sloan-Orcutt, Mrs. Alfred Stern, Mrs. Harry Tipton Steck, Miss Rowena Thom, Mrs. Albert E. Van Court and Mrs. Howard Verbeck. Mrs. Joseph F. Rhodes, Jr., of Pasadena, is general chairman of this committee; Mrs. Edwin E. Furman, treasurer, and Mrs. Hansen Moore, secretary.

Charming Affair

A gay dinner party was enjoyed Friday evening in the Crystal Room of the Huntington Hotel when Mrs. Darius Miller who is passing the season there entertained her many Chicago and Pasadena friends.

Guests included Mrs. and Mrs. John M. Durand, Dr. and Mrs. John Willis Baer, Mr. and Mrs. Scott Durand, Mr. and Mrs. Conrad Poppenheusen, Mr. and Mrs. John Anderson, Mr. and Mrs. P. K. Richter, Mr. J. Edward Richter, Mr. and Mrs. Frank Barbour, Mr. and Mrs. W. S. Mason, Mr. and Mrs. George E. Marcy, Mr. and Mrs. J. Heard, Mrs. J. H. Skinner, Mrs. A. Hathaway, Mrs. E. D. Roberts, Mr. and Mrs. E. A. Engler, Mr. A. F. Banks, Dr. Theodore UpdeGraff, Mrs. H. B. Lyon, Mrs. Frederick Griffith and Mrs. F. W. Emery.

Bridge-Tea Benefit

The Zeta Beta Psi Sorority entertained with a bridge-tea at the Town House Saturday afternoon for the benefit of the Children's Hospital. The sorority members were charming models at a fashion show.

Miss Betty Lee Brady, president of the sorority, was in charge, assisted by Miss Dorothy Daum, vice-president; Miss Margaretha Krohn, secretary; Miss Nellie Brough, assistant secretary; Miss Katherine Bruce Jones, treasurer, and other active members of the sorority.

Campus News

Proving that in the spring a college student's thoughts are not always confined to studies, sororities and fraternities at the University of Southern California are frequent recipients of enticing boxes of candy and cigars which is the traditional method by which Greek letter organization members announce their engagements.

Miss Ardis Pelt of Phi Mu Sorority took this means of revealing her approaching marriage to William Jenkins of Gamma Epsilon fraternity at S.C. The wedding date has been set for June 14.

Delta Sigma Pi fraternity brothers of Charles Nielson received cigars to announce the engagement of their former head master to Miss Myra Noel of Santa Monica. Mr. Nielson is a senior in the college of commerce.

Miss Ruth Volpp of Kappa Delta Sorority, 2711 Ellendale Place, announced her engagement to Carl E. Parks who is a student at university college of the University of Southern California. A tentative date for the wedding has been set for August 3.

Pi Beta Phi Sorority received the announcement of the engagement of Miss Katherine Jean, last year president of the Trojan Panhellenic Association, to Laurence Thayer Bourne of Cleveland, O. The young couple plan to be married in June and will make their home in Cleveland.

From Alpha Delta Pi Sorority comes the announcement of the wedding of Miss Ruth McGilliard to Kenneth Cummins. The ceremony was performed in the Amanda chapel at Carthay Circle the 16th inst. in the presence of the immediate families only. Following the ceremony the couple left for San Francisco. The bride will continue as a student at the University of Southern California.

Renovating Last Year's Hat

Black straw hats will clean better if rubbed well with a piece of black velvet rather than brushing. The dust will be removed much more completely with this method of cleaning.

VACATION ABROAD PLANNED

Spinster President to Sail Soon

[C. Elmore Grove studios]

Miss Catherine Vail

ONE of the most charming members of the younger set who is planning a delightful summer abroad is Miss Catherine Vail, who, by the way, is president of the Spinsters this year. Miss Vail, who makes her home in Menlo avenue, has given up her apartment and is visiting with Mr. and Mrs. Neil McCarthy, at their home in Muirfield Road until she leaves with her father Edward Vail for the East. They are sailing aboard the Montcalm from Montreal May 15 and plan to go first to Paris for two months, then leisurely go down to Italy after sojourning at Saint de Luz, near Biarritz. They will occupy the Vail villa in Florence during September and October and Miss Vail plans to return to Los Angeles sometime in November.

wonderful macaroons!

THERE'S a recipe on every package of Rice Krispies that makes the best macaroons you ever tasted!

Rice Krispies are toasted rice bubbles. So crisp they actually crackle in milk or cream. Serve them for breakfast—for lunch or the children's supper. Easy to digest. At grocers. Made by Kellogg in Battle Creek.

snap! crackle! pop!

Kellogg's RICE KRISPIES

"Never found one better" says James Montgomery Flagg of DATED COFFEE

Fresh! That's why the flavor is so much better. This coffee comes direct from the fragrant roasting ovens to your grocer twice a week in dated cans. Look for the date. Get a can today and enjoy the rich, full-strength flavor of truly fresh coffee.

Chef Wyman's RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

FRUIT PUFFS WITH WHIPPED CREAM SAUCE

One-third of a cupful of butter, one-half of a cupful of sugar, one-fourth of a cupful of milk, one tablespoonful of orange juice and one-half of a teaspoonful of grated orange rind. One cupful of flour, two level teaspoonfuls of baking powder. One egg, two cupfuls of cooked fruit. Cream the butter and sugar, add the orange juice and orange rind, then add the well-beaten egg. Sift the flour with the baking powder, and add it alternately to the mixture with the milk. Oil custard cups and in the bottom of each one place one or two slices of cooked fruit. Two-third fill the molds with the batter and steam, tightly covered, for thirty-five minutes. Serve hot.

WHIPPED CREAM SAUCE

Whip one cupful of cream until half thickened, then add to it slowly, beating constantly, an equal amount of ginger ale, and add one-fourth of a cupful of powdered sugar. If necessary to make this some time before it is to be used, add to it, for each half-cupful of the mixture, one teaspoonful of gelatine that has been dissolved in one tablespoonful of cold water and melted over steam.

OYSTERS BAKED WITH DUMPLINGS

Take two dozen oysters and pour over them one-fourth of a cupful of lemon juice, add a seasoning of salt and white pepper. Place in a cool place until ready to use. Roll out a rich pie pastry, rather thin, and cut it in squares, having the pieces at least four inches square. Brush the pastry with a beaten egg that has been diluted with one tablespoonful of cold water. Place on each square two oysters and dot with a small piece of butter. Bring the four corners of the pastry together and fasten with a toothpick, leaving the pastry open between points. Bake until brown in a hot oven, remove the picks before serving and garnish with branches of parsley.

BAKED STEAK AND BANANAS

Take two pounds of top round steak, cut two inches thick. Have the butcher split the steak through the center, leaving a hinge at one side. Take three medium-sized bananas, cut them in two lengthwise and place them on one-half of the steak. Season with salt and sprinkle over a little sugar. Add three tablespoonfuls of water, cover over the other half of the steak, place strips of bacon across the top and fasten the edges of the steak together with toothpicks or skewers. Place in a casserole and bake in a moderate oven, basting two or three times with a little melted butter.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

A House in Order

One of the best housekeeping plans to stick to is that of straightening up and putting things in order before going to bed. It means so much less work in the morning and besides it is such a safe thing to do—to always have our house in order.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

DON'T FUSS IF CHILD WON'T EAT—TAKE AWAY FOOD

None of us can imagine what it would be like to feel exactly the same one day after the other. We take it for granted that on some days we will have voluminous appetites and everything will taste delicious and that on others eating becomes a duty rather than a pleasure.

What most mothers refuse to recognize is that even if a child isn't sick he doesn't always want to eat a measured amount of cereal or fruit sauce or drink the entire contents of his bottle of milk. The wise mother makes no fuss about these "off" days but lengthens the time between feedings, offers smaller portions of food and waits until the temporary indisposition has passed.

NO COAXING OR REWARDS

The older child (even the baby) is apt to learn something very valuable to himself if he discovers, by chance, that failure to eat causes his mother distress. "Why, Bobby, aren't you going to eat this nice pudding mother fixed for you?" Bobby won't, though he may allow himself to be coaxed or rewarded by a big kiss or something more tangible. But the mischief is done for Bobby has discovered that it is a matter of great importance to his mother if he eats the pudding.

Bobby won't forget that lesson and some days when he isn't hungry he wins rewards for himself or great prominence in the family eye by announcing grandly, "I will not eat my pudding."

CUTTING TEETH TEMPORARY CAUSE

Her baby's loss of appetite has worried Clarice, who writes: "There are days when my 22-months-old son refuses anything but milk and fruit juices. He has had several bad colds and coughs this winter and is cutting stomach and eye teeth. Would this cause loss of appetite?"

The last week before teeth are cut they are usually very sore and the child is very apt to refuse to eat. If you've ever cut a wisdom tooth you know that eating is anything but pleasurable at this time.

But cutting teeth does not last very long and the many colds and coughs sound very much like the villain of the play. The reason for colds and coughs takes into the account the possibility of unhealthy tonsils and enlarged adenoids, and the presence of either of these shows a marked effect on the appetite, too. That is the first thing I would attend to, and don't let it run over until next winter. The spring and summer are good seasons to have these matters attended to so that the child won't go through another winter of colds and coughs.

Overfed children are notoriously without appetite. Children of this age who are being fed, instead of feeding themselves, will find eating a bore. They learn more quickly to satisfy their appetites if food appears before them, no one pays the least attention to what or how much they are eating, and it disappears when they lag too much. It is the wise mother who can mask her own emotions and let the child learn that eating is "his" pleasure, not his mother's.

Action to Clip Wings Delayed

Efforts to clip the wings of Marjorie Crawford, stunt aviatrix, were postponed in Superior Judge Gates's court yesterday until next Monday.

The case, which involves an asserted contract between Miss Crawford and Homer Weber, was postponed because of the illness of a witness. Weber says that as part of his compensation for teaching Miss Crawford to fly she was to fly only under his direction for four years. Besides an injunction against Miss Crawford's taking the air for four years Weber asks $1373 damages.

OWNER, NOT DRIVER, WINS DAMAGE SUIT

W. H. Kuhlemeier is proprietor of the Excelsior Laundry Company, not a truck driver employed by the concern, it was explained yesterday in connection with a recent Superior Court verdict in his favor. In previous reports of the case he was identified erroneously as driver of a laundry truck. Kuhlemeier was a victor in a suit for $20,000 brought by Mrs. Nellie Beare for injuries assertedly received while riding in one of the company's vehicles. The verdict was returned by a jury in Judge Hahn's court.

Lawsuit Tells Sad Trick Fate Played Pioneer

Samuel Covina, 75 years of age, one of the founders of the city of Covina, recovered his eyesight after an operation and was so overjoyed that he fell out of bed, suffering injuries from which he died. This dramatic prank of fate was revealed in Superior Judge Crail's court yesterday when Attorney George Damon was appointed administrator of the Covina estate.

The seven grown children of the decedent will make no claim to the property, said to be worth $10,000, according to Attorney Damon, permitting it instead to revert to the widow, Mrs. Victoria Covina.

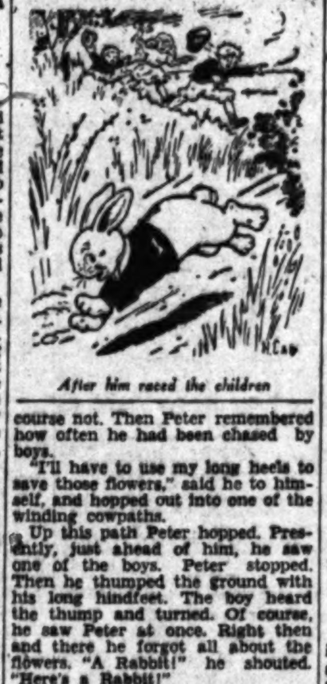
WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

PETER USES HIS HEELS FOR A PURPOSE

Some people take peculiar joy
In seeking beauty to destroy.
—Peter Rabbit.



After him raced the children

A little bramble-tangle was growing right near where Peter had found the Columbine. He could sit in that bramble-tangle and be safe and at the same time look at and admire the nodding blossoms. So Peter made himself very comfortable there. From time to time he dozed off. Between each little nap he watched the Columbine blossoms as the Merry Little Breezes swayed them this way and that.

It was along in the middle of the morning that Peter heard voices. They were the voices of children. They were laughing and shouting and Peter knew by the sound that they were in the lower part of the Old Pasture. At first he paid little attention to them. Then curiosity led him to go see what they were doing. He didn't have to go far, for by this time they were halfway up to where he had been sitting.

Peeping out from beneath some brambles, Peter saw two boys and a girl. In the hands of all three were flowers and Peter saw that they were looking for more flowers. He heard the little girl give a shriek of delight when she found a patch of exquisite arbutus. From where Peter sat he could watch her. He saw her tear it up, root and all. Afterward she broke off some of the roots. Peter wanted to stamp angrily at her. He knew it was thoughtlessness on her part, but he also knew that in time there would be no arbutus left if every one were so thoughtless. Later he saw one of the boys do the same thing.

Some of the flowers in the hands of these children were sadly wilted. All their beauty was gone. Peter knew just how lovely they had been growing and he couldn't understand at all why these children should want those sickly, drooping blossoms, which no longer were beautiful. But they did want them and they wanted more, for they were searching here, there and everywhere.

Then Peter remembered the Columbine blossoms up on the rocky ridge. Those children would be sure to find them and, if they found them, they would take not only the blossoms, but the whole plant as well. At least, that is what Peter feared. He must do something about it. Yes, sir, he must do something about it and he must do it quickly. But what could he do? He couldn't tell those little folk that they shouldn't pick the flowers. Of course not. Then Peter remembered how often he had been chased by boys.

"I'll have to use my long heels to save those flowers," said he to himself, and hopped out into one of the winding cowpaths.

Up this path Peter hopped. Presently, just ahead of him, he saw one of the boys. Peter stopped. Then he thumped the ground with his long hindfeet. The boy heard the thump and turned. Of course, he saw Peter at once. Right then and there he forgot all about the flowers. "A Rabbit!" he shouted. "Here's a Rabbit!"

At once the other little boy and the little girl came running over. Peter dodged into the bushes at one side. The children threw stones and sticks. Peter ran out. Away he went, lipperty-lipperty-lip, down the little cowpath and dodged into a bramble-tangle. After him raced the children. They saw him in the bramble-tangle and tried to drive him out. When he saw a good chance he slipped out and away he went, lipperty-lipperty-lip, for another bramble-tangle. The children followed—excited, shouting and out of breath. Peter wasn't at all afraid. It was all a game to him. And so, little by little, he led them far away from that part of the Old Pasture where the Columbine was growing. Then, when they were quite tired out, Peter gave the children the slip.

Once more he made his way back to the little bramble-tangle where he could watch the Columbine blossoms. "Of course, you don't know it," said he, "but I saved you with my long heels. Why, oh why, do people want to destroy such beautiful things!"

Now the elastic must be right

By Pamela Hill

New lines for old!—The new Silhouette is a matter of personal accomplishment; a matter between you and your Foundation Garment. Remember that when you buy your new Foundation.

Remember too, that your Foundation is the one garment that you buy, not for what it is, *but for what it does.* Its only measure of value is in its performance.

That is why makers of America's finest Foundations are so scrupulously careful in the selection of the elastic—the *active* element in the service of the Garment and the Fabric that makes possible the new Silhouette. They use one supreme quality knitted elastic—Kenlastic.

That you may recognize this superlative fabric that insures complete and perfect accomplishment in your Foundation, every piece of genuine Kenlastic is marked at top and bottom borders with *a wavy blue line.* It is your guarantee of supreme quality knitted elastic.

Kenlastic - the life of fine corsets

CHARIS gives the Correct Foundation for Smart Clothes

THE corset has not come back.... But the foundation garment *has arrived* ... And CHARIS is, *the* foundation garment for the present form-fitting styles. CHARIS will give *you* the correct foundation for fitted gowns because it can be adjusted, when you put it on, to correct the proportions of *your* figure wherever and as much as is necessary ... The bust is firmly supported and correctly defined. The waistline is indicated, normally. Over-developed hips and thighs are modified—ungraceful contours transformed to flowing, youthful curves.

The patented, adjustable design which makes this pleasing result possible, also does away with objectionable boning and makes CHARIS an extremely comfortable garment to wear.

There is a further advantage and assurance of satisfaction in the expert, individual fitting service provided without charge by the CHARIS Service Office conveniently located in your city. A trained woman representative will bring CHARIS to your home for preliminary consideration whenever you wish. Just write or 'phone the address below.

UMANE PHASE OF RADIO GOING

Commercialized Programs Banish Welfare Service

School of Air Will Present Abraham Lincoln Playlet

Second Opera Broadcast One Feature for Tonight

The Times Forum, KHJ, 1:30 p.m.: Jennie Durkee, instrumentalist, and Dr. Frank McCoy, health authority. World-wide news, 12:30, 4:45 and 10 p.m.

BY JOHN S. DAGGETT

Radio, in its early stages the aide of charitable and quasipublic undertakings, is rapidly losing this humanitarian phase. Commercialized programs are rapidly crowding out, particularly at favorable hours, the opportunity for the broadcast of such welfare announcements.

Once in a while they get a chance for presentation of news items. As a channel of appeal, radio reaches the hearthside, and all persons in the home from wee tots to the tired father who has returned from his work. Possibly sponsors of programs will appreciate the fact that much good can be done by allotting a portion of their time to worthwhile movements such as the Boy Scouts, Camp Fire Girls, Girl Scouts, and such institutions as the Midnight Mission, George Junior Republic, McKinley Home, Junior Chamber of Commerce, as well as the various disabled war veteran organizations and innumerable others. It is a fact that these institutions are anxious to utilize radio, as evidenced by daily appeals. Some of the stations make an effort to cooperate, but opportunities are almost invariably in morning or early afternoon hours.

LIGHTS ON THE DIAL

Coal and Coke, KHJ's ebony funsters, will be heard at 8 a.m. instead of at 7:30. At 11 o'clock the American School of the Air will feature an Abraham Lincoln playlet, dealing with the assassination of the Emancipator in Ford's Theater, Washington. Oldsters and children should hear this dramatization. At 6 p.m. Lindsay MacHarrie, Elvia Allman and Wesley Tourtelotte, of KHJ's staff, will offer a potpourri of skits, gags, melodramatic moments and musical novelties. At 4:30 o'clock Ted White is to be featured in songs and chuckles. This is a new feature to be presented at this time each week. White is said to be America's crooner par excellence. Listen in. At 5 tonight Catherine Dale Owen, singing star with Lawrence Tibbett in "The Rogue Song," will be guest artist on the Paul Whiteman hour. "Swing Me in a Hammock of Dreams" and "When the Little Red Roses Get the Blues for You" are two of the featured numbers. At 8 p.m., KFRC's Ice Carnival is to find its locale in Lake Louise, Can., featuring a crew of ice breakers and the midwinter swim of the Polar Club."

KFI at 6:30 tonight will feature Pitch and Putt in a patter of fun and song about the ancient and honorable game of golf, while 7 p.m. is to bring Arthur and Jeanie Lang in a song recital. Miss Lang will render songs she featured in Paul Whiteman's "King of Jazz." At 8 the second of the Adohr series of operas will bring Gilbert and Sullivan's "The Mikado." This will be given in its entirety, with James Burroughs, Arthur Lang, Ferris Hartman, Mildred Laughlin and other excellent singers in the cast. It will consume two and one-half hours, but will prove an evening worth while.

SECOND OF OPERAS

KECA at 5 o'clock is to bring a dramatization of Composer Verdi's life, garnished with some of his best known music. Principals and chorus of the National Grand Opera Company will take part. Included will be the world-famous "Miserere" from "Il Trovatore." Another excellent feature will be at 8 tonight, when a theater party over the N.B.C. network is to bring Shumann-Heink, Amos 'n Andy, De Wolfe Hopper and others in an hour of music, song and humor.

KNX at 8 tonight will land Hap and Sap, the Royal Vagabonds, in jobs in a collection agency. At 4 this afternoon a Harmonica Band of seventy-five pieces from the Vine-street school will play. At 9:30 tonight, Theodore Kittay, tenor, will be heard in recital with Eugenia Egloff, 'cellist, in compositions including Liszt's "Liebestraum," Massenet's "Elegie" and "Russian Romance" by Tschaikowsky.

KTM at 8 tonight will feature the Five Freshmen in a program of college compositions, while 8:30 p.m. is to bring Arthur G. Shaw in an organ recital including Chaminade's "Scarf Dance" and "Flatterer."

KFWB at 7:30 p.m. will offer the second of its recreated World's Series ball games. This station reports the first "went over big" in radioland.

KMTR at 8 tonight is to bring a program of the works of Friml. At 9 p.m., Moss-Covered Melodies will include "Lily of the Valley," "Curse of an Aching Heart" and even older ones.

Song and humor marked The Times Forum period yesterday, which was dedicated to the Masquers Club in Hollywood. Dr. C. A. Willat introduced William Langan, New York musical comedy star, who sang "Ol' Man River" and "Beautiful Stars." Lawrence Grant, English actor, and James T. Mack, who is playing the character comedy part in "Rah, Rah, Daze" at the Mason furnished the humor. Murray Bloom was the accompanist.

Health and Diet Advice

By DR. FRANK McCOY
Author of "The Fast Way to Health"

STRAINS AND INJURED MUSCLES

Strains and sprains are terms often used for the same condition but strictly speaking a sprain refers to a wrenching of a joint, and a strain to over-exercising or straining a muscle. Symptoms differ slightly in that the pain of a strain is usually far removed from the joint and is in the muscular tissues, while with a sprain the pain is in or around the joint.

While a strain greatly resembles a sprain and the parts may become swollen and painful, it is the muscle itself which is injured. Some of the muscular fibers may even have been torn apart. The large muscles of the shoulders and lower back are most often injured by lifting heavy weights or from a sudden twist. The leg muscles may be strained in athletics.

A strained back will greatly resemble lumbago and sometime rheumatic toxins steal into the injured muscles and cause true lumbago. In these cases a special treatment is required similar to that outlined in my article on lumbago. If you have not saved this article which appeared a short time ago, I will be glad to send it to you.

A frequent place for a strain is the region of the sacrum and the ilium. It is usually accompanied by a slight misplacement of the bones of that region, and this can best be corrected by osteopathic and chiropractic treatments.

The treatment for sprains and strains is not the same. In strains, where the muscle has been affected, it is better to use hot applications and gentle massage to promote the circulation. Where the deep muscular tissues are involved the electrical treatments with diathermy give best relief, since the heat can penetrate the tissues better than with any other method. If you cannot obtain this electrical treatment, use hot water bottles or an electric heater directed toward the sore spot.

In the sacroiliac strain, hot sitz baths often give great relief and I would also advise a cleansing diet regime to help in bringing about a more rapid absorption of the inflammation. Where the back is involved I do not advise exercise until after the inflammation has subsided. Sometimes it is a good plan for the osteopathic or chiropractic doctor who treats the back to strap it with adhesive tape after the treatment so as to prevent excessive movement.

The neck is often affected with strains and may become quite painful, as every movement of the head causes more soreness. Hot applications and manipulative treatments should also be used in this trouble. I have prepared a number of articles on similar subjects to those mentioned in this article and I will be pleased to send them to you if you will send me a 2-cent stamp for every article you desire. This is to help pay for the cost of mailing and preparation.

CLUB NOTES

BY MYRA NYE

Completing the year with the high standard of programs set early in the season, the Friday Morning Club may anticipate for May an interesting series of events. This week at the formal morning program at 10:30 a.m., B. R. Baumgardt, a great favorite as a lecturer, makes his first appearance in the Southland after several years' absence abroad, where he has received high honors as a scientist and astronomer. "Egypt and the Dawn of Civilization" will be his subject and he will tell of his visit to Tut-Ankh-Amen's tomb, illustrating his address with slides of his own making.

Tuesday of next week is public affairs day when the open forum on current events customary at that time will be conducted by Dr. Frederick W. Roman. Subjects for discussion will be: "The London Conference," "The Philippine Island," "The Immigration Question," "The Tariff" "The World Court and the Election in Illinois." Mrs. Florence Dodson Schoneman, who is leading a series of history forums of early Los Angeles days, will present Thomas Workman Temple II, who, tell of the Temple and Workman families, and Dr. Orwyn W. E. Cook will give another lecture on Chinese history. Wednesday a garden fete will be given in the beautiful gardens of Mr. and Mrs. John D. Fredericks.

Louis Bromfield, author of "The Green Bay Tree" and other novels, will speak on "The Secrets of Making Books and Creating Characters" Friday, May 9, and the following Friday, Ronny Johansson, the brilliant Swedish dancer who is acclaimed as the foremost creator and exponent among women of the humorous dance, will appear in a dance recital. Her repertoire is as varied as it is unusual, ranging from the lyrical and delicate to the vigorous and dramatic type of dancing.

The other Fridays of the month will see the Ilsa Rodzinski Trio in a recital of chamber music and Dr. Frederick C. Leonard, who will give "Recent Revelations of the Telescope." Dr. Leonard is a recent fellow of the Royal Astronomical Society of England.

On special days, the following will preside and speak: Mrs. J. Piernie Davidson, book day, May 13; Mrs. Louise Ward Watkins, drama day, May 20, and Mrs. Cecil Frankel, music day May 27.

P.-T.A. Convention

Los Angeles tenth district California Congress of Parents and Teachers will convene for their annual meet at the First Congregational Church, 845 South Hope street, Thursday and Friday of this week. Mrs. Frank R. Schaefer, president, assisted by Mrs. Harry Graul, first vice-president, will preside at all the sessions. Thursday at 2 p.m. the polls open and at 10:30 a.m. Friday the newly elected officers will be presented to the assembly.

Three addresses of note will be given, one by the president, Mrs. Schaefer; Frank A. Bouelle, superintendent of Los Angeles public schools, speaking on "Parents' Cooperation in Dress Allowances for Children," and an address on the work of the State P.-T.A. by Mrs. R. L. Cardiff, State president.

Scribblers' League

Maj. S. H. M. Byers, United States Consul for twenty years to Italy and Switzerland, will be the speaker for the Scribblers' League meeting at the Hotel Alexandria May 3 at 8 p.m. His subject will be "My Contemporaries," which include Mark Twain, Walt Whitman, Joaquin Miller and Brete Hart. The musical portion of the program will be given by Baroness Morril, pianiste, and Master John Drury.

A story for criticism is to be read by Grace Travers and a scene from the play, "Old Shoes," by Georgia Fawcette, will be presented by Percy Haswell, supported by King Kennedy of the Pasadena Community Players.

For the benefit of Dixie Manor, the home of the Confederate veterans, a bridge-tea will be given at the Melrose Hotel tomorrow, beginning at 2 p.m. The affair will be sponsored by the John Regan Chapter, United Daughters of the Confederacy, and Mrs. Vay E. Hampton, vice-president of the organization, who will have charge of arrangements.

The trustees and staff of the Southwest Museum are issuing invitations for their annual fiesta to be given at Casa de Adobe, 4605 Pasadena avenue, Sunday, May 4. Among those participating in the presentation of the program are Florence Sepulveda de Dodson-Schoneman, Garcia's Spanish Orchestra, Dr. James A. Scherer, Senorita Rosalinda Garcias (De Witt,) J. Gregg Layne and the California Dancers.

Mrs. Robert D. Shields was elected yesterday as president of the Woman's City Club after a lively contest, the campaign having been in progress since early in March. Associated with her on the directorate for the coming club year the term to begin in June, are the following: Mrs. F. R. Feitshans, first vice-president; Mrs. R. L. Glasby, second vice-president; Mrs. Algot Nordstrom, secretary, and Mrs. Edna Porter Phillips, treasurer. The board of directors will consist of Mrs. E. K. Allen, Mrs. E. C. Bellows, Mrs. Julia D. Noble and Mrs. Gladys Leora Rice.

TRIAL CONTINUED IN PERJURY CASE

Trial of Fred A. Pahrman, former Los Angeles police officer, charged with perjury as the result of testimony given in behalf of a brother-officer, yesterday was continued by Superior Judge Wilson until June 2, next. It is charged Pahrman took the witness stand when William J. Bost, police officer, was tried and convicted of manslaughter for fatally shooting Christobal Silvas Sierra, and gave false testimony to the effect that Bost did not fire his service revolver at the time the youth was killed.

NEWS OF SOUTHERN COUNTIES

COLORADO'S LEVEES RAISED

hree Feet Added to Height in Imperial Valley

reater Security Afforded Than in Several Years

arly High Water Declared Great Safety Factor

IMPERIAL, April 28.—Imperial alley's protective levees along the olorado River have been increased ree feet in height at the most lnerable points and the valley will ave greater security during the ood season which is now starting an for many years, according to e statement of Engineer M. J. owd today.

Today's report from Grand Canon gauging station shows that the ood discharge at that point has eached 44,500 second feet. This est will not arrive at the Imerial intake for about ten days. he flood run-off during the past eek has been higher than for the ame period in 1929 and this gives e valley an added factor of safety, ccording to the engineer.

"High water early in the season ours out the channel and opens e way for more rapid discharge the peak flow which comes later," owd said.

Watchmen are now patrolling the vee system and rock trains are aily adding hundreds of tons of oulders to the revetment at points here the river has threatened in ast years.

J. C. Allison, who is watering his ,000-acre ranch adjacent to the vee through siphons from the ver channel, reported that recent ses in the river have insured him ample supply of water for the otton-growing season. Allison had ome difficulty in getting adequate ater during the period of low disharge last winter, but the siphons re now discharging 650 feet of war daily into his canals.

Breakers Club Adds Name of City to Its Title

SAFE TRIP ENDS IN DEATH

Frank J. Stillman of Glendale Killed by Auto on His Way to Wire Home News of Arrival in Washington

GLENDALE, April 28.—Frank J. Stillman, former Washington newspaper man and for seven years head of the Franklin Press in Glendale, died in a hospital at Washington yesterday morning as the result of injuries received in an automobile accident Saturday, according to word received here late yesterday by his relatives. Stillman, who was on a visit to the capital, was on his way to a telegraph office to advise his family of his safe arrival when he was struck, receiving a skull fracture.

He was a member of a newspaper family, his father having been a publisher in the Middle West, and his brother, Paul E. Stillman, who was formerly Speaker of the Iowa House of Representatives, also conducts a printing establishment here, where he was formerly president of the Chamber of Commerce. Frank Stillman spent ten years in Washington as correspondent for the Des Moines Register and the Sioux City Journal, later editing the Waterloo (Iowa) Courier.

Stillman was born at Fort Atkinson, Iowa, sixty-six years ago. He leaves a widow, Mrs. Lucy Stillman; three children, and his brother, Paul Stillman. His body will be brought back here for interment, arriving probably about the end of this week.

He recently turned over the management of his business here to his two sons, Paul R. and Raymond J. Stillman, and left himself free to accompany his aunt, Mrs. A. W. Rollins, back to her home in Washington after a visit to the Coast.

Woman Story in Ross Case Fails as Clew

SANTA ANA, April 28.—While swindled financial institutions engaged in a scramble for what salvage might be found in the holdings of William W. Ross, truck dealer who disappeared from this city after issuing an asserted worthless check for $8033 to the Federal Finance Company, county authorities remained without a clew to Ross's trail.

The Sheriff's office and that of the District Attorney both expressed lack of interest today in the report that a young woman had occupied an apartment rented by Ross on West Second street nearly two years ago. The incident is too remote to have a bearing upon Ross's asserted swindling operations of recent date, officers believe, after considering the possibility that the woman might have been employed by Ross to prepare spurious truck sales contracts which he later sold to financial houses.

Failure to See Surgeon Fatal

ONTARIO, April 28.—Failure to get medical attention after an automobile crash in which he was injured, was thought today to have caused the death of Jose Medina of Guasti, early this morning. Medina collapsed while dressing for work at a Guasti ranch and before medical attention could arrive, died.

Medina's friends reported to Deputy Sheriff D. W. Brown that Medina a short time ago was injured in an automobile accident and occasionally complained of pains in the chest. But he did not seek the advice of a physician, it was declared, believing the injuries were not serious.

County Coroner U'Ren will conduct an investigation tomorrow.

Warning Against Shooting Given

GLENDALE, April 28.—Indiscriminate shooting in and around the residential districts here has formed the subject of a series of complaints made by irate citizens to the police department, and City Manager J. W. Charleville has issued instructions that an investigation is to be made. Stray bullets of .22 caliber are said to have been striking too close for comfort in many instances, and boys who make a practice of discharging firearms in the city are to be warned that the law governing this offense will be enforced to the limit.

TWO SAFES RIFLED IN ONTARIO STORES

ONTARIO, April 28. — Search was under way today by local authorities seeking burglars who during the week-end entered and ransacked two places of business in East Main street. The places robbed were Ontario Feed and Milling Company, and the Union Oil Company offices. Two pay envelopes were taken from the milling company and the safe was riddled. In similar manner the safe at the Union Oil Company office was robbed. Windows were broken and padlocks smashed in gaining entry to both places. Similarity of the robberies leads police to believe they were done by the same bandit gang.

GARDENA ORCHESTRA IN CONCERT TONIGHT

GARDENA, April 28. — The ninth annual concert of the Community Orchestra has been set for tomorrow night at the Community House, corner of Ainsworth and One Hundred and Sixty-sixth streets. The concert, in which twenty-seven members will take part, has been arranged as a community event and no admission is charged. Herbert L. Garner is director. Since the orchestra's organization in 1921, more than 1000 public appearances have been made and 110 names have appeared on the membership roll.

HEIRLOOMS STOLEN AT GLENDALE HOME

GLENDALE, April 28.—Burglars who entered the home of W. J. Ashton at 561 West Eighth street during the week-end, carried off jewelry that had been in Ashton's family for many years and that constituted heirlooms on which he placed a value in excess of $2500. In addition a small sum in cash and a quantity of wearing apparel was taken.

BEECHER DIXON PROMOTED

HUNTINGTON PARK, April 28. Beecher Dixon, who has been manager of the Montgomery Ward & Company store in this city since it opened last May, has been promoted by the company to the position of merchandise comptroller, his territory extending from Fresno to San Diego, and also covering a part of Arizona. Dixon has been succeeded by S. J. Stoloff, who recently came here from Pleasantville, N. J., where he was for many years the owner of a large dry goods establishment.

Fractured Leg Incurred When Auto Hits Man

REDLANDS, April 28.—Y. J. Attwood, 131 West Palm avenue, is in the Community Hospital suffering from a fractured left leg and cuts and bruises sustained last evening when he was struck by an automobile driven by Harold B. Miller, who resides on McIlhenny Road. The accident occurred shortly before 7:30 p.m.

Attwood, according to the police, apparently had been in the act of retracing his steps from the high school auditorium, where he had taken Mrs. Attwood, to his automobile, which was parked on Fern avenue near the Beacon-street intersection.

Miller, proceeding westward toward the city, was traveling approximately twenty miles an hour, hugging the right side of the street. He failed to see Mr. Attwood until the collision with the right front fender, he stated.

Proceeding across the intersection he parked his automobile near the Five-Point Service Station and hastened back to where the accident had occurred. Finding Attwood lying on the ground, apparently seriously hurt, he hurried back to the service station, where he telephoned for an ambulance.

The spot where the accident took place is an exceptionally shaded place, according to Chief Thomas, as there are a number of large shade trees there. The street lights some distance away tend to throw shadows on the spot, deepening the gloom.

Fatal Stabbing Due to Jealousy

BRAWLEY, April 28. (AP)—The police report that Allen Mull of Brawley was fatally stabbed today by Will Tinsley because of jealousy over Mull's attentions to Mrs. Tinsley. The stabbing occurred in the street while Mull was talking to Mrs. Tinsley and her sister, a recent arrival in town.

Mull died in the Brawley Hospital. Tinsley, who fled the scene, has not been located.

WISCONSIN MAN DIES AT SANTA BARBARA

SANTA BARBARA, April 28.—John Cameron Burdon, 62 years of age, wealthy Green Bay (Wis.) real estate dealer and rancher, died in a local hospital here yesterday following an illness of only a few weeks.

Burdon, who came to California for the winter, was interested in properties around Chico. He was well known in that vicinity as an almond grower and owned one of the largest ranches in the district.

He came here to recuperate, about two weeks ago. His body will be sent by the Charles T. Holland funeral chapel to Green Bay, on Tuesday, for burial.

REDLANDS WILL GET REDUCED GAS RATES

REDLANDS, April 28.—Redlands is to get a reduction in gas rates that will amount to $20,000 a year, it was announced today by officials of the Southern California Gas Company. Victory of Allen Wheaton, former Redlands Mayor, is reflected in the announcement. As a member of the City Council and a director of the Chamber of Commerce, he fought for the rate reduction for more than a year. He completed negotiations which led the Southern California Gas Company to apply to the Railroad Commission for the reduction.

DIST.-ATTY. WEST DOES NOT CHOOSE TO RUN

SANTA ANA, April 28.—Dist.-Atty. Z. B. West, Jr., today announced that he would not be a candidate for re-election this year, but would retire to private practice at the end of his term next January 1. The announcement came out of a clear political sky, so far as the general public was concerned, although a few closest friends of the District Attorney were aware of his intentions, although he faced the apparent prospect of a clear field had he decided to stand for re-election.

TODAY SEES PROSELLIS DEDICATED

Redlands Will Accept New Park Structure Given by Mr. and Mrs. White

REDLANDS, April 28.—Redlands' newest and most beautiful public gift building, the prosellis, given to the city by Mrs. Florence G. White and Clarence G. White, will be dedicated Tuesday afternoon and evening, with visitors here from all parts of the south. It will be dedicated to Redlands' great program of music, which is given in the bowl each summer by the Community Music Association, and to the other uses of the people of Redlands.

MRS. FLORENCE G. WHITE.

In the afternoon President Victor L. Duke of the University of Redlands will preside and there will be talks by Arthur Gregory, who gave the first band shell; George P. Cortner, originator of the bowl; Herbert J. Powell, the architect; Merrill Gage, the artist; Allen Wheaton, former Mayor; Mrs. G. E. Mullen, president of the music association; Mrs. U. F. Lewis of the public school, A. E. Isham of the Chamber of Commerce and Rev. William Cowans, president of the Ministerial Union.

CLARENCE G. WHITE.

In the evening the university choir will sing, Henry G. Clement presiding, and there will be community singing. Mr. and Mrs. White will present their gift, and N. Leo Lelean, Mayor, will accept. Then the last act of "The King's Henchman" will be given by the Community Players.

One Killed and Seven Hurt in Head-on Crash

SEAL BEACH, April 28.—In a head-on collision late last night, one man was killed and seven persons injured near the Edison power plant, just south of Seal Beach.

Dean Purdy of 709 West Hillcrest avenue, Inglewood, was so seriously injured that he died shortly afterward at the Community Hospital in Long Beach. He sustained a fractured skull and internal injuries. Three other occupants of the car are in the hospital. His wife was lacerated about the head and has many cuts and bruises. The driver of the car, Milring J. Dawson of 1206 Commercial street, Inglewood, is injured internally and has several fractured ribs. Miss Katherine Blood of the same city has a broken nose, cuts and bruises.

Miss Mildred Kerr of 377 Wisconsin street, Long Beach, passenger in the other car, is the most seriously injured. According to reports from the hospital she has serious internal injuries. The driver of the car, Leslie Miller of 1221 East First street, his sister, Helen, and J. A. Sether, all of Long Beach, were only slightly hurt.

Lloyd Grover, State highway official, believes that Dawson did not see the curve in the road and drove head-on into the other car. Both cars were completely demolished.

PROBATION GRANTED IN STATUTORY CASES

VENTURA, April 28. — Two of the youths charged with statutory offenses against a 16-year-old girl today were granted probation by Superior Judge Edward Henderson. Harvey Knox, 21-year-old service-station proprietor, a drew a probation period of two years, with the stipulation by Judge Henderson that if at the end of one year his actions are satisfactory he will be taken off probation, and Art Ginn, 22, Santa Barbara stock-market clerk, was given a five-year probation term.

RIBS FRACTURED BY AUTO

HUNTINGTON PARK, April 28. Earl M. Stoninger of 8433 California street started to make a left-hand turn at California and Flower streets. The machine struck E. S. Roberts of 7612 California street, as he was crossing the intersection. Roberts was picked up and taken to the Mission Hospital, where an examination brought out the fact that his ribs were fractured.

COURT HELD IN HOSPITAL

Preliminary Hearing of Edward C. Heintz, Accused of Shooting Helen Venable, Conducted at Bedside

SAN DIEGO, April 28.—Mercy Hospital was the scene today of a township court preliminary hearing concerning the near fatal shooting the 17th inst. of Helen Venable, 35 years of age, by an assertedly jealous suitor. The woman, who suffered three wounds from pistol bullets while she sat with Edward C. Heintz, landscape gardener, in a car parked at the edge of Mission Palisades, according to Dep. Dist.-Atty. O. A. Thorpe, has recovered sufficiently to testify.

The shooting took place just outside the city limits in the Kensington area. Deputy Sheriff O. C. Macumber, investigating officer in the case, said he found Heintz had filled a bucket with water after the shooting and had attempted to staunch the wounds.

Heintz, who is accused of assault to murder, was said by Macumber to have admitted firing the shots in a jealous rage because the woman, he said, had used the car he bought for her to give another suitor a ride.

The District Attorney's witness list carried the names of Alvin Malzahn of 3020 B street, and H. J. Elliott, 1820 Bancroft street. Heintz was reported to have resided at 2530 Wightman street. Mrs. Venable was employed by a real-estate concern.

Apricot Crop in South Large; in North, Light

SANTA PAULA, April 28.—That the apricot crop in Southern California is very large and that Northern California has only about a 50 per cent crop, that the demand for apricots placed in cartons is greater than the supply were some of the high lights of the annual meeting of the Ventura County Apricot Growers' Association here today.

C. D. Cavallero, president of the California Prune and Apricot Growers' Association, was present at the meeting with T. O. Kluge, assistant manager of the association.

At the business session the old board of directors of the county unit was re-elected. They are A. L. Shively, Santa Paula, president and representative to the central organization; Frederick Noble of Saticoy, vice-president; J. D. McGrath of Oxnard, David Felsenthal of Piru, A. L. Drown of Ojai, E. W. Ormsby of Ventura avenue, Robert Wright of Santa Susana, L. C. Freeman of Moorpark and Fred Snodgrass of Oxnard.

Corner-stone of Library Laid

MONTEBELLO, April 28.—Several hundred gathered at the library site today to view the laying of the corner-stone. Mayor William H. Cook acted as master of ceremonies and reviewed in a brief way the history of the local institution. According to Cook's remarks, the library was started back in 1913 by the members of the Montebello Woman's Club, who had an agreement with the County Library Board that if they would pay the rent and furnish the librarian for one year the county would then assume charge. So in 1915 the county established a branch library.

More than 7000 volumes were circulated here last year, and because of the demands made upon the library the Chamber of Commerce launched the plan for a municipal building. The idea met with favor and as a result after several months' work the bonds carried the necessary 2-to-1 vote.

Mark R. Jacobs, superintendent of the Montebello school district, gave the principal address, after which the corner-stone was put in place by Mayor Cook and John Malloy, general contractor.

P. E. CREWS AID IN FIGHTING WORM ARMY

ONTARIO, April 28. — Pacific Electric workmen today began a campaign of spraying to assist county horticultural department inspectors in their efforts to rid the community of worms which are menacing vineyards in the Cucamonga district. The right of way along the electric lines through the vineyards is being sprayed, to kill the worms in the vegetation. The worms cannot be eliminated from the vineyards until they have been killed first in the weeds, where they are said to originate. Arsenate of lead compound is being used in the spray war against the worms. County spray gangs are using the same compound.

GOV. TAPIA RETURNS FROM MEXICO CITY

MEXICALI, April 28.—Jose Maria Tapia of the Northern District of Lower California, who has been in Mexico City for the past month negotiating for the construction of the Tia Juana-Ensenada highway and other projects, left the capital city yesterday and is expected to return here next Wednesday, according to information given out at the Territorial Palace today.

DAPPER BANDIT STICKS UP CLERK OF HOTEL

SANTA ANA, April 28.—Menacing the night clerk, F. G. Holland, with a revolver, a dapper bandit at 3 a.m. today held up St. Ann's Inn and escaped with $50 in cash. The robber chose a moment when Holland was alone in the lobby. Holland described the bandit as well dressed and of youngish appearance. "I'd know him a thousand years from now," he commented.

LABOR ORDINANCE PASSED

San Diego County Supervisors Adopt Measure to Restrict Public Works Jobs to Local Men

SAN DIEGO, April 28.—After considerable discussion about what constitutes county citizenship, the Board of Supervisors today finally passed the long-heralded county ordinance restricting contractors to employment of local labor on public works contracts. Supervisor E. A. Hornbeck at first held out against voting, saying the ordinance might prevent a contractor from employing needed expert help outside San Diego.

"That's just what we want," Supervisor Edgar H. Hastings declared. "San Diego can supply right here any type of labor, skilled or unskilled. Let the local man have the job."

Chairman Good agreed with Hastings that the term "citizen" should mean any resident worker who had been in the State a year and in the county ninety days. In other words, a bona fide resident, Good interpreted. Hastings moved for passage of the ordinance and Supervisor Tom Hurley seconded. Hornbeck voted with the others, expressing the belief, however, that the ordinance would prove of doubtful value. Hurley said the ordinance would prove of much value in keeping the county wages for county workers.

Dep. Dist.-Atty. Earl S. Lovett, the board's legal adviser, said the ordinance was founded on a recent board ruling by Superior Judge C. C. Haines, who had decreed that the city had a right to restrict employment on the $1,000,000 Otay pipe line to city laborers.

Valley Annex Large Taxpayer of Metropolis

NORTH HOLLYWOOD, April 28. How Los Angeles city has benefited by the annexation of San Fernando Valley territory is shown by the increase of assessed valuation of the entire annex, from $14,002,070 in 1917-18 to $77,327,455, a gain of $63,325,385. The figures were disclosed by Frank M. Keffer, Van Nuys tax expert, in a talk here before the North Hollywood Kiwanis Club.

A part of this gain was partly due according to Mr. Keffer's figures, to the subsequent annexation of North Hollywood, which was the old Lankershim district, and other parts of the valley area, now known as a whole as the San Fernando Valley Annex to the city of Los Angeles.

During the last two years no new territory has been added. However the valuation figures have increased from $55,553,243 to the present total of more than seventy-seven millions. Mr. Keffer showed that city and county taxes paid by the annex have jumped from $423,163 in 1917-18, to $3,286,416 in 1929-30.

Woman Made Living Torch by Gasoline Blast

SANTA ANA, April 28.—Becoming a living torch when a pitcher of gasoline with which she was killing ants in her back yard caught fire and exploded, Mrs. Emma Durant, 72 years of age, of 1017 North Parton street, late yesterday received burns which may prove fatal, according to reports from the Orange County Hospital today, burns covering nearly her entire body.

Any hope that she may have for life is due to the quick action of S. Worth Travis, local real estate man and neighbor, who saw Mrs. Durant as she ran from her yard into an alley. Travis seized a bucket of water and extinguished the woman's blazing clothing.

Pasadena Buys Water Company

PASADENA, April 28.—For a consideration of $85,000 this city today authorized the purchase of the Euclid Avenue Water Company, which serves 351 homes and stores in sections of South Pasadena and San Marino. The water company, a private stock concern, draws water from wells overlying this city's underground water reserves.

By terms of the contract drawn this afternoon by the Board of City Directors, Pasadena must pay $35,000 and agree to continue to furnish water through the company's 29,500 feet of mains.

John Earl Jardine is president, and William Pollard secretary of the Euclid Water Company.

DATE IS FIXED FOR VALLEY FLOWER SHOW

VAN NUYS, April 28.—The San Fernando Valley Horticultural Society today announces it will hold its annual flower show in Van Nuys on June 6 and 7, next. Flower growers from all valley towns are being invited to have displays. The show last year was one of the largest affairs of the kind ever held in the valley, and, according to R. French, president of the society, this year's exhibition will surpass the former one.

WORK ON LANCASTER HEALTH CLINIC BEGINS

LANCASTER, April 28.—Ground was broken this week for the erection of the new health center building, to cost $5000 and which will be located west of the County Library Building. Contract for the work was let to B. F. Hall of Burbank. The structure has been designed to enable the conduct of several clinics at one time.

MORE POLICE FOR VALLEY

VAN NUYS, April 28. — Three more policemen have been transferred from central headquarters at Los Angeles to the San Fernando Valley division. B. H. Hayman will serve at Van Nuys; Elmer Stokes will patrol the Sunland district, and W. J. Mansfield will be stationed in North Hollywood. Miss Jean Sadler has been sent to Van Nuys to serve as station telephone operator.

STUDENT OF INDIA AT BAPTISMAL FONT

Thomas Moody Paramandum

REDLANDS, April 28.—A service of special interest to students at the University of Redlands was the recent baptism of Thomas Moody Paramandum, student from India, who is studying at Redlands. Paramandum, who transferred to the university this year, following brief study at the Bible Institute in Los Angeles, has entered into student activities with a zest, being an active member of the Cosmopolitan Club and Student Volunteers.

He is gaining a general college course preparatory to returning to his home country, India, as a missionary, where his father, the Rev. S. Paramandum, has been a minister for some years. While in this country Paramandum has as his guardian, Dr. Theo Fieldbrave, well known on the Coast for his Christian leadership, and he was present at the First Baptist Church of Redlands to conduct the baptismal service, which was witnessed by university students of all creeds.

Octogenarian in Ill Health Kills Himself

POMONA, April 28.—Despondency over ill health and advancing old age were given as the reasons for the suicide today of Burdick J. Fuller, 87 years of age, 553 West Monterey street, a Civil War veteran and resident of this city for ten years. According to his wife, she heard a pistol shot shortly before noon today while she was preparing the mid-day meal. Rushing into the living-room she found her husband dying from a bullet wound in his right temple.

The remains were removed to the Disbrow funeral home, pending possible inquest by the Coroner. Funeral services will be announced later.

Burglars Enter Ventura Stores

VENTURA, April 28. — Three downtown stores were the victims of robbery or attempted robbery early Sunday, according to police reports today.

Hirshfelder's shoe store at 446 East Main street lost about $5 in cash and perhaps several pairs of shoes, a preliminary check-up showed. Entrance was gained through a door in the rear.

The Advance shop, next door, 440 East Main street, lost nothing, but had the glass broken and the locks forced on two doors leading in from the rear. The thieves were evidently frightened away before they got in.

Dooley's store, 262 East Main street, was saved from possible robbery when the back door resisted attempts to batter or jimmy it open.

PALOS VERDES OPENS WILD FLOWER EXHIBIT

PALOS VERDES, April 28.—The first annual wild flower exhibit sponsored by the community welfare department of the Woman's Club opened at Malaga Cove school this afternoon and will continue tomorrow afternoon and tomorrow night. Two hundred wild flower specimens, secured through the cooperation of the Los Angeles county forestry department, are on exhibition. Speakers and attendants both afternoon and evening gave brief outlines of the history of the various specimens and stressed the necessity for their preservation as one of the State's most precious assets. Lockwood Forsythe of the local park department and Charlotte Hoak, well-known authority on California flowers, and a teacher in the Pasadena schools, are among the speakers. Mrs. B. A. Moeller, club president, is in charge of the exhibition.

FRUIT OUTLOOK IN VALLEY PROMISING

RESEDA, April 28.—A final survey of fruit orchards here and in other parts of San Fernando Valley discloses that the trees have blossomed profusely and that now a large number of fruit buds are showing. From present indications the apricot crop will be as large as last year. Apricot trees are loaded with young fruit and unless there is damage from spring winds a great many orchards will have to be thinned. Walnuts are just coming into bud. There is a likelihood there will be a large crop as the trees have a fine appearance. All surface crop fields in the valley, such as cabbage, turnips, carrots, beets and cauliflower are in excellent shape. There will be a bumper crop of cabbage this season.

MAN BEATEN UP WITH UKULELE

San Gabriel Man Victim of Unusual Weapon

Assault Culminates Dispu With Three Strangers

Brain Concussion Resul from Injuries

PASADENA, April 28.—Beaten into unconsciousness with a ukulele following an argument with three strangers in a Los Angeles restau rant, Larry E. Steere, 35 years of age, of 3724 Sunset Boulevard, Los Angeles, was discovered slumped in his automobile at the intersection of Rosemead avenue and Foothill Boulevard early today.

The victim of the mystery attack vas rushed to Keaster's Hospital ind treated for a slight concussion f the brain. A smashed ukulele in he automobile caused deputy sheriffs to voice the opinion that the nusical instrument had been used n the fight.

Late today Steere was taken to n ambulance to the home of his arents at 1325 Garibaldi street, ast San Gabriel.

After regaining consciousness this norning, the victim stated that following an argument with the men he differences were patched up and e agreed to drive them to Rosemead. Steere was unable to recall hat happened after he started his otor and drove north on [illegible] oulevard.

The children, who were bitten on hands, are Louise Kite, 15; Kite, 7; Maxine Hamlin, 12, Hamlin, 10. All were at Georgia-street Receiving The health authorities the dog to the pound.

HARD LUCK TAKES SLAP AT PLAYERS

Maynard Under Knife; Polly Moran in Hospital; Rosetta Duncan Hurt

Misfortune played havoc with three Hollywood film players over the week end. Ken Maynard, star of western films, and Polly Moran, popular comedian, are in the hospital, while Rosetta Duncan, one of the Duncan sisters, is carrying her right hand in a sling.

POLLY MORAN

Maynard underwent an emergency operation at the Hollywood Hospital for acute appendicitis. He was stricken while he and Mrs. Maynard were en route Sunday for Wilmington, to board a steamer for a pleasure trip to the Fiji Islands.

ROSETTA DUNCAN

Dr. John Tobinski said last night Maynard is recuperating as well as can be expected and is resting easily.

Miss Duncan's hand was severely gashed in an unusual accident at her home in Santa Monica. She was placing a vase of flowers when she stumbled over her St. Bernard dog, Major, and her hand was cut when she fell on the vase. Fortunately no arteries were severed but many stitches were taken.

KEN MAYNARD

Miss Moran's physician ordered her to go to the hospital for a rest, following a breakdown Saturday on a set at Metro-Goldwyn-Mayer. She had complained of feeling ill for a number of weeks and was placed in the hospital for observation. Her condition is not serious.

NEW STORE EXPANSION UNDER WAY

Bullock's-Wilshire to Get Another Story to Meet Business Demands

Enlargement of Bullock's-Wilshire was under way yesterday, when scaffolds were reared against the building's pyramided tower. This expansion is to take the form of a third story over the two-story west end, which fronts on Wilshire and Westmoreland boulevards. The new story will be developed in the same architectural style as the original building.

It was announced that the enlargement is necessary to take care of the expanding business in certain of the store's sections. Bullock's-Wilshire opened the doors of its new building less than a year ago and the management yesterday expressed pride in the fact that it has proved not only a civic and cultural contribution, but a business expression of pronounced success.

"All Southern California may well rejoice in the part it has played toward making this first expansion of Bullock's-Wilshire necessary far in advance of the expectations of the most sanguine," said an official of the store. "With this first evidence of Los Angeles' acceptance of this store's merchandising rightness, there are many of us looking ahead and wondering just how great a future is in store for Bullock's-Wilshire."

FURRIERS IN CONVENTION SEE $2,000,000 EXHIBIT

was flying, figuratively speak throughout the day and eve of the Ambassador yesterday, the National Association of Fur Industry launched upon its annual convention with a that included everything furry speeches during the day to a $2,000,000 competitive display in the evening.

Presided over by H. W. Blaine, of the association, approx 600 delegates from all over United States gathered for the meeting yesterday morning Fiesta Ballroom. Speakers the session were Philip B. Ken vice-president of the Securi National Bank, who dis "The Business Outlook" and that, judging from the in Southern California, are very encouraging for improvement in business Rabbi Edgar F. Magnin, subject was "Business Eth and Mrs. Louise de Geffene, of Bullock's, who discussed line and the relation all of a costume must have to to make up a harmo whole.

The afternoon session was a con of the trade talks of the and included addresses by Van Dewater, manager of the Angeles Retail Merchants' Cred Association; Lewis Allen Weiss David C. Mills, general direc of the association.

Leading stylists of the wholesale fur trade from all over country had entries in the com showing of furs, which was feature of the evening program Fiesta Ballroom. There were [illegible] coats and fur pieces in all, representing an approximate value of $2,000,000. Outstanding among the wraps were one of chinchilla valued at $30,000 and three Russian sable coats, valued at $82,000 each, as well as white ermine, caracul and broadtail creations nottable for the beauty of the skins and intricacy of design. In the display there also were prize silver fox pelts, royal Russian sables from Siberia, natural blue fox pelts from Scandinavia and chichilla from Bolivia.

According to members of the association the trend in fur styles points to a new length in coats varying from forty-five to forty-eight inches or the three-quarter length. The furs most used are ermines in all shades, caraculs in the lighter shades and for the less expensive skins, Japanese minks and lapin in a variety of new shades. Black lynx from Labrador also has come into favor recently, it is said.

Today delegates an their friends will spend the day at the Lake Norconian Club and will conclude the business of the convention tomorrow. This is the first national gathering of furriers and designers ever to be held in the West and has for its principal purpose the bringing together of manufacturers and dealers for discussion of new ideas in style and marketing methods.

Los Angeles furriers won all the awards in the retail division at last night's style review. Willard H. George won first for sports wear, with an Alaskan seal coat, Bess Schlank won first for informal or street wear with a calico suit trimmed with black lynx. Willard H. George won first for formal evening wear with a peach-dyed ermine coat with Russian sable collar.

HOW YOU MAY WIN $1000.00

For the Best Answer to this Popular

STAR PUZZLE

Read Instructions Carefully

$500 Second Prize
$250 Third Prize

One Hundred and Twelve Cash Prizes in All!

The Star is not a "Cross-Word," but, rather, a novel development of, or improvement on that form of puzzle. In the "Cross-Word" you have to guess words from given definitions, but in the Star, all the letters are given in the phrase: "The Los Angeles TIMES publishes all the doings of the world and it costs only three cents a day."

The question is: How many different English words can be formed from the letters in the Star? Take adjacent or contiguous letters not only straight ahead, but backward, upward, downward, diagonally—in fact, **in any direction**, moving only one space at a time. The same space may be used more than once in a word (as I-15 in MILITIA—M-16, I-15, L-22, I-15, T-14, I-15, A-7), but do not double any letter. For example: L-48 cannot be doubled to form the word ROLL with R-47 and O-40, but L-29 and L-30, two adjacent and contiguous letters, can be used with B-21 and A-28 to form BALL.

Try it for a few moments, and you'll see how intensely interesting it is. It is a game at which all of the members of the family can play—even the smaller children and the gray-haired grandparents.

The instructions are clear. Read them over carefully, and then take your pencil and jot down all the words you can see.

Now here's a pointer: Start with the first A (in space 7.) Some of the words will almost jump at you: "AN" (in spaces 7 and 8); "AT" (in spaces 7 and 1); "AIM" (in spaces 7, 15 and 16.)

When you have exhausted the possible words beginning with space 7, start with the next A, in space 28. Here you see "ADO" (in spaces 28, 34 and 35.)

After all the members of the family have listed their words, consolidate them and copy them in one list, and send it in. You may win a valuable prize.

You need not send in your list until the last day, if you like, though we would prefer that you send it in as soon as you are sure you have found all of the words possible. But you will want to see every issue of The Times during the progress of the Contest, as there will be many things of interest about the Contest published from day to day which you will want to read. Send in your subscription at once, and make sure of getting the paper regularly every morning.

How Many English Words Can You Spell With the Letters in This Star?

Don't Skip or Jump Any Letters or Spaces, Take Adjacent or Touching Letters in Any Direction. Simple, Isn't It?

RULES

No word may be used more than once. Do not use obsolete, archaic, dialect, Scottish or un-Anglicized foreign words, proper names of persons, peoples or places, or parts of words, such as prefixes, suffixes, contractions or abbreviations. Either the singular or plural form may be used, but do not use both forms of the same word. In any question, Webster's International Dictionary will be authority.

For convenience in checking, lists of words must be submitted **in alphabetical order.** Each word should be numbered consecutively, starting with 1. It will not be necessary to give the index numbers of the spaces in which the letters are found.

Contestant's name, address and telephone number should be written at the beginning of the list, together with the total number of words submitted. Use only one side of paper.

This Contest is open to every person in California and Arizona except members of the families of employees of THE TIMES. Only one prize will be awarded to a household.

As explained in the LIST of PRIZES, there are two classes of prizes. It is not necessary to subscribe or send in a subscription to The TIMES to compete for one of the Class B prizes. The Class A prizes are open to those who send in a 6-months' paid-in-advance subscription to the DAILY and SUNDAY TIMES. This may be either a renewal or a new subscription. There are 56 prizes in each class. The contestant in each class submitting the largest number of words properly formed from the letters in the Star according to these instructions will receive the first prize in that class; the one submitting the next largest number, the second prize; and so on. The right is reserved to increase the number and the value of the prizes at any time during the progress of this Contest.

In the event of ties, contestants tying will be required to form words in a similar manner from letters in a smaller diagram. Should any ties result from the second Contest a prize identical with that tied will be awarded to each tying contestant.

This Contest will close at 6 p.m., on Saturday, May 31, 1930. All lists of words must be delivered at the Contest Depository on the main floor of The Times Building before that time, or, if mailed, must bear postmark showing that they were mailed before that hour.

Address CONTEST MANAGER
LOS ANGELES TIMES,
First and Broadway, Los Angeles, Cal.

AUTO MURDER TRIAL STARTS

Plumber Faces Jury in Death of Trio in Traffic

Driver Too Drunk to Walk, Witness Declares

Chase and Capture After Accident Described

Prosecution of Thomas Bell, 36-year-old plumber, on two charges of murder and one of driving while intoxicated, was opened in Superior Judge Aggeler's court yesterday with testimony indicating that the defendant was too intoxicated to walk immediately after the accident which caused the death of three persons and seriously hurt others.

After Mrs. Minnie B. Porter of 1332 South Hope street and Mrs. Helen Stoll of 6328 Plaska street, Huntington Park, had stated from the witness stand that the names of two of the persons killed were J. J. Bailey of 209 East Ninety-seventh street, and Alois Kuebler, of 800 East Eighty-seventh street, V. L. Ferguson, deputy District Attorney prosecuting the case, called his most important witness.

This witness was M. V. Lacey of 6719 Newell street. He testified that after witnessing the accident, he pursued Bell for some distance and when he captured him the man was too drunk to hold up his head.

I. E. Adams of 7677 South San Pedro street stated that he, too, witnessed the accident and saw bodies fly through the air as Bell emerged from the safety zone at Fifty-ninth street and Avalon Boulevard on February 23, last.

According to Dep. Dist.-Atty. Ferguson, Ira Hamilton of 435 East Eighty-third street, has died of injuries received in the accident since the complaint was filed charging Bell with two murder counts.

New Trial for McIntire Asked

Sentencing of W. R. McIntire, former police officer, convicted of second-degree murder, driving while intoxicated and failure to stop and render aid following an automobile accident, was deferred by Superior Judge Aggeler yesterday when Paul Taylor, the defendant's attorney, filed a motion for a new trial.

Hearing of the arguments on the motion was set for tomorrow morning at 10 o'clock by the court.

McIntire was convicted of running down and fatally injuring Mrs. Margaret Towers at Atlantic Boulevard and Hubbard street January 1, last.

PICTURE MADE OF LINOLEUM

Craftsman Depicts Covered Wagon Day

Artistic Effort Requires Skill

Little Doris Molz and picture her father has made by fitting together bits of colored linoleum.

A COVERED wagon picture has been done by Michael Molz, 1233½ West Thirty-ninth street, with bits of linoleum of various colors. His work pictures the journey westward of the Forty Niner.

The picture is 44x36 inches and represents three months of painstaking work. First the artist made his drawing and then carefully cut each part to fit into the whole. He used almost a score of colors. There are several hundred pieces in the picture.

Molz recently built a miniature of the Ulm (Germany,) cathedral out of wood.

SENIOR CO-ED AT S.C. GETS HONOR AWARD

Elizabeth Quinn, senior co-ed in the college of commerce and business administration at the University of Southern California, has just been awarded the Phi Chi Theta key award, designating her as the most outstanding woman student in the college. The selection is based on scholarship, character and campus activities. Miss Quinn will graduate in June. Dr. Florence May Morse, professor of merchandising, headed the faculty and fraternity committee which named Miss Quinn as the recipient of the honor key. Phi Chi Theta is a national commerce sorority.

Glider Death Inquest Today

Witnesses yesterday were being summoned to appear at the Coroner's office at 2 p.m. today for an inquest into the death Saturday of Miss Bonnie Brown, 29 years of age, of 4156 Rosewood street, who was fatally injured when a glider which she was operating crashed at an air field at 3781 Angeles Mesa Drive.

The young woman, who was a stenographer, died at the Georgia-street Receiving Hospital a short while after the accident.

Funeral services for Miss Brown will be conducted at 11 a.m. tomorrow at the Little Church of the Flowers, Forest Lawn Memorial Park. Interment will be in Forest Lawn.

ASSESSMENTS' CURE OFFERED

Sanborn Resolution Aimed at Certain Evils

Property Owners Would be Protected by Move

Growing Pains of Metropolis Outlined to Council

A resolution calling upon the City Attorney and City Engineer to outline a course of procedure curing, as well as may be, the evils of the special assessment, was introduced in the City Council yesterday by President Sanborn.

In his resolution he incorporates four suggestions, namely:

(1.) That the petitioners file a bond to cover preliminary and engineering costs to be used in the event of abandonment;

MUST SHOW BENEFIT

(2.) That wherever possible, no extension of the limits of an assessment district shall be made for the purpose of paying for the cost of improving street intersections, the entire cost thereof being paid from the general fund;" which is interpreted as meaning that the city pay for the pavement laid in intersections, while property owners pay for the pavement in the roadway from corner to corner.

(3.) That no property, save abutting property, be assessed for an improvement unless direct benefit be shown.

(4.) That heavily traveled arteries shall receive funds from the treasury, to the end that the frontage bear the expense only of an ordinary local improvement.

GROWING PAINS BLAMED

Accompanying the resolution, President Sanborn put out a statement, reviewing the progress of the city and declaring that flush times see demands upon the Council for street improvements, while slow times result in accusations and recriminations against the body because of the cost of the petitioned improvement. When the sale of real estate is slow, he says, the buyers thereof raise the cry that the people are losing their homes, place the blame upon the Council and demand the recall of its members.

Neither the Council nor the assessments are to be blamed for these conditions, he submits, declaring them to be the "growing pains" of a metropolis. The Council, he says, is earnestly striving to right wrongs, much of which is due to spreading assessments for benefits remote from the property.

The resolution was referred to the City Attorney and City Engineer.

'Pants Burglar' Held for Trial

Ventura Nunez, Yaqui Indian, asserted "pants burglar," was held for Superior Court trial on four counts of burglary and one of attempted burglary by Municipal Judge Bullock yesterday. His bail was fixed at $10,000.

Nunez was captured by Joe Mena, who testified yesterday. All the burglaries were committed on the night of the 18th inst., witnesses called by Dep. Dist.-Atty. Broker said.

SANDWICH LOAF ON CHEF WYMAN'S MENU

Recipes are repeated at the Los Angeles Times' Free Cooking School only by request but there is one that is repeated every spring. Chef Wyman knows that the summer picnic season is at hand when she receives numerous inquiries as to when she will demonstrate "another of those wonderful sandwich loaves." Today at 2 o'clock she will show in detail how to make a delicious sandwich loaf that masquerades as a cake. To make it a complete summer luncheon she suggests ice cream sandwiches served with an orange cream sauce which she will make. In addition she will prepare grape juice and apple compote, make baking powder bread and an unusual Bohemian pastry, a spice cake fried in deep fat, called hobelstane. Everyone is invited to attend this class, which is held in the Southwest Building, 130 South Broadway.

THREE ASSAILANTS OF AUTOIST SOUGHT

Three men who early Sunday morning, according to Larry E. Steere of 3724 Sunset Boulevard, beat him and left him in his automobile by the roadside, were being sought yesterday by deputy sheriffs. Steere was found in a dazed condition in his car on Foothill Boulevard near Rosemead avenue. Following emergency treatment he told the officers he had met the men at a cafe on Sunset Boulevard, two of the men who stated they lived in Rosemead riding with him when he informed them he was going to San Gabriel. He was unable to relate what had transpired after leaving the cafe, officers report.

DIVORCE DENIED ON RADIO PLEA

Wife Says She Likes Classics but Mate Keeps Dial Tuned for Jazz

Just because a husband turns on jazz music when his wife wants to hear classical pieces is no cause for divorce, Superior Judge Guerin decided yesterday in the case of Irene L. Edell against John M. Edell.

"I liked Chopin and Wagner and my husband fell for Gershwin and Berlin," said Mrs. Edell. "I never got a chance to hear any classical programs."

Judge Guerin continued the case for further hearing, stating he is not satisfied with the evidence and wants to hear from the defendant.

M.-G.-M. SIGNS MUSICAL STAR

Maureen O'Sullivan to Play Leading Film Roles; Helen Garden Assigned to Part by Jesse Lasky; Walter Pidgeon Will Enact Lead

BY GRACE KINGSLEY

Latest of New York stage beauties to twist her shapely fingers around the contract-signing pen of a talkie producer is pretty Betty Healy, formerly of Ted and Betty Healy, headline song-and-dance team of vaudeville and of "A Night in Spain" and other productions.

Metro-Goldwyn-Mayer has signed Miss Healy to appear in "The March of Time," announced as their best eye-and-ear attempt of the year. Her first work will be a skit featuring also Karl Dane, Benny Rubin and William Buster Collier. The production is being directed by Charles Reisner.

Naturally, it is on the cards that if Miss Healy appears to the advantage expected of her in "The March of Time," she will sign a long-term contract.

IRISH ACTRESS TO PLAY NOTED ROLES

That charming little Irish lassie, Maureen O'Sullivan, who gave such an excellent account of herself in "Song o' My Heart," the John McCormack picture, is to have a big chance, we hear. Fox is to feature her in important leading roles in future.

In the meantime, Miss O'Sullivan is to have a little vacation.

LASKY BRINGS NEW YORK BEAUTY WEST

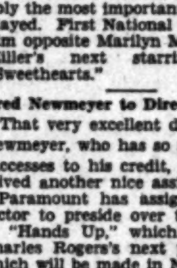
Another New York beauty of the musical-comedy world, Helen Garden, is being brought west by Paramount.

Miss Garden is under contract to Fox, but so far has appeared in no Fox pictures. She is now being loaned to Paramount for a leading feminine role in "Monte Carlo," which Ernst Lubitsch will direct. The picture is to be made in Hollywood.

The young actress is said to be of fascinating personality and great beauty. She has appeared in a number of New York musical productions.

"River's End" for Lowe

That good old stand-by among stories, "River's End," is once more to reach the screen.



EDMUND LOWE

This time Fox is to produce the story as a talker, with Edmund Lowe as the star.

"River's End" formerly served Richard Barthelmess as a starring vehicle for First National, if our memory serves as right.

Charles Kenyon, who has penned so many successful adaptations for the screen, as well as a number of plays, will write the screen version and dialogue for the picture.

Pidgeon Plays Lead

Walter Pidgeon to our way of thinking has always been one of the best screen bets in Hollywood. Now, with the advent of musical pictures, his very fine voice in addition to his acting talent is bringing him recognition.

The actor's newest role is probably the most important he has ever played. First National has just cast him opposite Marilyn Miller in Miss Miller's next starring vehicle, "Sweethearts."

Fred Newmeyer to Direct

That very excellent director, Fred Newmeyer, who has so many screen successes to his credit, has just received another nice assignment.

Paramount has assigned the director to preside over the destinies of "Hands Up," which is to be Charles Rogers's next picture, and which will be made in New York.

Newmeyer has just finished "Queen High," for Paramount, which picture also was made at the picture company's Long Island studios.

Mary Pickford's Cast

Mary Pickford's next picture for United Artists has been finished as to casting, we learned yesterday.

MARY PICKFORD

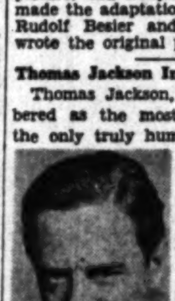
Don Alvarado will play the role of Francisco; Nella Walker is to be the heroine's aunt; Alice Moe, whom Willard Mack brought from New York for "The Voice of the City," will play Susan.

Charlotte Walker, the Iris March of "The Green Hat," in the New York production, will play the role of Miss Pickford's mother.

Marshall Neilan will direct the picture, and Benjamin Glazer, who made the adaptation, will supervise. Rudolf Besier and May Edington wrote the original play.

Thomas Jackson In It

Thomas Jackson, who is remembered as the most—and, perhaps, the only truly human detective to walk the boards, when he appeared in "Broadway," is to have another important detective role.



THOMAS E. JACKSON

Paramount has just signed the actor for the sleuth - footer in "For the Defense," William Powell's next starring picture. Jackson, whose true worth as a versatile screen actor, is being evidenced with each assignment, has been kept extremely busy before the camera.

Joseph Cawthorn to Vacation

That very popular comedian, Joseph Cawthorn, having just finished his role in R.-K.-O.'s "Dixiana," which Luther Reed directed, is going to take a vacation. It is expected that Cawthorn and his wife will spend a fortnight in Mexico.

Harry Gribbon Busy

Harry Gribbon is to do some more professional cutting-up for Pathe, we learned yesterday. Having just finished "Swell Company," he has been signed for another comedy, to be directed by Robert De Lacey.

BAR SEEKS TO LIGHTEN COURT TASKS

Move Begun to Reduce Opinion Writing Work of Appellate Judges

With speedier administration of justice as the goal, study sections of the State Bar of California are soon to consider a proposed amendment to the Constitution whereby justices of California appellate courts will be relieved of the duty of writing opinions except in certain cases, Thomas C. Ridgway, governor-at-large of the State Bar, said yesterday.

"Many of the opinions written by the Supreme Court and the District Court of Appeal are mere iteration and reiteration of legal points decided long ago," said Ridgway. "But the Constitution makes it mandatory on the appellate courts to write opinions in all cases.

"The proposition of amending the Constitution to require the appeal benches to write opinions only where new legal points are involved was before the governors at their last meeting in San Francisco. It was decided to submit the proposal for discussion and recommendation by the State Bar sections."

Ridgway said that if the proposal is approved by the State Bar convention at Pasadena in September, it will be placed before the Legislature.

WINE MAN'S WIFE WINS NOTE SUIT

Judgment for $53,000 Given Mrs. Baumgarteker, Whose Mate Disappeared

A judgment for $53,000 on five promissory notes has been given Mrs. Mary Q. Baumgarteker, whose husband, Frank Baumgarteker, disappeared under mysterious circumstances last November. The judgment is against the Western Grape Products Company. It was signed by Superior Judge Gould and entered yesterday.

The judgment is on notes given by the defendant company to Baumgarteker for hauling grapes and other products. Robert A. Damateis and Baumtegarteker himsel were also named as defendants.

In its defense the grape company asserted that the largest note of the five was inadvertently drawn for an amount in excess of the sum actually owed. The large note was dated November 15, 1928, and was for $25,169. In the amount awarded Mrs. Baumgarteker $5015 is for interest and $1376 for attorney fees. Attorneys S. S. Hahn and F. R. Blodgett represented Mrs. Baumgarteker.

Baumgarteker disappeared on November 25, 1929. His wife has offered a $10,000 reward for him, dead or alive.

RAIL PASSENGERS MAY SEE PETRIFIED FOREST

A three-hour motor detour through the Rainbow Petrified Forest of Arizona was announced yesterday by the Santa Fe Railway through W. J. Black, passenger traffic manager in Los Angeles. The feature, to be inaugurated June 1, next, will make it possible for east-bound passengers to leave the train at Winslow after breakfast, ride seventy miles in Harvey coaches through the forest and the Painted Desert and reach Holbrook in time to eat lunch and reboard the train. A similar arrangement will prevail on westbound trains.

Whispers in the Wings

BY MURIEL BABCOCK

BERT LYTELL in "Brothers" is coming to one of the Henry Duffy theaters in the next few weeks. This is the Herbert Ashton, Jr., drama which the stage and screen star enacted in New York last season and more recently has had on tour.

Duffy announced his purchase of the rights of the play some time ago, but yesterday brought the first inkling of his production plans. "Brothers" is an exciting melodrama and Lytell plays a dual role. He is both of the "Brothers."

Other Duffy plays to come along shortly include "Hell's Bells," a farce comedy by Barry Connors, and "Elizabeth Sleeps Out," which is Leslie Howard's "Murray Hill" under a new and supposedly more provocative title.

"Decency" Cast Completed

The other two characters for the new three-character drama, "Decency," coming to the Mayan, have been chosen, Arthur Gregor told me last night.

They are Pat Collins, seen here in "The Racket," and Lawrence Grant, who has been in so many things about town he is almost a local favorite. Katherine Wilson, New York actress, as previously announced, has the only woman role.

Rehearsals are to start tomorrow and meanwhile Gregor and Perry Ivins, who is to direct, are working on the play script.

Lois Moran to Stage

From New York last evening came a message that Arch Selwyn has a plan to bring Lois Moran back to the stage in the fall, providing her picture contracts permit. Miss Moran's career on the New York stage was short and to the point. She appeared in but a single play, Marc Connelly's "The Wisdom Tooth." Then came a film offer and fame.

"All That Glitters" in London

London may see "All That Glitters," the comedy drama which Tay Garnett and Zelda Sears wrote and which Lou C. Wiswell has been threatening to produce these past six months, about the same time Los Angeles does, or this fall.

Miss Sears and her husband, Mr. Wiswell, leave Los Angeles for a trip abroad, including the British Isles, on May 15. They plan to arrange for the London opening while there. Of course, I presume this all depends on how the play is received on the occasion of the Belasco, which will be first.

Negro Chorus in Secret Rehearsal

The twenty Negroes rehearsing with Georges Renevant for "Goin' Home," the next Civic Repertory production, have attracted so much attention at the Music Box and in so doing interfered so with the rest of the production getting any work done that Renevant has spirited them, bag and baggage, to a secret rehearsal place.

He says that he has found some fine voices and that the Negro singing of spirituals and comedy crap shooting should be a high light of the forthcoming production.

"Candida" Next in Pasadena

George Bernard Shaw's "Candida" will be revived at the Pasadena Community Playhouse, May 8, next, with Helen Freeman and Morgan Farley as costars, according to dispatches last evening.

Miss Freeman has had experience with the New York Theater Guild and was recently seen in Shakespearean repertoire under Fritz Leiber's banner in Chicago. Morgan Farley, as most everyone knows, was the lead in "The American Tragedy" and in "Fata Morgana" in the original productions. Gilmor Brown, Ralph Freud, Dorothy Adams and Al Willard will be others in the cast.

New York Bulletins

Two new theatrical productions are announced to open here during the second half of this week.

A play called "Oh, Professor," with Giuseppe Sterni, said to be a well-known Italian actor, in its chief role, will be seen at the Belmont Theater on Thursday night.

"The Traitor," a play taken from Robert Louis Stevenson's story, "The Pavilion on the Links," will open at the Little Theater on Friday. Charles H. Brown has written it, and the cast will include Fuller Mellish and his daughter, Vera Fuller-Mellish.

"Courtesan," by Irving Kaye Davis, is having its premiere at the President Theater. Elsa Shelley is the entire cast.

"Berkeley Square" will end a successful run at the Lyceum Theater in another four weeks. (May 24, next.) Leslie Howard will go to California to make "Outward Bound" for the films, and, after a vacation in England, he will go on tour with "Berkeley Square" in the fall.

The Theater Guild has acquired a play entitled, "In the Meantime," by Paul and Claire Sifton. Mr. Sifton, who is on the editorial staff of the New York World, wrote "The Bell," produced several seasons ago.

Olsen to Honor Players in Cast of 'June Moon'

George Olson will dedicate tomorrow night's performance of his new musical revue to members of the "June Moon" company, now playing at the Belasco, on which occasion Cleve Moore, Nancy Dover, Ruth Abbott, Murray Smith, and others appearing in the Lardner-Kaufman comedy will be guests of honor at Olsen's new supper club in Culver City.

Colleen Moore, Cleve's sister, has been invited to act as mistress of ceremonies, and an impromptu group of special numbers will be introduced, including songs from the "June Moon" production.

Many stage and screen stars, directors and producers have made reservations.

Stellar Comediennes Will Frolic

Polly Moran and Marie Dressler
Are teamed in "Caught Short," a Metro-Goldwyn-Mayer comedy, which comes to Loew's State Theater Thursday. This marks the first talkie costarring of the noted players.

AUTHOR HAS DIVERSIFIED OCCUPATION

Census Taker Kept Busy Enumerating Positions of Preston Sturges

Preston Sturges, youthful author of the stage comedy, "Strictly Dishonorable," opening Sunday night at the Biltmore Theater, recently gave the census taker something to write in the margin of his little book.

It was his occupation, which he described as playwright, song writer, aviator, stage manager, librarian, actor and inventor.

Although the locale of "Strictly Dishonorable" is in New York, Sturges was born no nearer New York than Chicago. Despite this fact there are no murders and no gunplay in the piece, it is said. Sturges lived abroad from 1907 until 1914, when he returned to America and to his first theatrical job—that of assistant stage manager for "Odipus Rex" at the Century Theater. When for the third time he signaled for thunder instead of lightning during the star's main speech he was discharged.

Sound Experts Visit Chinese to Study Film

Trying to discover the secret of the lifelike reproduction of John McCormack's starring picture, "Song O' My Heart," sound engineers and experts from the different studios are making Grauman's Chinese Theater a mecca these days, it is claimed.

The picture is now in its second week, duplicating the success it has scored in New York, Boston, Philadelphia and other cities.

This romance in which John McCormack sings eleven songs is made doubly appealing with the humor contributed by J. M. Kerrigan and Farrell Macdonald. In addition to these performers the cast includes Maureen O'Sullivan, Tommy Clifford, Alice Joyce, Emily Fitzroy, Andreas De Segurola and others. The picture was directed by Frank Borzage from a story by Tom Barry.

The management, in co-operation with the executives of the Fox studio, is planning a brilliant program for the midnight frolic Saturday night.

Rogers, Jr., to Take Charge of Circle for Day

Representing the Beverly Hills High School in "Boys' Day" Will Rogers, Jr., will take over the management of the Carthay Circle Theater for today and superintend the matinee and evening presentations of "All Quiet on the Western Front."

Young Rogers will be given complete charge of every detail of the theater's management by the regular manager, from addressing a meeting of all employees to checking up the daily receipts.

The Carthay will celebrate its fifth birthday anniversary on May 17, presenting a special program arranged for the occasion.

'Condemned' to Play at Palace

William Haines in "The Girl Said No," M.-G.-M. comedy with Leila Hyams, Marie Dressler and Polly Moran, will close its run at the Fox Palace Theater Wednesday, and will be followed by Ronald Colman in "Condemned."

The latter picture is the United Artists version of the novel by Mrs. Blair Niles, "Condemned to Devil's Island," and in the prominent supporting roles are featured Ann Harding, Louis Wolheim and Dudley Digges. "Condemned" was directed by Wesley Ruggles.

'Ingagi' Sets Orpheum Record

That more persons have witnessed the showing of "Ingagi" than any other picture shown at the Orpheum Theater since the house adopted its present policy, is the claim of the management.

During the first two weeks of the current engagement, more than 100,000 persons have passed through the turnstiles of the theater, it is announced, which exceeds even the number of persons who witnessed "Hit the Deck" during the first two weeks of its engagement here.

COOPER TO PLAY HERO IN 'TEXAN'

Paramount Theater Books Film Based on Story by O. Henry

Gary Cooper in "The Texan" starts at the Paramount Theater Thursday. This Paramount special follows "Paramount on Parade."

"The Texan" reveals the two-gun hero of "The Virginian" in a similar role. Based on the O. Henry story, "A Double-Dyed Deceiver," this picture is endowed with action, romance and the typical O. Henry surprise twist.

In support of Cooper are Fay Wray, Emma Dunn, Oscar Apfel, James Marcus and others.

Cooper is cast as the Llano Kid, a Texas bad man, who falls in love with Miss Wray. Two other outstanding portrayals are said to be those of Emma Dunn and James Marcus. Miss Dunn plays a mother role.

Kent Portrays Active Role in Bancroft Film

Craufurd Kent, who for fifteen years has been an active actor in the motion-picture industry, has an important part in "Ladies Love Brutes," George Bancroft's newest starring picture, which is now being shown at the United Artists Theater.

Kent's theatrical career started some years before he came to Hollywood. On the London stage he appeared in concerts, grand opera, musical comedy and straight drama before he migrated to America.

In "Ladies Love Brutes" he plays the part of an American business man, while Bancroft enacts the role of a structural steel worker who becomes successful as a building contractor, only to meet his Waterloo when he launches a romance with a beautiful daughter of the rich. The story is based on Zoe Akins's play, "Pardon My Glove."

College Clubs Will Appear on Stage at Mason

Glee club quartets at local colleges will have a chance to win a week's engagement with Waring's Pennsylvanians in "Rah Rah Daze," new musical comedy now at the Mason, according to plans arranged yesterday by Fred Waring.

Quartets from the University of Southern California, U.C.L.A., Loyola, Occidental Southwestern, and other universities are eligible for this contest. Beginning next week a different quartet will be assigned nightly to sing their feature number on the program with Waring's Pennsylvanians.

The finals will be held at the Saturday matinee at the Mason next week, with Fred Waring, producer; Don Bryan, arranger, and Charles Henderson, composer, acting as judges.

Large Cast in Film Coming to Fox Boulevard

Headed by such players as Sue Carol, Dixie Lee, Walter Catlett, Douglas Gilmore and Frank Albertson, "The Big Party," Fox film, comes to the Boulevard Theater Thursday.

"The Big Party" was directed by John Blystone and has one of the largest casts of the current screen year. The production is said to be a swift-moving story about the romance of a little shop girl and her two admirers—a young window trimmer and a millionaire store owner.

The final showings of "They Learned About Women," Van and Schenck's first talkie for M.-G.-M., will take place at the Boulevard tomorrow night.

"STEP ON IT" AT FOLLIES

"Step On It," this week's burlesque at the Follies, is constructed in the manner of a revue, with colorful effects, musical features, and skits. There is an abundance of comedy, although the chorus numbers excel. The principal players are Bumps Mack, Wanda Devon, Maurice Le Vine, Evelyn Myers, Ray Parsons, Jane Haselton and others.

"CRIMINAL CODE" NEXT AT BELASCO

Arthur Byron and Others of Original Cast to Play in Flavin Drama

The limited engagement of the Ring Lardner-George S. Kaufman comedy, which is now playing at the Belasco Theater, will terminate on Saturday, May 10, according to an announcement.

On May 12 Los Angeles will see for the first time Martin Flavin's vital drama, "The Criminal Code," with Arthur Byron and others of the New York cast, brought by Belasco and Curran direct from the East for a brief Coast tour.

Both Cleve Moore and Nancy Dover, the two youngsters from filmland, are said to have scored personal hits as the principal players in "June Moon." James Spottswood, Edith Van Cleve, Murray Smith, John Daly Murphy, Ruth Abbott and Cyrena Smith are others.

ZOELLNER QUARTET ENDS CONCERTIZING

Program at Biltmore Marks Long Devotion of Twenty-five Seasons

The Zoellner Quartet celebrated its twenty-fifth anniversary with a concert of commemoration at the Biltmore last evening. A large number of friends and admirers gathered in the lobby of the ballroom to do them honor. The program consisted of a quartet by Cesar Franck in D major, the "Lark" quartet by Haydn and three excerpts from the quartet writings of Debussy, Glasounow and Rubinstein.

The Zoellners, one of the rare quartets which are composed of one family, have been held together since their first successes in Belgium twenty-five years ago by the untiring devotion of the father, Joseph Zoellner, who plays viola with the group. Other members are Antoinette Zoellner, first violin, who is the daughter of Joseph Zoellner; Joseph Zoellner, Jr., playing violincello and occasionally the pianist of the organization, and Amandus Zoellner, another son, who plays second violin.

This quartet has been responsible for the introduction of many new chamber-music works in this country and it holds an enviable place of esteem in this city, where the group has founded a well-known school of music.

Jolson Fulfills Old Desire With 'Mammy' Picture

For three years Al Jolson kept in the back of his head the idea that he would one day make a "Mammy" picture based on ministrel show life, along lines once outlined to him by his friend Irving Berlin.

During the time Jolson was making entertainment history in "The Jazz Singer" and "The Singing Fool," he was building up to what he believed would be his greatest picture. Proof that his judgment was correct is said to be found in the fact that large audiences are attending Warner's Downtown Theater to see and hear "Mammy".

"Mammy" is a story of life with a traveling ministrel show and especially of Al Fuller, an end-man. It is called a comedy of errors. Jolson personally selected the cast which includes Lois Moran, Louise Dresser, Lowell Sherman, Ray Cooke, Hobart Boswoth and others. Michael Curtiz directed.

Noted Comedian in R.-K.-O. Film

Ned Sparks who has the comedy lead in "Love Comes Along" at the R.-K.-O. Theater this week, is a native of Canada, and is said to sing well in private life although he has never exploited that talent on the screen.

Sparks began his acting career in Dawson City, Alaska, when that town was headquarters for gold miners. Without experience of any kind, he found himself out of work there. Having a good voice, he applied for a position in a dance hall after first convincing the proprietor that he could sing old ballads in a way to draw tears from the homesick miners.

He came to Hollywood in 1923, after playing leading comedy roles on the New York stage for several years. In "Love Comes Along," Sparks has one of his best parts, it is said. R.-K.-O. has signed him for five productions.

Producers Call for New Plays

Harry C. Brown, Jr., and Cry Forrest, producers of the comedy "For Cryin' Out Loud," which is now paying at the Egan, announce that they are ready to consider original plays by Los Angeles authors.

Every play selected will be given a careful reading, and any that are found worthy will be given a production at the Egan Theater. If they are approved of when produced, they will then be sent on the road for a tour of the eleven Western States, according to an announcement.

"For Cryin' Out Loud" is having its world premiere at the Egan and was written by Joseph Lawlis, who is also playing one of the leading roles in this comedy.

BEN BERNIE IN HIS DEBUT ATTRACTS

Ben Bernie and his noted orchestra made their local debuts last night at the Montmartre Cafe. A brilliant and festive crowd greeted the maestro and the scene was a colorful one, indeed.

Bernie comes direct from London and has brought some new English tunes which were enjoyed.

BOYS RULE CITY OFFICES TODAY

Youthful Mayor to Take Job at 9 o'Clock

Young Police and Fire Chiefs Also to Perform

Father and Sons Rally Set for Thursday

Today is boys' day in citizenship of Boys' Week in Los Angeles. At 9 a.m. Mayor Leo Epstein of Roosevelt High School will enter the City Hall to see that not only are the executive functions of the city progressively carried forward for the day, but also that each of the various municipal departments and boards of commissioners properly carries on the policies of his administration.

Every Federal, State, county and city office will be under the direction of a senior public, private or parochial high school boy. The several hundred boys carefully selected for the honors of the day by the Boys' Week committee, of which Joseph Scott is general chairman, will report back to their various student bodies not only stories of their adventures in public life, but a careful comment of what they think of the present system of government in Los Angeles.

BAER POLICE CHIEF

Karl Baer of Frank Wiggins High School today will be in charge of the police affairs of Los Angeles. Under his direction the traffic department, vice squad, record division, transportation department, crime prevention, property division and other departments will function with boy officers.

George Allen of Washington High School is to be the assistant chief of police, with Tom Richardson of Garfield chief of detectives. Each of the outlying divisions will be in charge of a boy commanding officer. All the young men assigned to the police work will assemble at noon and be guests at a luncheon given by Chief of Police Steckel and Assistant Chief Finlayson. They will be taken to the pistol range later in the day and then visit the various penal institutions.

Fred Rodriquez of Polytechnic High School is today's Chief of the fire department, and will direct twelve battalion chiefs throughout the city. Fire Chief Scott has had a special badge made for his successor and Rodriquez will be listed permanently as an honorary member of the department, entitled always to wear this badge, and has also been given an engrossed diploma of office.

RALLY MAJOR EVENT

Municipal and Superior Court benches are to be occupied by boys.

Tomorrow, Wednesday, is known as "boys' day in the libraries," and thousands of boys will participate in special programs at the main and all branch public libraries.

The event to which boys are looking forward with greatest eagerness is a monster father-and-son mass meeting at Shrine Auditorium on "boys' day on loyalty," Thursday. The demand for tickets has been so great as to swamp the committee in charge and cause many men to be turned away, so it has been arranged to broadcast the Shrine program over KFI.

Fred Niblo will be master of ceremonies for the evening and the entertainment features include Eddie Cantor, Fanchon and Marco Revue, and the Meglin Kiddie Revue. Mayor Porter and Joseph Scott will both speak.

Friday is "boys' day in school."

Will Rogers, Jr., participated yesterday in Boys' Week by acting as manager of the Carthay Circle Theater. He served as representative of Beverly Hills High School.

WANT-AD NEWS OF REAL ESTATE

Ocean view home at beach, with two bedrooms, can be purchased on terms for $3750—including furniture.

"Make me a cash offer," says advertiser who has eight-room house to sell, together with furnishings valued at $1200.

Party declares $5000 will handle deal for purchase of his close-in Vermont-avenue lot, and that present small income derived from the property carries the monthly payments.

CULVER CITY CASE DELAYED BY JUDGE

Preliminary hearing of embezzlement charges against former Mayor Reeve Houck and Councilmen Dave Clark and Dan Coombs of Culver City, scheduled for yesterday, was postponed by Municipal Judge Ballard at the request of Dep. Dist.-Atty. Stahlman to allow the grand jury to finish its investigation of asserted graft in Culver City affairs. The three are accused of spending public funds to pay the expenses of voters imported for a special election. Date of the hearing was set for May 2, next.

SEPTUAGENARIAN GOOD GOLFER

Elderly Devotee Often Breaks Hundred

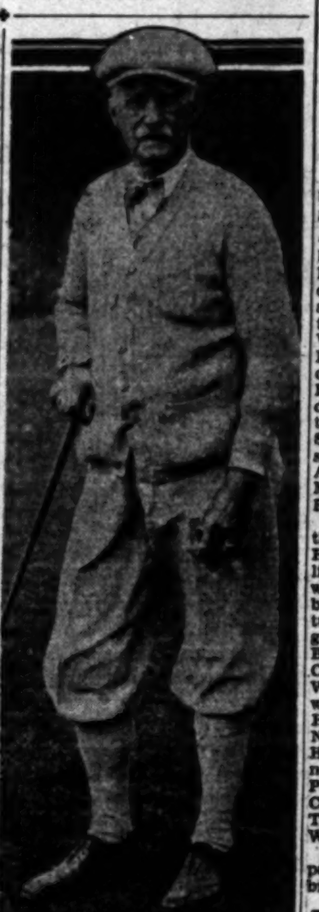
At 77 years of age Robert W. Maguire of 136 North Lucerne Boulevard displays a proficiency at the ancient and honorable, not to say exasperating, game of golf which is the envy and despair of many a man of half his years. For Mr. Maguire, who is a retired railroad executive, can truthfully say he is "way off his game" when he barely succeeds in breaking 100.

Within the past year, Mr. Maguire underwent a serious operation, but before his operation he frequently turned in cards below ninety. He has only recently taken up his clubs again and at present is having some trouble in breaking 100 but, typical golf addict that he is, he is certain that when he recovers his full strength he again will be able to talk of breaking 90.

Not only is Mr. Maguire's appearance a fine testimonial to the health-giving benefits of golf, but he can give verbal testimony to the same effect. It was twenty years ago that he first took up the game and at that time he had just been warned that he was approaching a nervous breakdown. He took a year's leave of absence from his post as controller of the Missouri, Kansas and Texas Railroad and went to live with a daughter in Tacoma.

Within a few months he began to feel so well and, incidentally, enjoyed the game so much, that he decided to change his leave of absence to permanent retirement and devote the rest of his life to well-earned recreation. He lived in Tacoma for twelve years and it was during that time that he made his best score, a 79, when he was past 60 years of age.

Eight years ago he moved to this city and joined the Hollywood Country Club, around whose course he was wont to travel consistently in less than 90 strokes. Recently he has been playing at the Annandale Country Club and when he plays he always completes a full eighteen-hole round. The other members of the foursome with whom he generally contends are Harry B. Hewitt, his son-in-law; George Cartier and Frank Day.



Robert W. Maguire

TWO MISSING BOYS HUNTED BY POLICE

Deputy sheriffs of the Belvedere substation yesterday began a search for Fred Phillips, 8 years of age, and his brother, Daniel, 5. Their mother, Mrs. Kate Phillips, reported them missing from their home at 4510 Eagle street. The boys were seen last, according to the mother, about 6 p.m. Sunday on East Sixth street between Ford Boulevard and McConnell avenue. Both are wearing overalls, and the older one is without shoes or stockings.

GOLF BURGLAR MAKES HOLE IN ONE WINDOW

A burglar early yesterday helped himself in no fair way to a large quantity of clubs and balls during a raid on the Royal Palms Golf Club at White's Point near San Pedro, according to a report to the Sheriff's office. Sometime between midnight and dawn he made a hole in one window through which he put himself inside and then went out in a hurry with six bags of clubs and several boxes of balls having a total value of more than $600. He then drove off in an automobile.

DEDICATION OF LIBRARY DUE TODAY

Memorial Park Branch Erected in Honor of Boys Who Died in War

The Memorial Library in Memorial park, opposite Los Angeles High School, newest branch of the Los Angeles Public Library system, will be dedicated formally today. Orra E. Monnette, president of the Board of Library Commissioners, will preside at the exercises and introduce the following speakers: Mrs. Mabel V. Socha of the park department, Harry H. Baskerville of the Board of Education, Ernest W. Oliver and Donn Tatum, principal and president of the student body, respectively, of Los Angeles High School; Sam L. Kreider, president of the school alumni association; John C. Austin, architect, and Commander Melvin S. Scott of Greayer Clover Post, No. 254, American Legion.

The building is to be dedicated to the memory of twenty Los Angeles High School alumni who gave their lives in the World War, a memorial window, the gift of the student body, being the principal decorative feature of the structure. Names engraved on the window are Robert Bokenrager, Greayer Clover, J. Clyde Collison, Robert J. Curl, Walter A. Ellis, John Hamilton Erwin, Leon J. Francis, Lester D. Havern, Joseph L. Kauffman, J. Noel Kerr, Harry M. Lockwood, Harold F. Maxson, Elwyn C. McKinnon, Edward G. North, Cecil H. Phillips, Harry L. Schwennecke, Charles H. Satchel, Harvey L. Thorpe, Harry C. Turner and John Wigmore.

Miss Nettie Guiwits has been appointed head librarian of the new branch.

WOMAN TO FACE QUIZ ON SANITY

Mrs. Hartman Taken to Hospital on Complaint of District Attorney

LONG BEACH, April 28.—Mary A. Hartman, held on investigation of murder following discovery of arsenic in the body of her 14-year-old daughter, Ruth, last week, was charged with insanity in a complaint issued by William Brayton, deputy District Attorney, today. She was taken to the psychopathic ward of the General Hospital this evening. If she is committed to a hospital for the insane no criminal action will be started, officers announced.

Investigators are prepared to present evidence in a murder charge in the death of the girl and await the result of tests by county officials to determine if arsenic was found in the bodies of her husband and 22-year-old son, recently exhumed, Detective Sergeant H. F. Le Barron, in charge of the case, announced.

Gaming Losses Cause Man to Take Own Life

LONG BEACH, April 28.—Losses suffered on the gambling barge anchored off the local coast caused Guy L. Bonner, 43 years of age, to take his life by shooting himself at his apartment, 1051 Euclid avenue, this morning, according to a message left by Bonner. While his wife and members of the family were outside looking at the eclipse of the sun he aimed a shotgun at his heart and pulled the trigger.

"My uncontrollable desire for gambling has made me a tramp," he wrote. "I went to that ship last night and lost all my money. I wrote checks and have no money to pay. I owe $2000."

Bonner formerly resided at Whittier. The body is at the J. J. Mottell chapel.

Order Failure Balks Hearing of World Flyer

By a "Times Staff Correspondent

LONG BEACH, April 28.—Failure to serve an order to show cause on Leslie P. Arnold, round-the-world flyer, in a contempt action in his wife's separate maintenance suit forced the taking off calendar of the hearing in Superior Court here today.

Arnold recently was ordered to pay his first wife, Mildred Avery Arnold, $75 a month pending trial of her separate maintenance suit. Arnold, who has separated from Priscilla Dean, film star whom he married after getting a divorce from the first wife and before she had the decree set aside, is reported to be out of the State.

Invalid Near Death Ends Life

Given but two more months to live by physicians because of a chronic malady, McKenzie M. Gifford, 58 years of age, retired business man, drank iodine and slashed his throat Saturday night. Yesterday morning he died in the Georgia-street Receiving Hospital, according to police.

Gifford lived at 2179 West Twenty-first street. He was a native of Scotland and had lived thirty-five years in this country. Police were endeavoring to locate relatives. The body was taken to the county morgue.

EX-BANKER DENIES GUILT

Joseph R. Upham, once escrow manager for the Western-avenue branch of the Citizens' National Trust and Savings Bank, pleaded not guilty yesterday before United States District Judge Cosgrave to a charge of embezzling $500 of bank funds. His case was continued until next Monday.

STAGE AND FILM STARS WILL SHINE

Many Notables Will be Guests at Junior Chamber Banquet Tomorrow Night

Personalities from stage, screen and the amusement world to be the guests of the Junior Chamber of Commerce tomorrow night at the Biltmore, where the third annual $100-a-plate sportsman's banquet will be held, will read like a "Who's Who" of the amusement profession. The following, as announced through President LeRoy Owen of the junior chamber, will attend:

Fay Marbe, the Duncan Sisters, Paul Whiteman's Rhythm Boys, Cliff Edwards, Winnie Lightner, Joe E. Brown, Fifi Dorsay, Harry Green, Verne Rickard, Lotti Loder, Lina Basquette, James Gleason, Biltmore Trio, Ruth Roland, Bill Cady, Fred Scott, Merna Kennedy, James Hall, Geanie Lang, Danny Dowling and Julane Johnston and Doris McMahon. Included among these will be members of a featured revue, with the music furnished by Earl Burtnett and Norm Marsh.

Radio station KHJ will broadcast the program between 8:30 and 9:30 o'clock.

GAS-SAVING SUIT TRIAL POSTPONED

Defendants in Signal Hill Action Ask for Time to File Demurrers

LONG BEACH, April 28.—Continuance of the Signal Hill gas-conservation suit until May 12, next, was ordered by Judge Hugh J. Crawford in Superior Court here today when fourteen additional defendants asked for time in which to file demurrers.

The case was called after a continuance of a month pending decision on the constitutionality of the measure in the Santa Fe Springs case. When resumed today more arguments were heard on the demurrer.

Evidence in support of the temporary injunction sought by the State fixing the amount of gas waste at each well will be started May 13, next, the court announced.

City Engineer Receives Vote of Confidence

A vote of confidence in City Engineer Jessup was taken yesterday by the Board of Public Works in answer to rumors current recently that he was to be supplanted by Public Works Commissioner Wirsching.

Jessup was appointed City Engineer January 16, last, at the instance of former Public Works Commissioner Hyde, now resigned, and succeeded John C. Shaw, who was ousted by the present administration after nearly five years' service. The resolution is as follows:

> Whereas, persistent rumors are being circulated by persons who apparently do not have at heart the best interests of the city and harmony of the administration, which may result in an erroneous impression by the public, and at the same time hinder the work of the City Engineer:
>
> Be it resolved, that the Board of Public Works have confidence in the city engineer and commends him on his work, and will give him all support possible in administering the functions which pertain to his office.

Husband Says Wife Made Him Leave Sick Bed

Asserting that his wife was cruel to him three days after their marriage, Martin Giniger, Los Angeles furrier, appeared before Superior Judge Archbald yesterday seeking a divorce from Elizabeth F. Giniger.

"Three days after we were married my wife made me get out of bed, although I was sick with an attack of influenza, and drive her from Santa Barbara to Los Angeles," he testified.

As a result of the exposure and the strain of driving, Giniger said his illness was made worse and that he has never fully recovered from the experience. He was represented in court by Attorney L. Lee Bernstein. A decree was granted.

NEWHALL RAILROAD STATION IS CLOSED

NEWHALL, April 28.—Because of an asserted lack of sufficient patronage to make it profitable, the Southern Pacific has closed its station here. Diversion of small freight to truck lines and the increasing general use of automobiles was assigned as a cause. Local business men and the Chamber of Commerce opposed the closing of the depot, but without avail. They pointed out the gain in freight shipments and receipts in this section within recent years, but were forced to confess that much of it was being handled through motor transportation.

BANKRUPTCY PETITION FILED BY ACTRESS

Lillian B. Leighton, also known on the stage as Lillian Hendricks, filed a voluntary petition in bankruptcy yesterday in United States District Court. She scheduled liabilities of $9300 and assets of $6850, with an exemption of $600.

THEATER LECTURE TOPIC

Dr. Allison Gaw of the English department, University of Southern California, will lecture on "Evolution of the Theater from Shakespeare to O'Neill" at the Los Angeles Public Library this evening at 8 o'clock. Lantern slides will illustrate the talk. Among the books of Dr. Gaw's authorship are "Studying the Play" and "Sir Samuel Tuke's Adventures of Five Hours."

BULLOCK'S WILSHIRE

SCAFFOLDING

—is rising above the west end of the second story of Bullock's-Wilshire, and with it arise many questions—why, what—the purpose?

—briefly, it marks the first expansion of this institution, an addition of store space made necessary through your enthusiastic acceptance of the merchandising policies and efforts of Bullock's-Wilshire

—the building, so new, so young, is, in some parts, no longer adequate to the needs of the business transacted within its walls—and this first addition is undertaken with a deep sense of gratitude on the part of the management, who had hoped and felt that you would like this new interpretation of a store, but who did *not* anticipate such speedy need for enlargement

—not a pretentious addition, just a few thousand square feet of floor space to be dedicated to greater service, greater friendliness, deeper vision

Tilden Downs Italian Star in Net Match

MILAN (Italy) April 28. (AP) Big Bill Tilden defeated the Italian, Giongo, 6-0, 6-1, 6-3, in the first match of the international tennis tournament here today. Wilbur F. Coen of Kansas City defeated Rad of Italy, 6-0, 6-3, 9-7.

SEVENTEEN WIN TRACK EMBLEMS

Champion Oxy Team Gets Letters, Gold Shoes

Seventeen Occidental trackmen were awarded letters and gold track shoes yesterday by the athletic council, according to Dick Glover, chairman of the council. The gold track shoes were automatically voted to all lettermen and Coach Joe Pipal for winning the Southern California track title recently. In addition eight of the men who had made letters for the first time were awarded varsity sweaters, while other lettermen were given another stripe on their sweaters.

COACH JOE PIPAL

The seventeen letter winners are Cecil Howard, Capt. Freddie Appleton, Dick Fairbanks, Rudd Crawford, Wendall Smith, Harold Webb, Ernest Jensen, George Hall, Ed Carrey, Ralph Rozelle, Bob McKee, Dick Bailey, Milton Eggers, John Walker, Bill Nord, John Love and Bob Renshaw, manager. The last eight are the new lettermen.

OLYMPIC STAR IN TOP SHAPE

Victory in Boston Classic Pleases Veteran

Is Anxious to Prove Worth to Local Fans

Hopes to Face Chaca Again in Long Gallop

BY RALPH HUSTON

Clarence De Mar, king of American marathon runners, probably will run in the second annual "Times" pre-Olympic classic, scheduled for June 14, next. Immediately after his victory in the Boston long-distance race a week ago Saturday, De Mar wrote to Charles Wesley Keppen, director of the "Times" race, asking for information about this year's classic.

CHARLEY KEPPEN.

"I lost to a fine runner in Harry Chaca, last year," De Mar's letter said, "but I now feel that I can prove to Los Angeles and Pacific Coast fans that I am the better runner. I feel that my victory in the Boston marathon yesterday is indicative of the fine shape I am in at present, and I am anxious to come to Los Angeles again, and to run in The Times' race.

"I have my heart set on running in the 1932 Olympic Games. I ran my first Olympic marathon at Stockholm in 1912. I was 24 then, and finished twelfth. I did not run in 1920, but in 1924 I finished third in Paris. In 1928 I was twenty-seventh at Amsterdam. I will be 44 in 1932, but I think I will still have a chance to win. The Times' race not only is great practice, but it enables me to become acclimated and accustomed to the local conditions."

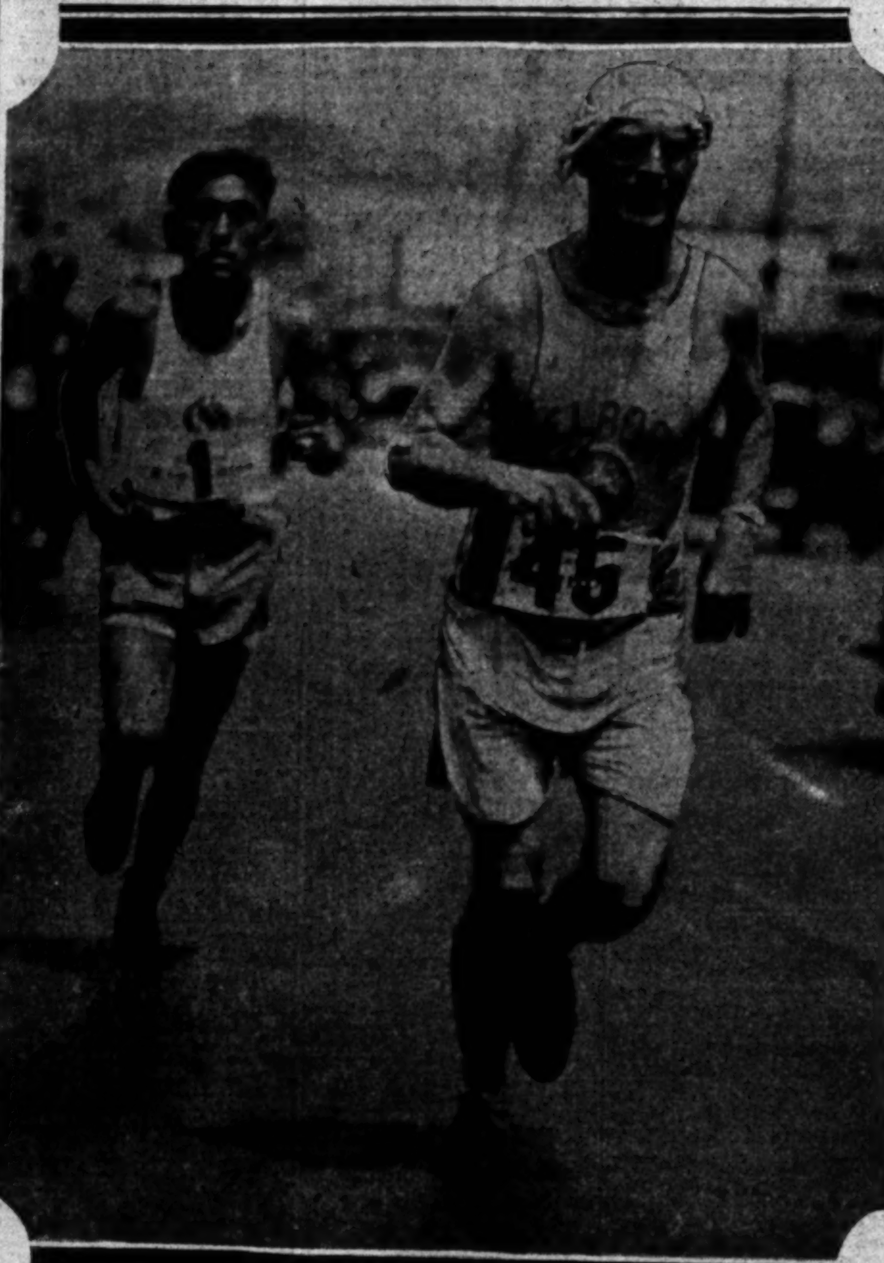
De Mar is teaching in the Keene Normal School, which does not close until June 21, but there is a strong possibility that he will be able to take an early leave of absence from his duties, to race here. Last year he finished second to Harry Chaca, a Sherman Indian representing the L.A.A.C., in a great battle over the twenty-six-mile 385-yard course.

On the 17th inst., De Mar won the classic Boston Marathon for the seventh time in twelve starts.

(Continued on Page 15, Column 4)

HEADED THIS WAY AGAIN

Clarence DeMar, king of the marathon, wants to come to Los Angeles again to race in the annual Times Pre-Olympic Marathon. He placed second to Harry Chaca, the Sherman Institute runner, last year, although in the photo below he was leading the little Indian through the Beverly Hills district. DeMar won his seventh Boston marthon in twelve starts a week ago, and now has his eyes set on the 1932 Olympics. He considers The Times races ideal in preparing him for the '32 games.



Agua Caliente Derby Victor Dies in East

NEW YORK, April 28. (AP) Greyola, which carried the silks of Raoul Walsh, movie director, to victory in the Agua Caliente derby March 9, died at Belmont Park today. Walsh purchased the former Rancocas stable 3-year-old filly the day before the race for $15,000, and then sent her out to win the purse for $20,200. She was shipped east following her derby victory, but soon became ill and was never put in training.

SHOT-PUT MARK MAY BE BROKEN

Southland Prep Tracksters Set for Finals

BY IRVING ECKHOFF

If the times and distances made in the Southern California preliminaries last week can be used as a criterion, all the present Southern California C.I.F. track and field records are as safe as if the finals, scheduled for Housch Field, L.A. High, this Saturday, were not even going to be held.

BUD HOUSER

However, as the 1000 prep athletes competing in the affair last week, were not overly exerting themselves, it is believed that one record and possibly another may go by the boards.

The mark that is most likely to be broken is the shot put, with Capt. John Lyman of Santa Monica, the outstanding candidate. The record at present is 54ft. 3in., and was set by Bud Houser way back in 1922, when he was competing for Oxnard High.

LYMAN BEST

Lyman has bettered the present mark once this year, heaving the twelve-pound ball 55ft. 3-8in. to win the event in the Bay League finals. Saturday, Lyman led the qualifying with a put of 52ft. 3½in. Others that should break 50ft. in the finals Saturday are Don Carter of Franklin, Charley Hull of Inglewood,

ACORNS DOING HEAVY HITTING

Carl Zamloch Has Players Slugging Apple

New Leader Works Wonders With Material

Angel Pitchers Expected to Settle Down

BY BOB RAY

The league-leading Oaks, under their brand-new manager, Carl Zamloch, make their 1930 local debut at Wrigley Field this afternoon when they tackle the Angels in the opener of a seven-game series that figures to provide plenty of excitement for the customers.

JOHNNY VERGEZ

The Acorns, not conceded much of a chance to go any place by preseason dopesters, have taken successive series from Hollywood, Seattle and San Francisco, and in doing so showed plenty of clouting ability. Especially against the Seals' so-called strong pitching staff did the Oaks do plenty of slugging last week. It was a poor day when the Oaks failed to get more than twelve hits. With such clouters as Buzz Arlett, Johnny Vergez, Ernie Lombardi, Pug Griffin and Jack Fenton in their line-up, the Acorns are a tough outfit to tame.

FEW CHANGES

Zamloch has made few changes in the Oaks' 1929 line-up, but the few he has made seem to have worked wonders. Zamloch, however, is quite a magician, and you can't tell what he is liable to pull out of his high silker.

Bernie Deviverios, an Oakland boy who once had a tryout with the Cubs and finally arrived back at his old home town by way of the Texas League, has plugged the hole at short that caused the Acorns so much woe last season, while the veteran Ray Brubaker has been placed at second base, where he is doing his best to make the fans forget Jimmy Reese's graduation to the Yankees. In the outfield Pug Griffin, a veteran of the minor leagues and a hard hitter, and Frenchy Uhalt, a former Bakersfield High football star whom the Oaks have had farmed out for a couple of years, are holding forth

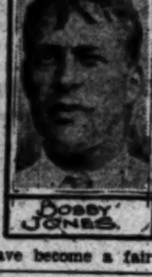
BOBBY JONES SAILS TOMORROW

Captain of United States Walker Cup Team Arrives in New York Preparatory to Departure for England to Lead Squad Against British Amateur Stars

BY BRIAN BELL
Associated Press Sports Writer

NEW YORK, April 28. (AP)—Robert T. Jones, Jr., captain of the Walker Cup team, reached New York today admitting in a modest way that he has been "playing pretty fair golf."



BOBBY JONES.

He was told that the professionals have brought a story from the South of decided improvement in his short game.

"Yes," he smiled. "I have been playing better glof close to the greens. Maybe now I have become a fair mashie niblick player. For a long time I was terrible with that club in my hand. But maybe all this good golf will leave me when the tournament season starts."

The captain will be joined by seven other crack amateurs and will sail Wednesday afternoon. Some of the members of the team will reach New York tomorrow but the full squad of eight may not be assembled until Wednesday.

"We will have no team practice or anything of that sort here," said Bob. "There will be plenty of time for practice on the other side before we play the Walker Cup matches at Sandwich May 15 and 16. I shall not play at all in New York.

"I have been playing much more golf this winter than usual and do not feel the need of additional play until we get over there. Some of

BRUINS WALLOP OILERS

Boston Ice Hockey Outfit Triumphs in Debut at Winter Garden by Score of 8 to 3

In the best game of the East-West ice hockey series played to date at the Winter Garden Ice Palace the Boston Bruins defeated the Los Angles Richfields by a score of 8-3 last night.

The contest was packed full of spills and thrills, keeping the fans on the edges of their seats most of the time.

Going into the last period with the score 5-1 against them, the local pucksters staged a mild rally, pushing over two goals. The Bruins, however, came back strong, tallying three times on two shots by Weiland and another by Kilrea. Lawrence and Wilson scored for Los Angeles in the last session.

Tommy Thompson distinguished himself for Boston, the big Bruin goalie stopping quite a number of serious Los Angeles scoring threats, with apparent ease.

The Bruins took an early lead, having a 4-1 edge at the end of the first period. Oliver tallied the first goal of the game to put Boston in front. Jack Lawrence of the Richfield club tied the score a few minutes later with an unassisted shot. Chapman got an assist on Oliver's goal.

Clancy started the Bruin parade with a perfect shot into the net.

With two minutes left to play in the first session Chapman tallied, to be followed by Kilrea. Chapman pulled down his second assist of the evening on Kilrea's goal.

Only one goal was made in the second period, Clapper of the invaders making the score, 5-1.

The Bruins will take on the Chicago Blackhawks Thursday and Saturday nights at the Winter Garden, giving local fans a real taste of major league ice hockey.

CHOCOLATE AGAIN DEFEATS ERICKSON

TORONTO, April 28. (AP)—Kid Chocolate, Cuban featherweight, made his Canadian debut here tonight and gained the decision over Johnny Erickson of New York, in a ten-round bout at the Coliseum. It was Chocolate's third victory over the New Yorker.

The bushy Cuban sensation gave Erickson a thorough trouncing from start to finish and nearly knocked him out in the last round. Erickson was taking a terrific lacing when the final bell sounded.

WEIGAND COPS BOUT

BUFFALO (N. Y.) April 28. (AP) Art Weigand of Buffalo got a six-round decision over Rosy Rosales of Dayton, O., here tonight.

SCHAAF VICTORIOUS OVER LOUGHRAN IN TORRID GO

PHILADELPHIA, April 28. (AP)—Ernie Schaaf, Boston sailor boy, won the referee's decision over Tommy Loughran, Philadelphia, former light heavyweight champion, in a slashing ten-round bout at the Arena tonight. Schaaf weighed 200 pounds, Loughran 189.

Tonight's battle was a renewal of one started in Boston nearly a year ago when Loughran, then king of the light heavyweights, won a decision over the 21-year-old navy graduate.

Schaaf, with an additional year's experience, was a greatly improved fighter tonight. Loughran displayed the better boxing skill, but the Boston gob had an authoritative punch in either hand.

Babe Hunt, giant young heavyweight from Ponca City, Okla., belted his way to a six-round decision over big Bill Hartwell, Kansas City Negro. Hunt weighed 196 and Hartwell 217 pounds.

Walter Cobb, Baltimore, 217, knocked out Jack De Mave, Hoboken, N. J., 200, in the second round of a six-rounder.

Los Angeles City School Athletes in Junior Olympic District Meets Satur

YOUNGSTERS TO DISPLAY WARES

Playgrounds Scene of Meets This Week-end

Winning Boys Qualify for City Finals

D. W. Lott and Aids to Run Off Many Meets

BY BRAVEN DYER

D.W. LOTT.

Los Angeles city school athletes who are competing in the Junior Olympic Games program will take part in their district final meets this Saturday, according to an announcement made last night by the executive committee. District finals for Los Angeles Playground entrants will also be held this week-end. Five juniors and five seniors from each institution will enter Saturday's meets, slated to be conducted under the expert supervision of the Los Angeles Playground Department at the direction of D. W. Lott and his corps of assistants.

The city school youngsters, although competing on the same field, will not be pitted against playground entrants. That is to say, city school winners in Saturday's meet will qualify for the city school finals to be held on May 17. Playground youngsters who win Saturday will also qualify for the playground finals on the same date. In other words, there will be two sets of winners in Saturday's meets.

Seven playgrounds will be utilized for this week-end's competition. Following is a list of the fields with the schools as assigned:

Harvard at 10 a.m.: Boy Scout Troop No. 157, Twenty-eighth street Y. M. C. A., Hollenbeck Heights Branch of Y. M. C. A., Fifty-second street school, Fifty-ninth street school, Eighty-seventh-street school, James A. Foshay Junior High, and Horace Mann Junior High.

Yosemite at 1:30 p.m.: Strickland Home for Boys, Lolomi Lodge, Meridian school, Fletcher Drive school, and Loreta-street school.

Poinsettia at 1:30 p.m.: Black Foxe Military Academy, Urban Military Academy, Micheltorena school and Grant school.

Downey at 10 a.m.: Central Junior High and Sierra Park school.

North Hollywood at 1:30 p.m.: Pine-street school.

Evergreen at 10 a.m.: Robert Louis Stevenson Junior High, Huntington Drive school, and Belvedere elementary school.

Sawtelle at 1:30 p.m.: Euna Drive school and University High School.

WINNERS NAMED FOR SCHOOL AT CALEXICO

Antonio Camalich won the senior championship at Rockwood School of Calexico last week, scoring 410 points. He was followed by David Garcia with 386 and Oscar Fierro with 353. The latter just nosed out Tony Hernandez, who had 352. Luis Sandoval was next with 345, followed by John Baltzar with 305 and Albert Amador, 276.

Ramon Armendariz captured honors among the juniors with 335 points. Next in line were Joe Andrade, 311; Pedro Camalich, 216; and Frank Santos and Walter Butts, tied with 210.

The Imperial county finals will be held this Saturday and Rockwood school expects to capture a few places, according to Antonio Lopez, student executive.

LEETE AND RUBALCABA WINNERS AT LONE PINE

John Leete and Chevey Rubalcaba won junior and senior honors of the southern section of Inyo county district finals held at Lone Pine last Saturday. Following are the complete results:

JUNIORS

John Leete, Lone Pine	289
Robert Mason, Olancha	277
John Toler, Cartago	266
Salvadore Ceves, Lone Pine	237
Frank Flume, Olancha	226

SENIORS

Chevey Rubalcaba, Cartago	386
Daniel Duarte, Lone Pine High	310
Donald German, Owens Valley High	286
Bert Noble, Darwin	261
Frank Lasker, Lone Pine	255

WINNERS OF FIRST PLACES

JUNIORS

John Leete, dash, 9 4-5s.; broad jump, 6ft. 10in.; baseball, 176ft.
Robert Mason, chinning, 21 times.
R. Narauo, Cartago; I. Behling, Darwin, and F. Flume, Olancha, basketball, 9.

SENIORS

Chevey Rubalcaba, basketball, 13; chinning, 16.
Donald German, dash, 8s.
Bert Noble, baseball, 228ft.; broad jump, 12ft. 8½in.

FULLERTON DISTRICT FINALS ON FRIDAY

Arthur L. Johnson, director of physical education for Fullerton Elementary Schools, will be in charge of the Fullerton district finals scheduled for next Friday at 3:30 p.m. The meet will be held at the Wilshire School field.

MINTON AND TAYLOR LEAD AT STONEHURST

Ben Minton, with 465 points, and David Taylor with 413, captured first places in the senior and junior competition at Stonehurst Playground finals, according to M. W. Peterson, director.

Don Cameron, 423, was second to Minton, followed by Albert Lingua, 369; William Pierson, 302; and Frank Jorgensen, 291.

In the junior class, Ralph Bextell gave Taylor a great battle, scoring 406 points. Donald Hitchcock was next with 374, with Kenneth Winchester fourth with 327 and Edwin Wise fifth with 267.

BERT COLE SERIOUSLY ILL

SAN FRANCISCO, April 28. (AP)—Bert Cole, left-handed pitching star of the San Francisco Missions, is seriously ill at his home here with an attack of bronchial pneumonia. He was taken sick while in the north with the team and returned home yesterday.

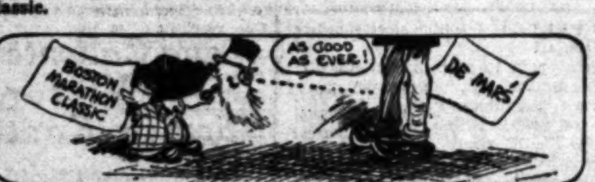
RABBIT PUNCHES
By PAUL LOWRY

THE BEST MARATHONER

YOU can get an argument on the sprinting situation any day in the week, but none on the identity of the best marathoner. Mr. Clarence H. DeMar, the grand old man of the marathon, is it.

Mr. DeMar proved his qualifications—if any proof was needed—when he won the Boston classic for the seventh time in thirteen cracks, a week ago.

They counted the old boy out of the picture this time. They felt that his legs at the age of 42 were beginning to give way. He had finished quite a way down the list last year, the first time he ever fell lower than second or third. And then he had been beaten by Harry Chaca, a Sherman Indian, in The Times Pre-Olympic classic.



It was DeMar's first trip to the Coast, and his time was much slower than he had been wont to run the distance in the East. It was over three hours for the twenty-six miles, and that was a lot more than the old boy had ever required before.

Taking all these facts into consideration the track critics promptly washed him up, only to have the old boy step out and run within two minutes of the record-breaking time of 2h. 32m. he set for himself at Boston this year.

But the best news of all is that DeMar is coming to the Coast again to run in the next annual Times Pre-Olympic classic. He came for the trip and the scenery last year, and saw Chaca's bronzed heels flashing in his face for the last mile of the race.

This year he yearns to erase that defeat, and the 42-year-old veteran who defies all theories that legs pass out long ere this ripe old age will have the advantage of a previous's season's experience over the course. Chaca, the Indian, beware!

* * *

THE BEST SPRINTER—WHO?

SPEAKING of the sprinters, who is the best 100-yard dash artist this season?

Hec Dyer of Stanford has run the distance in 9 3-5s.

Frank Wykoff of S.C., 9 3-5s.

George Simpson of Ohio State, 9 3-5s.

Cy Leland of Texas U., 9 2-5s, with the wind at his back.

Eastern sprinters haven't been heard from much at the current writing, but they will bloom into full action by the time of the I.C.A.A.A.A. championship.

Too bad the quartet named above can't meet in the I.C.A.A.A.A.

Two of them—Dyer and Wykoff—will get together, but the other boys belong to different conferences.

Dyer is one up on Wykoff to date, having won the century in the dual meet between Stanford and S.C. and they have a tie in the 220 to settle at a later date.

* * *

ROTHERT IS LEADER

IT BEGINS to look as if Harlow Rothert is a better competitive athlete than Herman Brix.

Or that Rothert, because of more competition, has the edge on Brix when they occasionally meet in open encounter.

At any rate Rothert has twice beaten Brix this year. The Stanford man won the sixteen-pound ball event when his university met the L.A.A.C. on the Palo Alto campus, and he repeated again during the Fresno Relay Carnival the other night.

Brix has the better marks, but doesn't make them when he meets Rothert. The latter has won with 51ft. 8in. and 51ft. 4in., respectively.

Rothert's victory at Fresno was the more significant because in the afternoon he had competed in a dual meet against the University of Washington and captured his event with a toss of 51ft. 4¾in.

At any rate, with both of these big fellows blistering the 52-foot mark every time they meet, a new world's record can be expected almost any time. And Eric Krenz, the Stanford captain, isn't far behind with his always certain 50 to 51-foot marks.

* * *

AN UPHILL BATTLE

THE British Davis Cup team has a cheer coming for the way in which it pulled the Davis Cup play out of the fire in the zone match with Germany.

Trailing two matches to one, and two singles matches to play, Bunny Austin, the little fellow who performed in our annual Pacific Southwest championships, and H. N. C. Lee rose to the spirit of the occasion, and grabbed off both tilts.

Austin won in straight sets, while his team-mate took three straight after dropping the first one.

BOBBY JONES OFF TOMORROW

(Continued from Thirteenth Page)

the boys have been playing the last few days, I understand, for they have not been playing much since last year."

Jimmy Johnston and George Von Elm played Saturday and Sunday but over different courses in the metropolitan district.

"Of course we expect to have a real battle on our hands in the Walker Cup play," said the captain today. "I think we have the best team we can assemble but the British seem to have their best, too. I have seen only the 'old-timers' play but I have the greatest respect for them and I hear the younger players are as good as or better than the veterans."

FURRIERS HOLD TOURNEY

The National Association of Furriers will hold their annual golf tournament today on the links at Lake Norconian. The furriers are having their annual convention in Southern California this year and are located at the Ambassador Hotel. About 150 will tee off today, including seventy-five ladies, according to Ollie Painter, who is handling the tournament at Lake Norconian.

Quinn to Pass Up Auto Race

Francis Quinn, local speed king who was injured when his car overturned last Sunday in the fifty-mile Raisin Day race at Fresno, has returned and announces that he will be unable to drive next Sunday in the 100-lap grind at the American Legion Speedway here. Quinn's mount overturned in the north after he had passed the finish line in the fifty-mile event and had won second money. The car went into a spin and hit the fence, turning upside down. Francis sustained a pair of injured ribs but otherwise is pronounced o.k. by the medicos.

Quinn expects to make arrangements today to have "Shorty" Cantlon, Detroit ace, wheel his Marine Miller in Sunday's race at the Legion oval. The Miller was only slightly damaged and already has been put in tip-top running order.

If Cantlon decides to go to the post with the chariot Sunday, Legion officials hope to arrange a match race between the Michigan pilot and Walt May, local ace. Cantlon is the driver who recently hung up a world's record of 144 miles an hour at Muroc Dry Lake.

MARSHALL IN TOP FORM FOR TITLE MAT BATTLE

Everett Marshall will not carry a pound of extra weight into the ring with him when he clashes with "Dynamite" Gus Sonnenberg, world's wrestling champion, in a finish title mat battle at Wrigley Field Monday night.

Close followers of the mat sport here, who watched the sensational Glendale grappler go through a whirlwind workout at the Manhattan gym yesterday afternoon look for Marshall to come into the ring at 210 pounds Monday night, and faster than he has ever been for any of his local matches.

It was evident that Marshall had his mind on developing speed rather than perfecting any wrestling holds during the training period. He went fifteen minutes with each of his three trainers, and then finished up the day's grind with a short workout with the weights.

Marshall devoted most of the workout to preparing defense against holds in which the champion has shown himself an expert in the several bouts he has had in Los Angeles. Headlocks and wristlocks were the two holds the challenger specialized upon yesterday.

A defense and counter-offense against the flying tackle, the hold that Sonnenberg used to smash his way to the top of the heavyweight division and has used since then to bowl over all topnotch competition, will be worked on by the challenger in today's training grind at the Manhattan gym, it was reported.

Dan Koloff will clash with Don George in the semi-wind-up; Nick Lutze will meet John Spellman in the special bout, and Ad Hermann and Rex Smith will tangle in the opener.

Oxy Netters Get Letters

Occidental's Southern Conference championship net squad was yesterday awarded letters, sweaters, and gold tennis balls by the Oxy Athletic Council. All six of the tennis team were new letter winners. They are Capt. Dale Robinson, Martin Hansen, Newton Patchen, Chapin Bristol, Arthur Powers and Bob Rives, manager. Coach Norval Craig will also receive a gold tennis ball emblematic of winning the conference title.

Bells Split With Ducks

PORTLAND (Or.) April 28. (AP)—The Portland Beaver Ducks broke even in the double header here today with the San Francisco Missions, winning the first, 5 to 4, and dropping the second, 5 to 1. The Ducks came through behind the stellar hurling of Fullerton, but could not keep up the pace through the nightcap. The Missions took the series, five games to two.

Portland opens here tomorrow with Hollywood while the Missions go to Seattle. Score:

EAST LEADING CREWS TO RACE

(Continued from Thirteenth Page)

a race of it against Columbia all last season, finished only two seconds behind and forced Columbia to set a new two-mile record of 10m. 12⅗s. for this annual race to win out in the last few strokes.

SLUGGERS GET CALL IN PASADENA RING

Sluggers hold the boards at Pasadena Arena Thursday night in a double main-event card. Mack House, who seldom fails to score a one-round knockout, is promised a tough opponent in the person of Jimmy McDermott, highly regarded San Francisco heavyweight.

The last spot of the evening is awarded to Ernie Hood, Pasadena flyweight, and Leonard Rahming, Hollywood favorite. Don Kennedy, Pasadena prize featherweight, will face Pete Magallanes, a tough Filipino from Sacramento, in the four-round special.

FLOSHEIMS STAR ON ALLEYS

Monrovia Team Shines in Pacific Coast Bowling Congress; Danneberger is Hero

With their star pin destroyer, M. Danneberger, blasting the way with a dazzling 554 series, Jack Flosheim's, Monrovia, stepped out and won the spotlight in yesterday's Pacific Coast Bowling Congress session at Davenport Recreation Building by smashing the maples for a 2564 series, made on games of 835, 860 and 869.

Their total, climax of a hectic night, shot them into first place in the 850 division. The Monrovia five replaced Southland Drug Company, who totaled 2548 the opening night. Danneberger, who rolls anchor, got off to a bad start with a 150 game, but backed it up with 185 and finished with a 219. B. Wescott set the pace with a 553 series, made on games of 166, 195 and 192.

Fluor Corporation, Ltd., Los Angeles, moved into second place in the open class with a 2602 total, twenty-four pins behind the Hancock Gasoline team of Santa Ana, who are leading the open division. W. Ogden, score of 165, 180 and 210, a 555 total, was high for this team.

Cecil Hotel No. 2 slapped the pins off the boards and wound up in third place in the 850 class. W. Washo, lead-off man, collected a 232 game, his third game, to finish with a 543 total. F. Graust, anchor, clicked for 541 total.

Hamilton Market of Beverly Hills, who figured on paper to finish near the top in their division, rolled a meager 2400 total. C. Wombacher's pilot ball was overweight and was thrown out. Having to pick out a strange house ball, Wombacher was somewhat handicapped as his 486 total shows. Blackie's Coffee Shop No. 5 turned in 2409, with B. Campist with 531 the only man on the only man to collect over 500 total.

Ona M. Gregg, secretary of the congress, has announced a recess this afternoon in order to give the pin boys and scorekeepers an opportunity to rest up. The tournament will swing back into action at 8 p.m., with four Los Angeles and two Pasadena quintets striving for first-place honors. The scores follow:

INTERCOLLEGIATES NEXT FOR BRUINS

Coach Harry Trotter is pointing his U.C.L.A. track-and-field squad for the California intercollegiates scheduled for Palo Alto on May 16 and 17. Trotter has great hopes for "Chuck" Smith in the sprints and Kenny Knight in the hurdles. About sixteen men will make the trip north, according to present plans.

WOODBURY'S WINS

Caltech dropped a 6-4 decision to the Woodbury's Business College nine yesterday afternoon at Caltech. Asmus and Seaver of Woodbury's banged out homers.

PREPS SET FOR ANNUAL CLASH

(Continued from Thirteenth Page)

Walt Schell of Redondo and Len Morgan of Pasadena.

The only other record that seems to be endangered is the mile. There are two outstanding candidates at present with Jimmy Lawrence, slim Manual Arts captain, being the favorite. The other is Evans Dower of San Diego, the defending champion. Both have run close to 4m. 32s.

Chesley Unruh set the present record of 4m. 29 3-5s., back in 1925, when he was attending El Monte High.

QUARTER MAY GO

Although Irvine Warburton of San Diego tied the State record of 49 3-5s. last year, he has never finished the one-lap gallop in 49 2-5s., which is the Southern California meet record, set by Cliff Gantt of Poly. The stocky little southern blond may came close to it Saturday, however, as both Jabes LuValle of Los Angeles Poly and Carl Satterfield of Manual Arts are figuring on beating Warburton.

One thing that will make it hard for the runners is the Los Angeles High track itself, which is noted for its slowness. Dave Foore, a former Roman trackster, who holds the Southern California half-mile record of 1m. 58s., never broke 2m. on his own oval.

Both Bob Priester of Hollywood and Ralph Collier of Fremont, the favorites in the two-lap race, figure on shading 2m.

The Southern California records:

100-yard dash, 9 4-5s.—Slocum (Glen.) 1927; Wykoff (Glen.) 1927; Lombardi (L. A. High.) 1928.
220-yard dash, 21 2-5s.—Wykoff (Glen.) 1927.
440-yard dash, 49 2-5s.—Gantt (Poly.) 1928.
880-yard run, 1m. 58s.—Foore (L. A. High.) 1928.
Mile run, 4m. 29 3-5s.—Unruh (El Monte.) 1925.
High hurdles, 15s.—Welsh (Pasa.) 1927.
Low hurdles, 23 4-5s.—Payne (San Ber.) 1929.
Relay, 1m. 29s.—L. A. High, 1928.
High jump, 6ft. 3¼in.—Van Osdel, 1928.
Broad jump, 23ft.—Barber (Long Beach.) 1928.
Pole vault, 13ft. 2¾in.—Miller (San Diego.) 1928.
Shot put, 54ft. 3in.—Houser (Oxnard.) 1922.
Discus, 147ft. ½in.—Houser (Oxnard.) 1922.
Javelin, 176ft. 7in.—McKenzie (Oxnard.) 1928.

Houghtaling in Trap Victory

Notwithstanding a strong wind, a large number of shooters participated in the trapshooting event at Union Pacific Knickerbocker Field Sunday, and a number of high scores were hung up. Guy Houghtaling was the outstanding shooter, leading in the 100-target main event with a perfect score, also the handicap with a score of 48 out of 50, winning the Class A trophy. Other trophy winners were: Class AA, A. J. Stauber; Class B, Mrs. C. E. Groat; Class C, Mrs. Gus Knight; Class D, W. A. Raine; Class E, Dr. B. Blosser.

100 targets at 16 yards—Houghtaling, 100; Stauber, 99; L. B. Marsh, 96; N. W. Warman, 95; Mrs. Groat, 95; Mrs. Knight, 94; B. Dear, 93; H. Heidenbaugh, 93; Mrs. Marsh, 93; C. E. Groat, 91; L. T. Meisner, 90; C. La Boyteaux, 90; W. A. Raine, 90; P. Moody, 89; S. O. Myers, 89; George Warren, 88; Dr. Blosser, 87; J. C. Pamechon, 86; F. Melville, 84; M. Stevenson, 84; D. Frew, 83.

50 targets at 16 yards—E. A. Ward, 50; P. Martle, 49; T. H. Adams, 48; P. Richards, 47; J. E. Flynn, 45; F. Bridges, 44; A. H. Campbell, 43; R. G. Gustin, 43; T. Thurston, 41; J. B. Swan, 41; R. Wolfe, 40; F. C. Hazer, 38; H. A. Starke, 37; B. Black, 35.

BELL NINE WINS

Bell High's sophomore baseball team defeated the Garfield sophs, 7 to 2, yesterday afternoon at Bell in a practice game. Seven errors ruined Garfield's chances for a victory.

(Copyright, 1930, by North American Newspaper Alliance.)

THE WINDS OF SANDWICH

The winds of Sandwich from the sea
Blow by the fairway from the tee,
And often in their wild refrain
They bring the beating of the rain,
And turn golf into something worse
Than football, war, or writing verse.
And when the winds of Sandwich blow,
And rain falls with its icy flow,
Briton and Yank will understand
Just what is meant by No Man's Land.

Walker Cup Chances

With the assembling of the Walker Cup team in New York from Portland, Atlanta, St. Paul, Washington, Detroit and Boston there is the usual argument as to how this collection of golf talent will fare in the chilly winds and possibly chillier rains of Sandwich, one of the great golf battle fields of the world.

It is over this seacoast battlefield that the British will have their best chance against a team that looks to be much stronger and which is headed by the greatest golfer of his time. Jones, Johnston, Von Elm, Voight, Ouimet, Willing, Moe and McKenzie are possibly the strongest team that ever left American shores to rap a golf ball up and down the seaside links of England and Scotland.

I asked Bobby Jones what he thought the chances were, knowing, whatever he thought, that he would have to predict a hard fight and possibly an even contest. But his memory of Sandwich—where he took an 88 and Sweetser something like a 90—put extra sincerity into his voice when he figured the coming Walker Cup duel an even thing.

"We only barely won at St. Andrews," he said, "where weather conditions suited our play. You may recall what the British Ryder Cup team did to our professionals last year on the other side. We have a strong team, an extra strong one, but we also have a battle to face that will take the best golf we can play to win, and maybe that won't be good enough. I know what Sandwich did to most of us before, and it was plenty. Even if the weather happens to be more to our liking there will be little choice. We have a big edge over here. But it's different over there, as we have found before."

The Golf All-America

Few golf teams have covered as much ground as this Walker Cup selection represents. Doc Willing and Don Moe, the prides of the Northwest, also look after the interests of the Pacific Coast. Jimmy Johnston will make his stand in behalf of the Middle West, with Minnesota following every stroke he takes. The South has no one to represent her but Bobby Jones, but the South seems fairly well satisfied. George Von Elm is the roving westerner between Detroit and Los Angeles. Ouimet, Voight and McKenzie shoot for the East, representing New England, New York and Washington.

From Sandwich the entourage moves to St. Andrews later in May for the British amateur championship, won only twice by American golfers, and this is where the fur will fly and fall like Siberian snow. It is better than an even bet that some American will duplicate Jess Sweetser's conquest at Muirfield, for there are too many good ones this time and replacements will be ready for the open gaps.

Jones and Eighteen-Hole Matches

The question has been asked how Bobby Jones feels now about eighteen-hole matches. The answer is that while he isn't giving any rousing cheers when the same are mentioned he is smart enough to realize that eighteen-hole matches are what he has to play before the final round is on and that is about all there is to it.

"I realize now," he says, "that the only way to face the shorter routes is to concentrate on every shot, take nothing for granted, and give all you have in every match. This isn't as easy to do as it might seem. And in trying too hard you can easily get away to a ragged start and run into further trouble against some golfer in a much better mental state than I was before."

Legion Boxers Settle Title

Tom Gallery is billing the main event at the Hollywood American Legion Stadium Friday night, featuring Johnny Lamar and Hector McDonald as a championship fight, the winner to be recognized as the Pacific Coast lightweight champion. A bid will be made to have the California Athletic Commission put their stamp of approval on the title fight.

In California there isn't any lightweight beating Johnny Lamar, the local Mexican. Goldie Hess and Eddie Mack left town rather than accept a fight with Lamar. They, through their managers, refused to accept terms for a bout with the Mexican. Lamar was the only boy to get a win over Cecil Payne while the Kentucky fighter was here. When a return fight was suggested to Payne he left for the East, so that leaves Johnny Lamar the outstanding lightweight in California.

Hector McDonald was born in Ireland. He makes his home in Vancouver, B. C. McDonald looks like the makings of a great lightweight. He is very fast and clever and every bit as fast as Sammy Mandell, but, of course, lacks the experience of the champion. Before winning the title Mandell fought several times at the Legion Stadium. McDonald has shown flashes of form and boxing skill at Hollywood that has amazed the fans.

GLENDALE PLAYS OXY FROSH

Coach Glenn Rozelle's Occidental frosh sluggers clash with Glendale High's nine this afternoon on the Glendale diamond. The frosh have won a majority of their practice tilts and are priming this week for their first league battle next Saturday when they entertain the Pomona yearlings. Rozelle has another practice game at Hollywood High billed for tomorrow afternoon.

Night Games of Interest to Red Boss

CINCINNATI, April 28. (AP) Sidney Weil, president of the Cincinnati Reds, has evinced an interest in night baseball. He plans to go to Des Moines Friday to make a personal inspection of the working of the system installed by the Western League club there.

"So many people are unable to attend in the afternoon, except on Sundays and holidays," Weil said, "that I am much interested in the experiment. If it works in the minors it might be a good thing in the majors, too. Anyway, a new idea in baseball is always worthy of investigation.

ROOT IS HERO

CHICAGO, April 28. (AP)—A home-run barrage led by Gabby Hartnett who twice hit for the circuit today gave the Chicago Cubs a 7-to-4 victory over Pittsburgh in the second game of the series. Cliff Heathcote and Charley Root also hit homers. Score:

L.A.A.C. Captures Honors

By scoring a total of 122 points in the Southern California championships, the powerful Los Angeles Athletic Club gymnastic team becomes a decided threat for the national championship. The national event will be held in Los Angeles this year, being scheduled for the Olympic Auditorium, June 6, next. It will be held under the auspices of the L.A.A.C. and L. A. Henry and his staff of co-workers are making big plans for the event. In the Southern California meet, which was held at the L.A.A.C. last Friday, the Mercury team nearly doubled the score of the second-place team, the Turnverein Germania, which scored 62 points.

OAKLAND TO FACE ANGELS

(Continued from Thirteenth Page)

with Arlett. Louis Martin, an Alameda High product, alternates with Uhalt in center. Martin is inexperienced, but looks like a great prospect.

The rest of the Acorn line-up is about the same, except that Pete Ritchie, who has gone back to using his real name of Ricci to attract the Latin fans of Oakland, has been added to the catching staff.

Zamloch has twelve pitchers on his club roster but most of them are youngsters who have not yet proved their ability. Howard Craghead, Pete Daglia, Jim Edwards and Zip Dumovich are the four dependables, but some of the young hurlers have looked good, Hurst especially. Bob Andrews, obtained from the Yankees, has been knocked out of the box in both of his starts but it may be that he isn't in shape yet.

RIGHT BEHIND

Although they dropped five out of seven games to Sacramento last week, the Angels are in third place and only two games behind the league leaders. If they can stop the Acorns the Seraphs will be able to go on their three-week road trip in good shape.

The Angel hurlers' wildness is adding more gray hairs to Lelivelt's collection and making it tough for the team to win. However, the pitchers don't figure to be as wild as they were against the Sacs and should snap out of it soon.

The rest of the club is playing good ball and the use of Schulmerich adds punch to the squad, but it takes good pitching to win ball games.

Either Win Ballou or Bill Peters is expected to pitch the opener today for the Angels, with Howard Craghead or Dumovich Zamloch's selection.

In the other series beginning today, the Hollywood Stars, who have won their last three contests and give evidence of having ended their slump, tackle the last-place Ducks in Portland, the Sacs and Seals tangle at San Francisco in an important clash and the Missions and Indians hook up at Seattle.

MARATHON STAR MAY RACE HERE

(Continued from Thirteenth Page)

He finished second in 1910, first in 1911, third in 1917, first in 1922, first in 1923, first in 1924, third in 1926, first in 1927, first in 1928, ninth in 1929, and first this year.

In all, De Mar has run in thirty-five marathon races, and has won fifteen of them. In addition to his Boston victories, he won the Brockton race in 1911 and 1917; the Baltimore event in 1926 and 1927; the Portchester (N.Y.) race in 1926; the Philadelphia sesquicentennial in 1926; the Providence-Boston (forty-four miles) event in 1928, and the Halifax race in 1928.

He plans to run in the ten-mile jaunt at Lynn, Mass., May 10, next, and the Pawtucket Marathon, May 17. After that, if arrangements can be made, he will come to Los Angeles to run in The Times' pre-Olympic race.

SHEIK SOCCERITES TO FACE ROVERS SUNDAY

The Hollywood soccer football team returned yesterday from San Francisco and Manager Danny Hall immediately opened preparations for the second game of the State championship series, which will be played at Loyola Field next Sunday. In this game the Sheiks will meet the flashy San Francisco Rovers, who nosed out Hollywood, 2 to 1, at the Bay City Sunday.

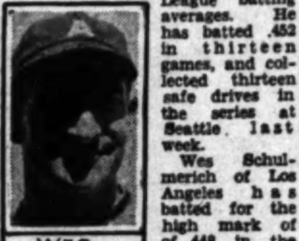
GREEN LEADING COAST HITTERS

Hollywood Outfielder Bats for .452 Average

Schulmerich of Seraphs is in Second Place

San Francisco Leads Clubs in Slugging

Hitting the ball at a terrific clip last week, Harry Green, Hollywood outfielder, climbed to top position in the Coast League batting averages. He has batted .452 in thirteen games, and collected thirteen safe drives in the series at Seattle last week.



WES SCHULMERICH

Wes Schulmerich of Los Angeles has batted for the high mark of .448 in the ten games in which he has taken part to place second in the league batting averages. Frank Cox of Seattle is third with a mark of .440. "Buzz" Arlett of Oakland is fourth with .432. Pug Griffin, also of Oakland, completes the first five with a mark of .419.

Johnny Verges of Oakland has taken the home-run honors with nine to his credit. Crosetti and Wingo have each banged out seven home runs.

Fred Haney has pilfered eight bases to lead in this department. Arlett has made the most safe hits with thirty-five.

San Francisco leads in team batting with a mark of .341, with Oakland and Los Angeles also batting well above the .300 mark.

Club batting records and individual records of players participating in ten or more games follow:

FORTY ROUNDS TONIGHT

Olympic Patrons Get Long Program in Place of Postponed Maloney-Emanuel Bout

BY KAY OWE

Joe Cordoza and Mike Hector are headliners of a card of forty rounds at the Olympic tonight. The show takes the place of the postponed Jim Maloney-Armand Emanuel heavyweight bout originally booked this week.

The two middleweights clashed in the semi-wind-up of the Max Baer-Ernie Owens card a week ago and put up a great fight. They fought six rounds with Hector getting the decision. Cordoza hopes to reverse the decision over the ten-round route and is even money to do it.

Hector has always been a tough fighter. In condition he can give any 160-pounder a real contest. Ace Hudkins at one time sidestepped the ex-sailor.

Dan Carroll will be behind Tom Kirby, Boston heavyweight, tonight in the six-round semi-wind-up. Kirby comes highly touted. He has fought Young Stribling and Tommy Loughran and is considered a great prospect around New England.

Kirby boxes Jimmy Hanna. The latter has won all his starts here both as a middleweight and light-heavy. He fights in both classes. Hanna and Kirby are boxing at 175 pounds. The Boston man will have a weight edge.

Sandy Garrison Casanova, regarded by many as the best young fighter in the Los Angeles crop, meets Max Peltz in the special event. Casanova has been winning most of his fights by knockouts.

In his last nine fights he knocked out five, Bob Newton of Fresno being the last victim. Casanova is a leveling puncher. He and Benny Miller are running a race for main-event shots.

Frankie Diaz, another Mexican boy, boxes Don Burchard in the other six-round fight. The three fours are Howard Prits vs. Ray Leonard; Freddie Welch vs. Joe Borola, and Joe Singer vs. Stutts Houck.

THREE TEN-ROUNDERS FOR OPEN-AIR SHOW

Three ten-round heavyweight bouts instead of two may be the program at Wrigley Field May 12. This was the plan announced yesterday at Olympic headquarters.

The proposed line-up would be:

Jim Maloney vs. Armand Emmanuel.
Frankie Campbell vs. Les Kennedy.
Vigo Doman vs. Mack House, Dynamite Jackson or Tony Stabeneau.

Doman's manager, Tom O'Grady, conferred with Matchmaker Wad Wadhams and expressed a willingness to sign for any opponent possible to get.

Doman has been on the shelf from an eye injury, but O'Grady says the big fellow is ready to start training again.

Campbell took his first workout yesterday at the Manhattan gymnasium and looks refreshed after his lay-off and minor operations. He had five teeth extracted and his tonsils removed.

TIGERS PLAY GLENDALE

The Oxy varsity nine entertains the Glendale Junior College sluggers this afternoon in a practice tilt. Coach Bill Anderson's crew has twice met and defeated the Jaysees earlier this season in close battles and Anderson anticipates a good workout for his squad. Ernie Johnson will probably do the chucking for the Tigers, with Stoney Johnston catching. De Hoag may take the mound for a couple of innings in preparation for the conference game at Pomona Saturday.

Superb Summer Camps for BOYS and GIRLS

For the better-equipped seashore, mountain and lakeside camps see "CAMPS for Boys and Girls" on The Times' resort and travel page. They will give your girl or boy the kind of filled-to-the-brim vacation youngsters enjoy—while the grown folks go vacationing in their own manner.

Busy days of fishing boating, riding, tennis, archery, scenic trips, play-work in handicrafts—nights of healthful sleep. Wholesome companions! Capable supervision!

Folders and details can be obtained by parents from Times' information bureaus—at The Times Building, Broadway at First or 619½ South Spring street. Telephone MAdison 2345.

LEARN TO PLAY UPON THE KEYS OF THE HUMAN MIND

SALESMEN, PREACHERS
TEACHERS, LAWYERS
CLERKS, ENGINEERS, Etc.

ARE you too just fanning the air getting nowhere? Did you ever stop to think there might be a law that governs success and failure. By now you must realize that there is a difference between the man who earns $2000 or less and he who earns $20,000 or more.

THERE is a natural law used by all successful men and women that is as positive and as accurate as the law of Mathematics. It never was intended for men to scrimp and save in order to die in some humble cottage or the poorhouse. Wealth is unlimited. Knowledge of the law of success has elevated thousands of hopeless men and women to positions of wealth and power. If you are serious in your desire to succeed we will teach you free and help you to make more money than you ever thought possible. None but a mental coward could acquire this knowledge and fail. Learn these subtle principles of success that mean all things to all men. Money is made easily. It is no longer drudgery when you work with us, using our methods. If you are employed it need not interfere with your present work. Both sexes equally successful. Address J. box 456, Times Branch.

MAN WANTED

Real Estate Improvements —75

5½%—Money—6%
INSURANCE FUNDS

Money is now available as in the past several years for attractive loans in acceptable locations on real estate in Los Angeles and immediate vicinity.

Our supply is from the East where accumulations in large quantities are always seeking investment and at lower rates than can be had in the West, where so much money is needed for development.

A 6% loan after commission is added means only 6 3-5% to the borrower over a five-year period.

FREE INSPECTION of your property. Telephone us the address.

BUSINESS OPPORTUNITIES
Of Many Kinds
Miscellaneous —85

OPPORTUNITY—A home—a business and an income all in one. We specialize in good apartment houses in Hollywood and offer some genuine bargains. In buying a rightly located Hollywood apartment house you can always figure on good rents, a full house and increase in land value. With from $10,000 to $100,000 in cash you can buy and meet additional payments out of income. If you will live in the apartment house and manage it yourself you have your home free and add to the income.

Special—a nearly new, well built 4-story, beautifully furnished 100% occupied apartment house on splendid street block north of Hollywood Blvd. Gross income $2100 monthly. Expense $675. Price $140,000. Pay $25,000 cash, have a home, a good income and meet balance out of income.

This is one of many. If you have $10,000 or more call and talk it over. Perhaps we have just what you seek. We own and operate several apartment houses besides acting as agents for other owners. Our own experience will prove helpful to you.

HOLLYWOOD BUSINESS PROPERTIES, LTD.
614 Guaranty Bldg., 6331 Hollywood Blvd.

If you seek a money making opportunity write for free copy of our weekly Advance Information Bulletin.

BANK ROBBERY CHARGES FILED

Complaints Issued Against Young Gore and Adler

Pair Accused in Hold-up of Seaboard Branch

Rifling of Vault in Office of Sheriff Recalled

A robbery charge was filed yesterday against Charles Gore, 21 years of age, a son of Michael Gore, and Harr. Adler, who are accused of robbing the Wilshire Boulevard and Vermont-avenue branch of the Seaboard National Bank of $3200 last Friday. The complaint was issued by Dep. Dist.-Atty. Colegrove and sworn to by Detective Lieutenant Molena.

It is charged the two youths drove up to the bank in young Gore's automobile and that Adler entered the bank, ordering the manager to give him all his ready cash. When the manager dropped to the floor Adler threatened to blow his head off, the officers assert, and then obtained the $3200.

ADLER TAKES BLAME

The escape was made in young Gore's coupe, according to investigators. The car was traced through bent license plates and the arrest of the two youths followed later. Adler then assumed full blame for the robbery, officers assert, stating that he left Gore at the curb with the explanation that he was going into the bank to get change for a $20 bill.

According to Carl May, adult probation officer, Adler is the same man who in 1926 concealed himself in a large vault in the civil department of the Sheriff's office and permitted himself to be locked up with $1100 in receipts taken from the Olympic Auditorium under an attachment.

AIDED BY GORE

A few hours later Adler made his escape from the vault by manipulating the tumblers from the inside. The next morning the money was discovered missing and an intensive inquiry was started.

As a result burglary charges were filed against Adler and Karl Wallich. The two defendants received a six months' County Jail sentence and then were released under two years' probation.

According to May, Michael Gore at the time of Adler's trouble went to his aid and guaranteed him employment if the authorities would grant him probation.

Steps were being taken yesterday by attorneys representing young Gore to have him committed to the County Jail hospital for mental observation. A writ of habeas corpus was served on Dist.-Atty. Fitts to force arraignment of the youth, but the place of his imprisonment could not be found.

ADOPTED GRANDMA BID ADIEU

Actor Plays Host to Motherly Mail Fan

Mrs. Baker and Ramon Novarro

CHERISHING memories of perhaps the happiest three months of her life, Grandma Baker today is on her way back to her home in Oak Park, Ill.

The 80-year-old woman, who "adopted" Ramon Novarro as a grandson through a fan-mail correspondence, has been a guest at Novarro's home for the past three months, having made the journey to California in response to his invitation.

Twelve years ago Grandman Baker lost her son. It was about this time Novarro began his film career, and she chose him to fill the tragic void in her heart.

Novarro was deeply touched by her letters and interest and last year stopped off in Chicago to spend the day with her. It was through this meeting the visit to his home was arranged.

While here Grandma Baker frequently accompanied Novarro to the Metro-Goldwyn-Mayer studio, took it upon herself to darn his socks, see that he got to work on time and showered him with all the affection of a real grandmother.

Salvation Army Band Serenades City Employees

The staff territorial band of the Salvation Army played a group of numbers yesterday noon on the steps of the City Hall for the benefit of the City Council and municipal employees. Capt. Ernest Higgins presented Mayor Porter with a letter from Mayor Rolph of San Francisco.

The band is on a golden jubilee tour of the eleven Western States. Commissioner Adam Gifford, commanding officer of the western territory, assisted by Brig. James C. Bell, head of the local division, accompanied the band.

The band of thirty pieces, supported by a male chorus and a number of soloists, was heard on the Don Lee network, released on KHJ, yesterday from 4 to 4:40 p.m. and played its final concert in the Southland in First Methodist Church, Long Beach, last night.

Suit Over Golf Device Patent Held Outlawed

Max Zimmon, defendant in a suit for asserted fraud brought by A. L. Eacrett, Los Angeles jeweler, over a golf device, yesterday won dismissal of the case in Superior Judge Westover's court.

Eacrett sued Zimmon for $30,000, contending that the latter caused him considerable embarrassment by pretending to be the inventor of a golf device which he (Eacrett) had patented. Zimmon demurred to the suit on the grounds that the action was outlawed because of the time which has elapsed.

Judge Westover held that Zimmon, if he really had represented himself as the inventor of the device, got nothing more than glory and newspaper publicity out of it, therefore, with only glory involved, the action is not a fraud suit and is outlawed as a civil case.

FLOWERS REQUESTED FOR MAY DAY PARTY

An appeal for flowers to be used in decorating the children's ward of General Hospital for the annual May Day party was issued last night by the Flower Guild. Officials of the guild said that the blooms will be used as a background for the varied entertainment which is annually provided by various organizations of the city for the crippled children inmates of the hospital. The Hollywood headquarters of the Flower Guild, 1126 North Fairfax avenue, has been designated as a depot for the collection of the flowers and blossoms left there will be forwarded to the hospital in time for the entertainment.

NEW TRIAL MOTION IN BALM SUIT MADE

A motion for a new trial of the suit of Mrs. Sadie H. Wing against Ethel Klingerman for asserted alienation of the affections of her husband, Rev. J. Oyre Wing, former El Monte pastor, was taken under submission yesterday by Superior Judge Archbald. In a recent trial Mrs. Wing was awarded a judgment for $10,000. A new trial of the action is sought by Mrs. Klingerman, who was formerly the financial secretary of the Wing church.

Holland Recall Topic Banned at School Meeting

The recall of Councilman Holland will not be discussed at the mass meeting to be held in Franklin High School by residents of the Highland Park district if the Board of Education can prevent it, according to a resolution passed by that body last night.

Use of the school was obtained for a mass meeting concerning Victory Park No. 2 by request of Lyman E. Shurtleff, representative of the Home Protective Antispecial Assessment League. After permission to use the school was granted hand bills were circulated announcing a meeting to recall Councilman Holland.

Protests against such use reached the board, which last night instructed Secretary Sheldon to prepare a letter to be read by a representative of the superintendent's office announcing that, since the use of the school had been obtained for a definite purpose, the recall of Councilman Holland could not be included in the program at the meeting.

The Board of Education based its decision upon its policy not to permit the use of schools where the subject of the meeting would be of "highly controversial character."

School Board Plans to Build

Plans and specifications were ordered prepared for an auditorium building for University High School, formerly called Warren G. Harding High School, by the Board of Education last night. The structure will cost $175,000.

The reconstruction of two wings of the Owensmouth High School, damaged by fire last year, also was ordered, at an estimated cost of $40,000. It is expected to have the buildings ready for occupancy by September.

Wives Will Show Fast Bed-Making

Arrangements for a bed-making contest, in which the most proficient chambermaids of Los Angeles and near-by cities' hotels will compete, were being worked out yesterday for the sixth annual food and household show, May 12 to 17 in Ambassador Auditorium.

New recipes, food products, household machines and other innovations of the past year are to be exhibited in the show.

Suitor Held for Slaying of Girl

Remegio Padilla, 22 years of age shot Carolina Santillon, 15, to death in her home because she refused to marry him, the girl's mother, Mrs. Benita Santillon of 347 Macy street testified yesterday in Municipal Judge Turney's court. The girl was shot four times, she said.

Judge Turney ordered Padilla held without bail to await trial by Superior Court for murder.

DRY AGENTS REPORT SEIZURE OF STILL

Reports were received yesterday at the office of Federal Dry Administrator Woods that Federal dry agents had raided a mountain still of 500 gallons capacity in the hills near Bostonia, twenty miles east of San Diego, on the Imperial Valley Road. The agents reported the arrest of one man, whose name was not given, and the seizure of the still and numerous vats of mash. All liquor, it was stated, had been poured out. Several men escaped before the agents arrived.

RECEPTION TO BE GIVEN SHRINE HEAD

Youngworth Will Be Met by Delegation Today on Return From Tour

Shriners of Al Malaikah Temple at 5 p.m. today will welcome home Leo V. Youngworth, Imperial Potentate of the Mystic Shrine, who returns via Southern Pacific after a tour during which he visited all of the 157 temples in North America, meeting 600,000 members. Potentate Fred J. Wadley, Jr., with the Al Malaikah band and patrol, and 500 members will escort Youngworth from the station to the Biltmore, where a reception will follow.

On his tour the Imperial Potentate visited all temples in this country, and has made side trips to Honolulu, Mexico City, Canal Zone and Havana, Cuba. His trip to the Cuban capital was for the purpose of being present when Shrine degrees were conferred on Gerardo Machado, President of Cuba.

At each temple visited, Imperial Potentate Youngworth laid before the members his plan for a tremendous peace demonstration at the forthcoming Imperial Council session at Toronto in June. A beautiful monument will be unveiled there at a ceremony which will be attended by many dignitaries, both of official and fraternal circles. The peace monument is to be paid for by 10-cent subscriptions made by every member of the organization.

Youngworth's official visit to Al Malaikah Temple on May 31 will be the occasion of a ceremonial session. Following that meeting, the uniformed organizations and many local Shriners will leave by special train for the Toronto session.

Police Suppress Distribution of Red Handbills

Distribution of several thousand asserted radical handbills was blocked last night with the arrest of Nathan Smith, 41 years of age, in front of 229 South Grand avenue, when he was found staggering under an arm load of the red propaganda advertising a Communist gathering on May Day at the Plaza. The arrest was made by Lieut. Hynes, head of the police Red squad. Smith was booked at the Central Police Station for violation of the city handbill ordinance.

The confiscated handbills announced that the Plaza May Day gathering would be a demonstration for a five-day week, unemployment insurance, the release of political class war prisoners and the support of the Soviet Union. The leaflet also denounced Lieut. Hynes and said that the meeting would be an answer to Hynes's boast that "the day of Communist demonstrations is over."

CHILD FOUND DROWNED IN ROCK CRUSHER POOL

Drowned in a rock-crusher pool yesterday, the body of Dermott R. Loman, Jr., 2 years of age, was found hours after the child had wandered from his home in Baldwin Park. Carl Carnahan and Alexander Bachelera, employees of a dairy, who joined in the widespread search, found the boy drowned in a pool near a rock crusher on Vanderhoff Lane, Baldwin Park. The Sheriff's force began an investigation.

THEATER BOX OFFICE HELD UP BY BANDITS

Two bandits last night held up the Marquise Theater box office at 9038 Melrose avenue, taking $30 at the point of a revolver. They drove up in a roadster with a blue tail light. One robber stood guard at the entrance, while the other aimed a gun at the girl ticket seller, and took the money on the counter. The bandits drove away several blocks before turning on their lights.

SOCIETY TO GIVE DANCE

The monthly dance and benefit of the Los Angeles branch of the International Sunshine Society will be held tonight at El Patio Ballroom. Proceeds from this social affair will be devoted to the general fund for the care of blind babies. Mrs. Myers T. White will be hostess. A feature of the evening will be a waltz contest. Silver trophies will be awarded.

PLAINT MADE ON FILLING

The Pacific Mortgage Guaranty Company yesterday complained to the City Council concerning the large filling project bounded by Fifth and Sixth streets, Vermont and New Hampshire avenues, and asks that the work be expedited. The communication was referred to the City Engineer and to the Public Works Committee.

COUNTERFEITERS SENTENCED

For possession of counterfeit coins, two men, John W. Barnes and Llwellyn Hatfield, were sentenced to serve three years at McNeil Island Federal prison when they appeared yesterday before United States District Judge Cosgrave. Hatfield had pleaded guilty. Barnes was found guilty by a jury. Hatfield testified in the trial of Barnes.

AWARD LIGHTING CONTRACTS

Two lighting district contracts were awarded yesterday by the Board of Public Works. That for the lighting of Gower street from Franklin to Melrose avenues was awarded for $35,500, and that for the lighting of Stanley avenue from San Vicente to Pico boulevards was awarded for $3724.

STREET NAME APPROVED

The ordinance changing the name of Ninety-sixth street between Broadway and Hoover street and establishing it henceforth as Colden avenue was adopted yesterday by the City Council.

KIWANIS SPEAKER NAMED

Dr. C. N Thomas is announced as the speaker at today's meeting of the Owensmouth Kiwanis Club in the Woman's Club, Owensmouth. He will speak on "Mexico."

FORESTER'S ASHES WILL REST HERE

Rushton H. Charlton, Once Supervisor in This Area, to be Buried Thursday

Funeral services will be conducted at Mountain View Cemetery, Pasadena, on Thursday for Rushton H. Charlton, who for twenty years was supervisor of the Angeles National Forest. His ashes will be placed in a vault at the cemetery. He died on February 13, last, at Hot Springs, Ark., from injuries received in an automobile accident on February 7. After services at his home in Hot Springs, his remains were cremated.

At the time of his death Mr. Charlton was supervisor of the Ouachita National Forest in Arkansas and was rounding out his twenty-eighth year in the Forest Service. He was born at Lebanon, Ind., May 1, 1879, and after his graduation from the school of forestry of Cornell University he became an inspector in the old Bureau of Forestry of the General Land Office.

In February, 1905, as supervisor, he was sent to the Angeles National Forest, and filled this post until 1925.

Early this year, on his way to Hot Springs by automobile, accompanied by his wife, the fatal auto accident occurred near Huntingdon, Tenn.

In addition to his widow, Mrs. Yvonne Shaw Charlton, he leaves a daughter, Mrs. Louise Richards, of this city, and his first wife, Mrs. Hermine Charlton, who also resides in Los Angeles.

Authority on Irrigation in Field Meetings

WASCO, April 28.—J. B. Brown, specialist in irrigation from the University of California, will conduct a series of field meetings on irrigation problems in Kern county, starting this week, Nat D. Hudson, assistant farm adviser, announced today.

Tomorrow at 10 a.m., a meeting will be held at Ed Booth's farm, near here. In the afternoon a meeting will be held at 1:30 at Weller Brothers' farm at McFarland. On Wednesday, a meeting is scheduled at 9:30 a.m. at the Forrest Frick farm, near Lamont.

Rodeo Planned at Three Rivers

THREE RIVERS, April 28.—On Sunday, May 18, next, the annual Three Rivers Rodeo, under management of Craig Thorn, will be held just across from the Kaweah River bridge, according to announcement made today by those in charge.

"Happy Jack" Hawn will have his string of trained-to-buck horses. Other entries will include the well-known Qualls stock from Sanger and a number of local "bad" horses. Calf-roping, steer-riding, and all the usual stunts of the old-time Wild West exhibit are promised those who visit Three Rivers on that day. The setting, lying as it does in a little cove just before the General Highway begins to climb toward Giant Forest, is declared well suited to such an exhibition, and large crowds are expected.

Stockton Heads Schools Group

BAKERSFIELD, April 28.—Warren J. Stockton, trustee of the Standard School District, has been elected president of the Kern County School Trustees' Association. Other officers chosen are J. M. McIntosh of Beardsley, vice-president, and Dr. William B. Smith, Kernville, secretary-treasurer. Those chosen for the board of directors are E. Dickerson, Tehachapi; William Rueter, Mountain View; J. M. Reichert, Pond; Earl McFarland, Elk Hills; Arch Beckes, Wasco, and M. McNitt, Tejon.

Stockton today announced that the first meeting of the association will be held July 1 at the Courthouse, when the school trustees will shape the policies to be followed by the organization.

Freight Crash Hurts Brakeman

PIXLEY, April 28.—F. J. Matthews, 33-year-old Southern Pacific brakeman, was slightly injured in a freight-train wreck at a crossing near here yesterday when a journal burned off of a box-car carriage, causing the car to swing out of alignment and crash into a siding just as the train pulled into town. Matthews was thrown from the car when it went off the track, carrying with it five other box cars.

The wreck tied up both east and westbound traffic until after 7 p.m., when the wrecking crew succeeded in clearing the tracks. Both the north and southbound San Joaquin Valley Flyer passenger trains had to be routed over the east-side Southern Pacific line through Porterville.

Woman Robbed in Own Home

As she stepped into her home at 5739 Eleventh avenue last evening, Mrs. M. L. Griffith was confronted by a young and well-dressed burglar, who thrust a revolver against her and forced her to hand over a diamond ring and $9 in cash. Then he locked her in a clothes closet and departed.

Mrs. Griffith was just succeeding in picking the lock of the closet with the wire end of a clothes hanger, when her husband entered the house and released her. Examination of the house disclosed that the burglar also stole a fur coat.

Exclusive F & C Spring Model

Ask Any Clothing Dealer Who Has Had to Buy or Sell on Credit for the Last Six Months

See Window Demonstration of our Famous Laboratory Woolen Tests

See the identical woolen tests used in our factories. Learn how we test for weave, weight, wear and color-fastness. Demonstration in charge of a chemist direct from our factories. Interesting, entertaining, educational ...convincing!

At Our 7th & Hill Store

CREDIT is costly. No one knows that better than clothing merchants who operated on credit for the last six months. Stock market crash, unseasonable weather and 101 other reasons for "off business" raised havoc with credits in the clothing business. "Money, money, money" ... the cry of retailers who can't collect from charge and instalment customers... the cry of manufacturers and jobbers who can't collect from retailers ... the cry of woolen mills who can't collect from manufacturers. Make one guess who pays collection costs...mill, maker, retailer or the man who wears the clothes? Foreman & Clark have never deviated from a 20-year policy of "cash business—no credit losses." And F & C customers never fail to benefit. Now they benefit more than ever! When we placed mill orders for Spring woolens we had the cash. Cash usually "talks" but then it "shouted". We bought complete mill runs of exclusive patterns and weaves at discounts never before obtained. So F & C customers are sharing the savings made possible by the cash they gave us.

$10,000,000 Written Guarantee Including Free Pressing and Minor Repairs Without Limit

Foreman & Clarke style is hand tailored in then kept in by free pressing and minor repairs for the long life of the garment. Ask any F & C customer about this service. You'll meet a two fisted booster. By actual count 8 out of 10 like him come back season after season. Many have been buying here for twenty years. Why? It's time you find out!
